III. ABTHEILUNG.

NAEVUS—XERODERMA PIGMENTOSUM.

TAFEL 241.

Naevus verrucosus unius lateris
occipito-nuchalis sinister.

TAFEL 242. .

Naevus unius lateris
lateris dextri posterioris.

TAFEL 243.

Naevus unius lateris
lateris dextri anterioris.

TAFEL 244.

Naevus flammæus

faciei sinistrae.

TAFEL 245.

Naevus flammeus
cervico-maxillaris dexter.

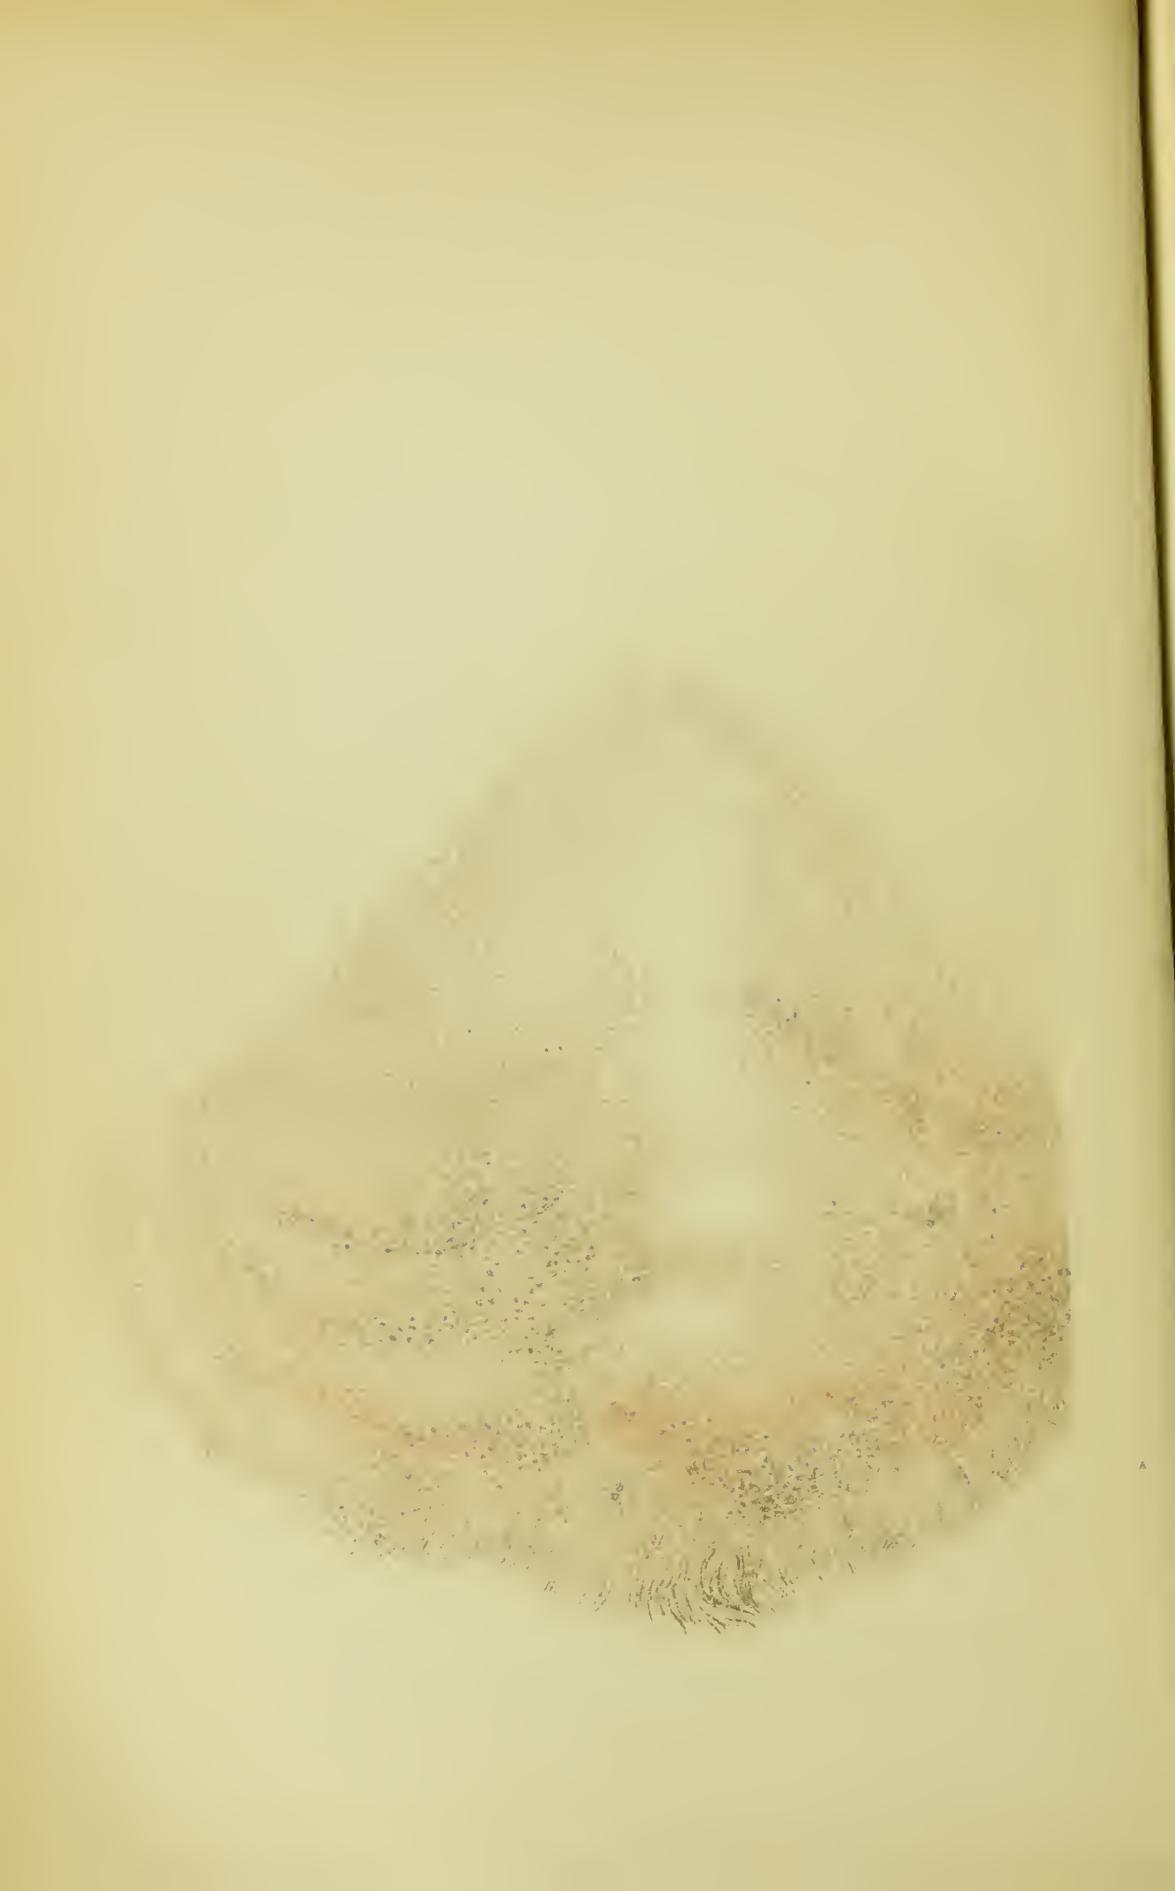

TAFEL 246.
Naevus pilosus.

TAFEL 247.

Naevus pigmentodes universe dispersus.

TAFEL 248.

Onychogryphosis

ex Lupo verrucoso plantae pedis.

TAFEL 249.

Onychogryphosis

digitorum manuum Lupo verrucoso affectarum.

TAFEL 250.

Pellagra

pigmentosa et desquamans.

TAFEL 251.

Pellagra

pedum pigmentosa et desquamans.

TAFEL 252.

Pemphigus vulgaris incipiens
(Erythema annulare et Bullae).

TAFEL 253.

Pemphigus vulgaris chronicus
trunci et extremitatum.

TAFEL 254.

Pemphigus vulgaris haemorrhagicus.

TAFEL 255.
Pemphigus circinatus.

TAFEL 256.

Pemphigus vulgaris serpiginosus
trunci et brachiorum.

TAFEL 257.

Pemphigus vulgaris circinnatus serpiginosus.

TAFEL 258.
Pemphigus circinnatus
(*Pemphigus foliaceus incipiens*).

TAFEL 259.

Pemphigus foliaceus universalis.

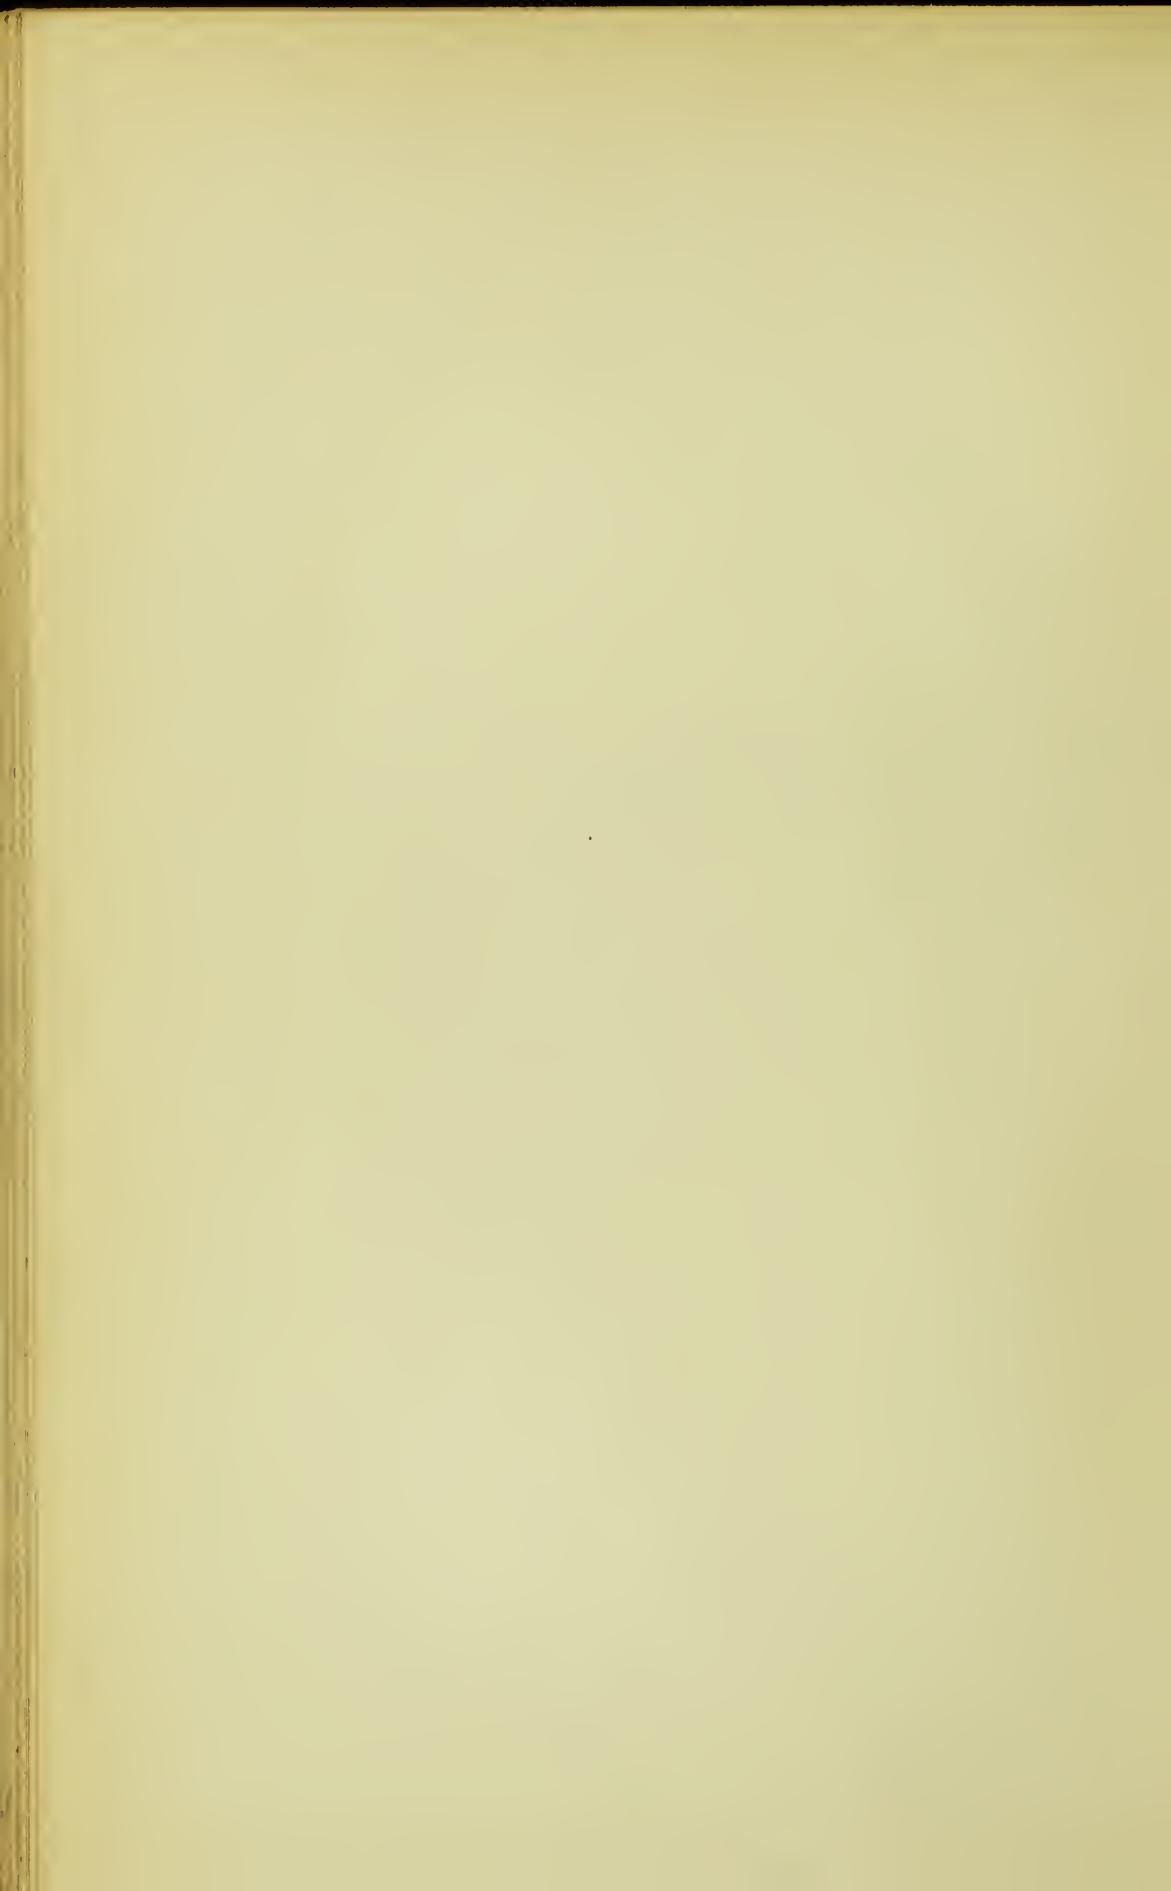

TAFEL 260.

Pemphigus miliaris circinnatus.

TAFEL 261.
Pemphigus pruriginosus.

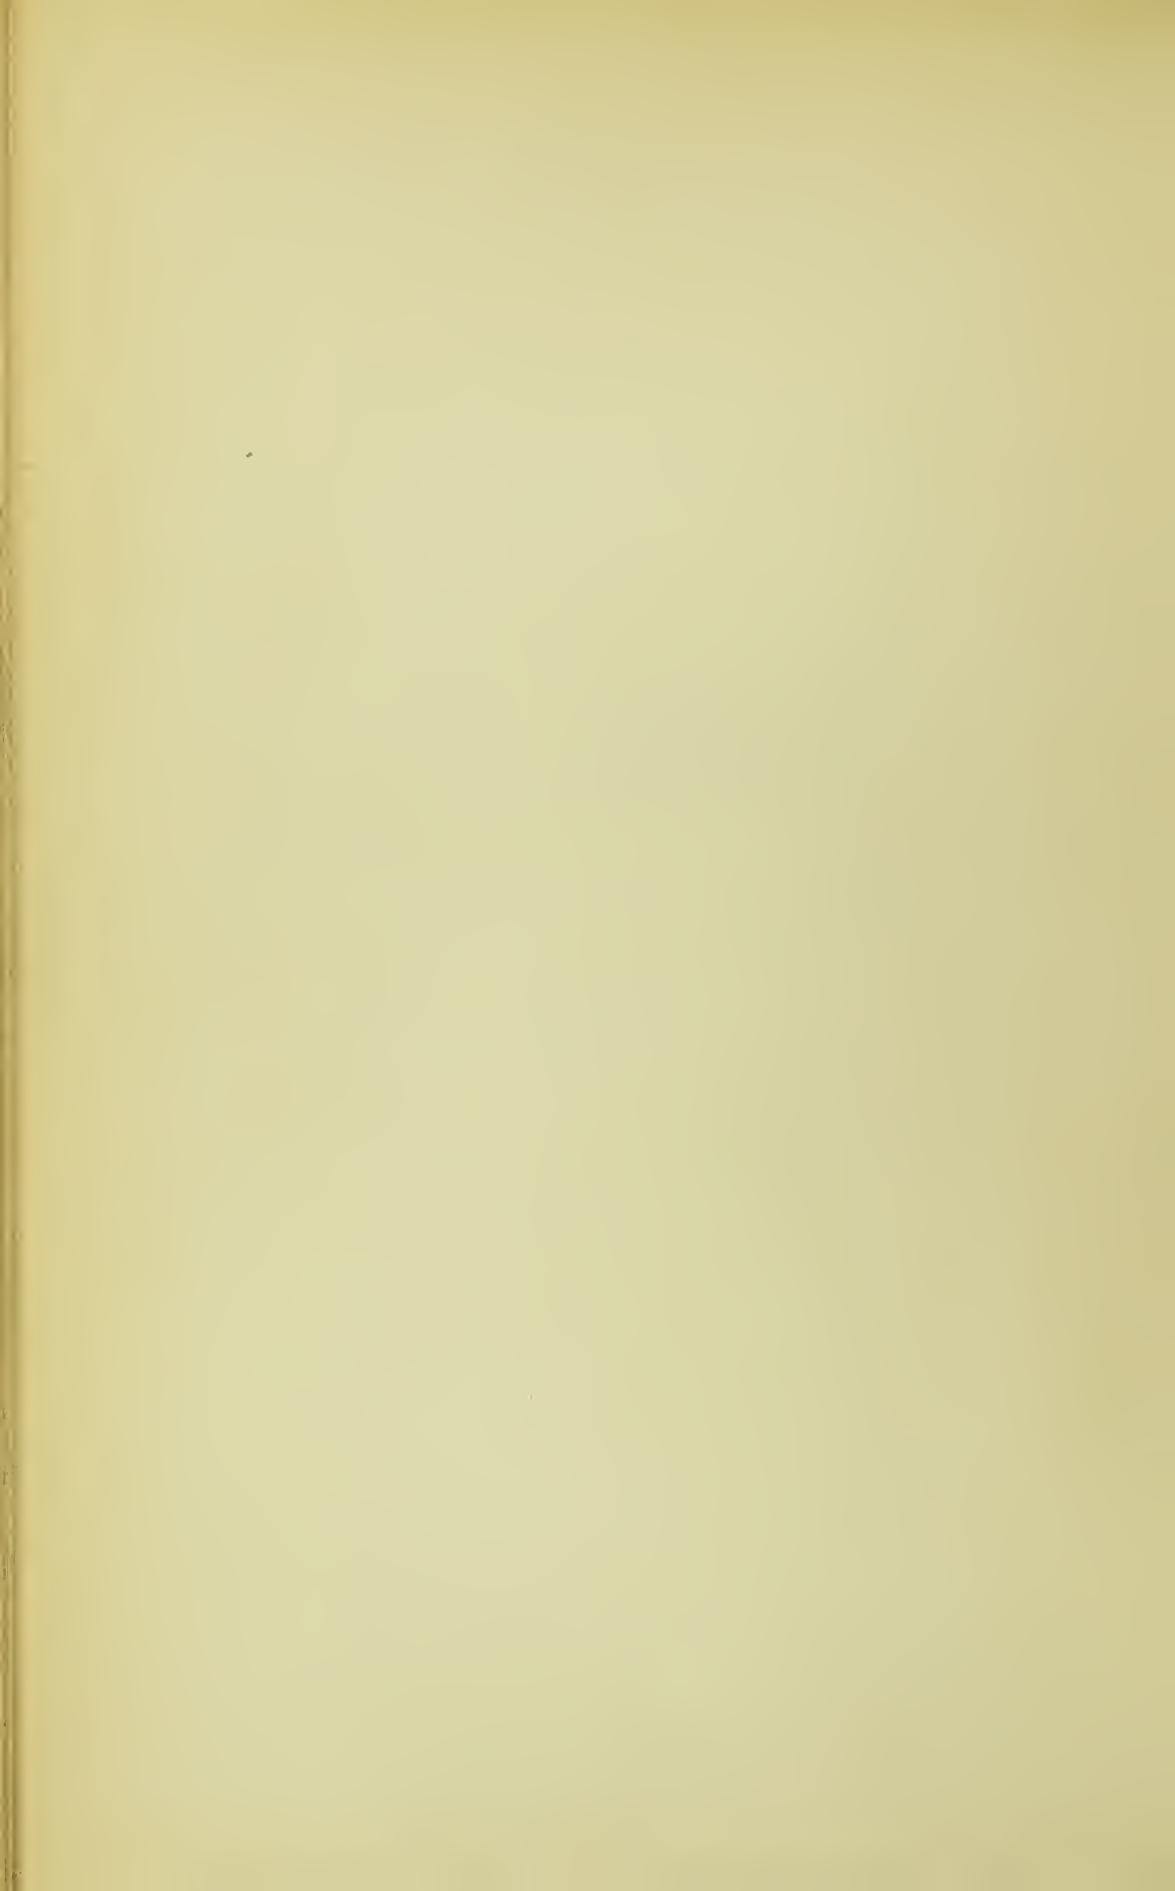

TAFEL 262.

Pemphigus vegetans
regionis genitalium.

TAFEL 263.

Pemphigus vegetans
regionis genitalis.

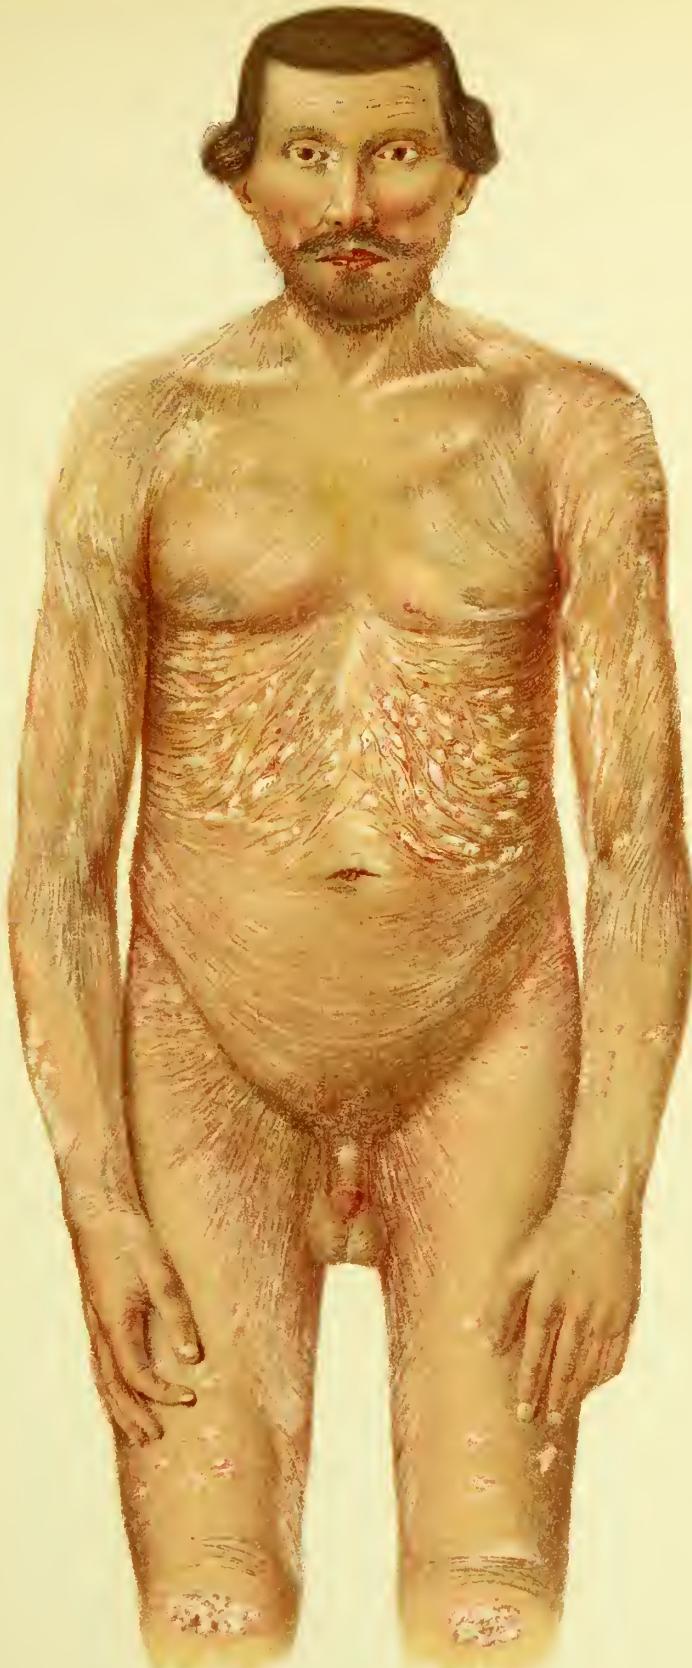

TAFEL 264.
Pemphigus syphiliticus neonati.

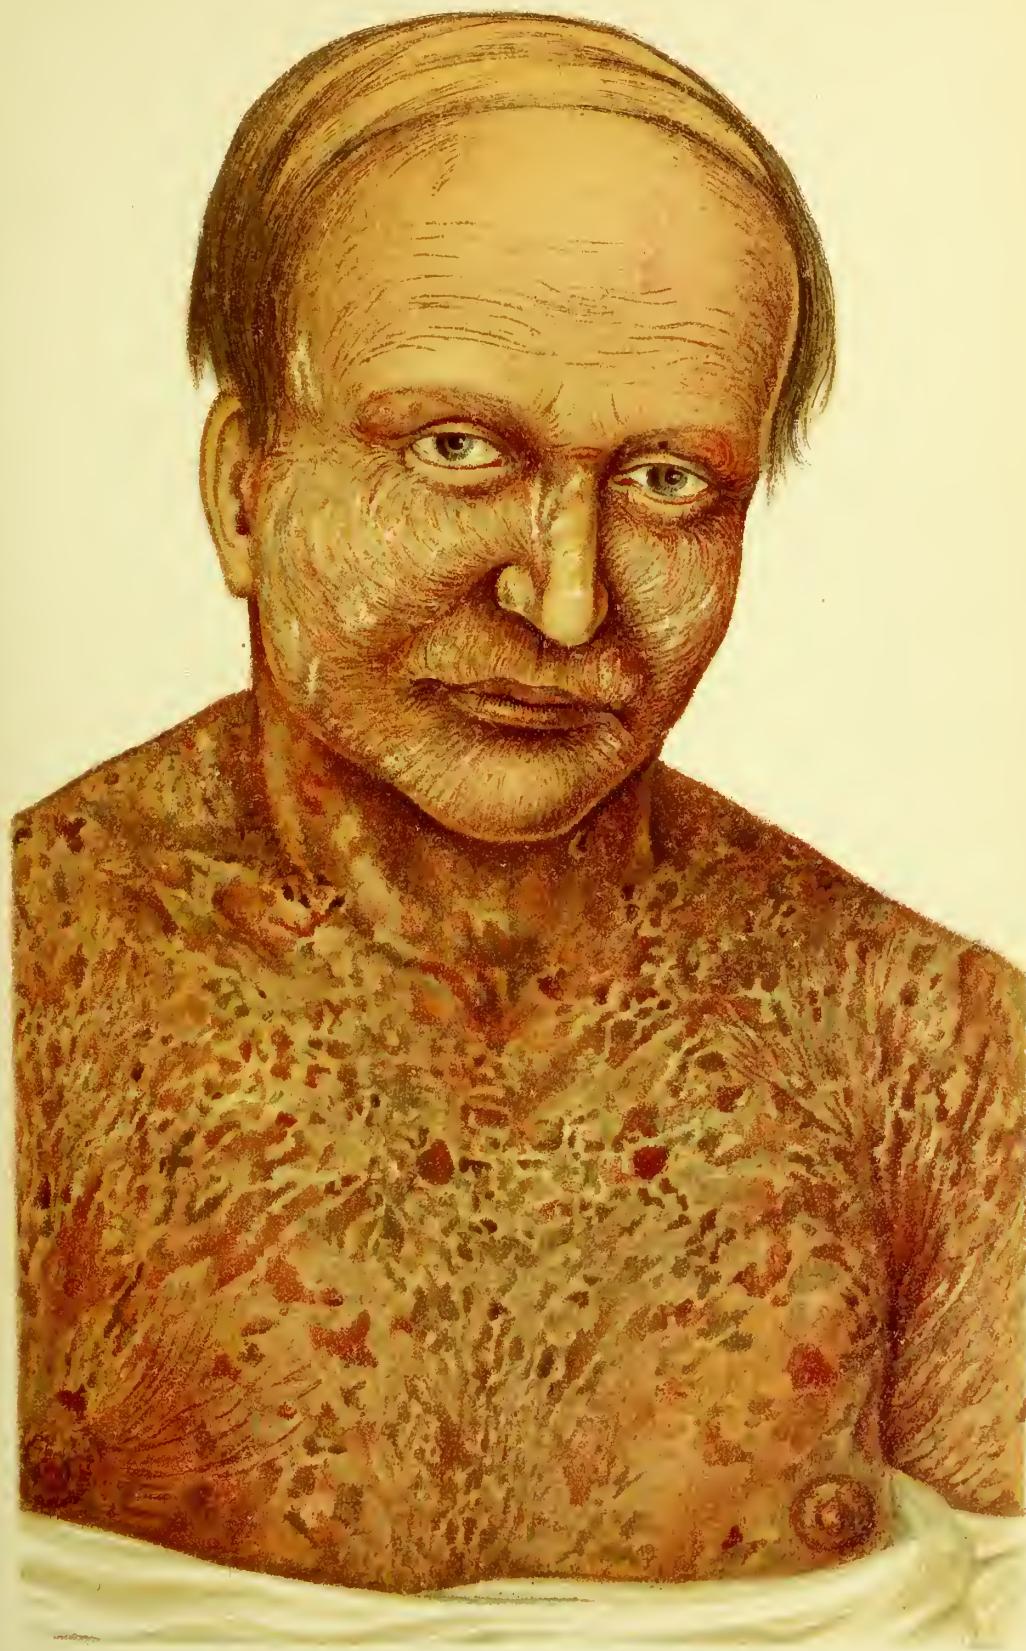

TAFEL 265.
Pityriasis rubra.

TAFEL 266.
Pityriasis rubra.

TAFEL 267.

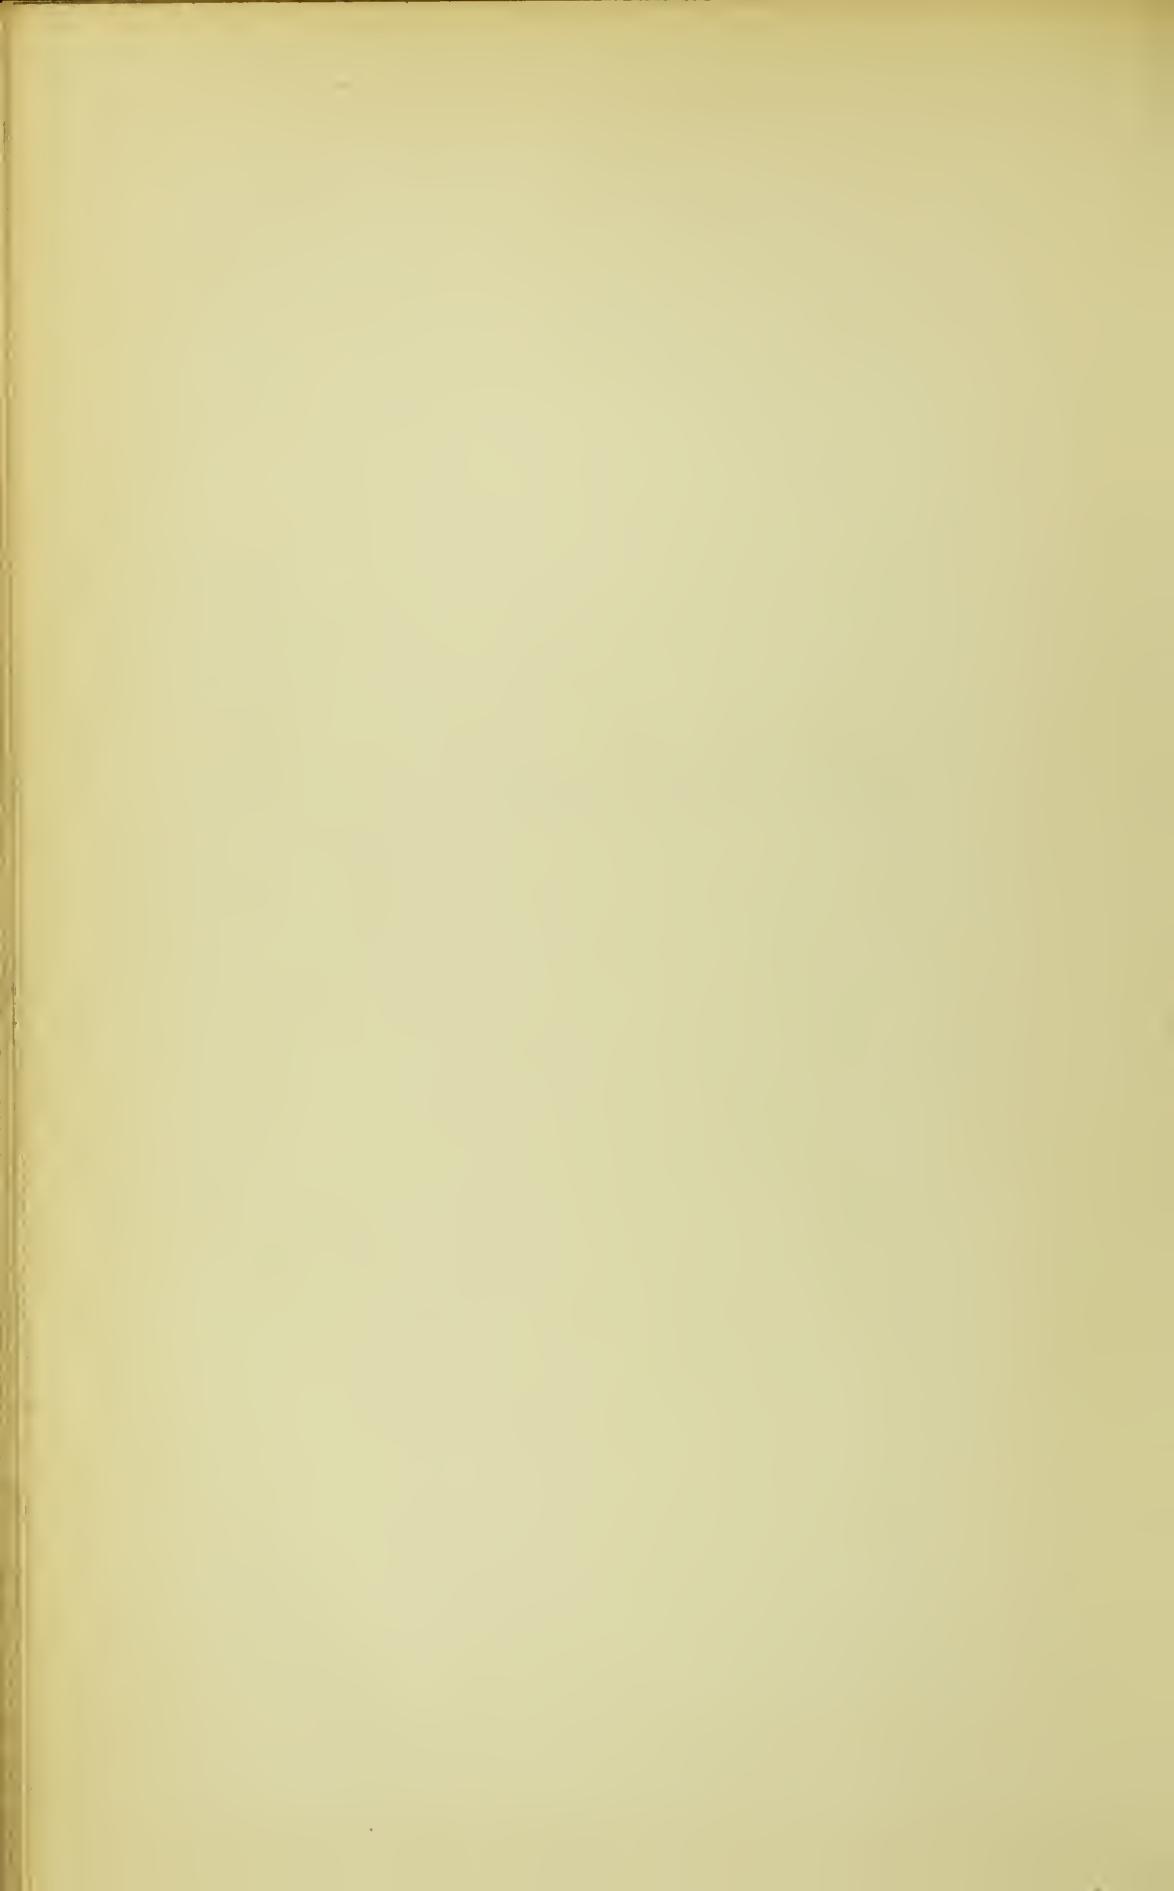

Pityriasis rubra.

TAFEL 268.
Pityriasis versicolor annularis.

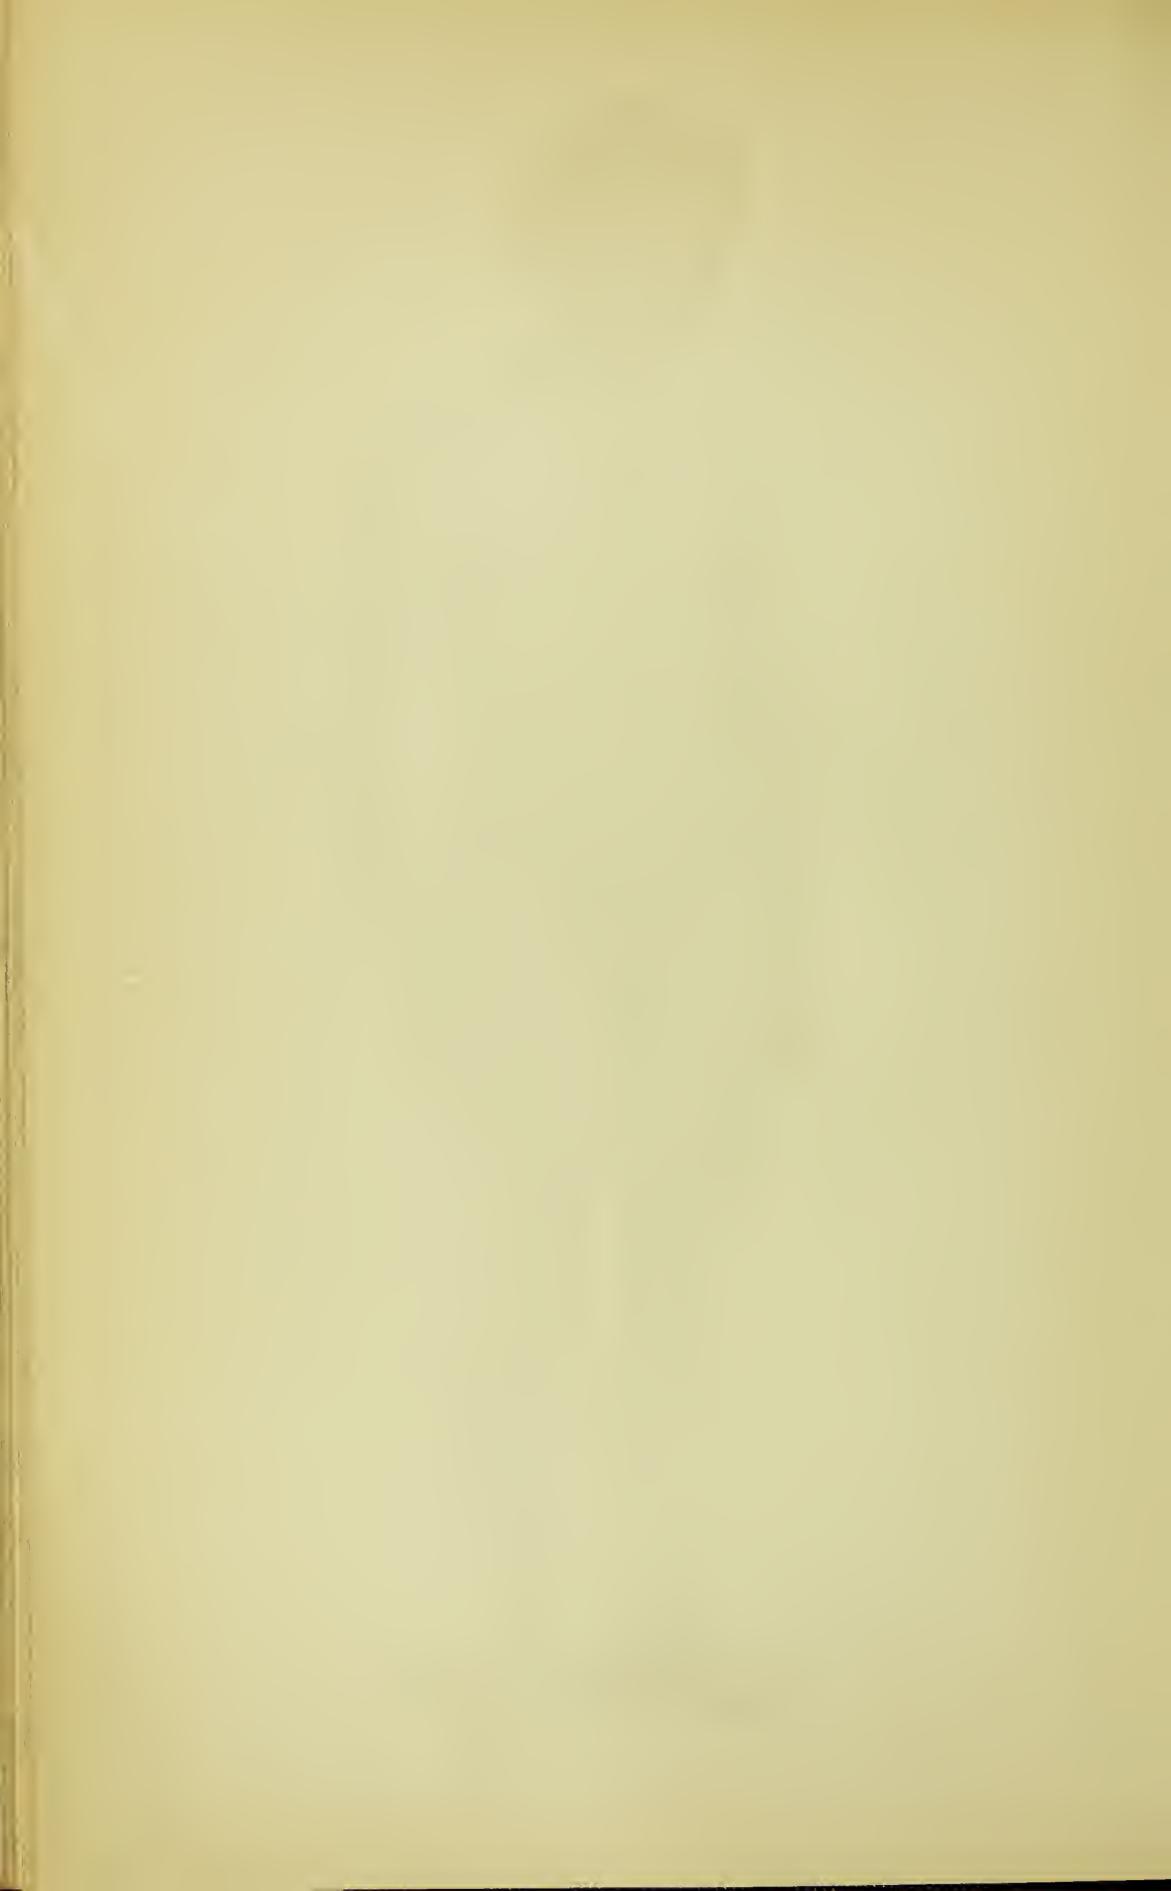

TAFEL 269.

Prurigo.

(Totalanblick.)

TAFEL 270.

Prurigo.

TAFEL 271.

Prurigo

extremitatum inferiorum c. excoriationibus et crustis complicata.

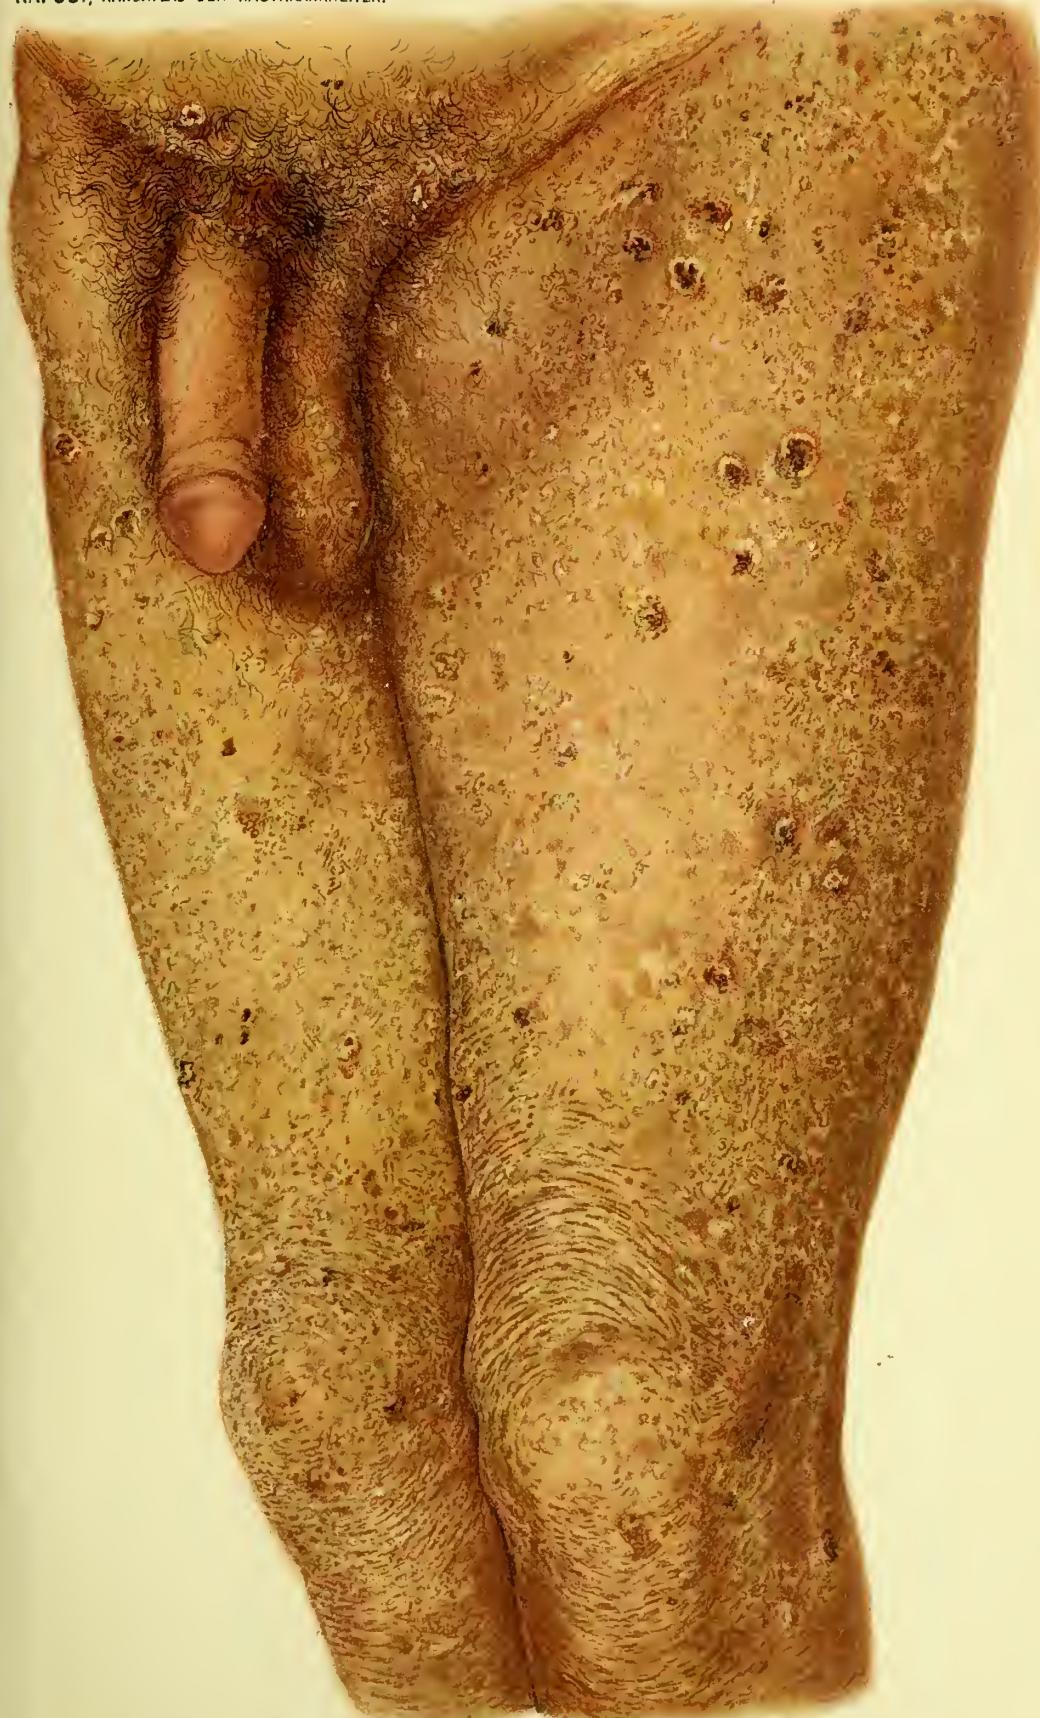

TAFEL 272.

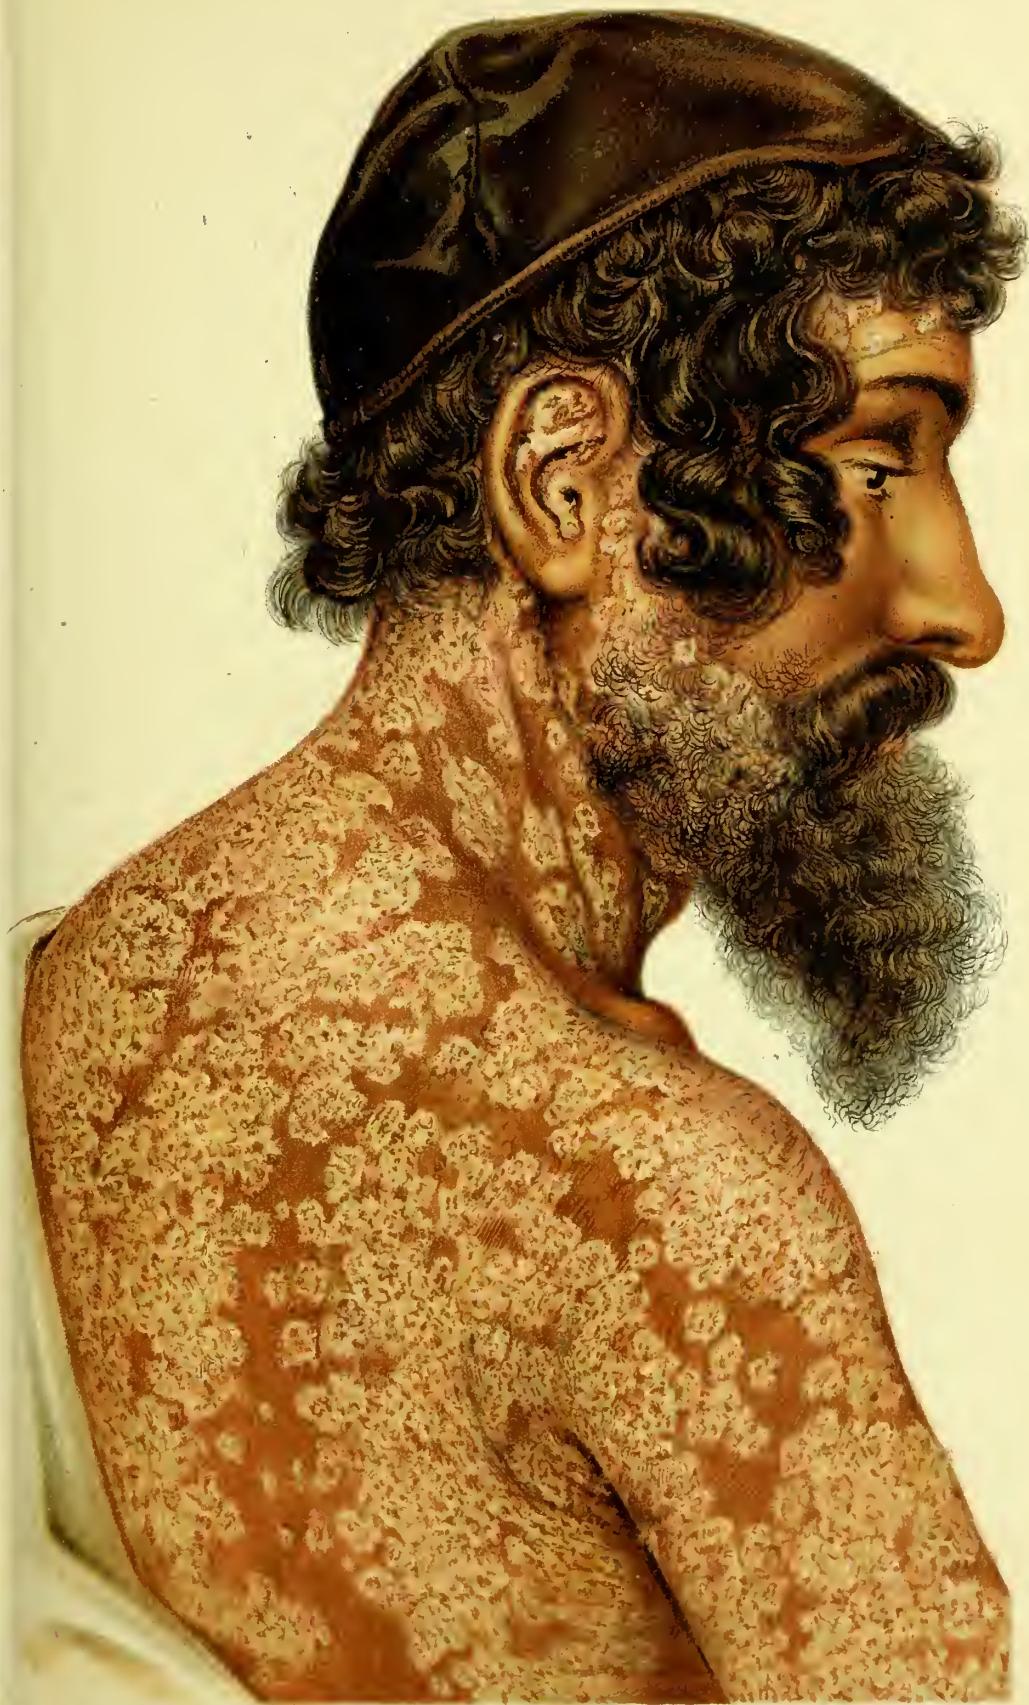

Prurigo — **Eczema mammae consequens.**

TAFEL 273.
Prurigo agria
extremitatum inferiorum.

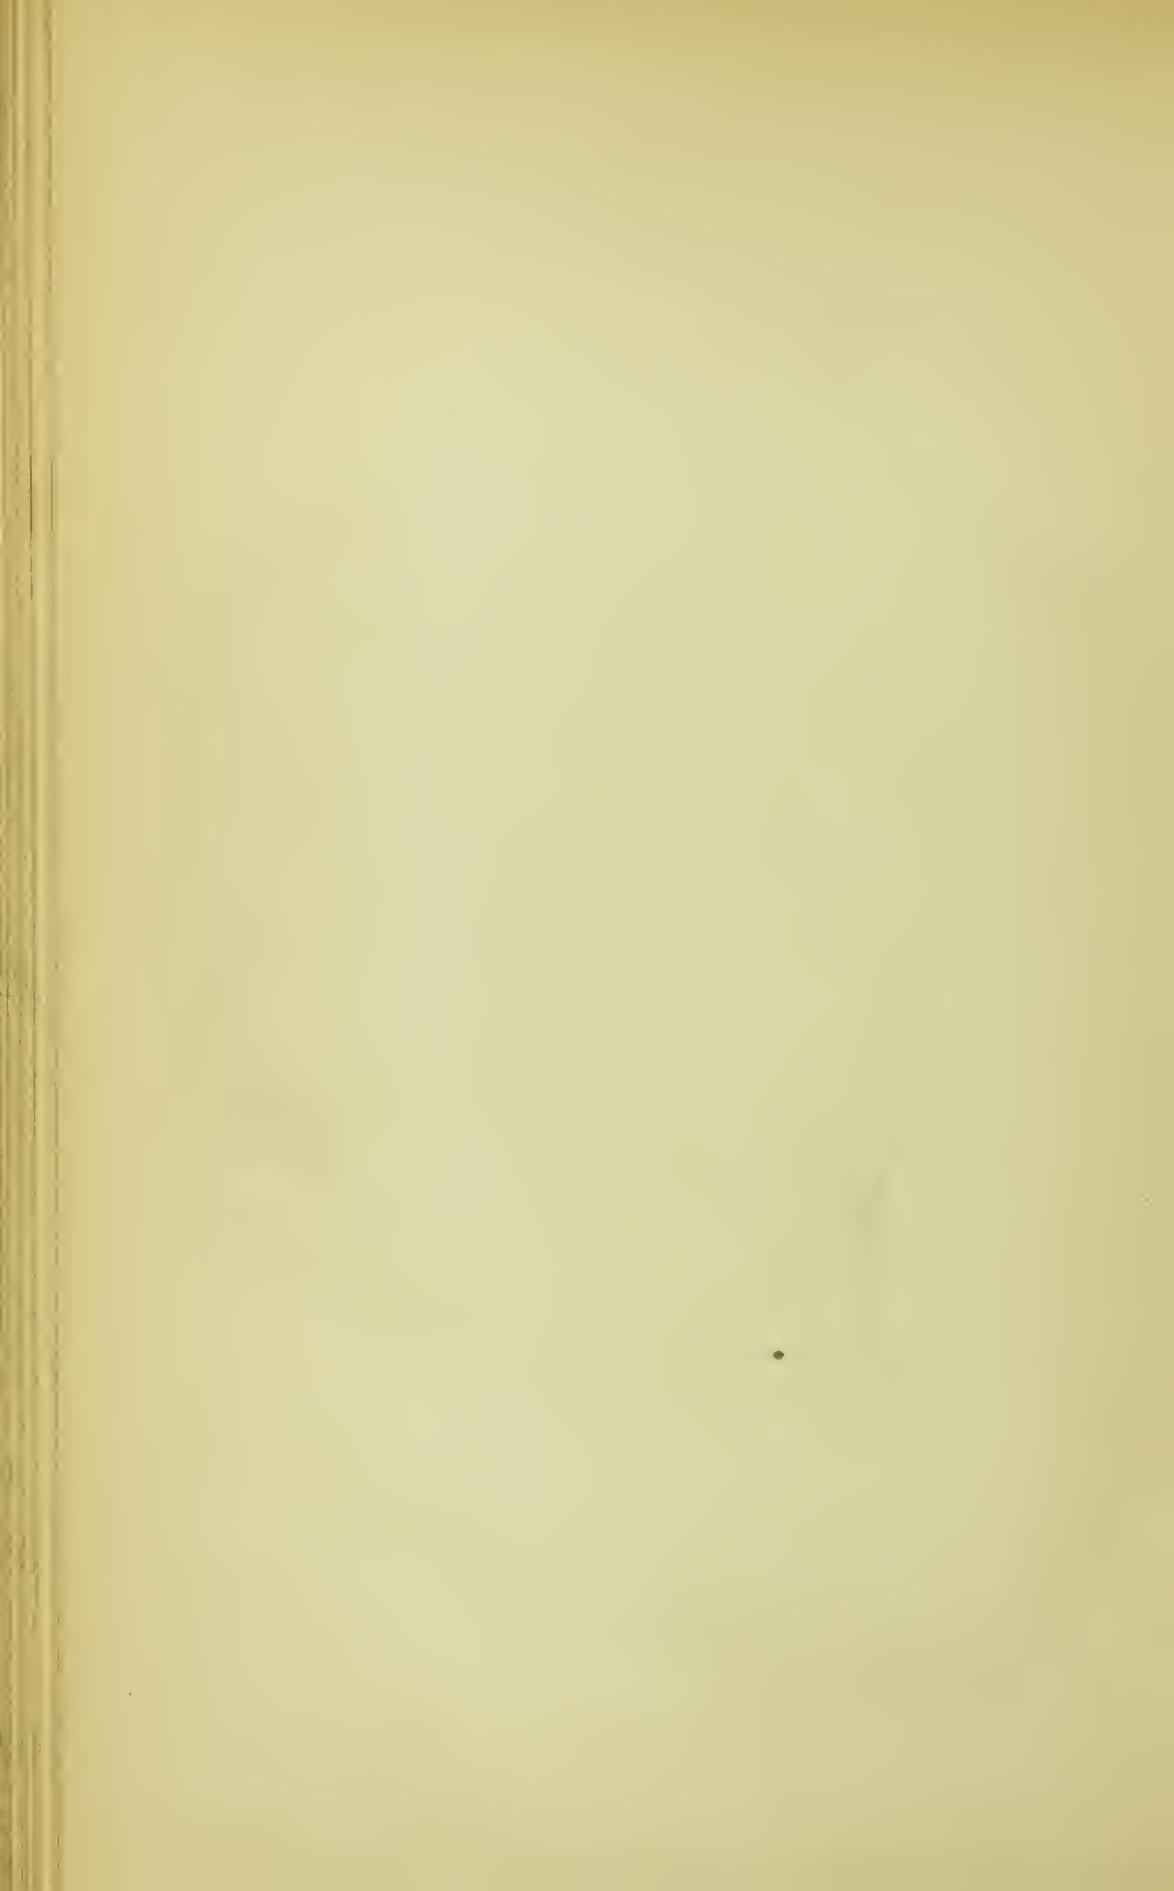

TAFEL 274.
Psoriasis guttata.

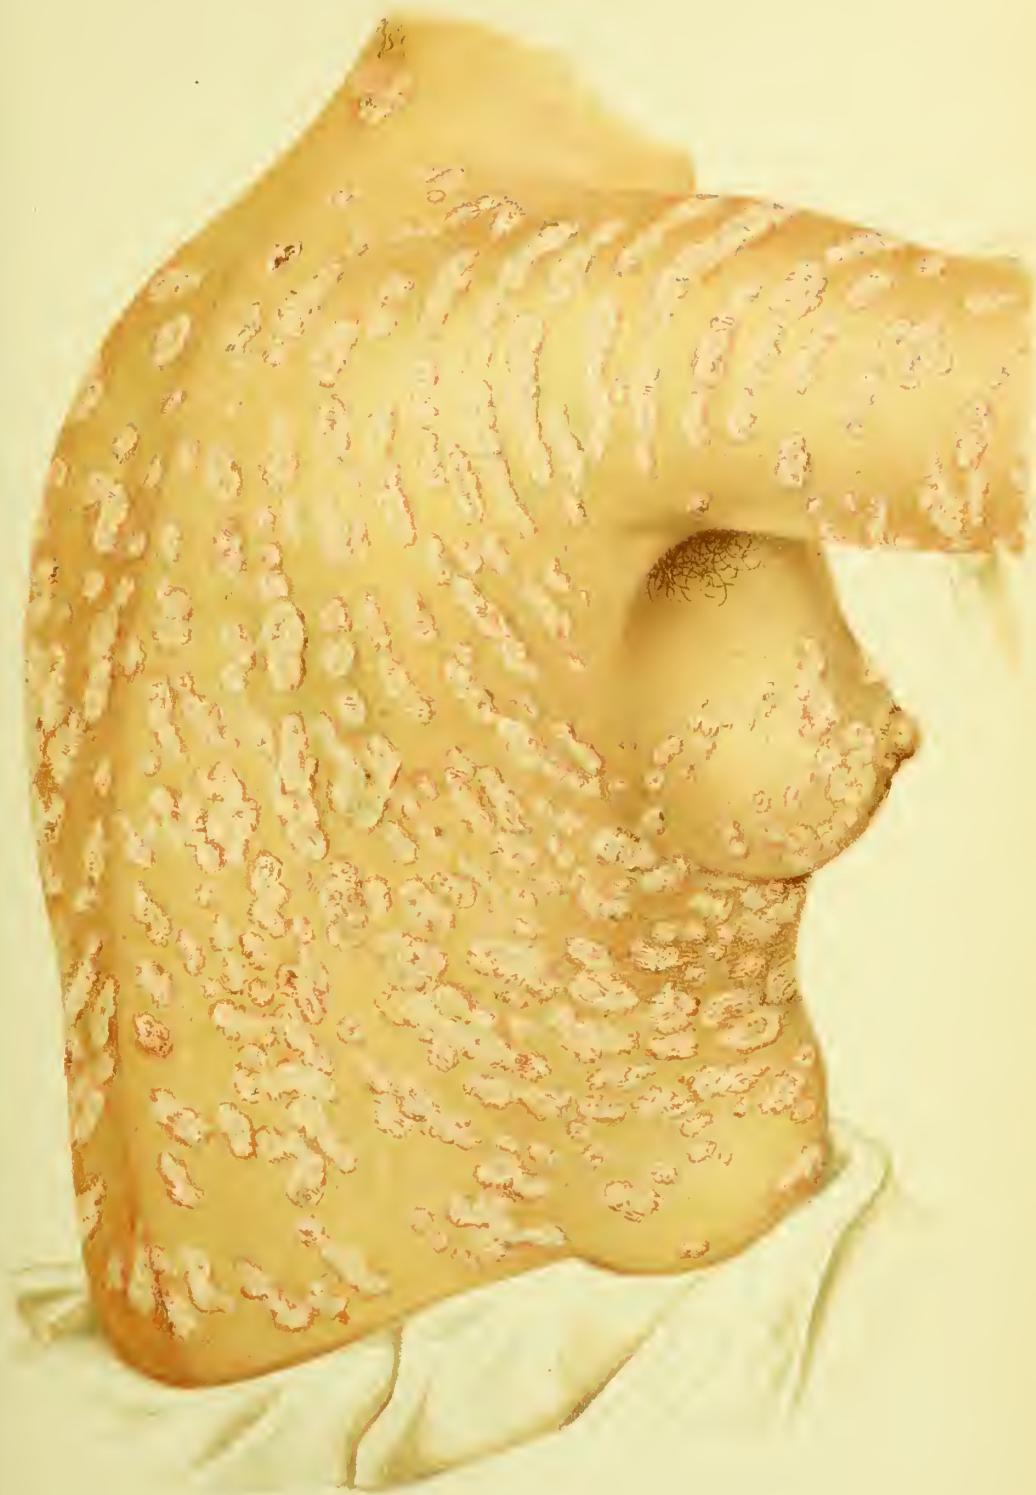

TAFEL 275.
Psoriasis guttata et annularis.

TAFEL 276.

Psoriasis striata trunci.

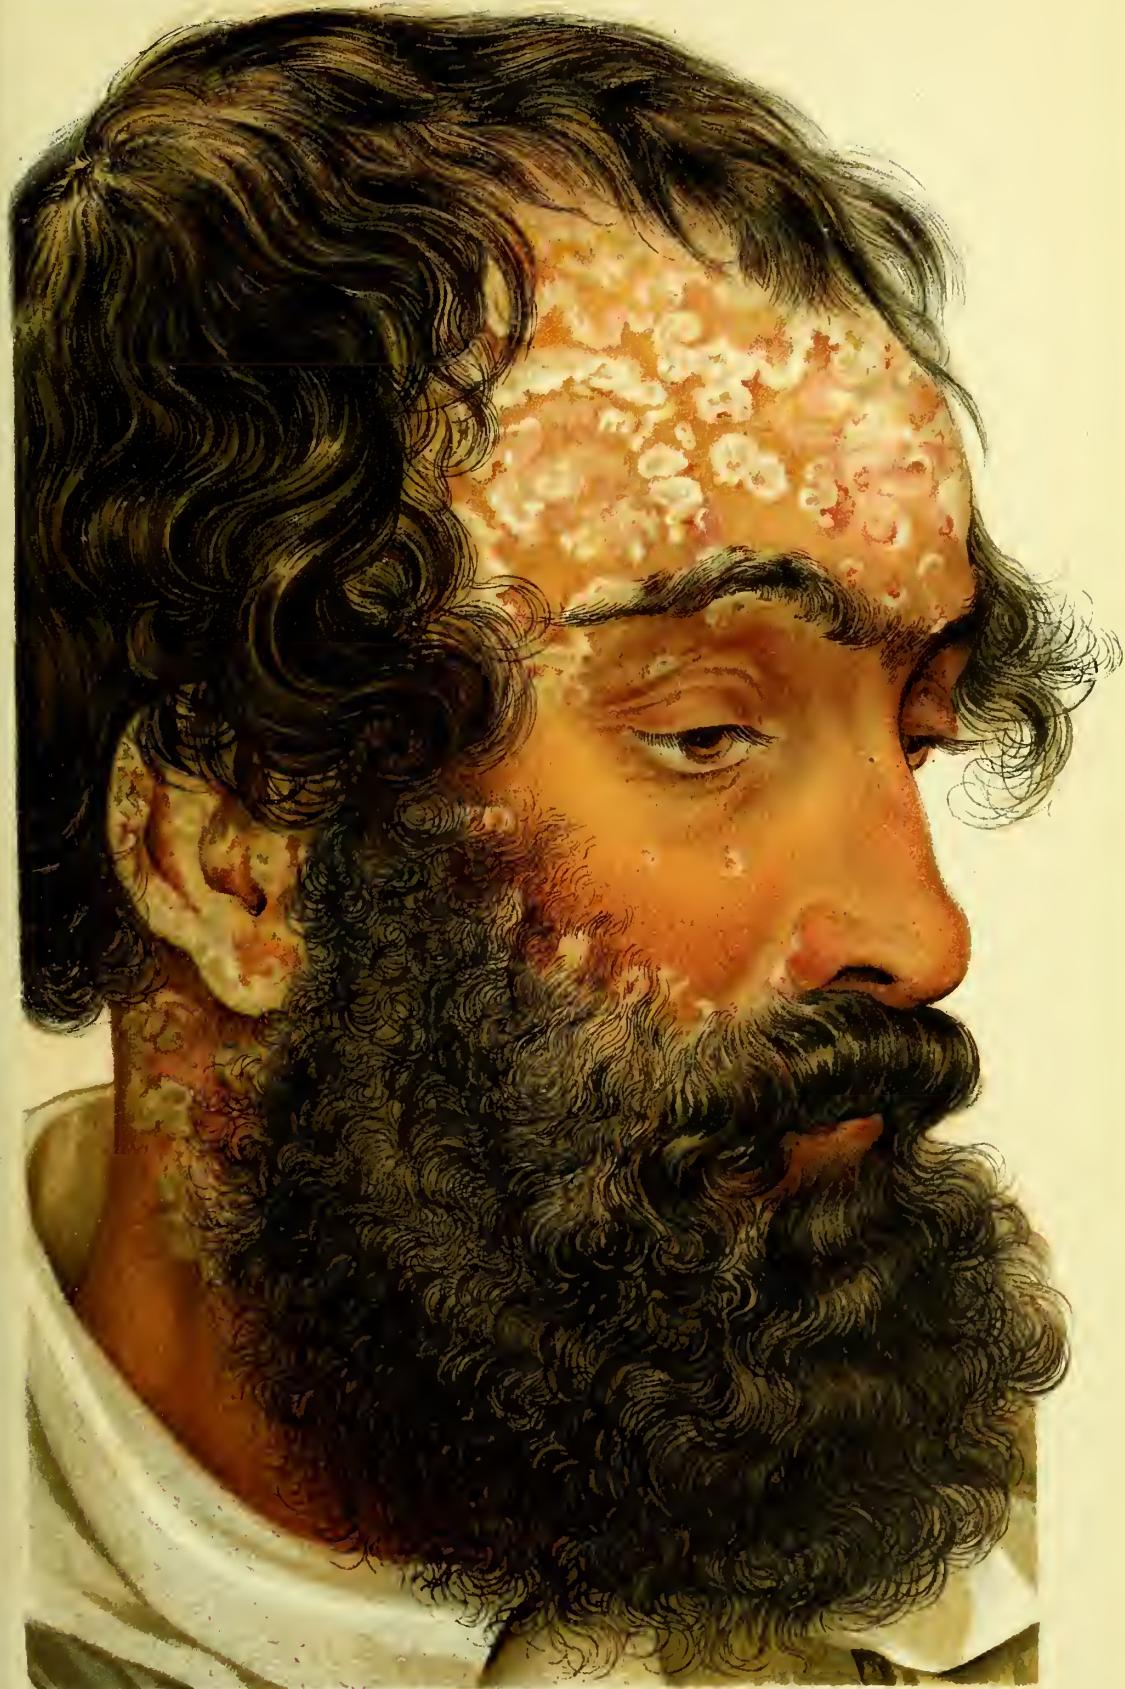

TAFEL 277.

Psoriasis annularis et gyrata truncī.

TAFEL 278.

Psoriasis annularis et guttata
faciei et capillitii.

TAFEL 279.

Psoriasis haemorrhagica et pigmentosa
extremitatum inferiorum.

TAFEL 280.
Psoriasis gyrata trunci.

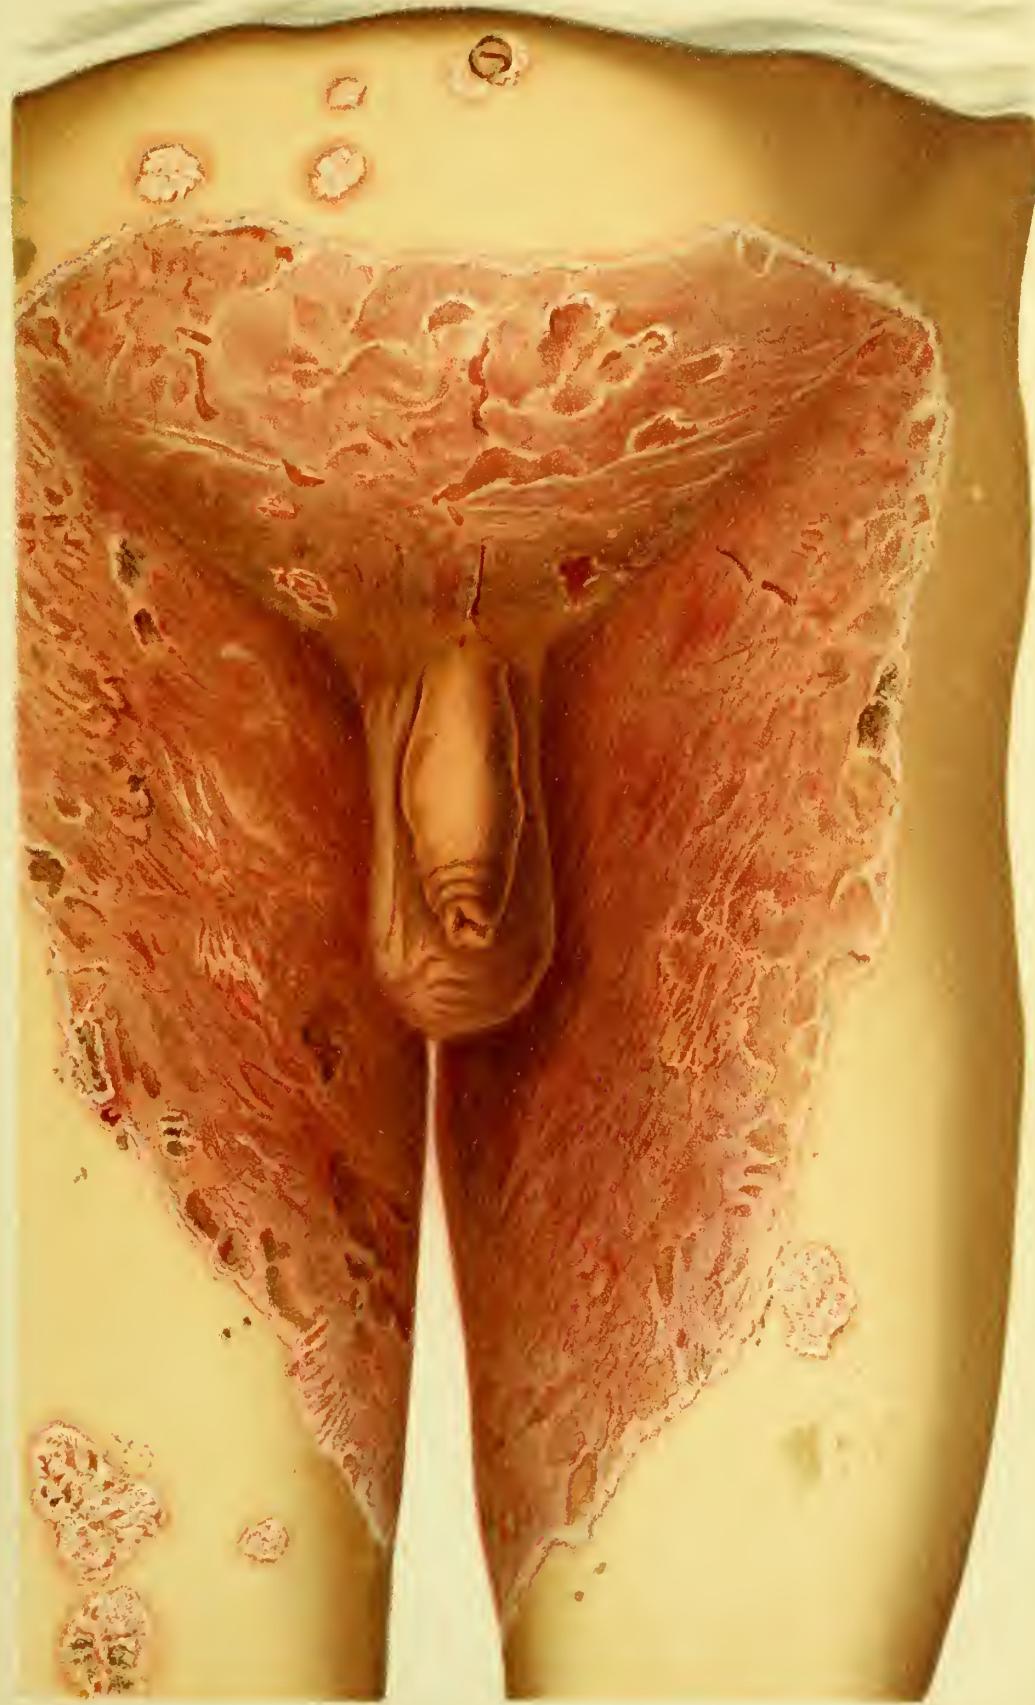

TAFEL 281.

Psoriasis palmaris manus et cubiti.

TAFEL 282.
Psoriasis regionis genitalis.

TAFEL 283.
Psoriasis universalis.

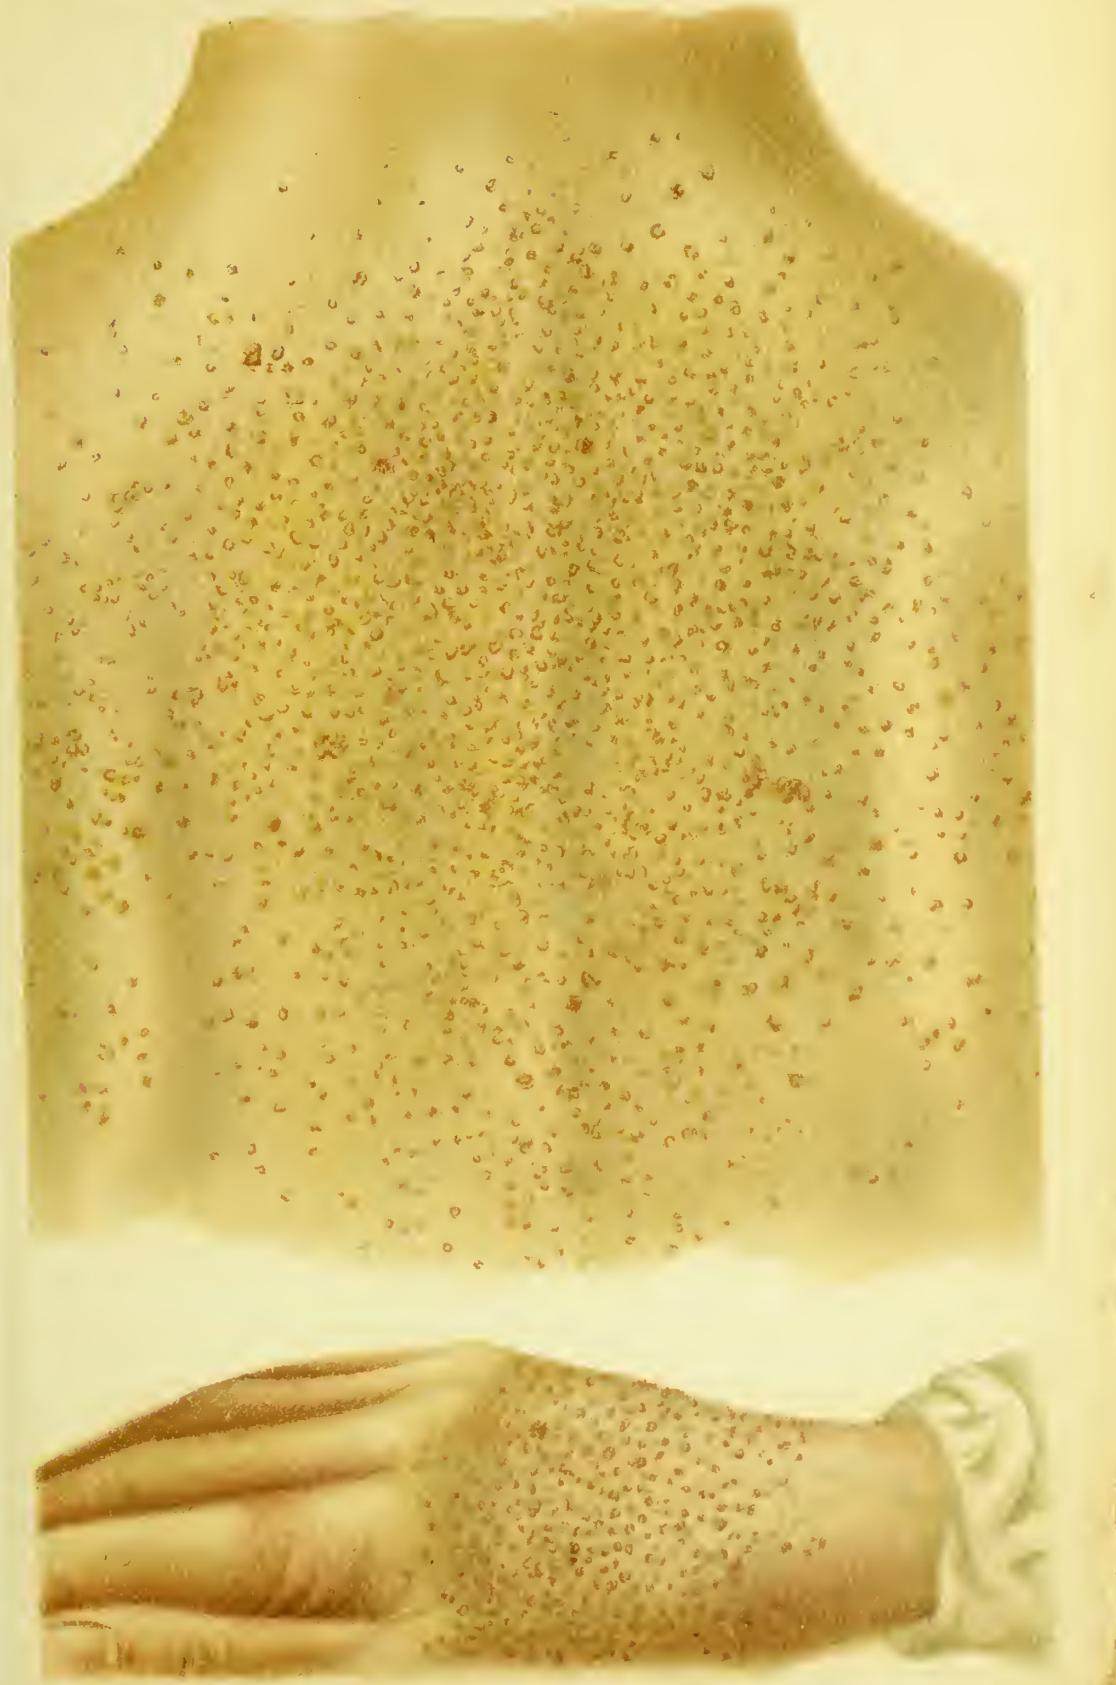

TAFEL 284.

Psoriasis vulgaris verrucosa (vegetans).

TAFEL 285.

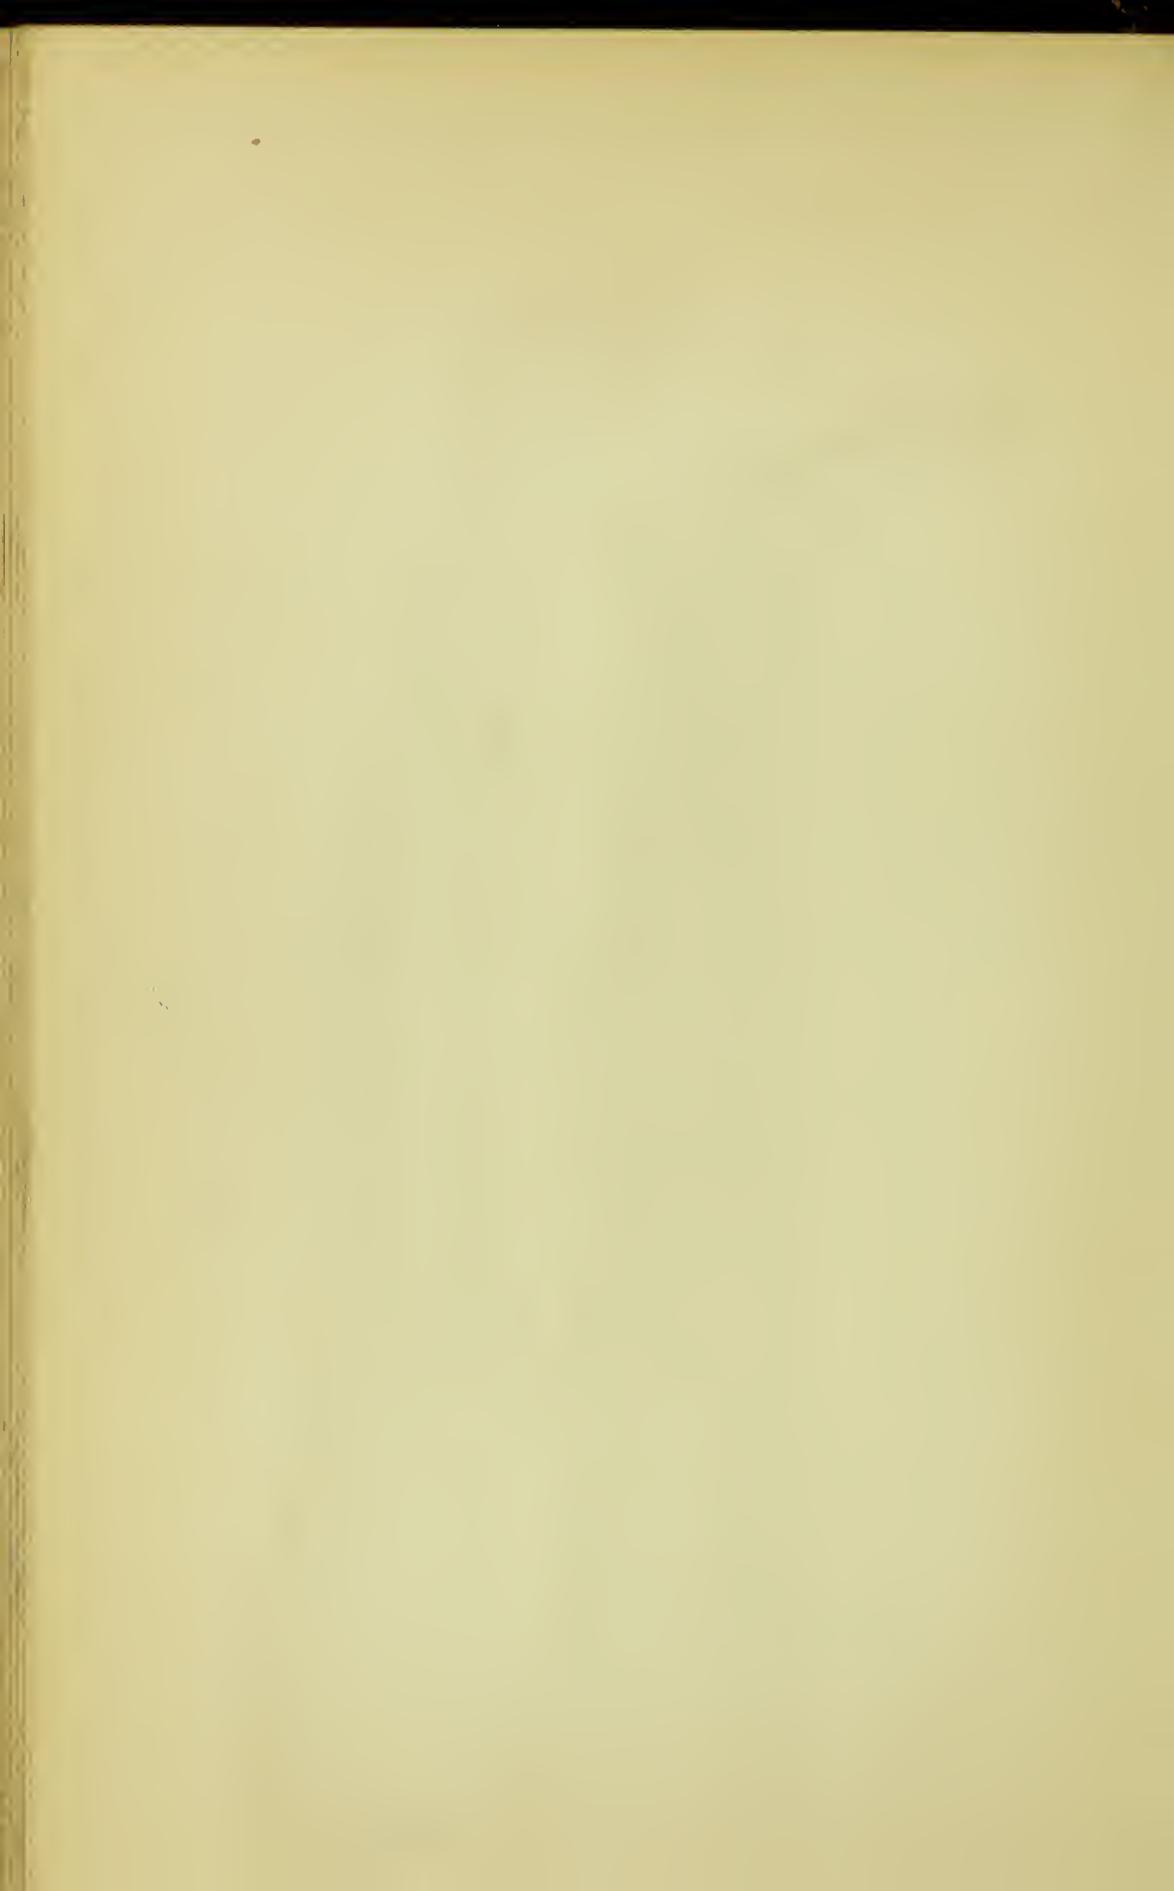

Psorospermosis — Darier.

TAFEL 286.

Purpura haemorrhagica bullosa
extremitatum inferiorum
cum diphterica faucium.

TAFEL 287.

Purpura urticans

TAFEL 288.

Purpura haemorrhagica
(Morbus maculosus Werlhofii).

TAFEL 289.

Rhinoscleroma

naso-labiale sinistrum.

(**Erster** Beobachtungsfall.)

TAFEL 290.
Rhinoscleroma.

TAFEL 291.

Rhinoscleroma

nasi, labii superioris, palati.

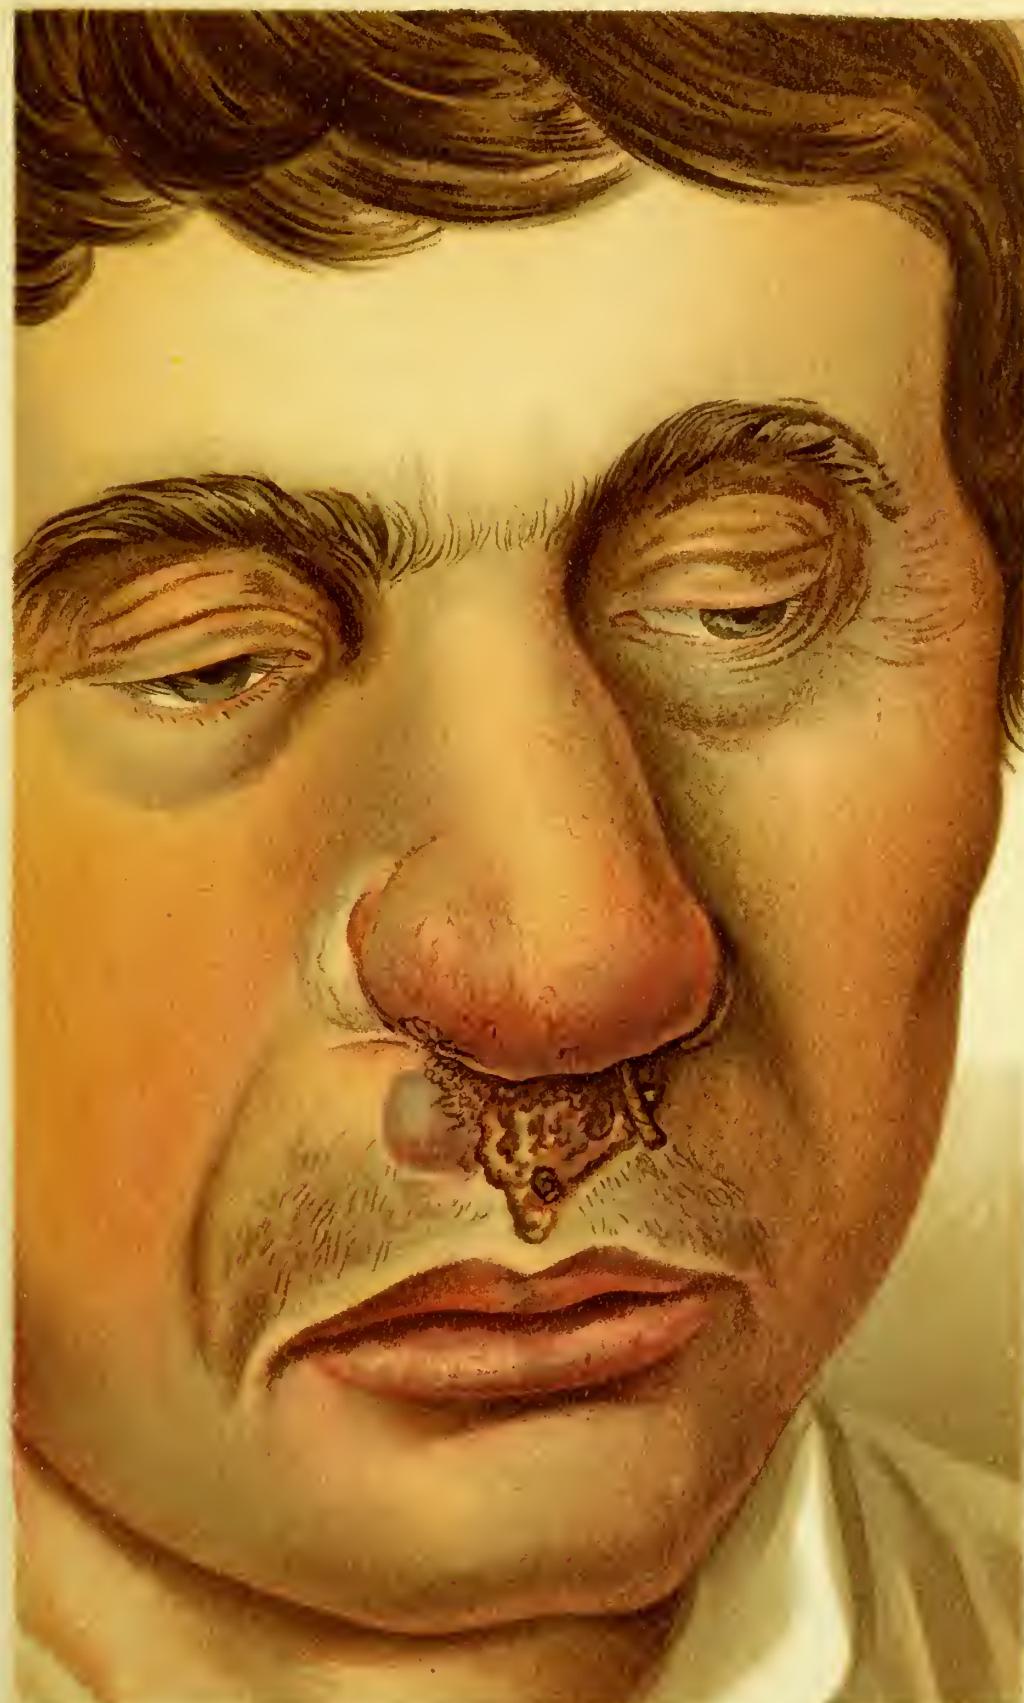

TAFEL 292.
Rhinoscleroma
mucosae narium et pharyngis.

TAFEL 293.

Rhinoscleroma

narium et labii superioris.

TAFEL 294.

Rhinoscleroma

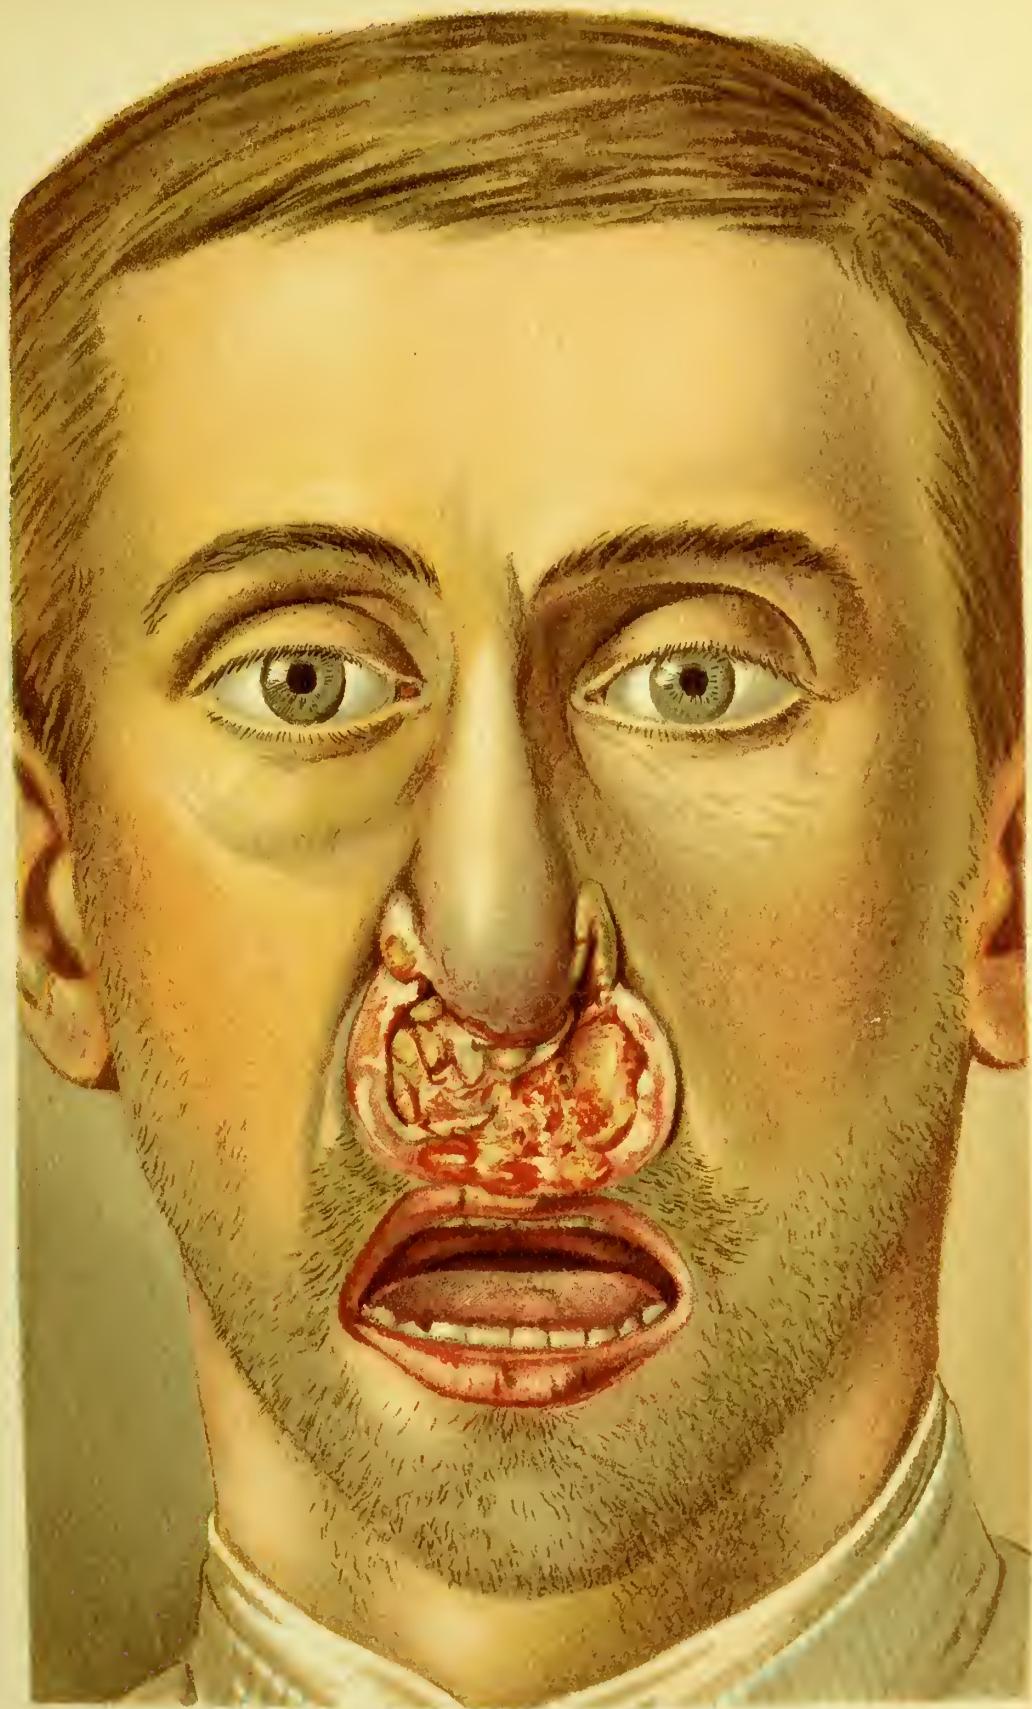

narium, Daeryocystitis perforans consequens et Variola accidens.

TAFEL 295.

Rhinoscleroma

narium obturans et totius labii superioris **exulcerans.**

TAFEL 296.

Rhinoscleroma

ingens narum et labii superioris **exulcerans.**

TAFEL 297.

Sarcomata totius corporis **plana** et **fungosa**.

TAFEL 298.

Sarcomata forma **tumorum** totius corporis.

TAFEL 299.

Sarcoma exulceratum
regionis trochantericae.

TAFEL 300.

Sarcomatosis cutis plana et orbicularis.

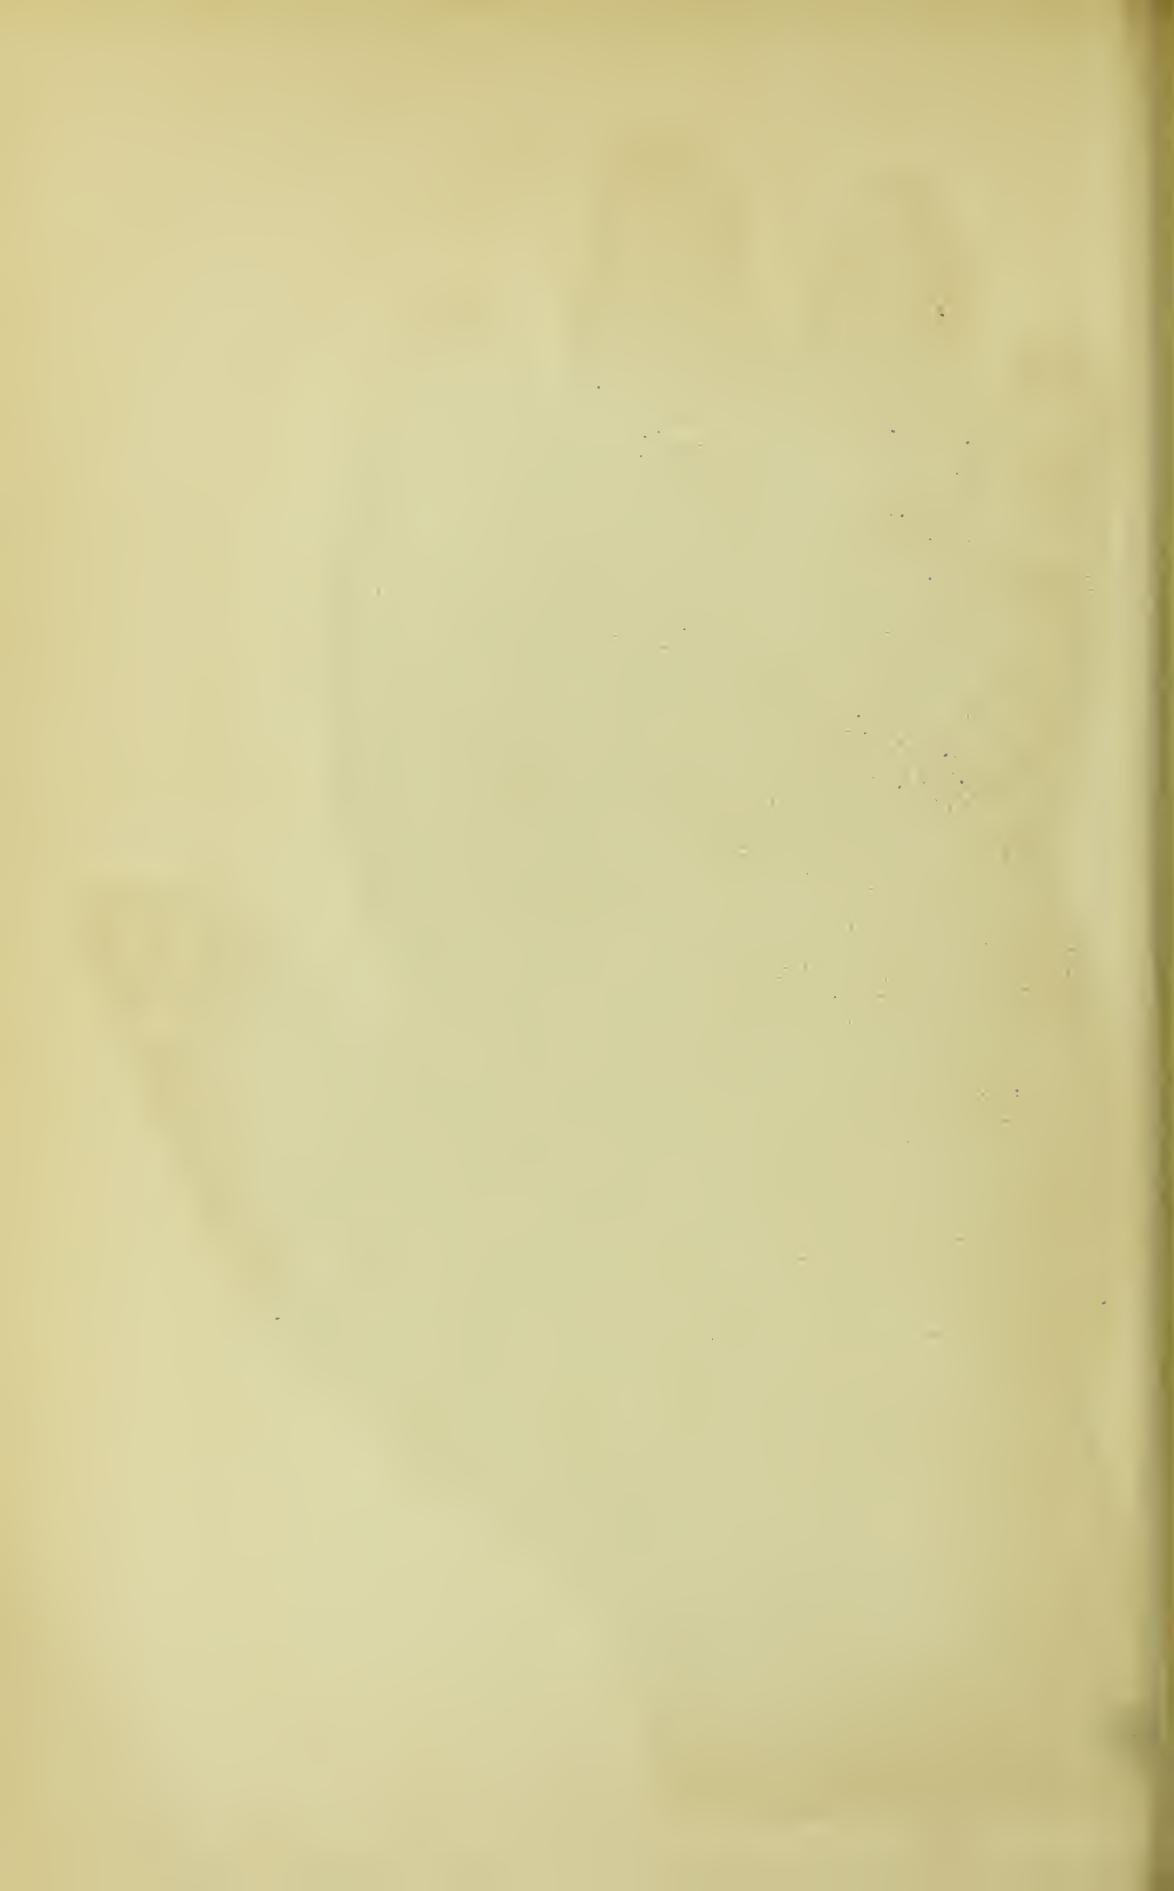

TAFEL 301.

Sarcoma idiopathicum multiplex haemorrhagicum manus.

TAFEL 302.

Sarcoma idiopathicum multiplex haemorrhagicum pedis dextri.
(Dem Kranken von Tafel 301 zugehörig.)

TAFEL 303.

Sarcoma idiopathicum multiplex haemorrhagicum
palpebrae super. sin. et auriculae.

TAFEL 304.

Sarcoma idiopathicum multiplex haemorrhagicum

dorsi manus dextrae.

(Dem Kranken von Tafel 303 zugehörend.)

TAFEL 305.

Sarcoma idiopathicum multiplex haemorrhagicum dorsi pedis.
(Den Kranken von Tafel 303 und 304 zugehörig.)

TAFEL 306.

Sarcoma idiopathicum haemorrhagicum multiplex pedis et manus.

TAFEL 307.

Sarcoma melanodes

abdominis et extremitat. inferioris sinistri.

TAFEL 308.

Scabies
abdominis et penis.

TAFEL 309.

Scabies

(*Penis, extremitatum inferiorum, pustulosa, crustosa*).

TAFEL 310.

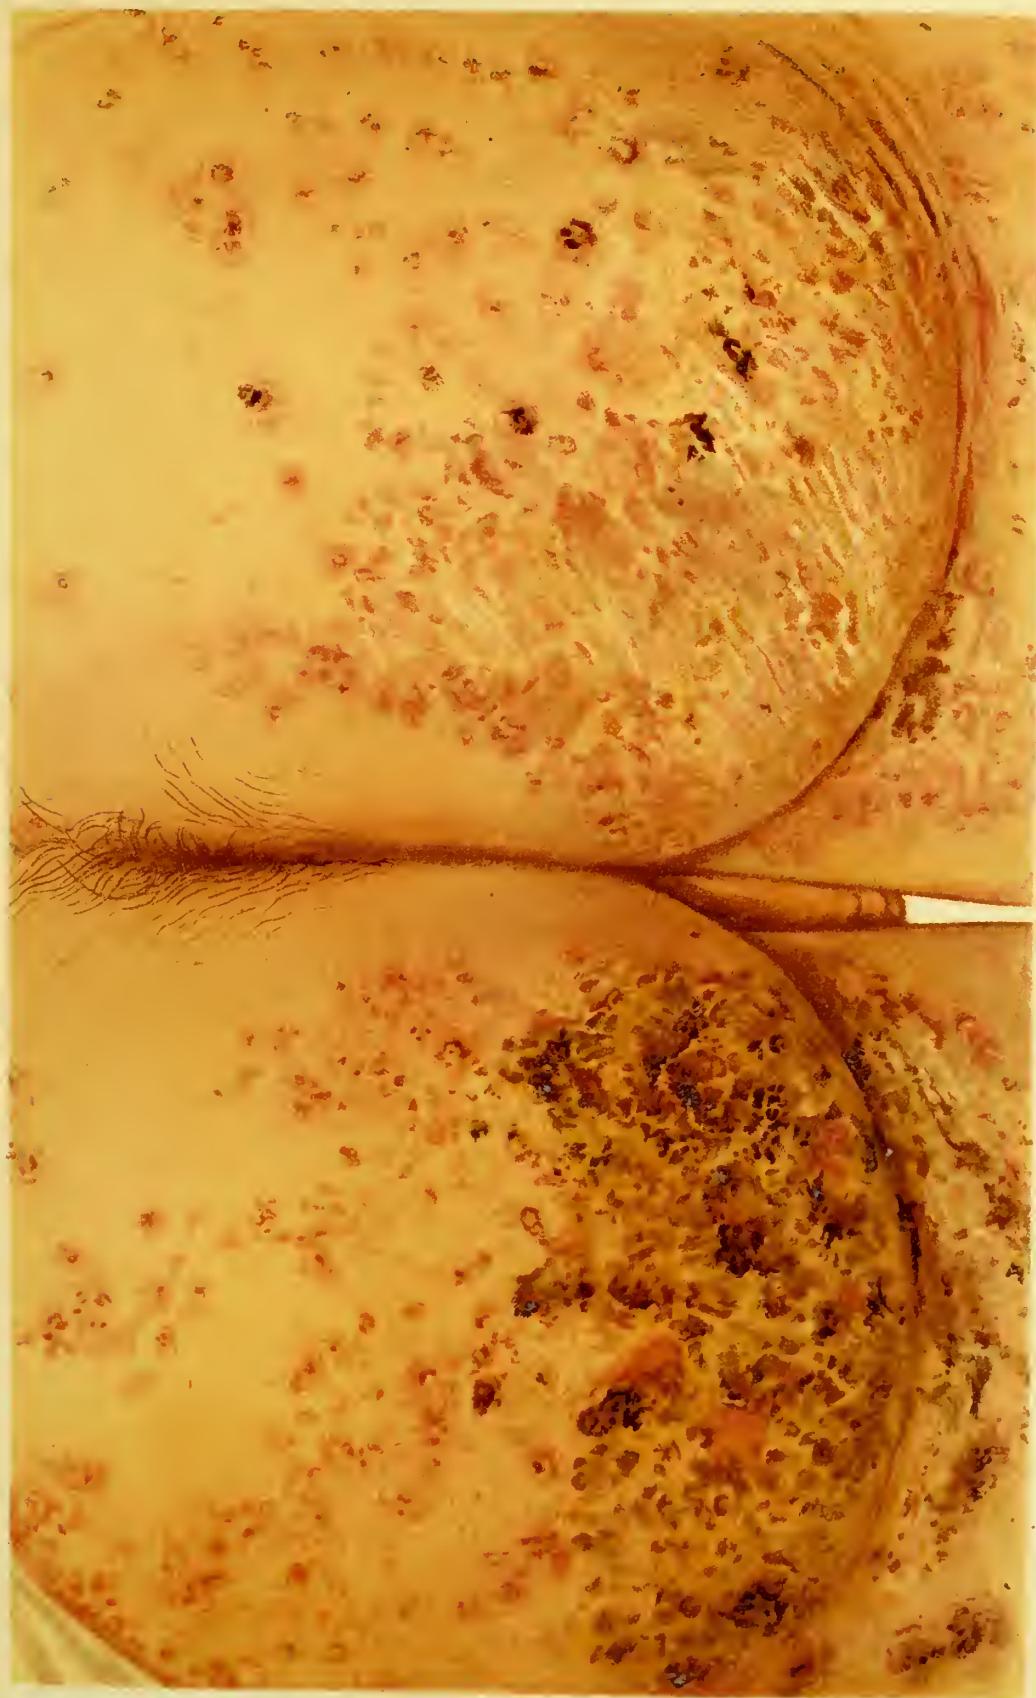

Scabies

vesiculo-pustulosa manus.

TAFEL 311.
Scabies
(**Eczema ad nates**).

TAFEL 312.
Scabies mamillae.

TAFEL 313.

Scabies infantis totalis.

TAFEL 314.

Scabies norwegica s. Boeckii manus.

TAFEL 315.

Scabies norwegica s. *Boeckii* *pedis.*

TAFEL 316.

Sclerodermia femoris.

TAFEL 317.

Sclerodermia (en plaques) **areata.**

TAFEL 318.

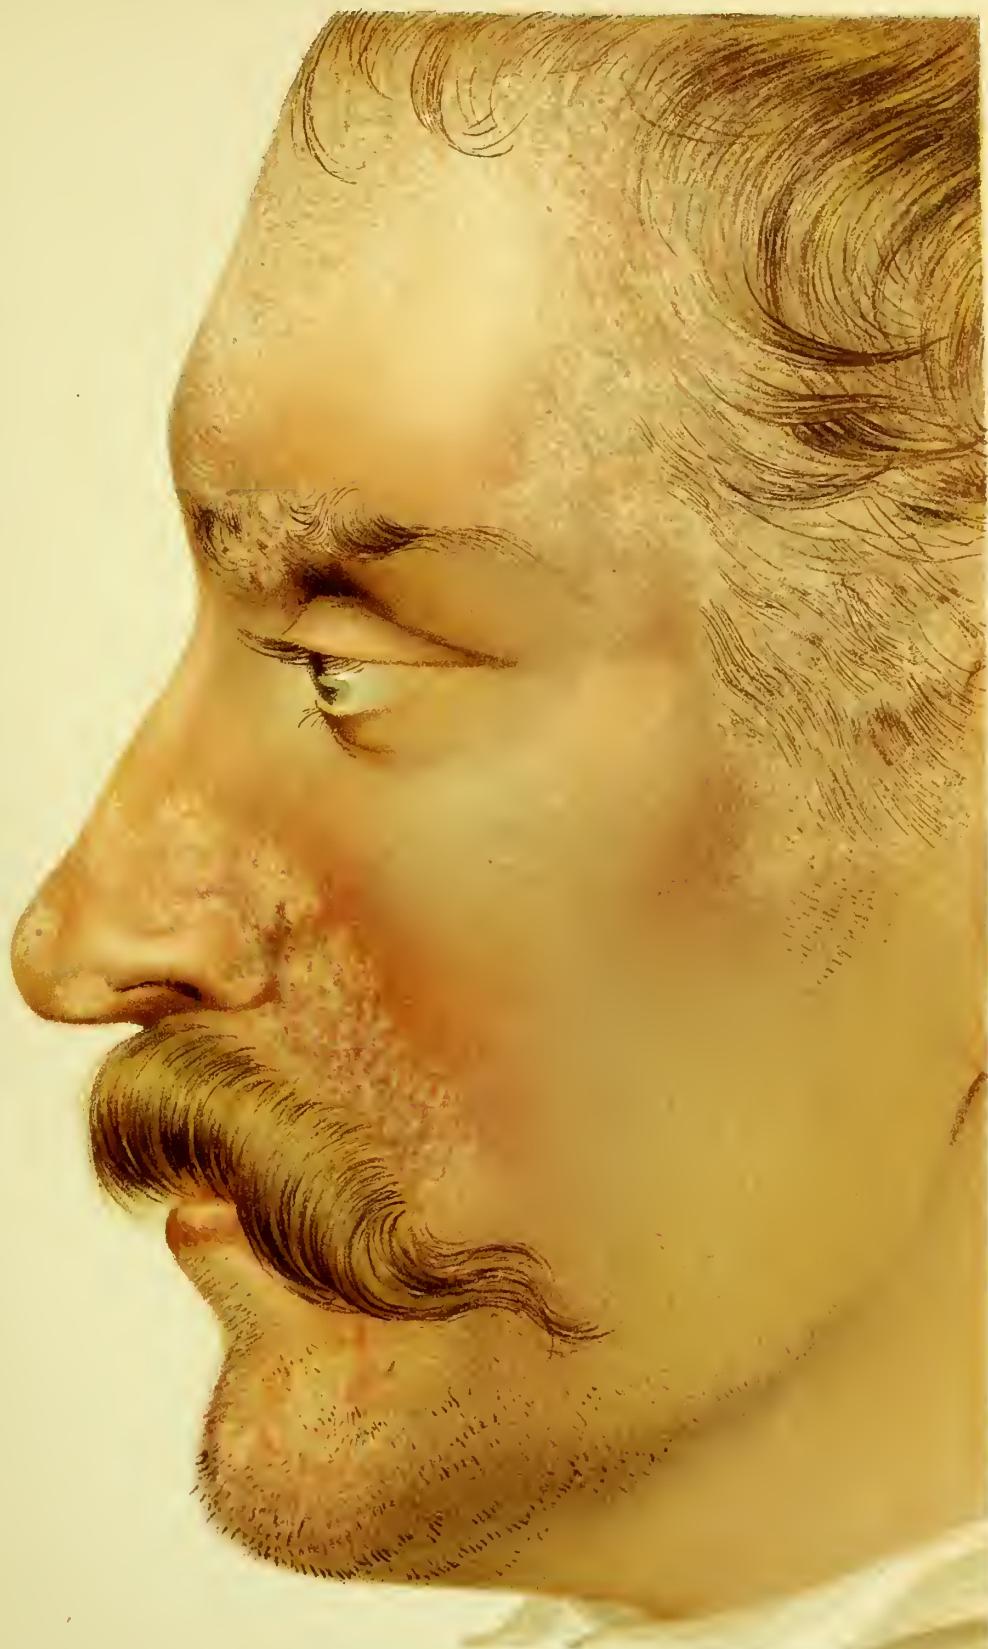

Seborrhoea congestiva nasi et circa.

TAFEL 319.

Seborrhoea congestiva nasi et circa.

TAFEL 320.

Seborrhoea crustosa nasi.

TAFEL 321.

Seborrhoea balanitica
(*Smegma praeputii*).

TAFEL 322.

Seborrhoea capillitii neonati
(Gneis der Kinder).

TAFEL 323.

Stigmatosis

totius corporis ex abusu Injectionum subcutanearum.

TAFEL 324.

Striae et maculae atrophicae
haemorrhagicae (incipientes) femoris.

TAFEL 325.

Sycosis

pustulosa faciei barbatae.

TAFEL 326.
Sycosis menti.

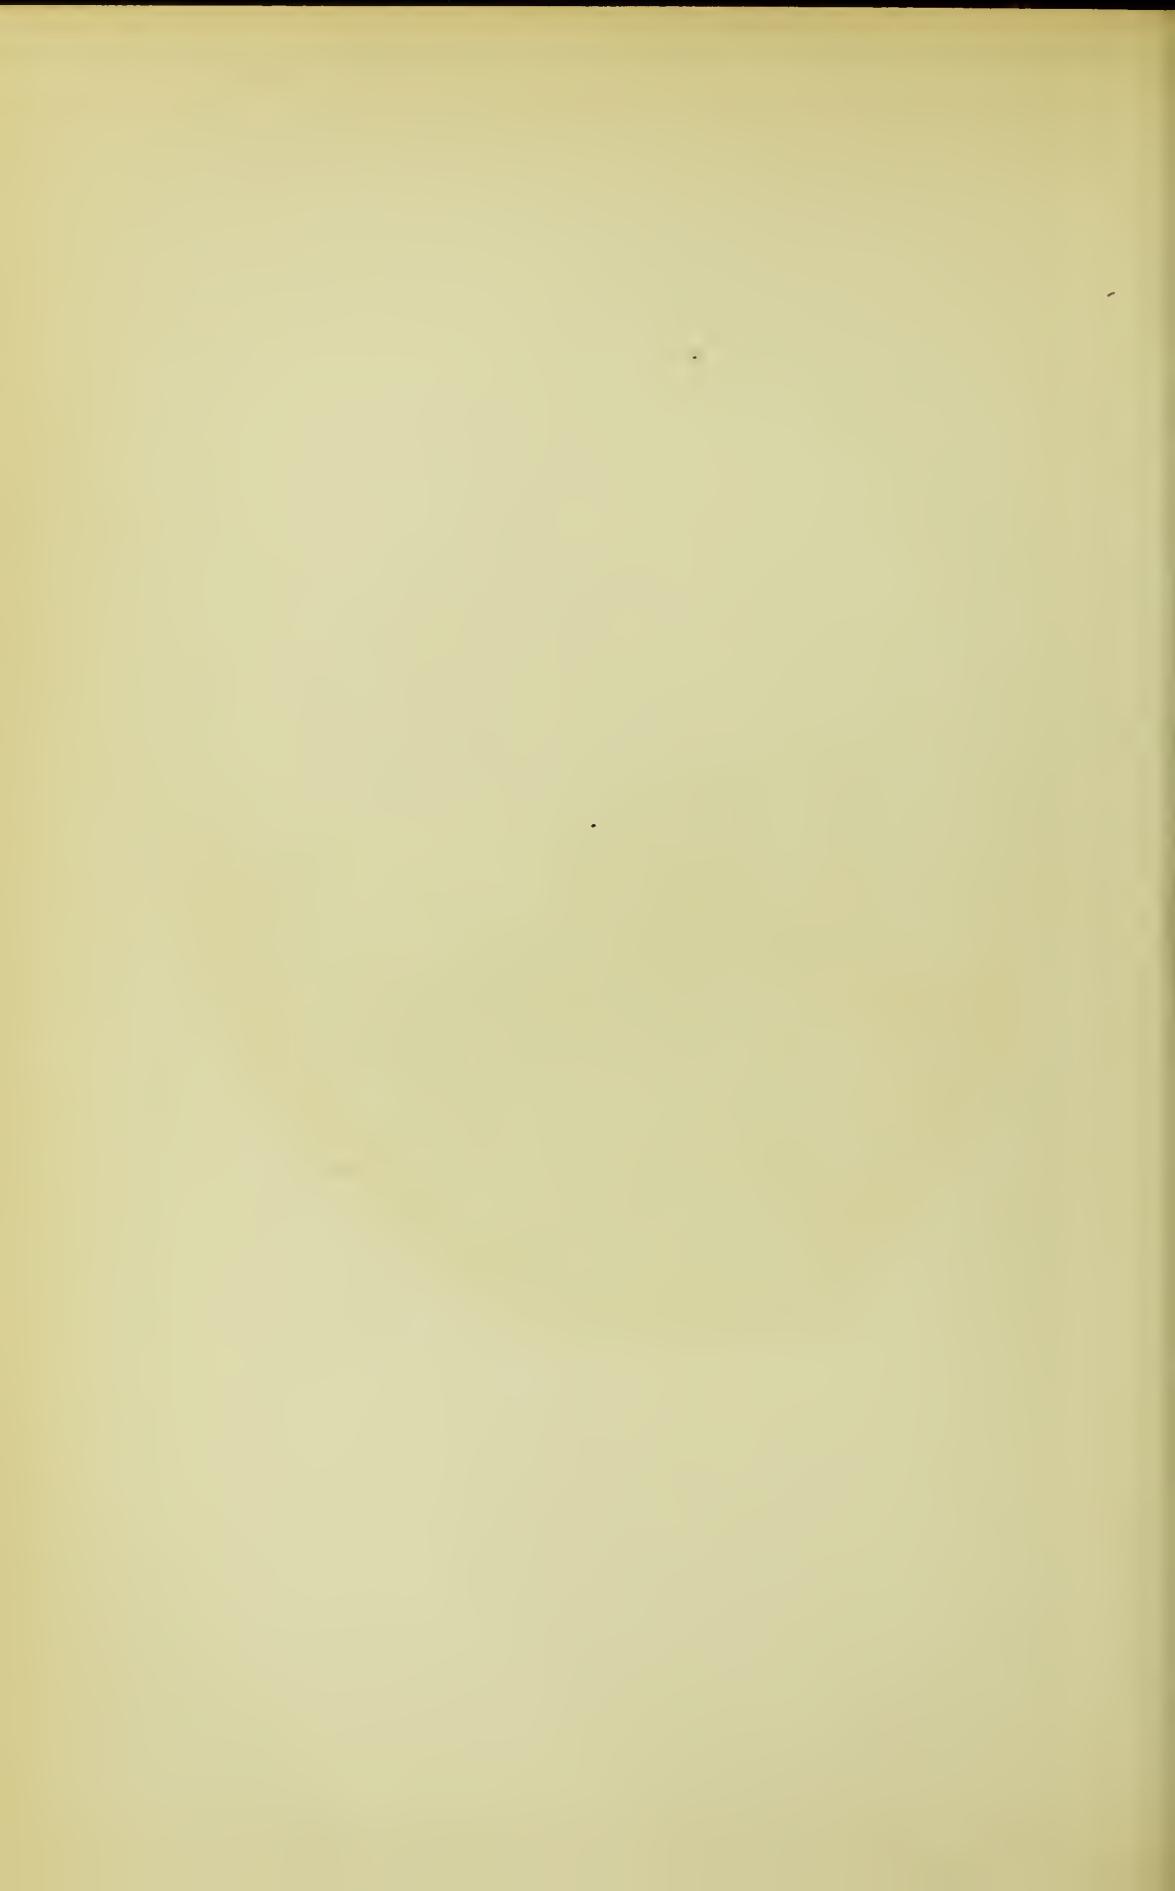

TAFEL 327.

Sycosis menti.

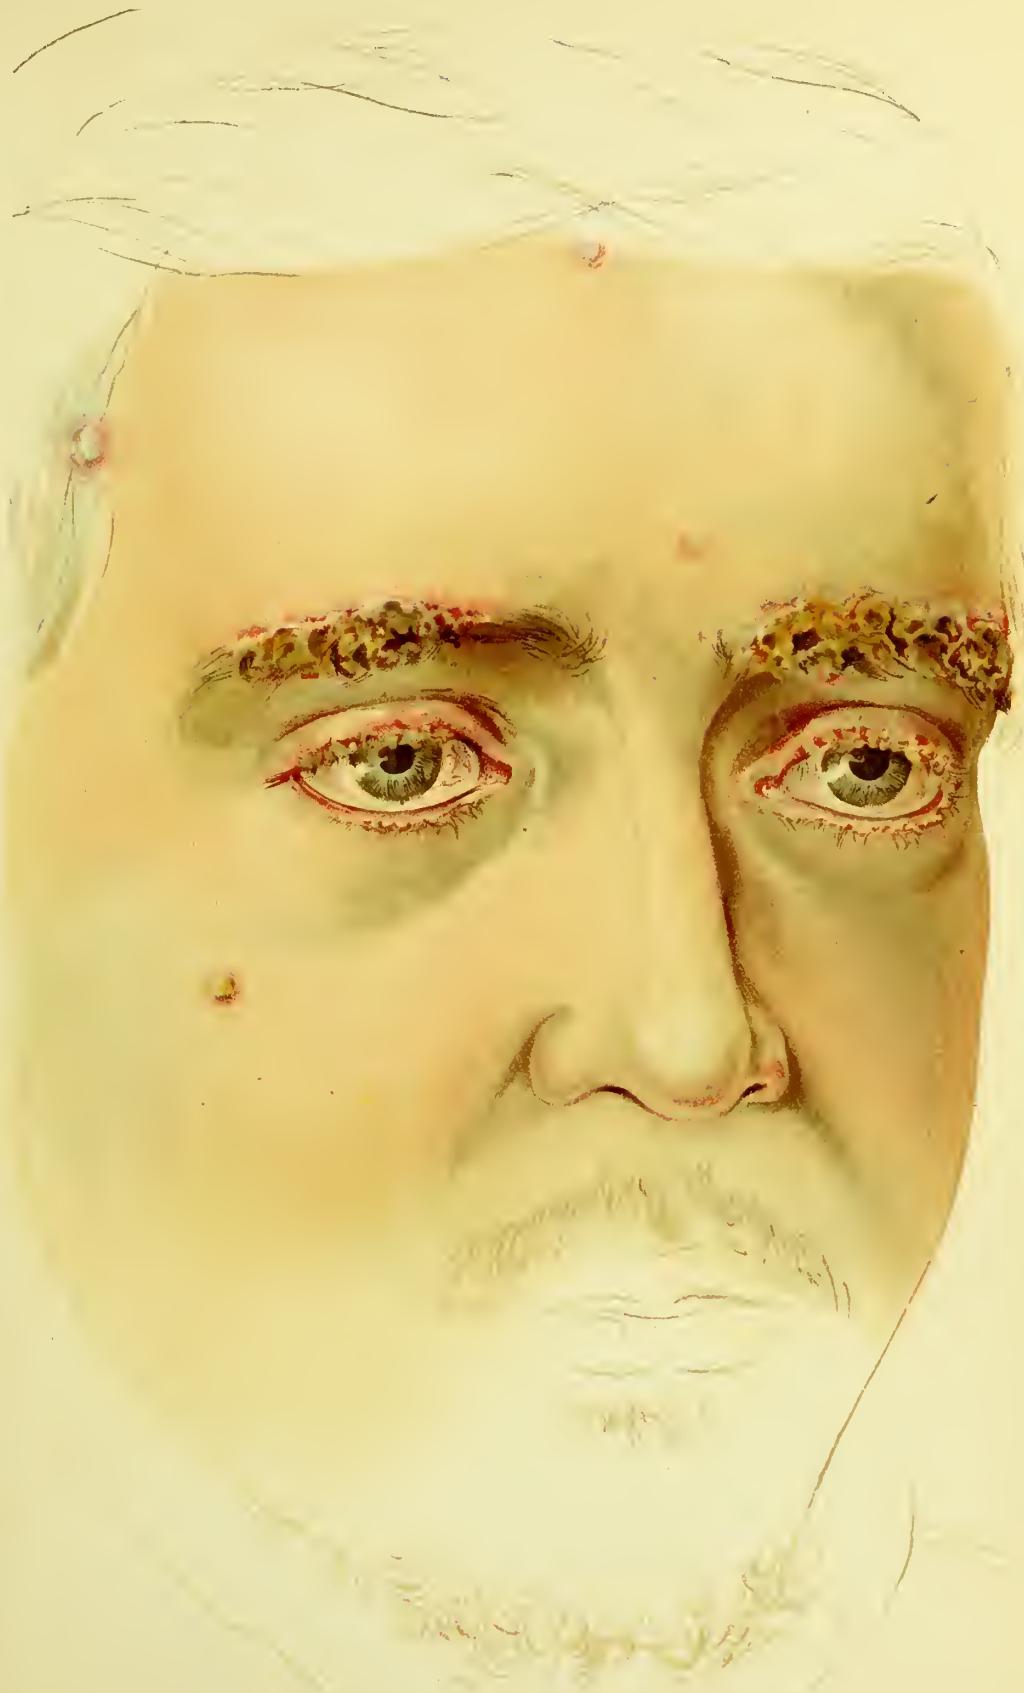

TAFEL 328.

Sycosis superciliorum et ciliaris.

TAFEL 329.
Sycosis parasitaria vegetans.

TAFEL 330.

Sycosis parasitaria
regionis maxillaris.

TAFEL 331.

Sycosis vegetans parasitaria et Herpes tonsurans
vesiculosus et maculosus affinis.

TAFEL 332.

Sycosis parasitaria vegetans
regionis maxillaris et menti.

TAFEL 333.

Sycosis parasitaria vegetans
occipitalis (Kerion Celsi Autorum).

TAFEL 334.

Sycosis parasitaria

(folliculitis) trunci et extremitatum pustulosa.

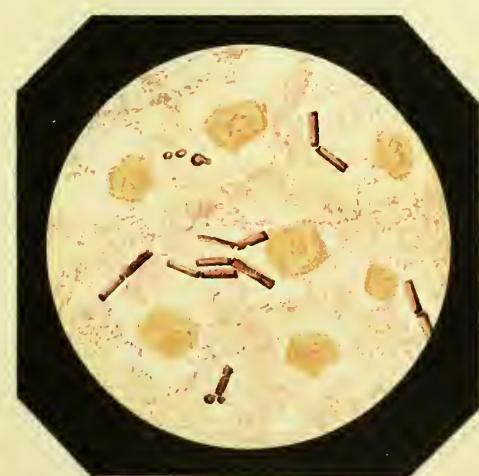

TAFEL 335.

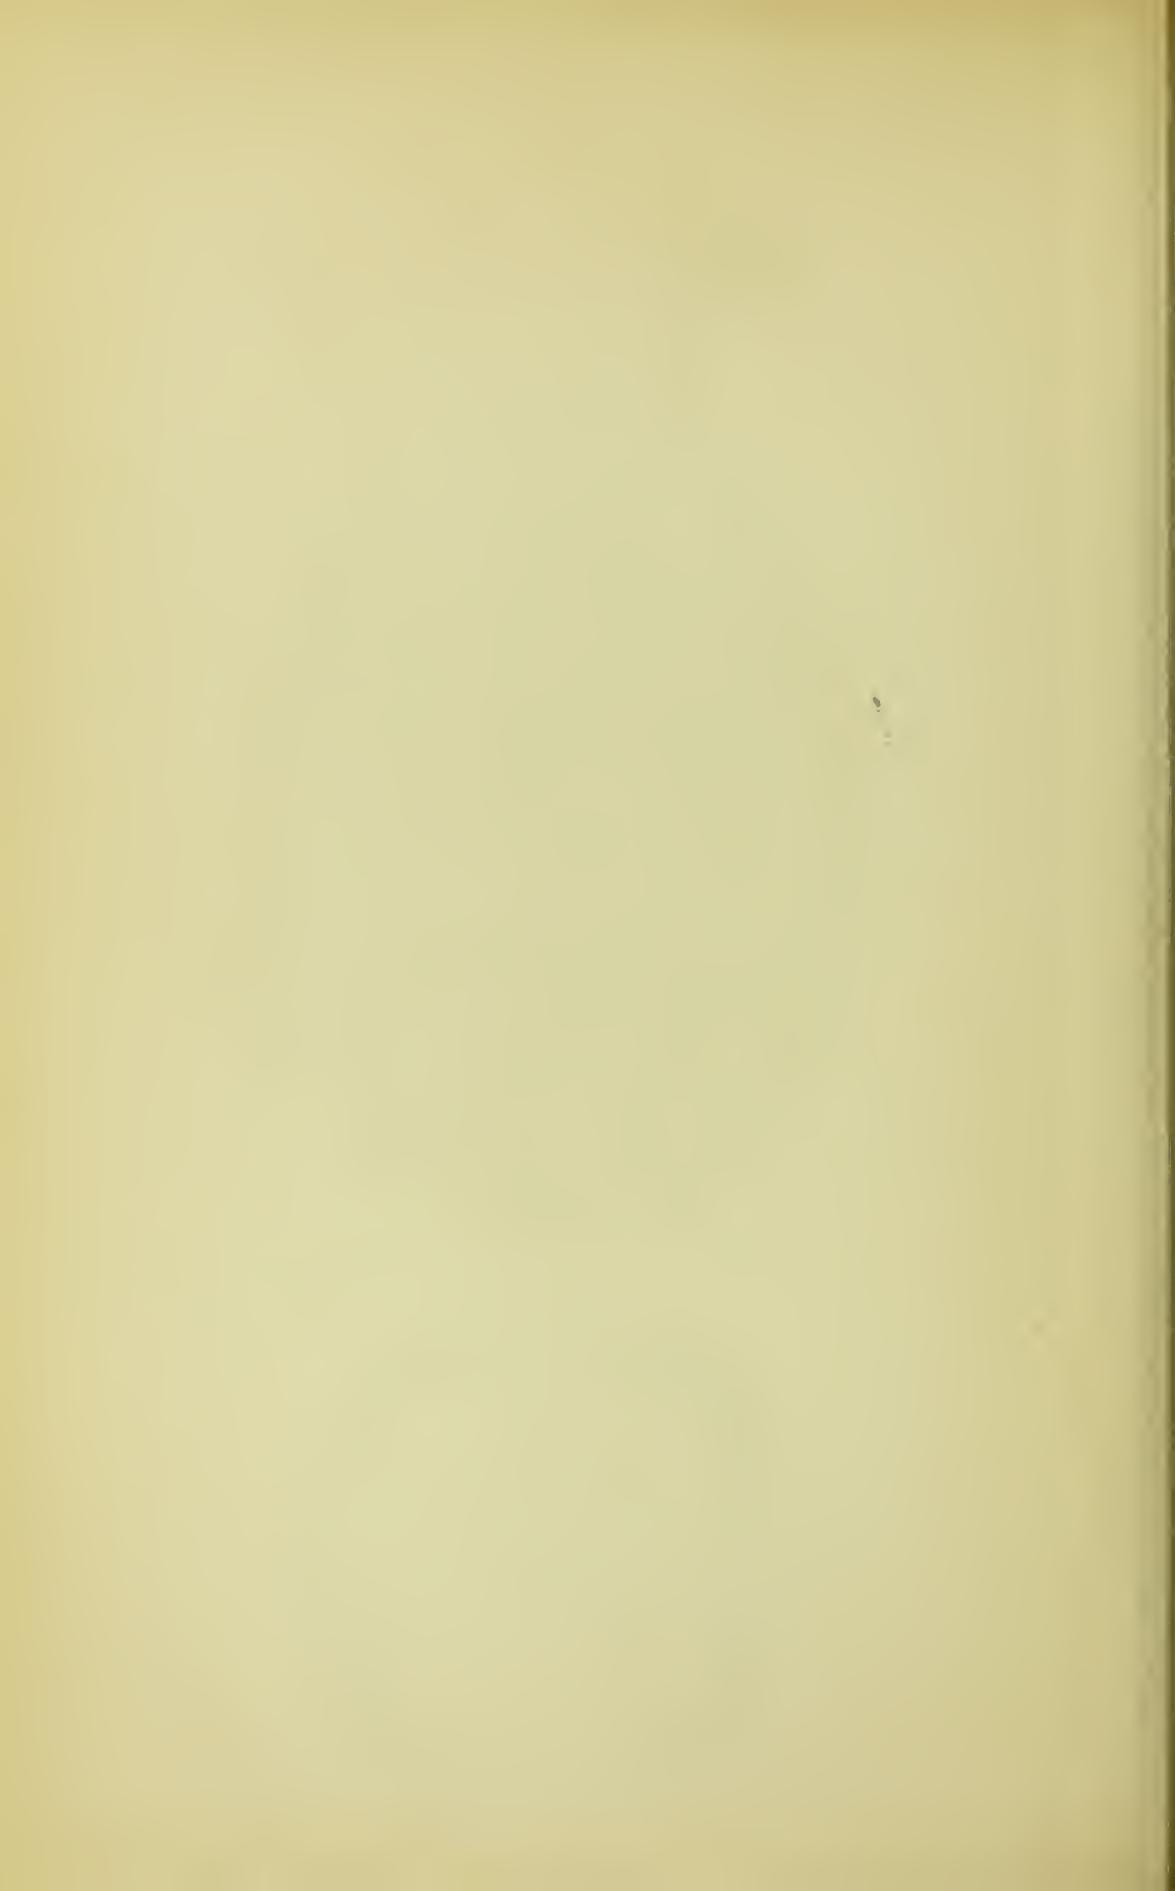

Sycosis parasitaria

dorsi manus (aurigae).

Trichophyton-Mycelien im kleinen Bilde aus der afficirten Stelle.

TAFEL 336.

Homo acu pictus — Tätowirter

(Birmah. Georgios Constantinos. Vom Autor beschrieben 1872. Wr. med.
Wochenschr. Nr. 2.)

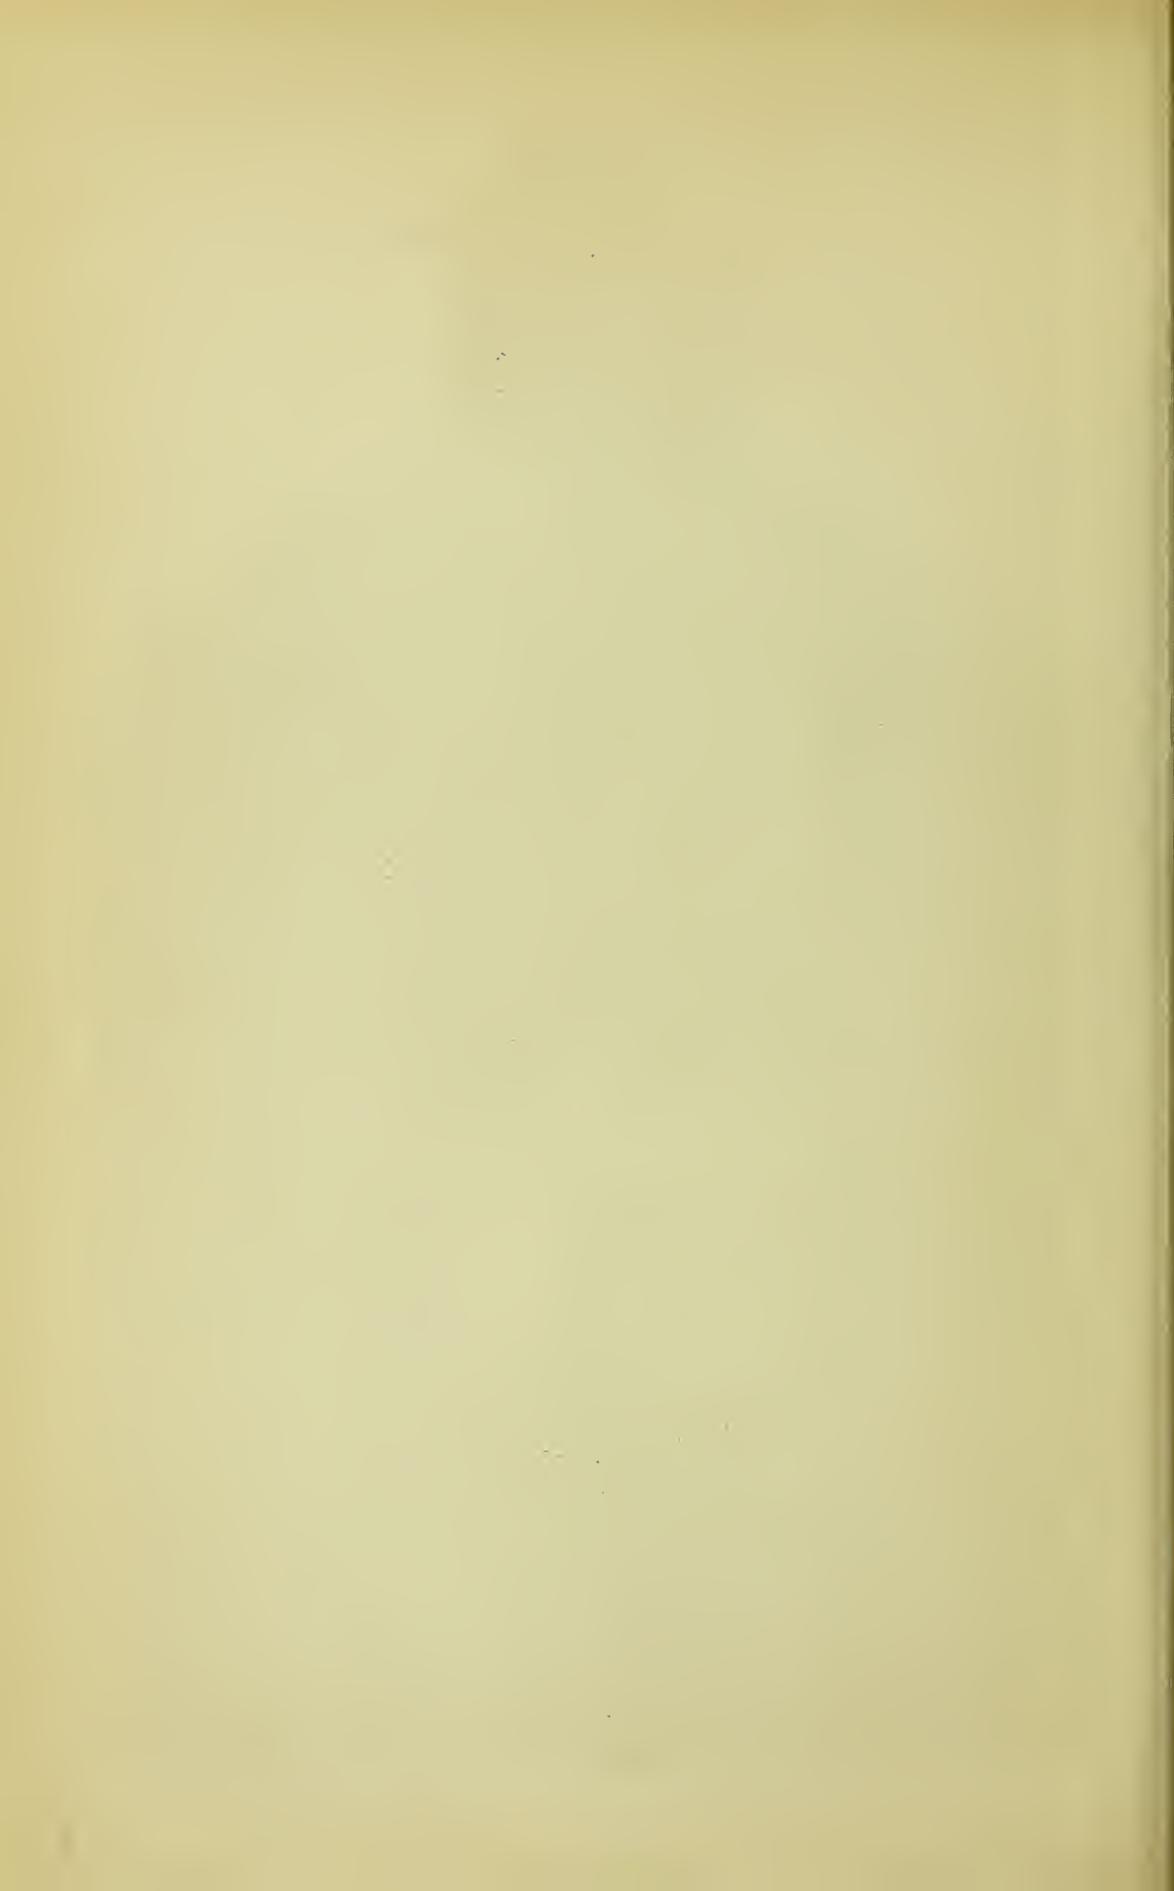

TAFEL 337.

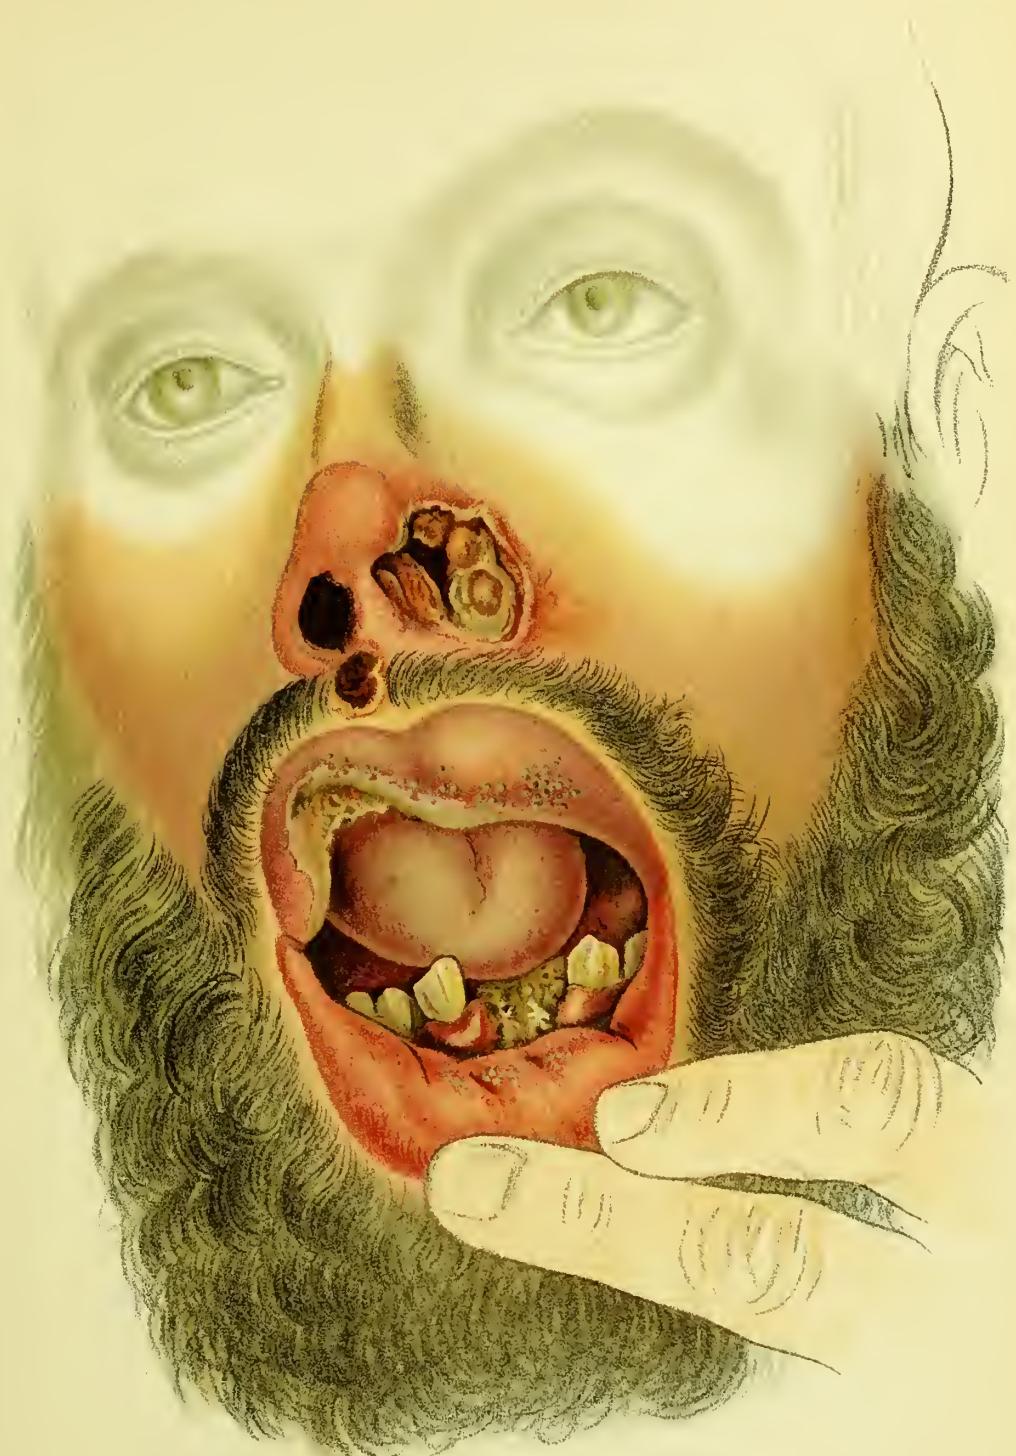

Homo acu pictus — Tätowirter (China).

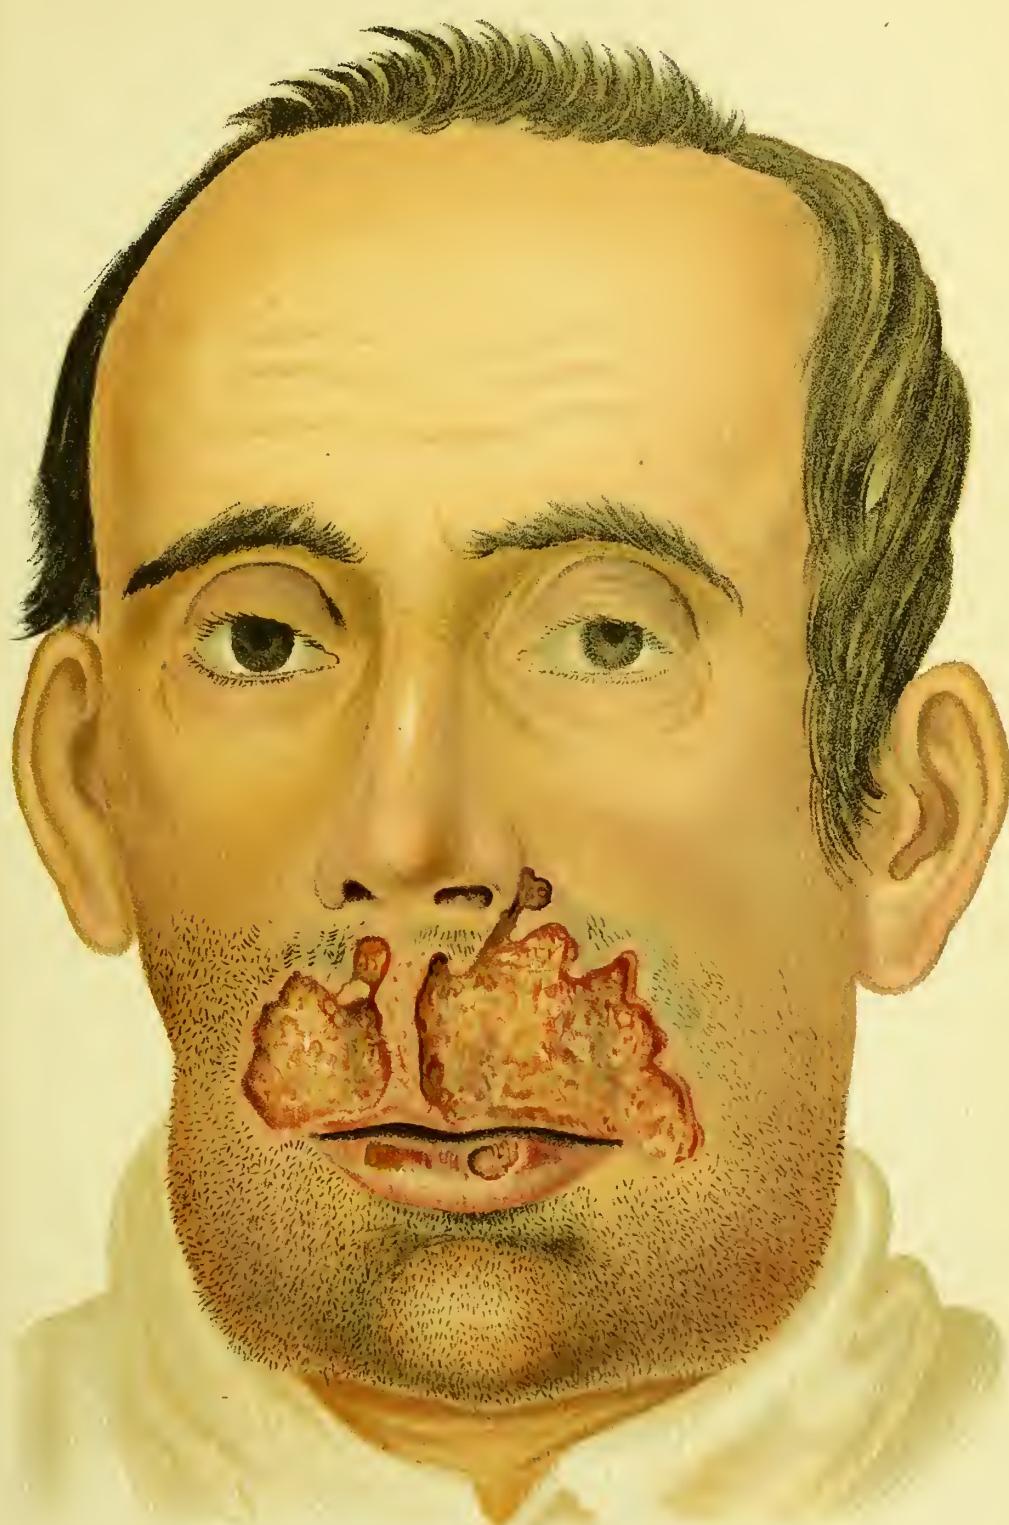

TAFEL 338.

Tuberculosis miliaris
narium et mucosae oris.

TAFEL 339.

Tuberculosis miliaris
perioralis.

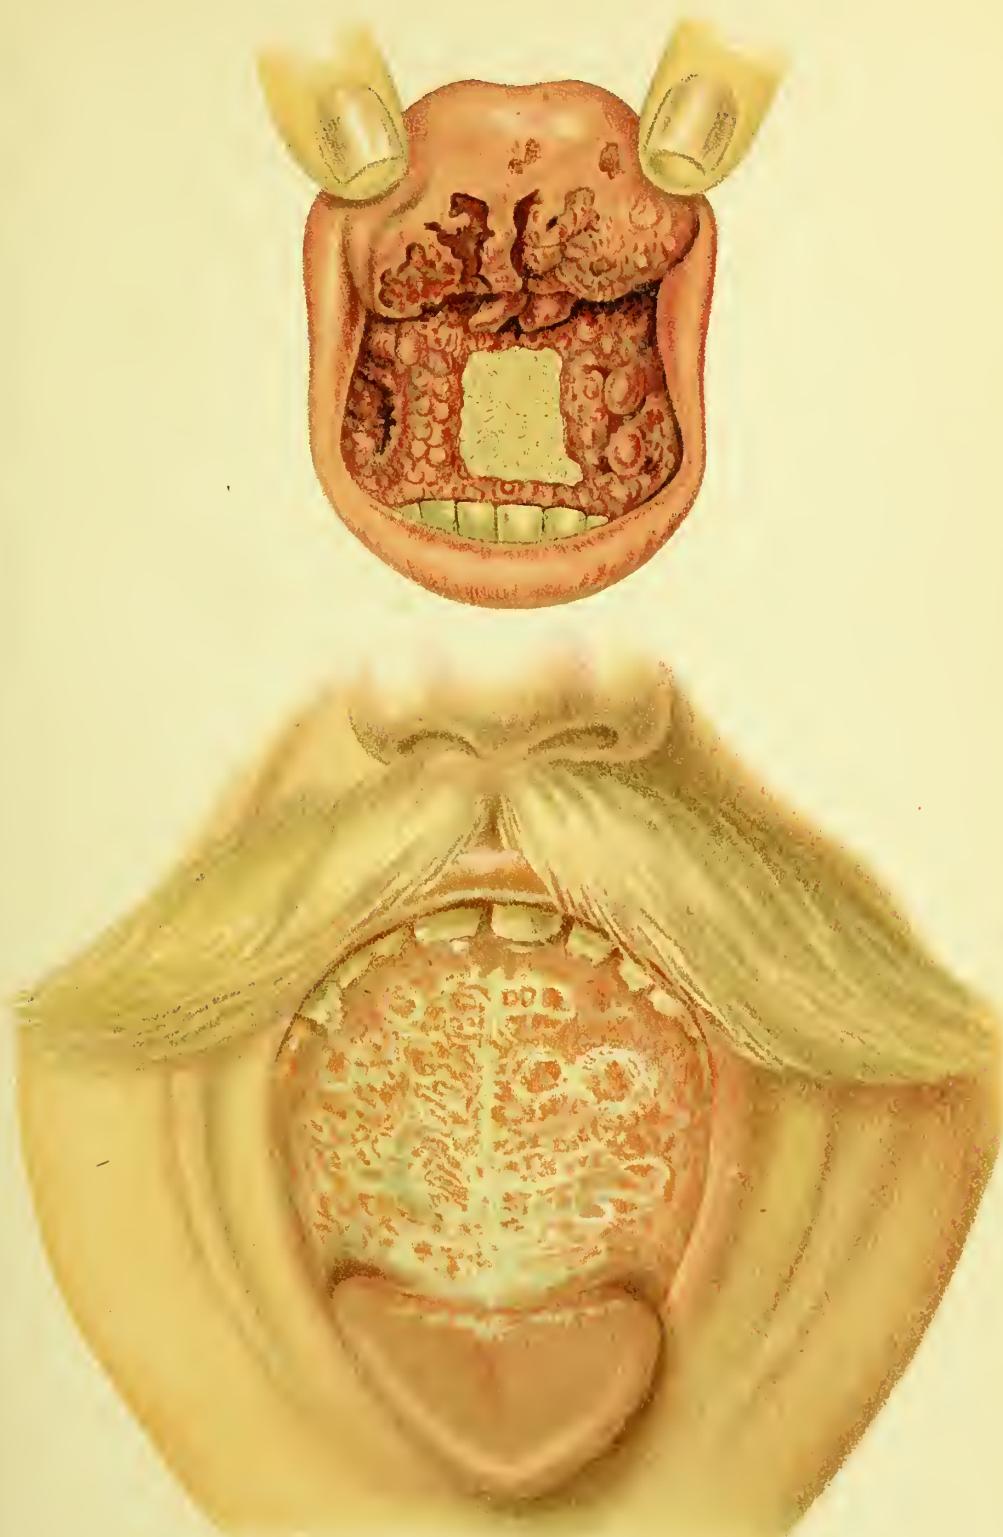

TAFEL 340.

Tuberculosis miliaris

mucosae labii superioris et palati.

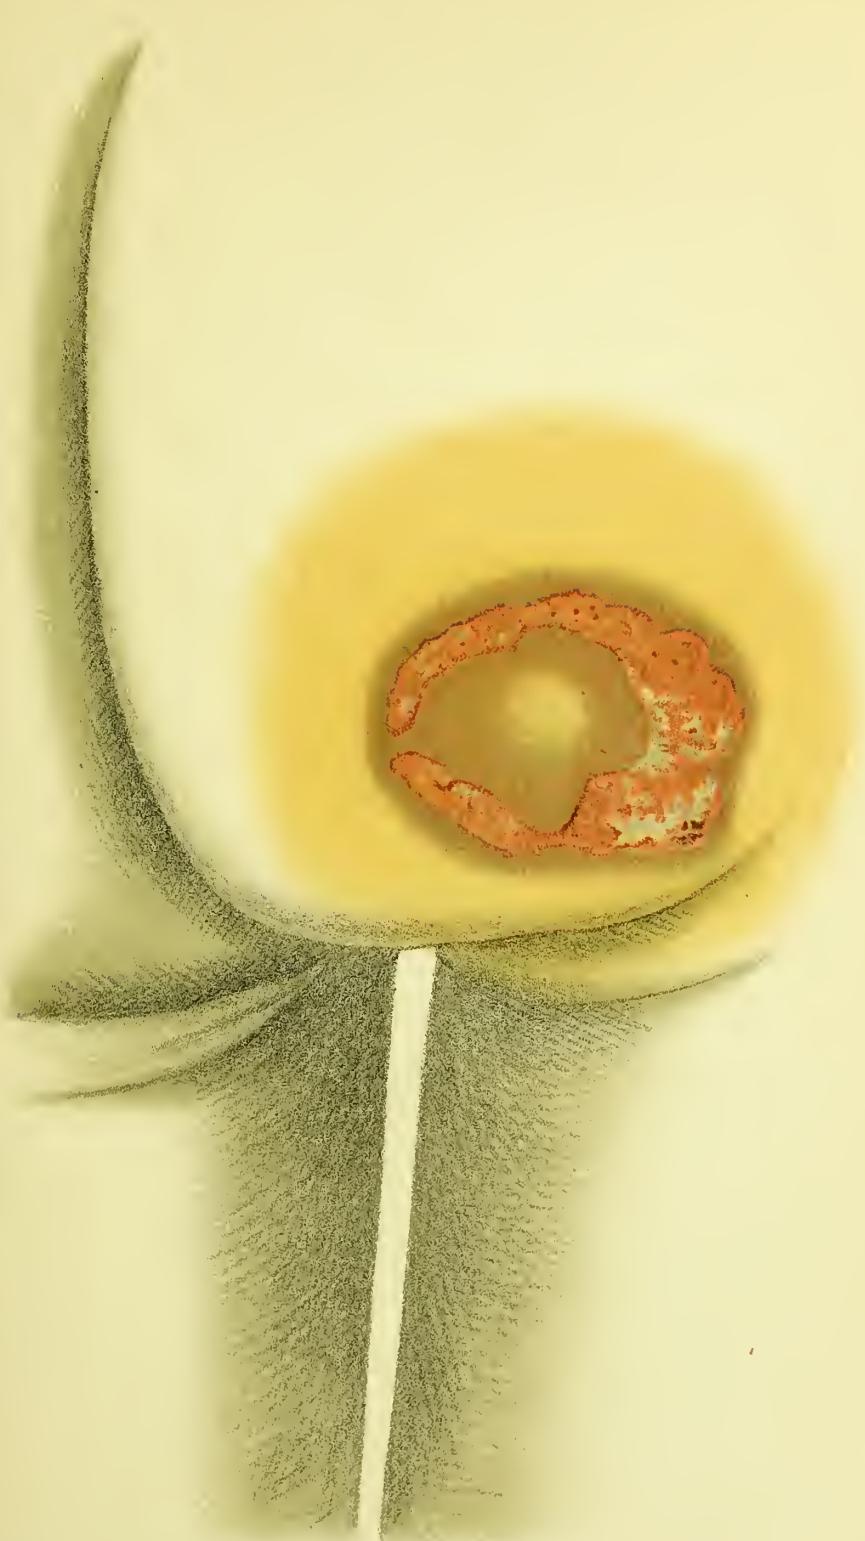

Tuberculosis miliaris dorsi linguae.

TAFEL 341.
Tuberculosis miliaris
ad nates.

TAFEL 342.

Tuberculosis miliaris
perianalis.

TAFEL 343.

Tuberculosis verrucosa cutis — (Riehl und Paltauf).

TAFEL 344.

Tuberculosis verrucosa

anguli oris et circa.

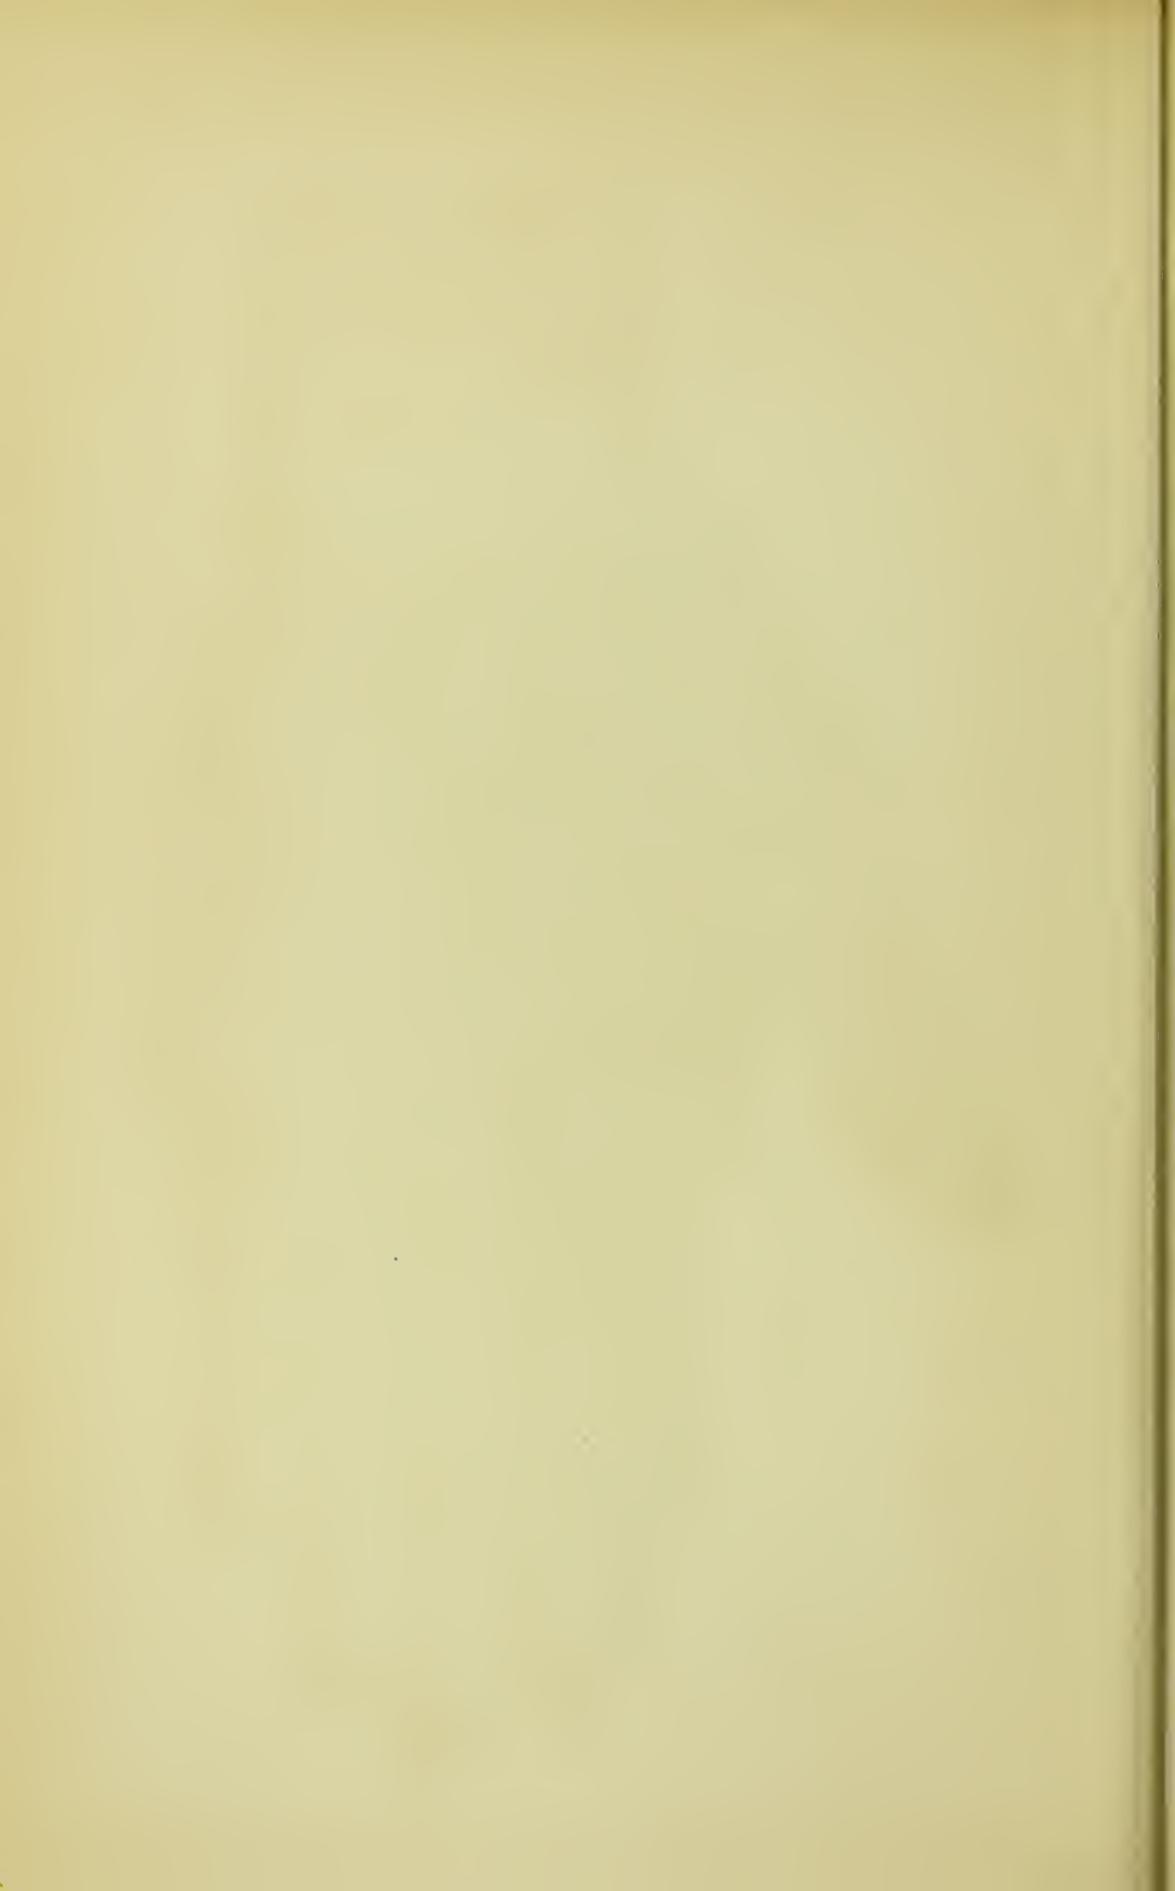

TAFEL 345.

Tylosis

acquisita (non adnata) plana et verrucosa palmae manus.

TAFEL 346.

Tylosis

acquisita (non adnata) plana palmae manus.

TAFEL 347.

Tylosis

palmae manus folicularis.

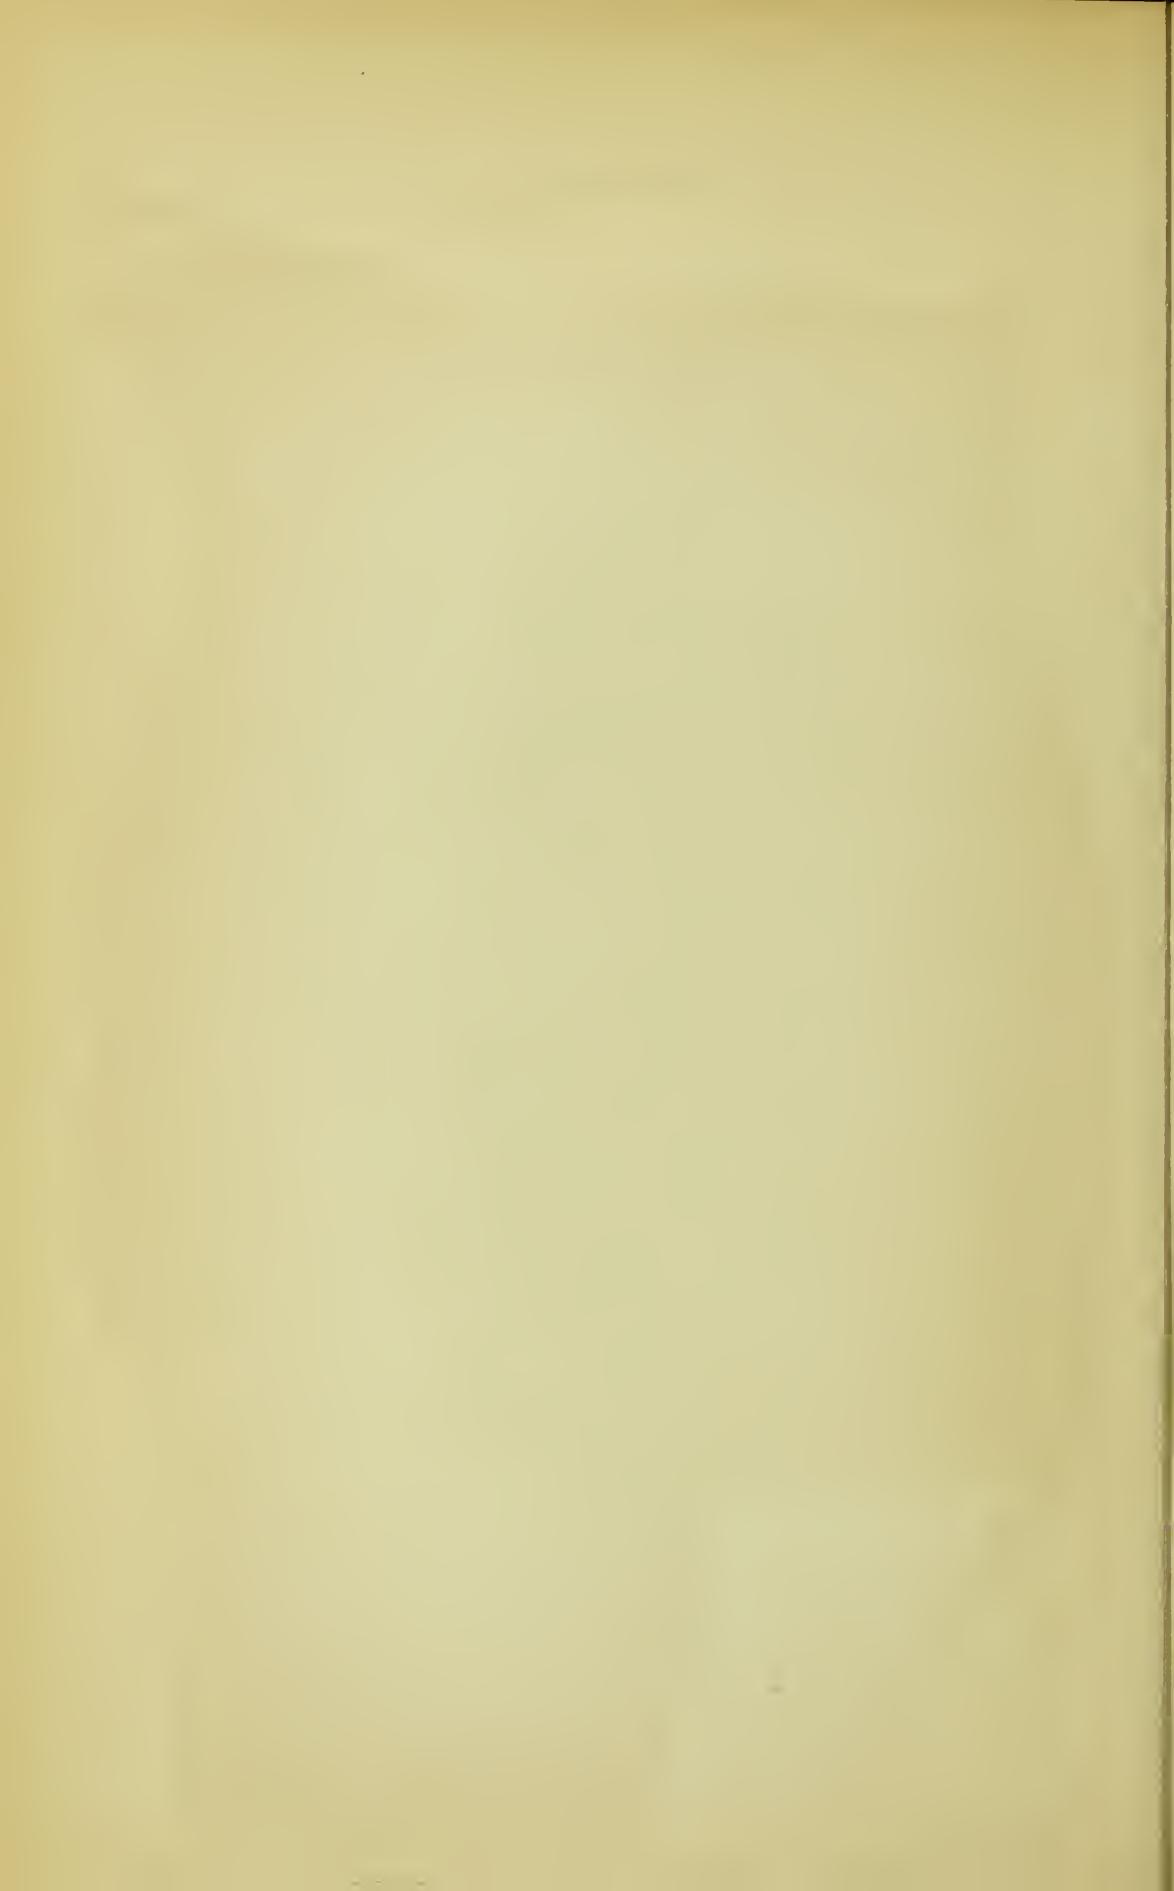

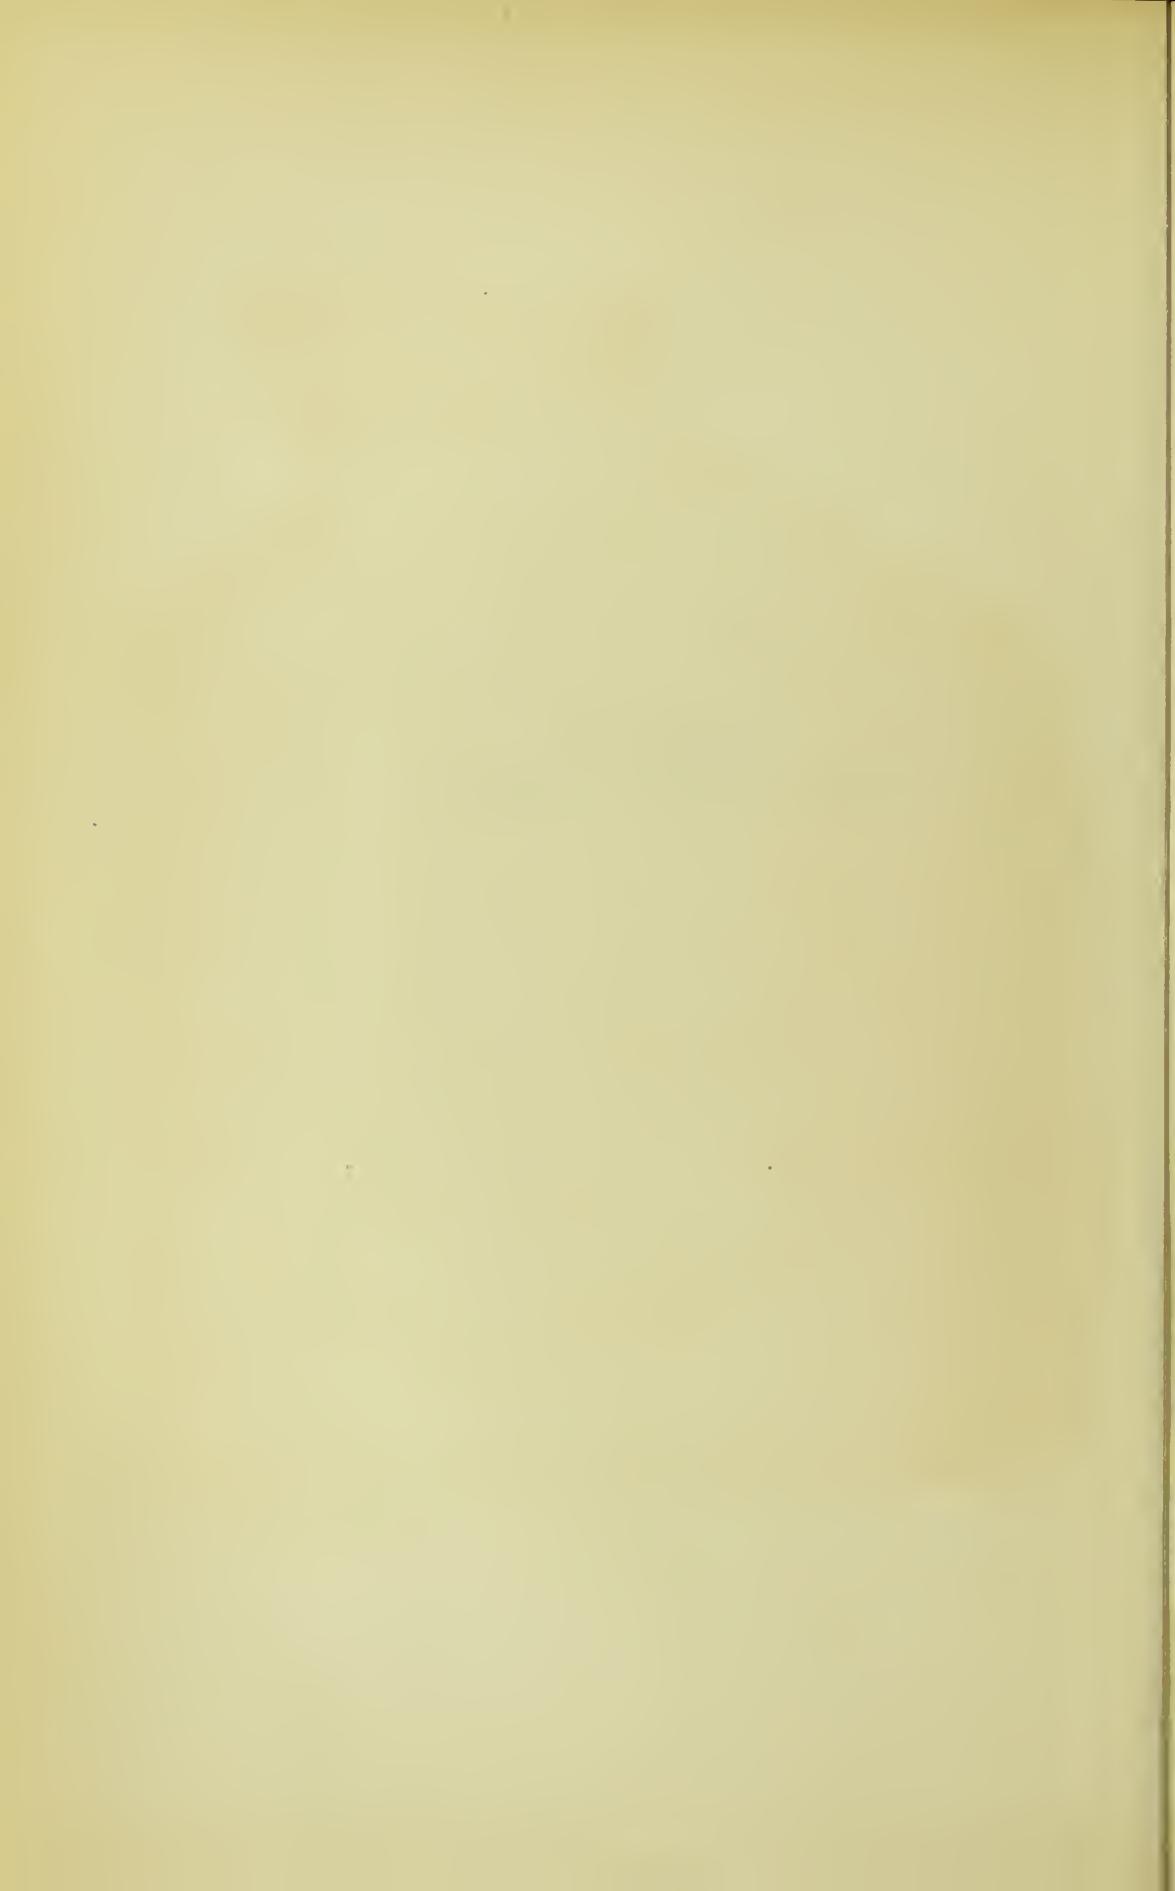

TAFEL 348.
Urticaria annularis.

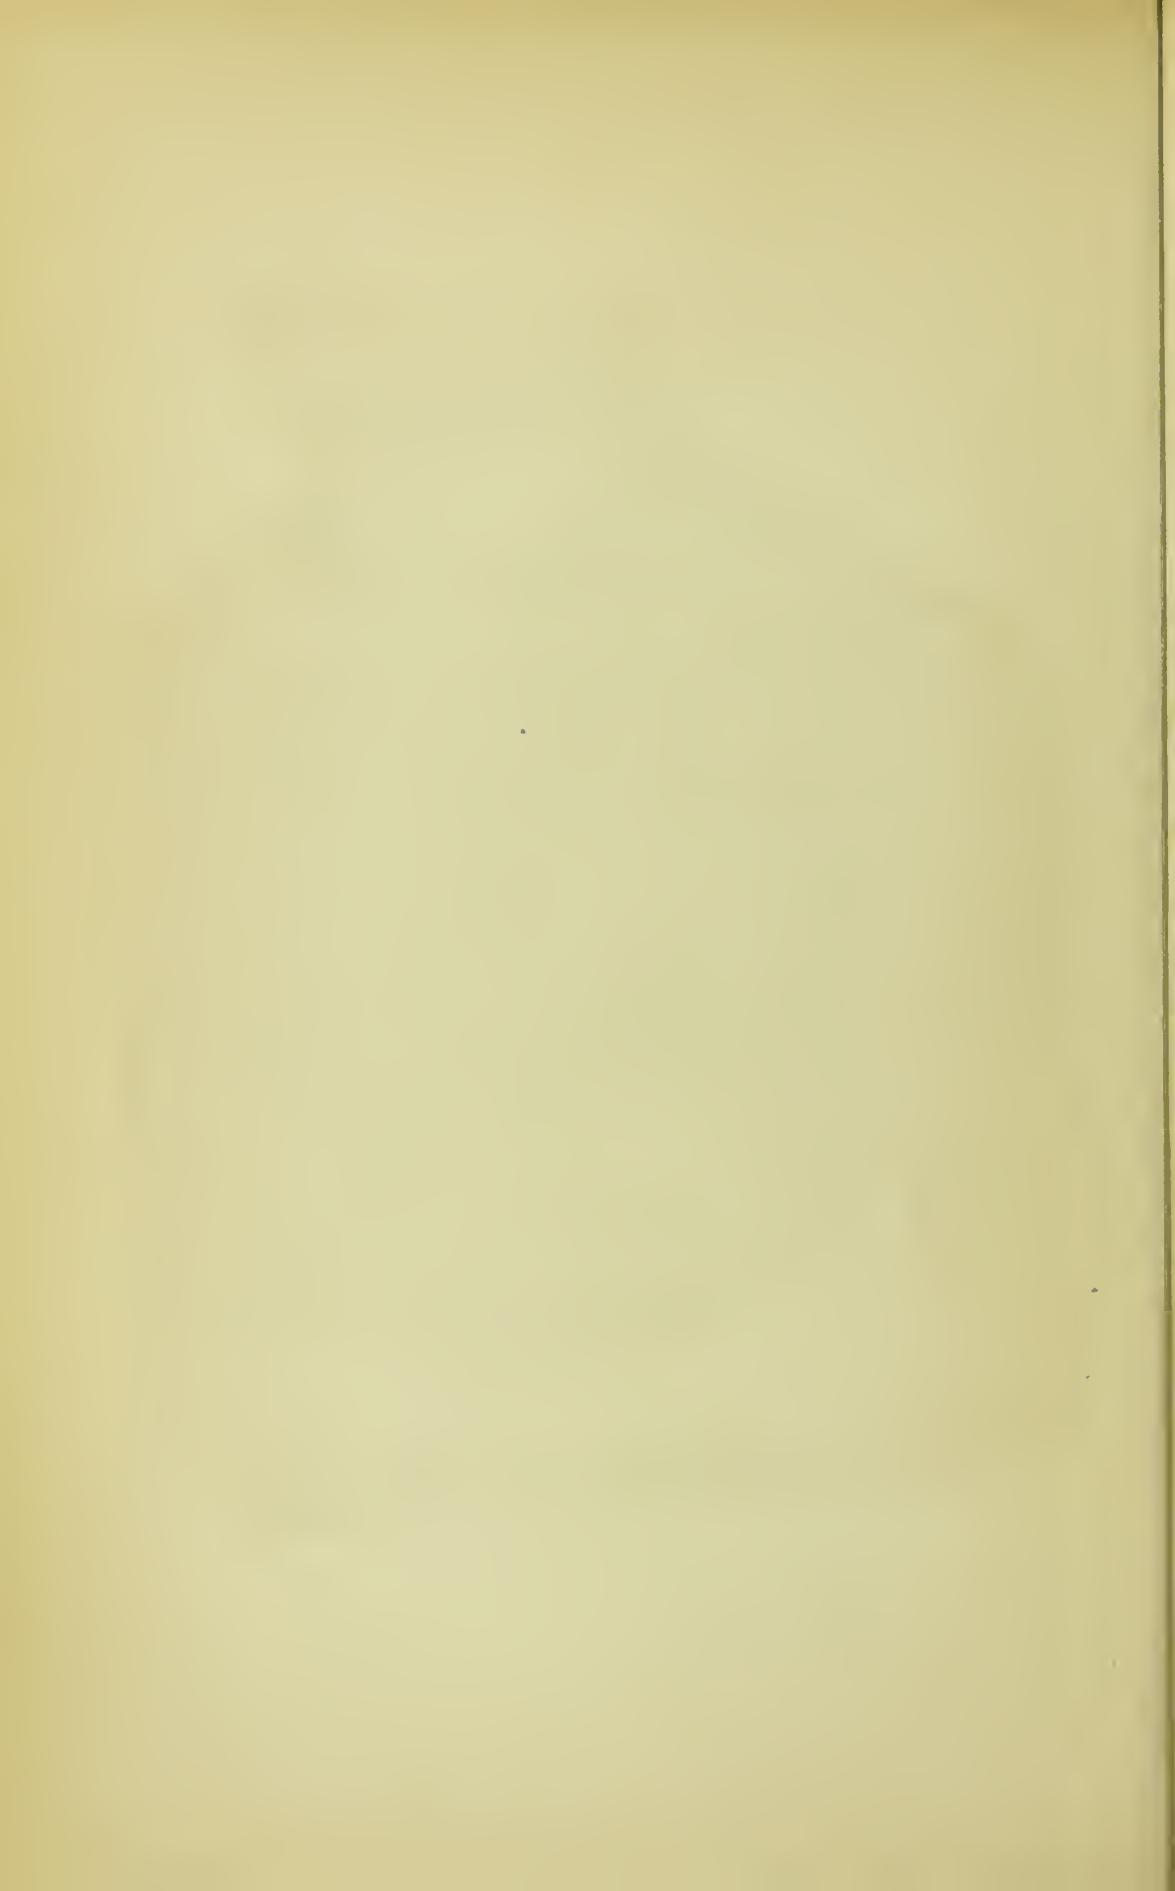

TAFEL 349.
Urticaria serpiginosa et confluens.

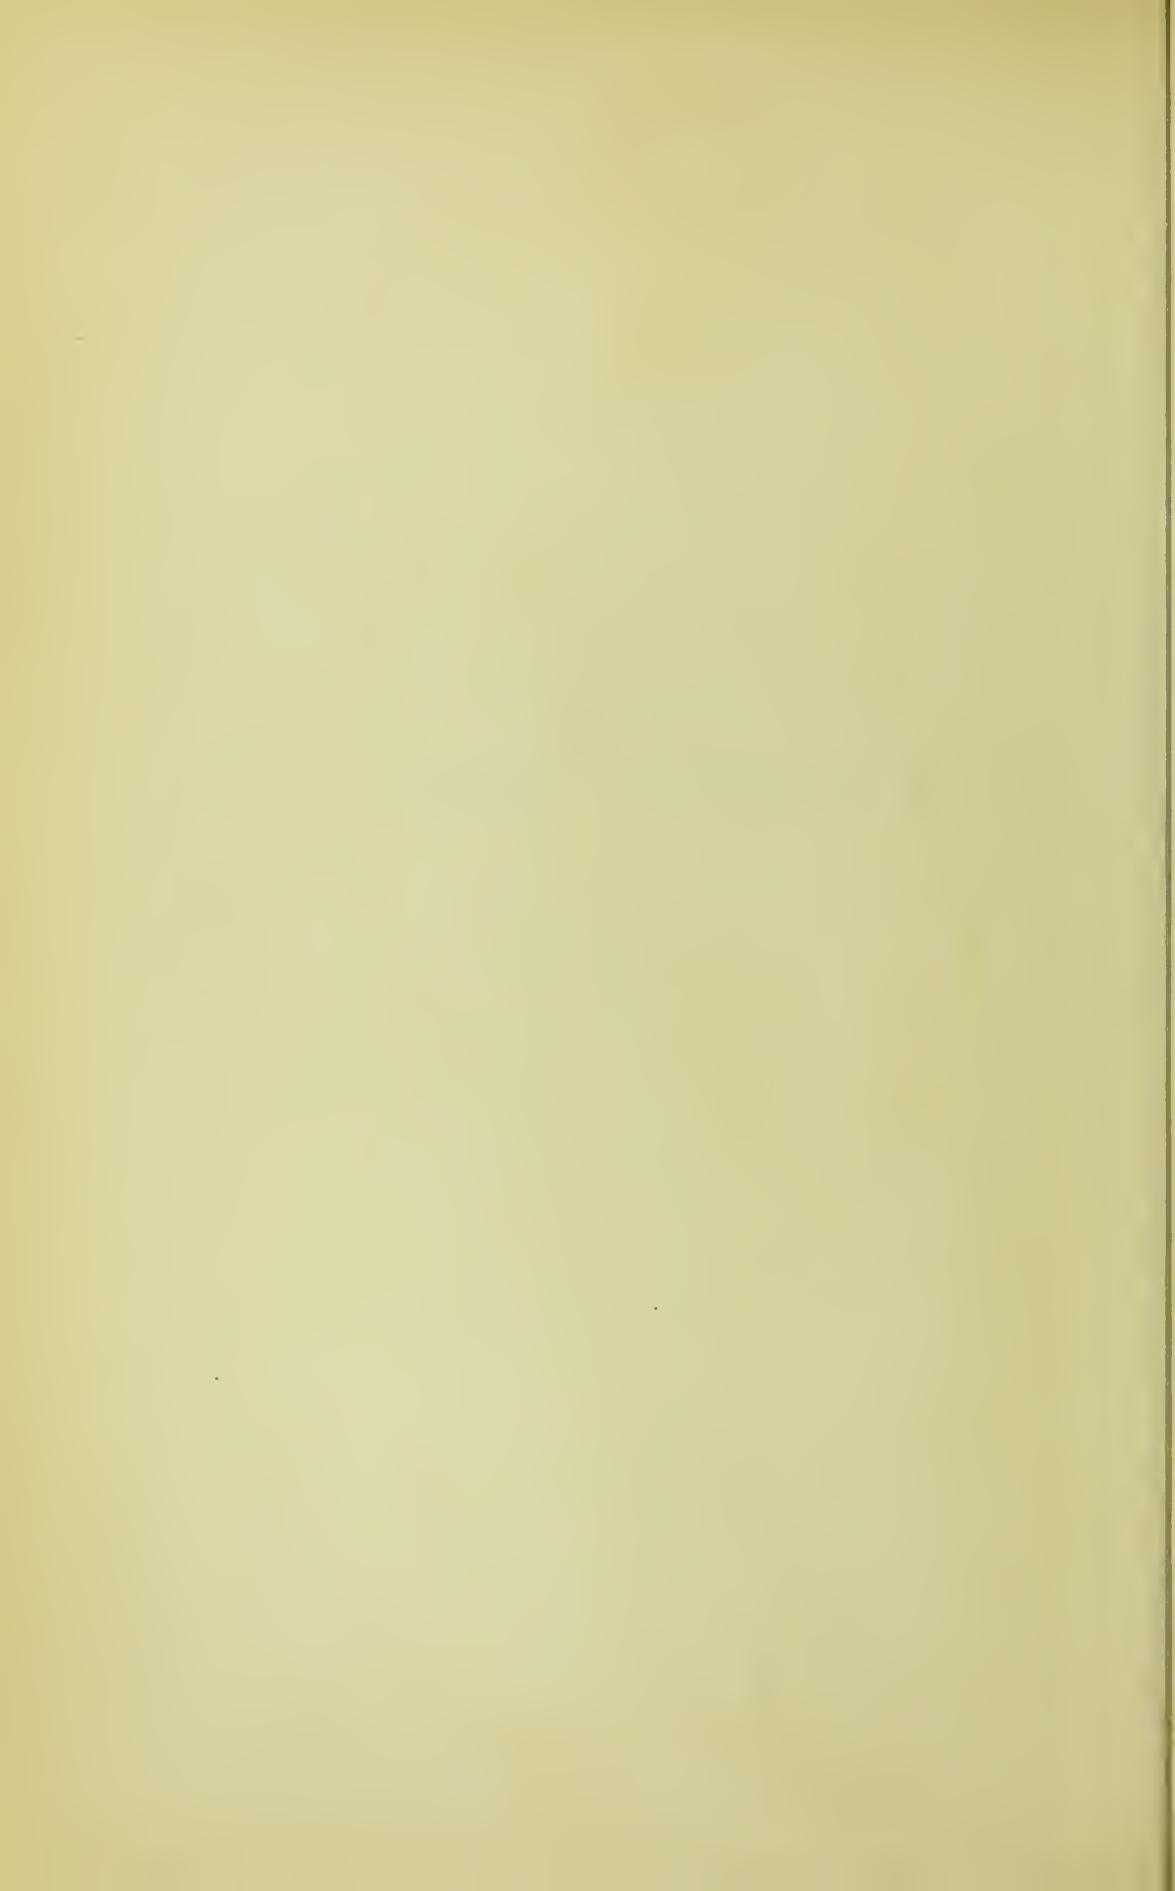

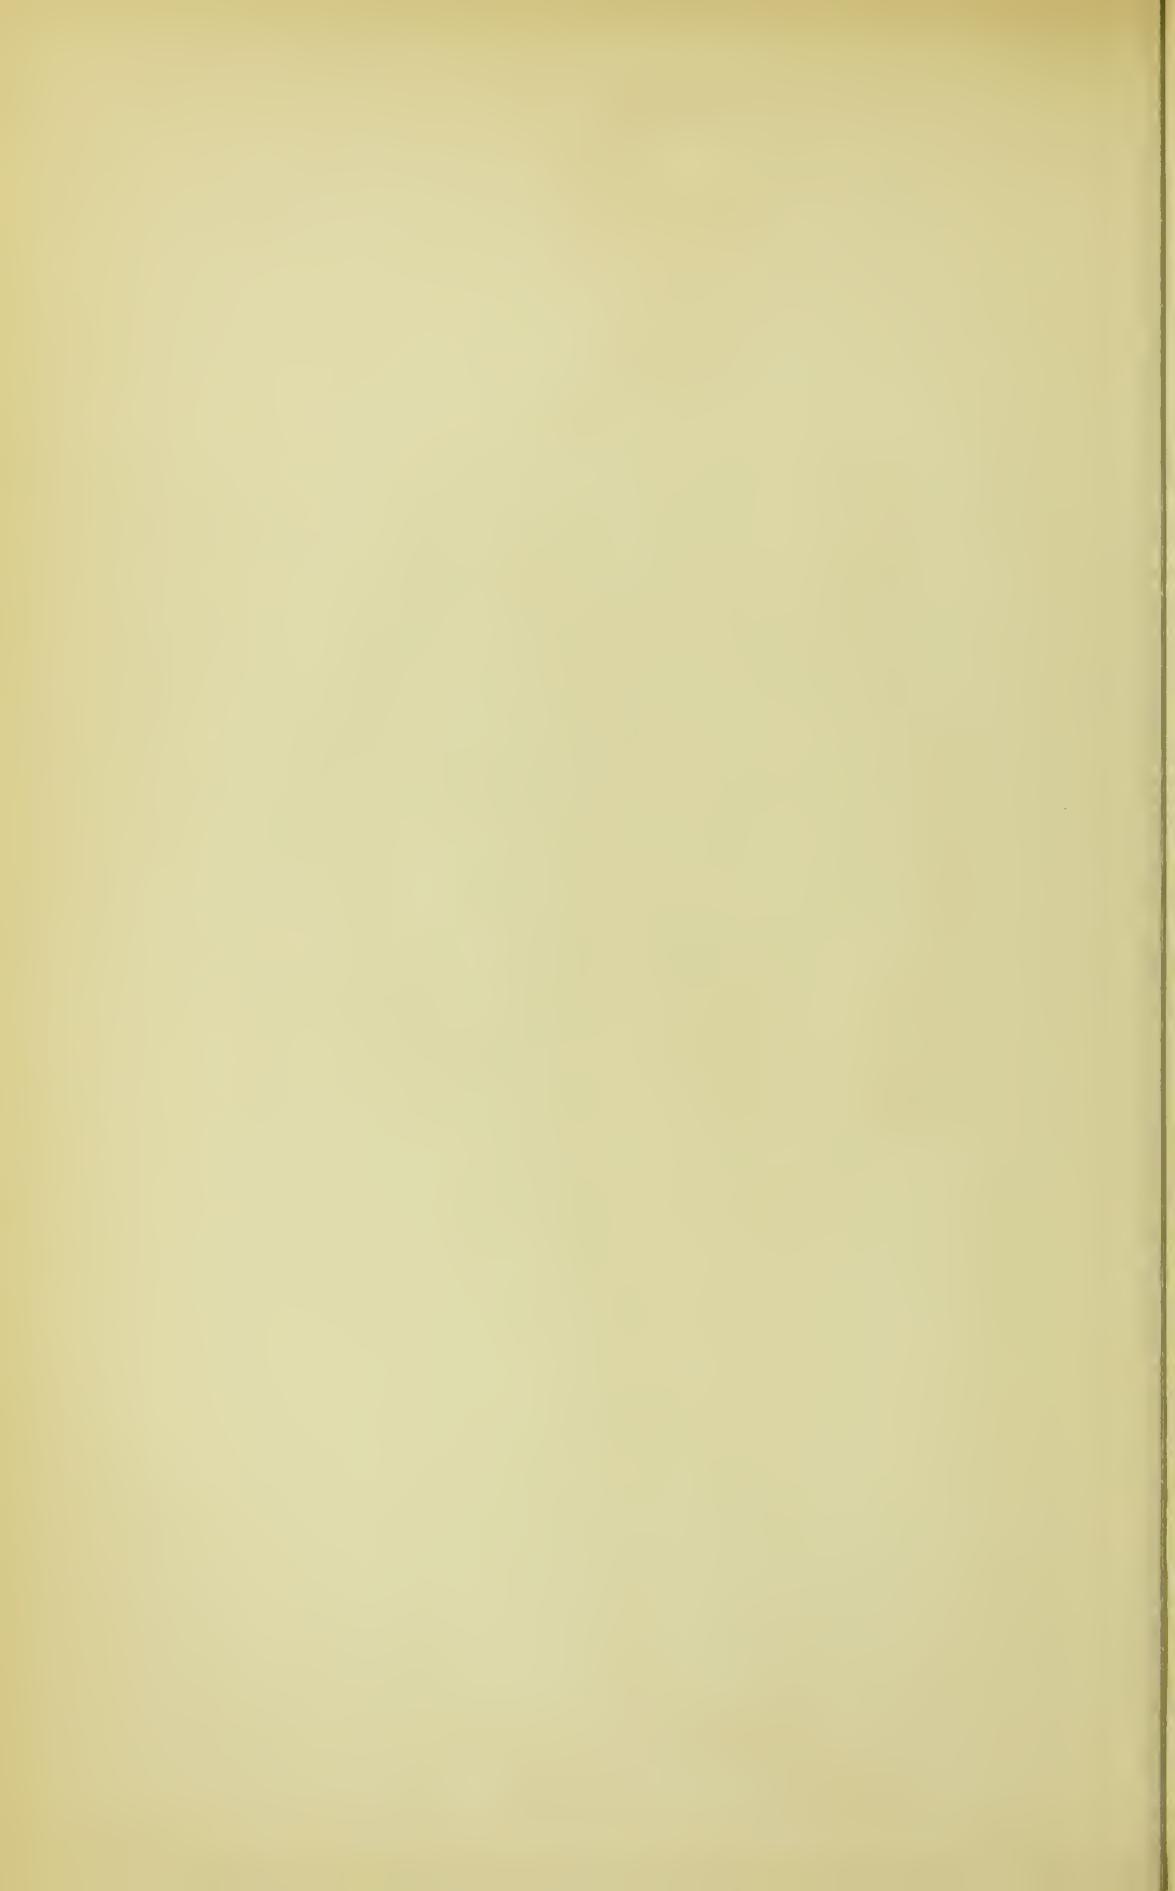

TAFEL 350.

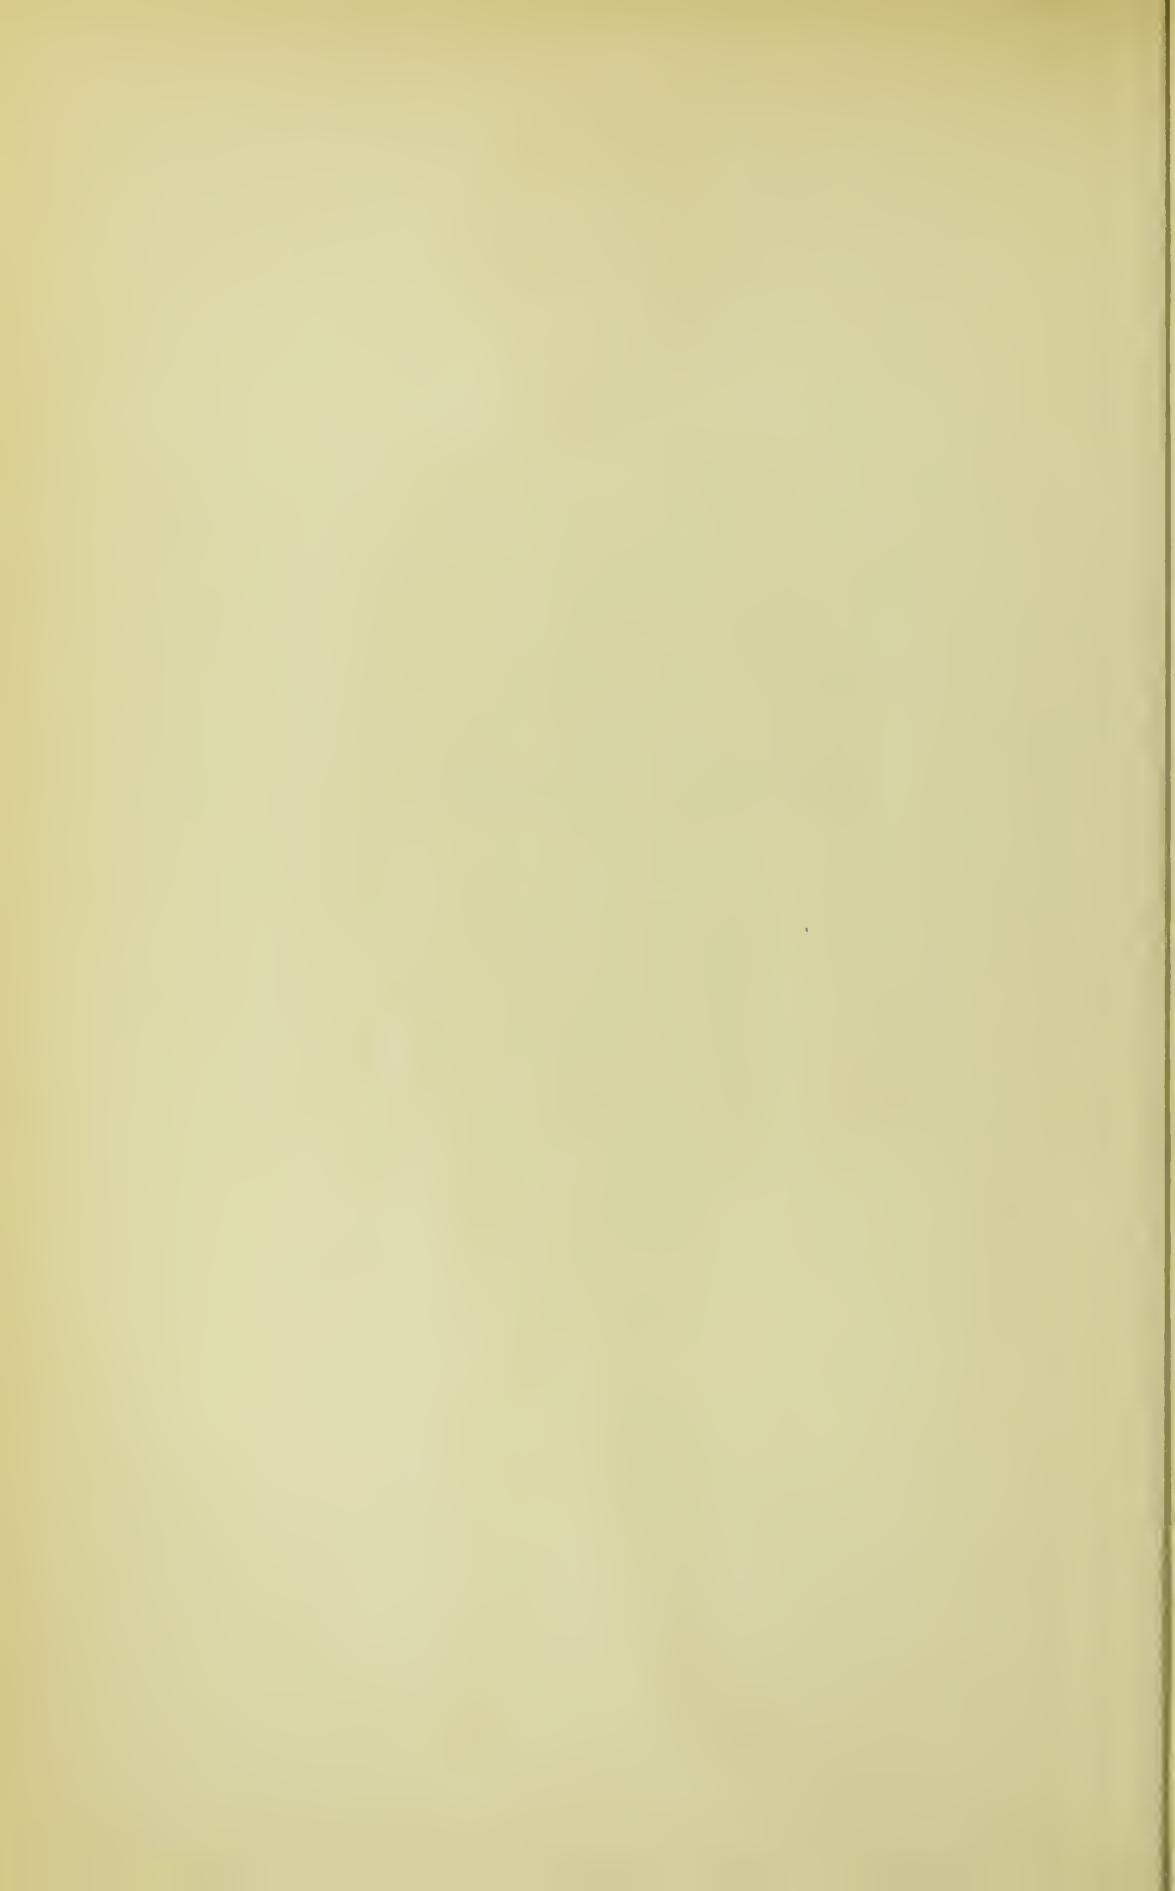

Urticaria haemorrhagica et pigmentosa.

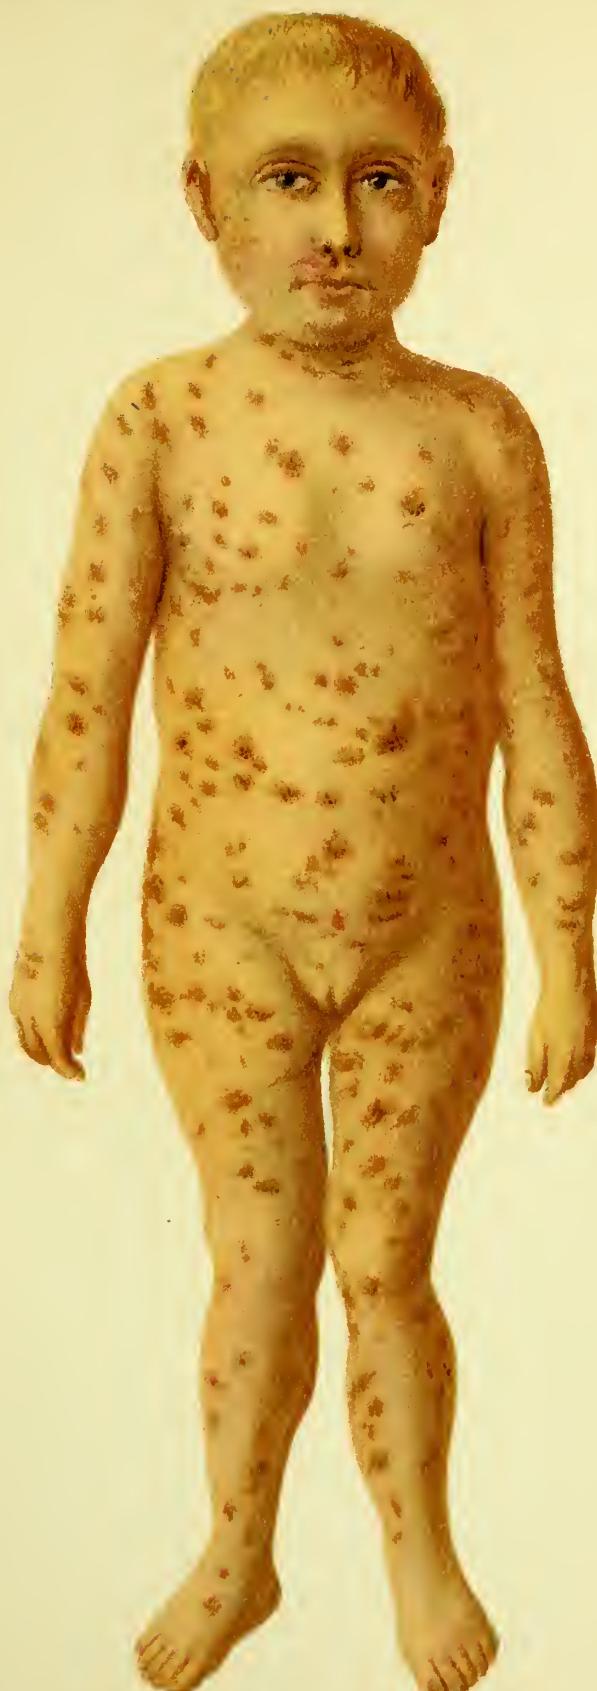

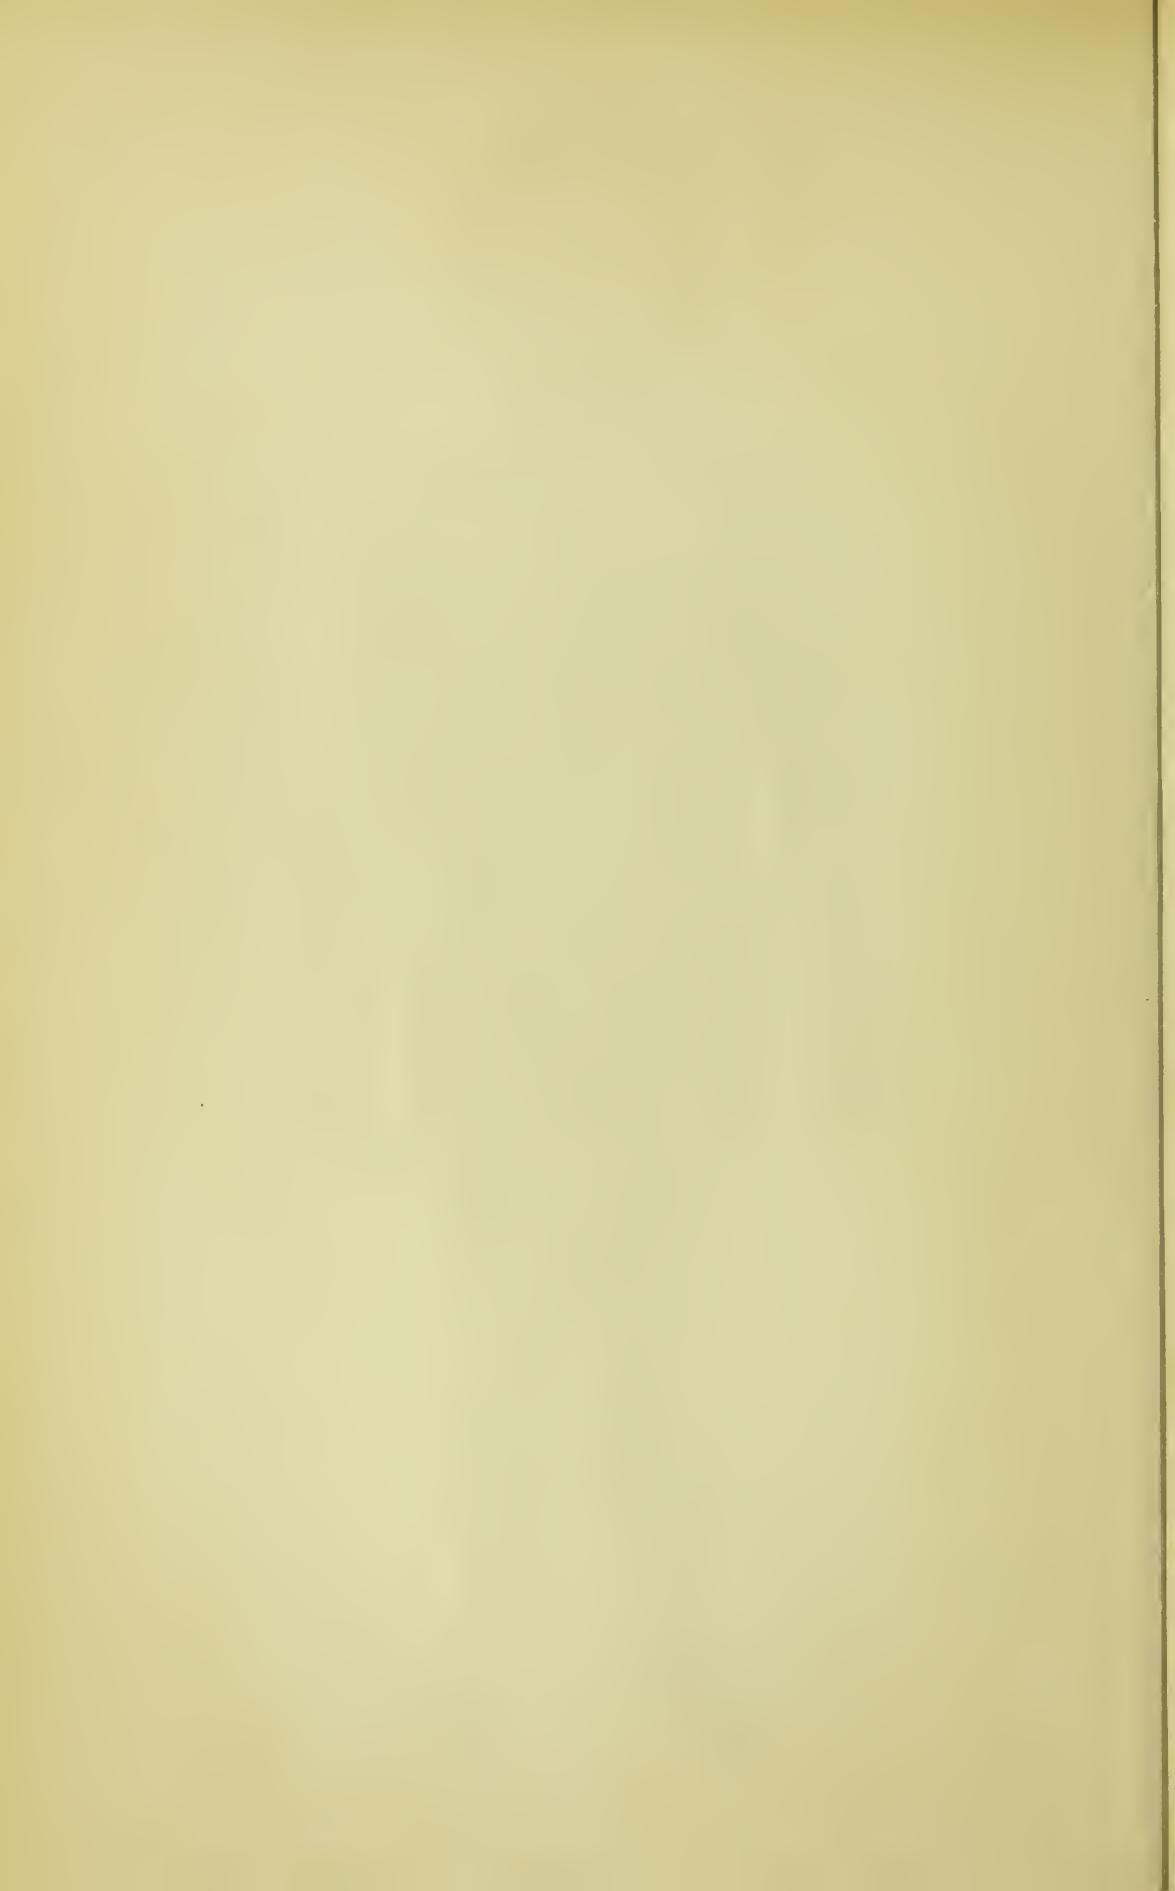

TAFEL 351.
Urticaria pigmentosa in puer.

TAFEL 352.
***Urticaria pigmentosa* in adulto.**

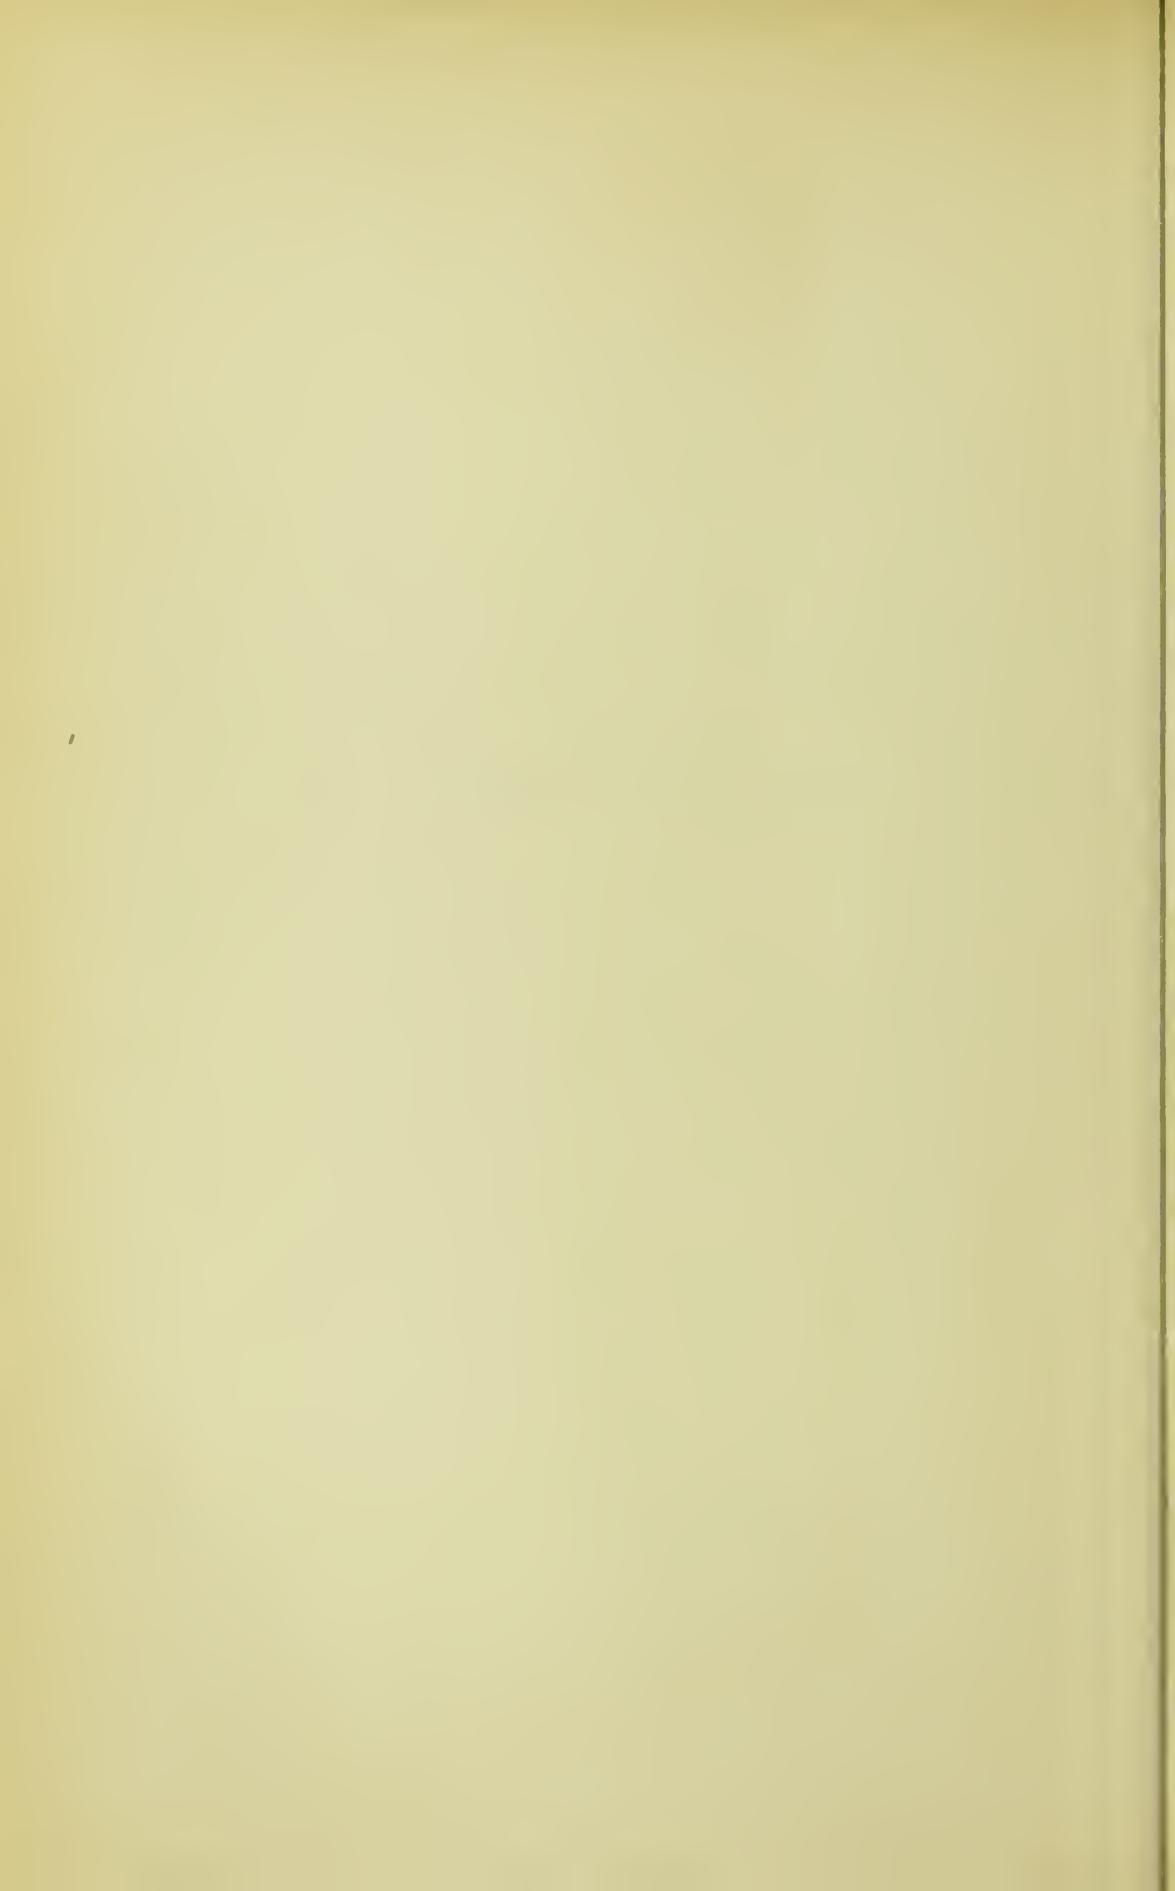

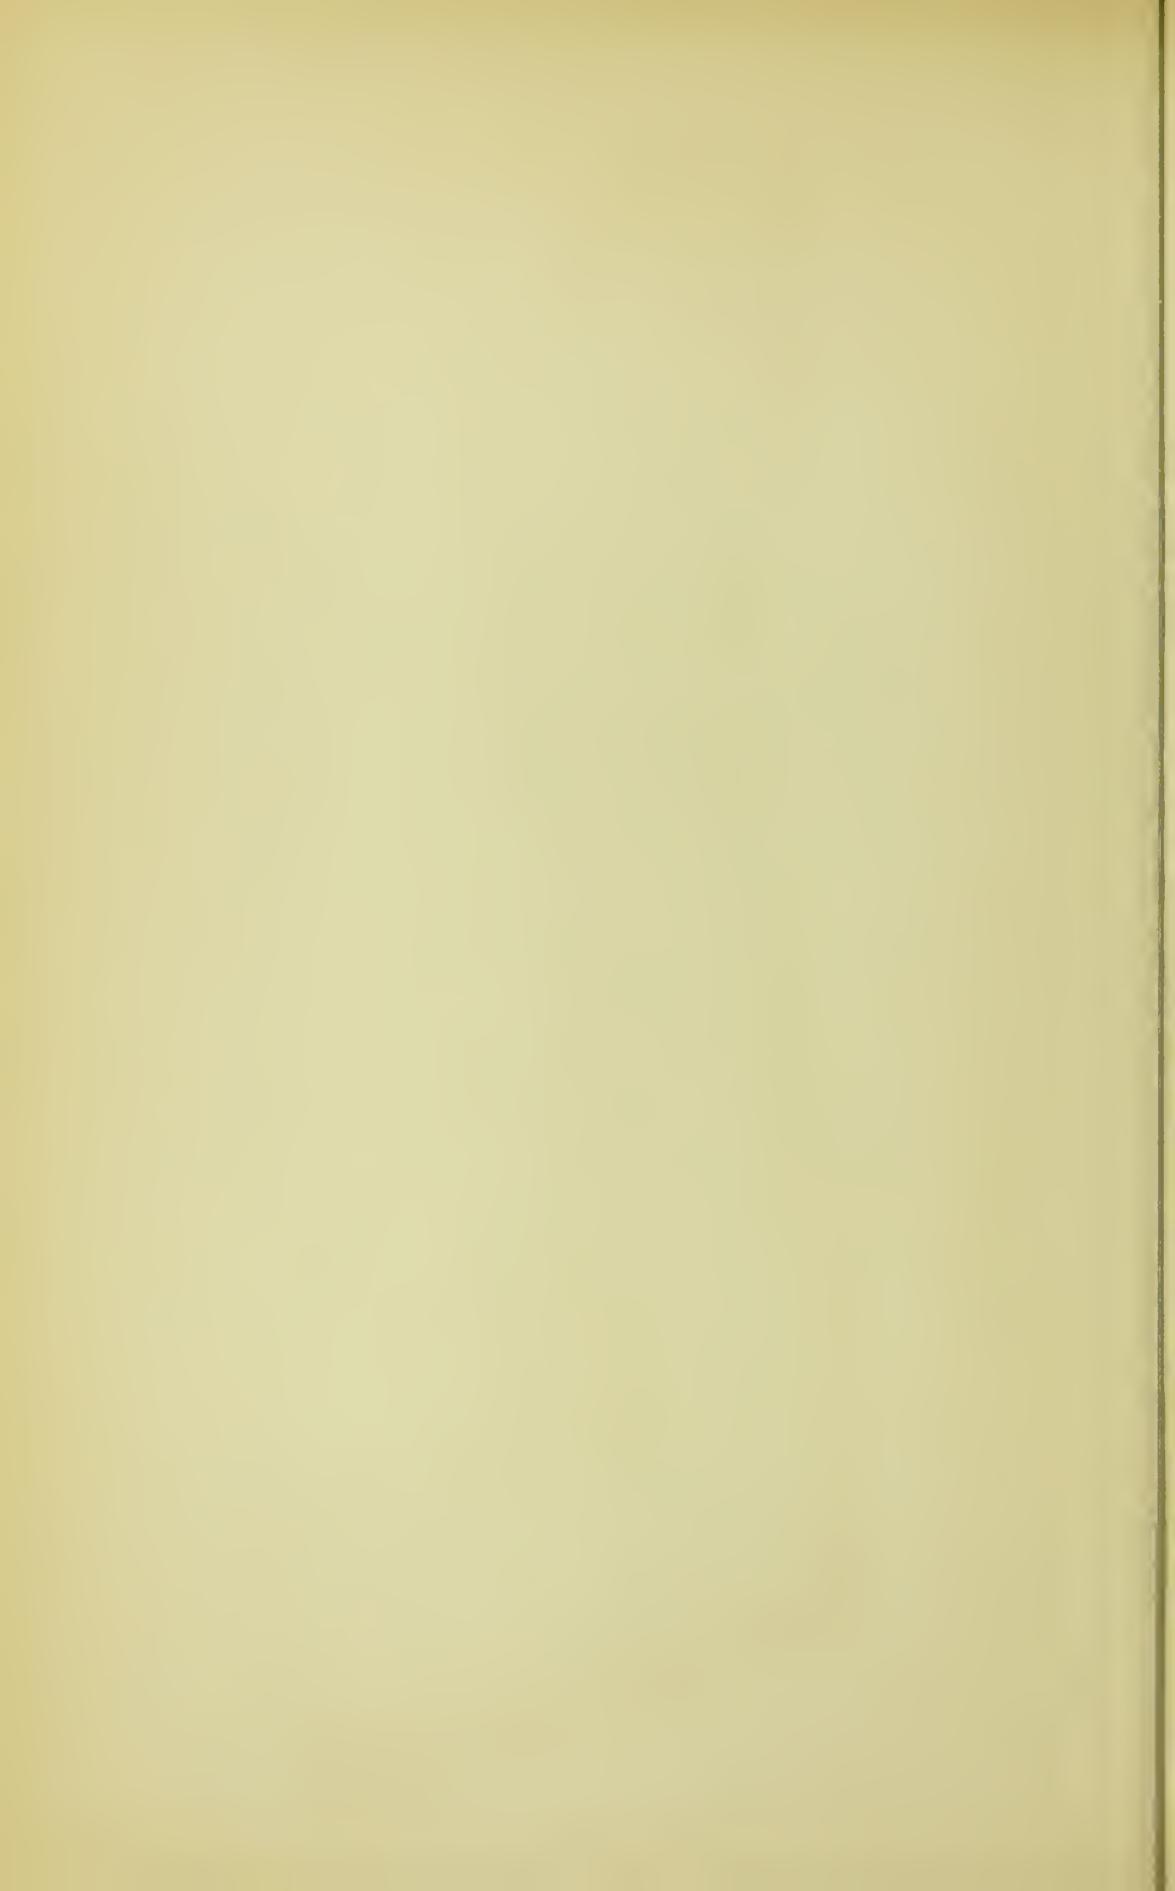

TAFEL 353.

Urticaria indurata perstans.

TAFEL 354.
Variola bullosa faciei.

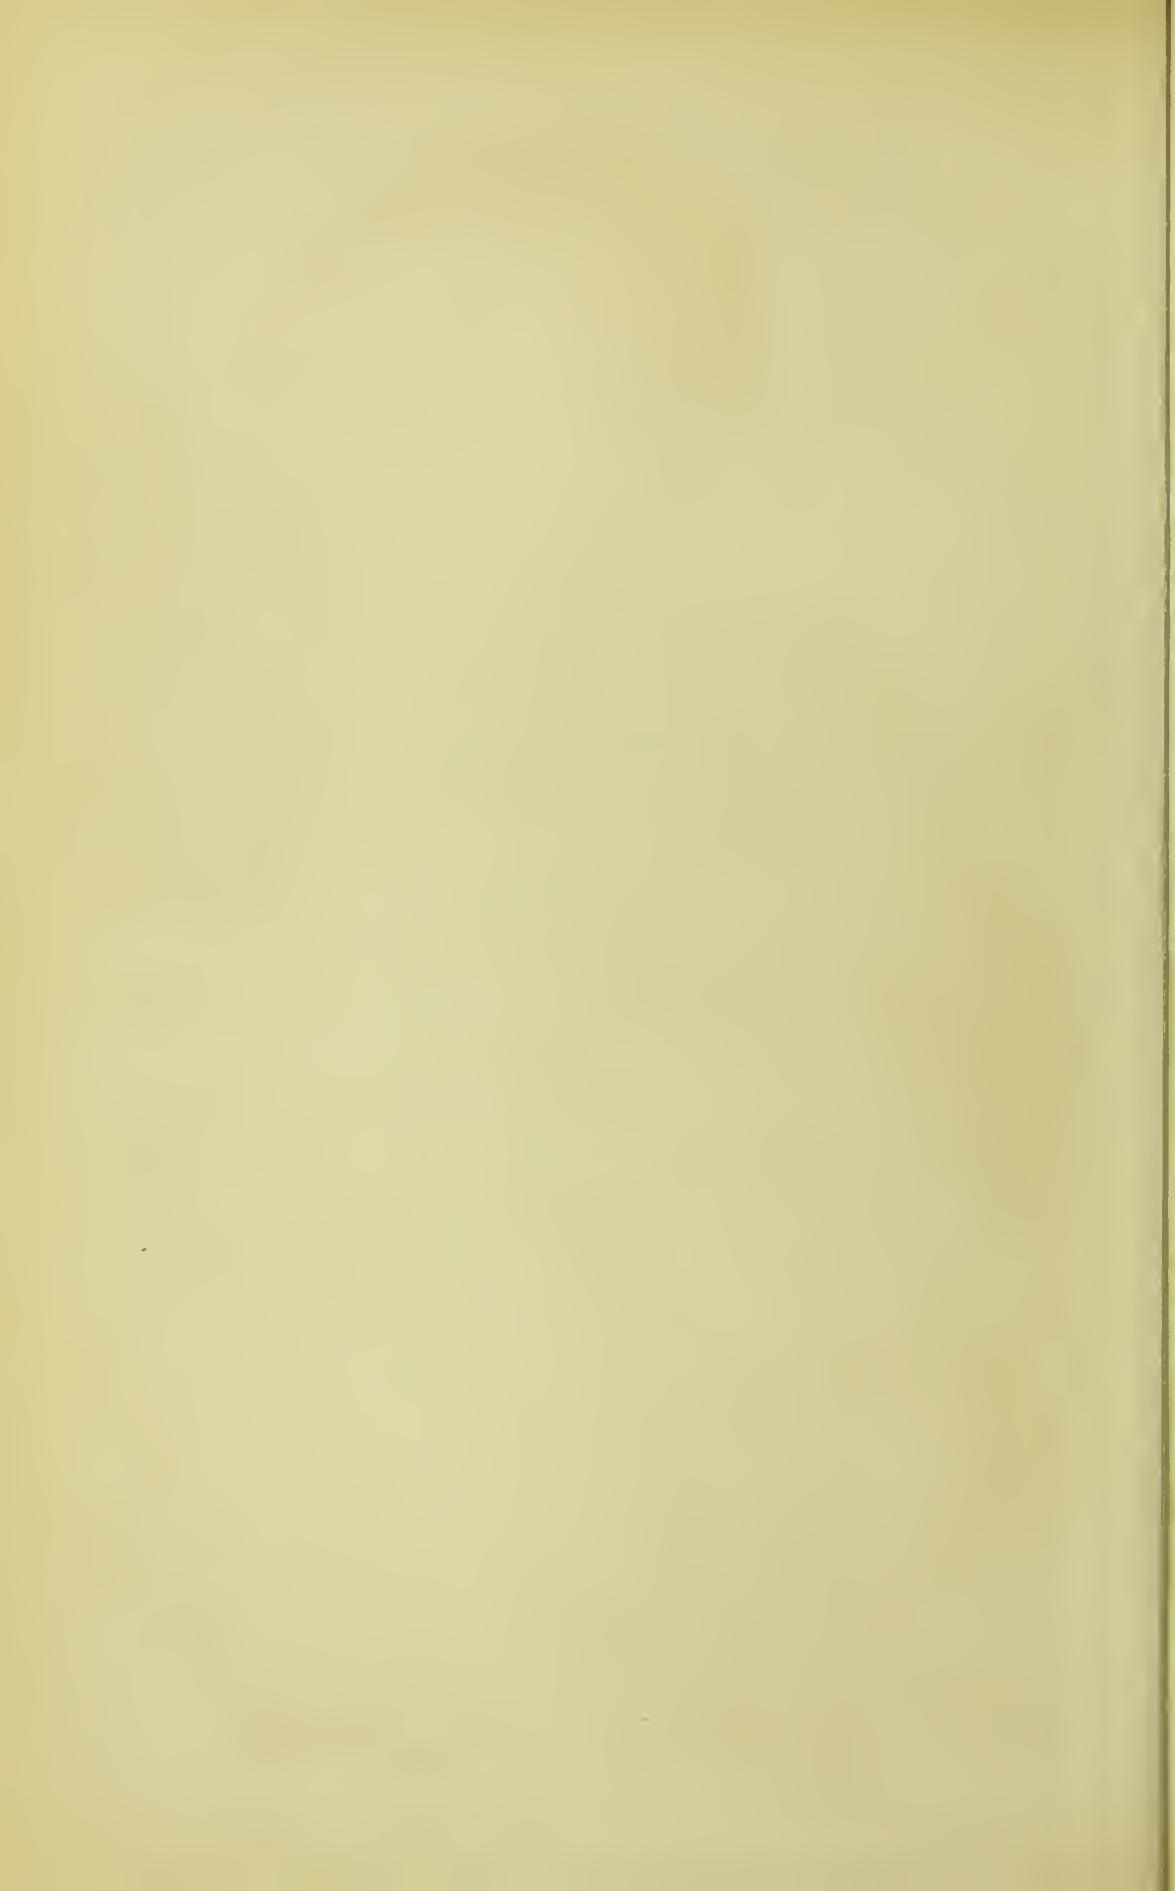

TAFEL 355.

Variola infantis intra periodum Vaccinationis.

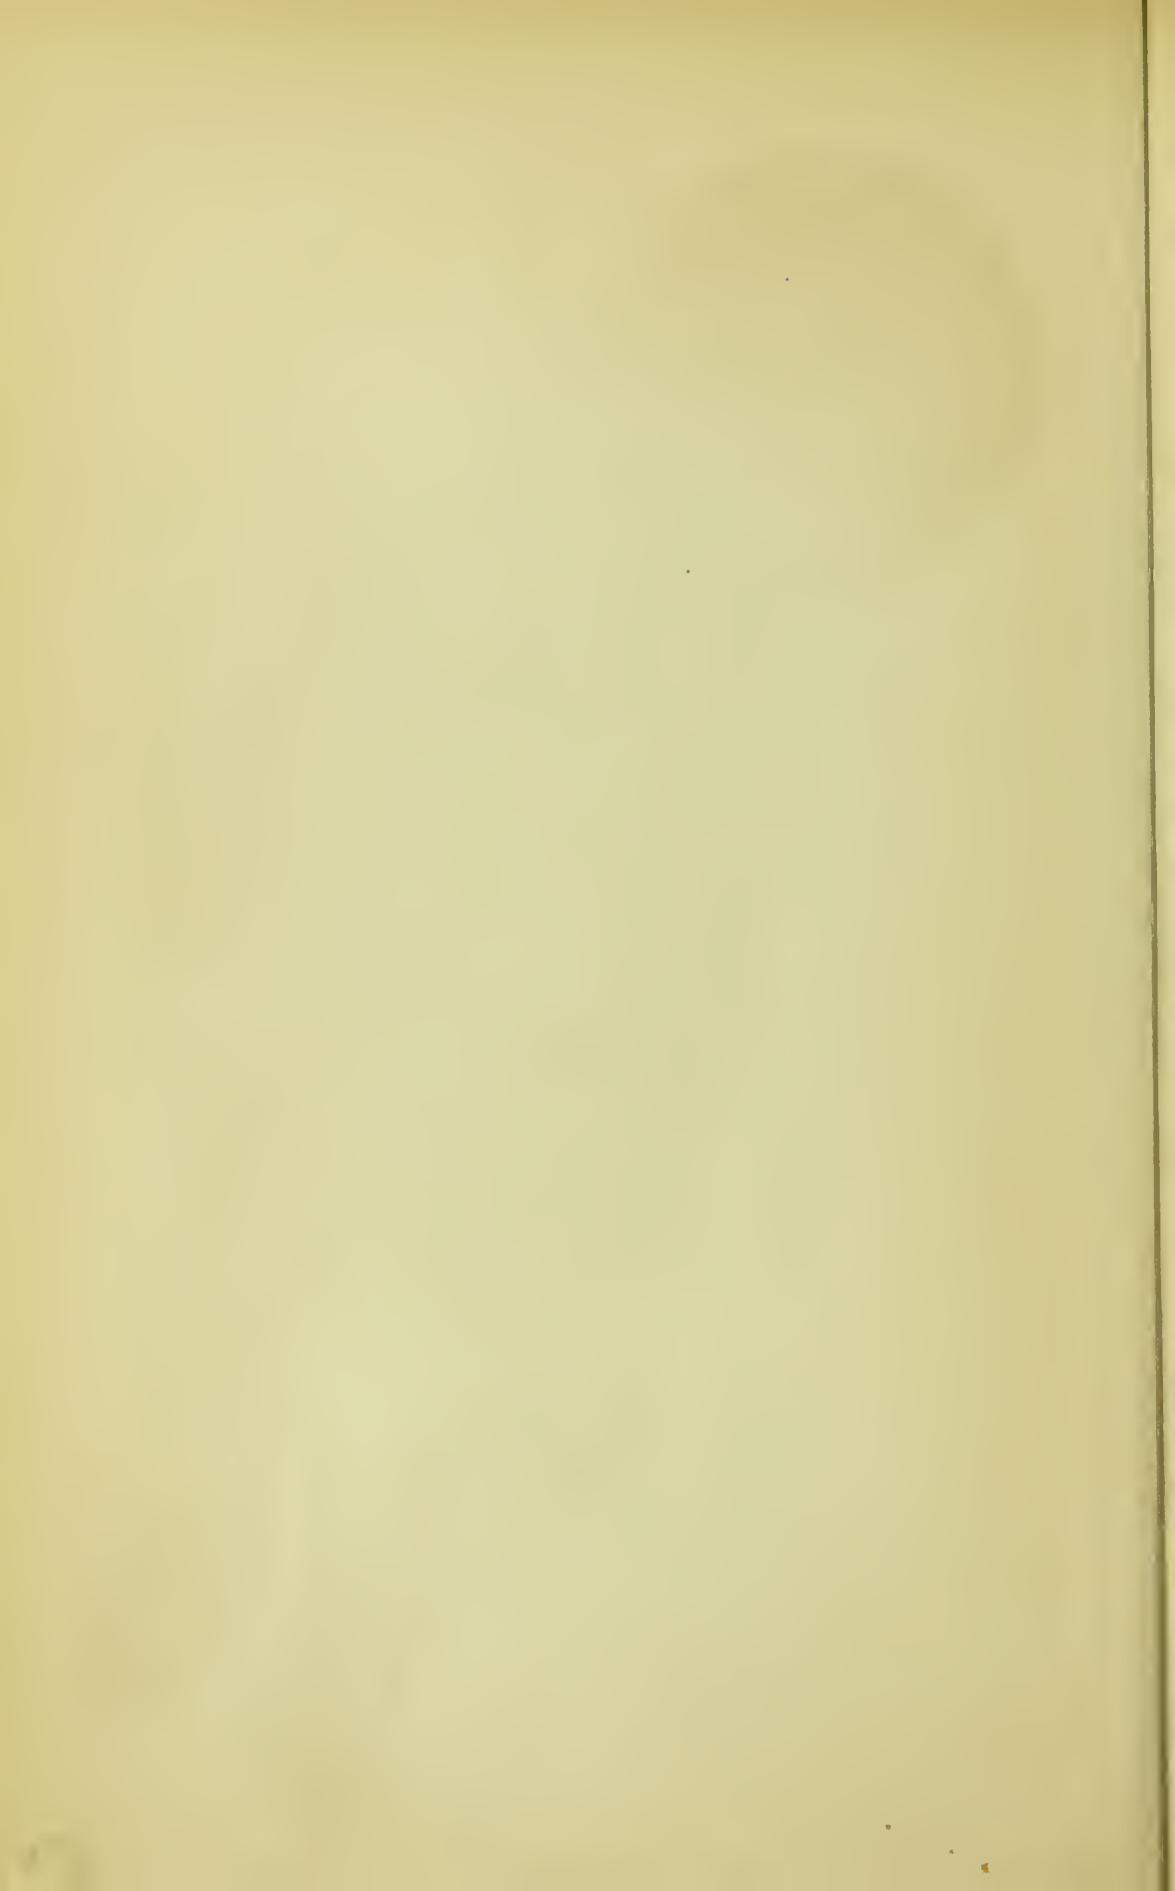

TAFEL 356.
Variola congenita.

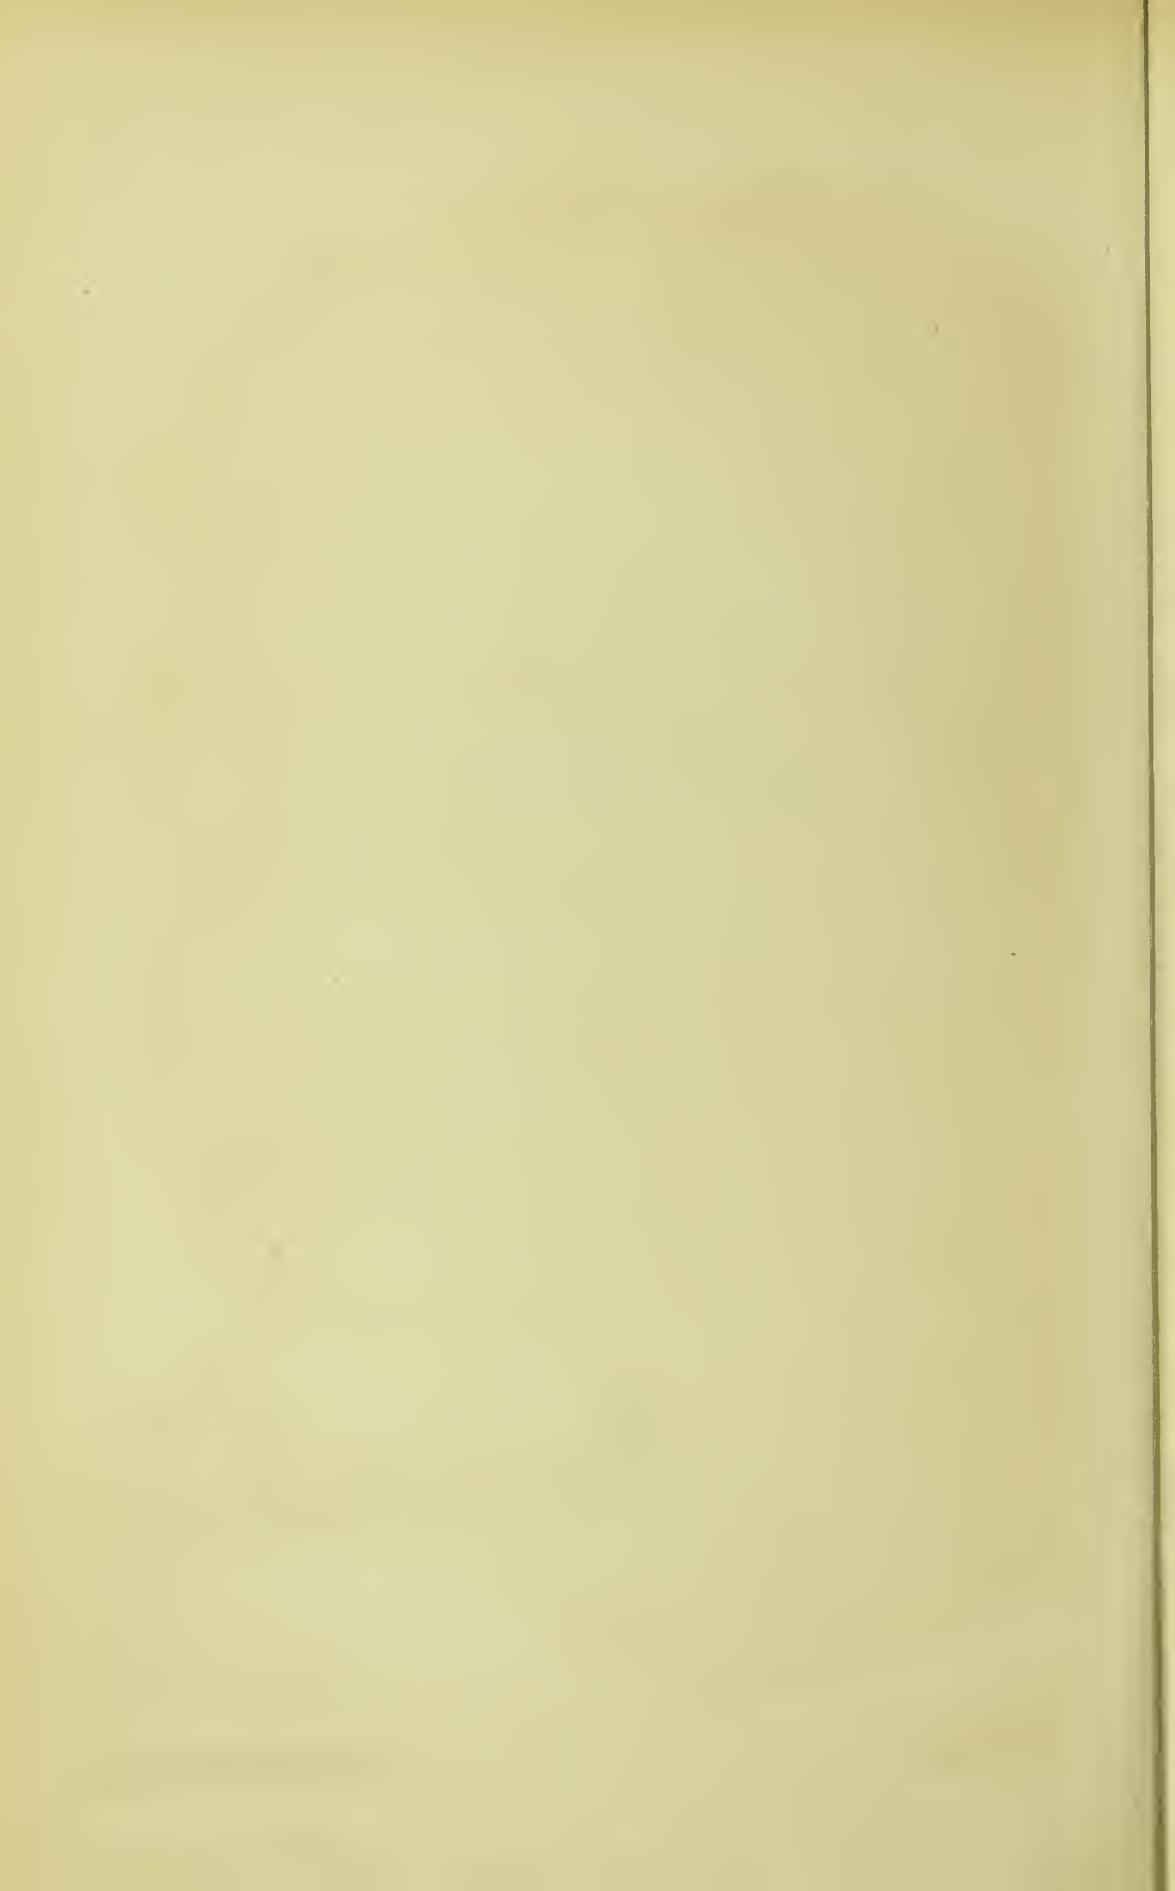

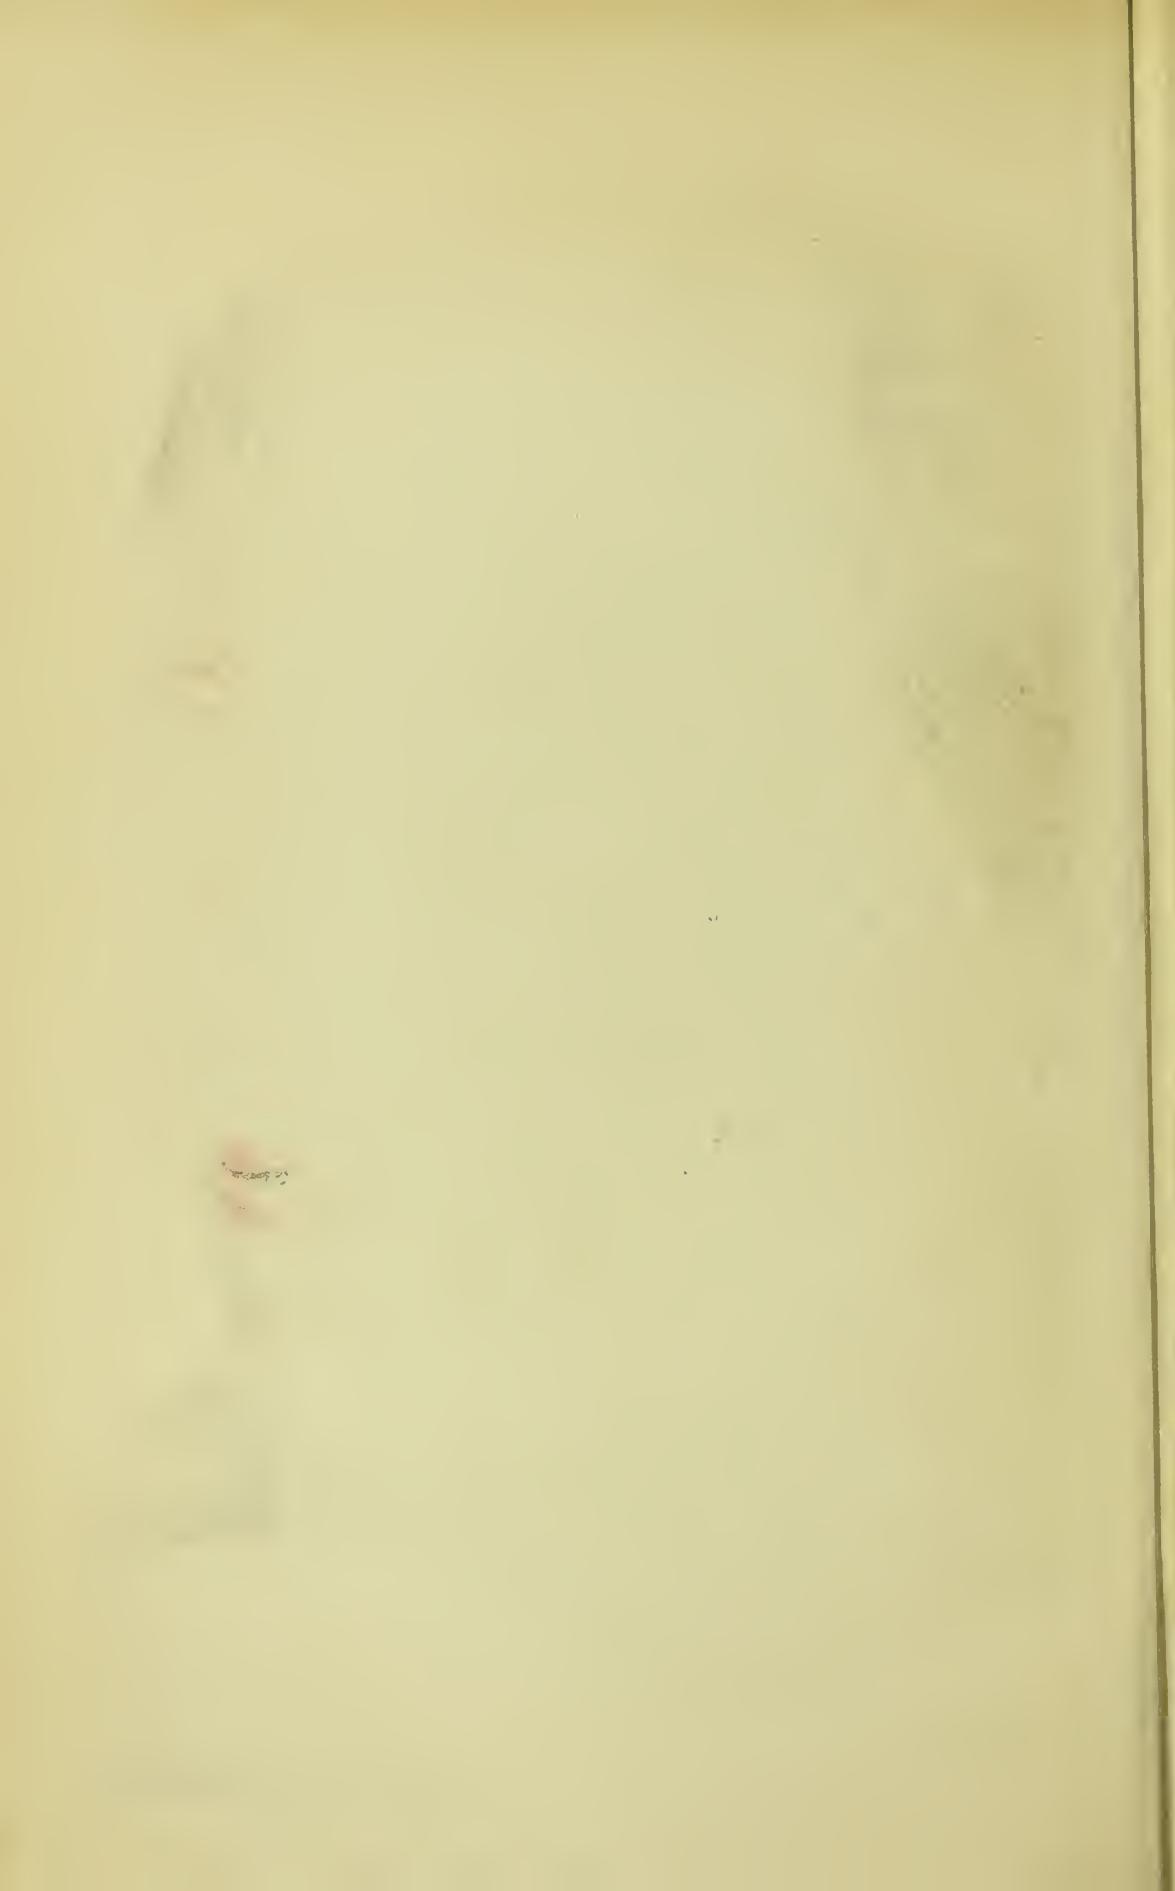

TAFEL 357.

Variolisatio fortuita faciei.

TAFEL 358.

Variolisatio fortuita faciei.

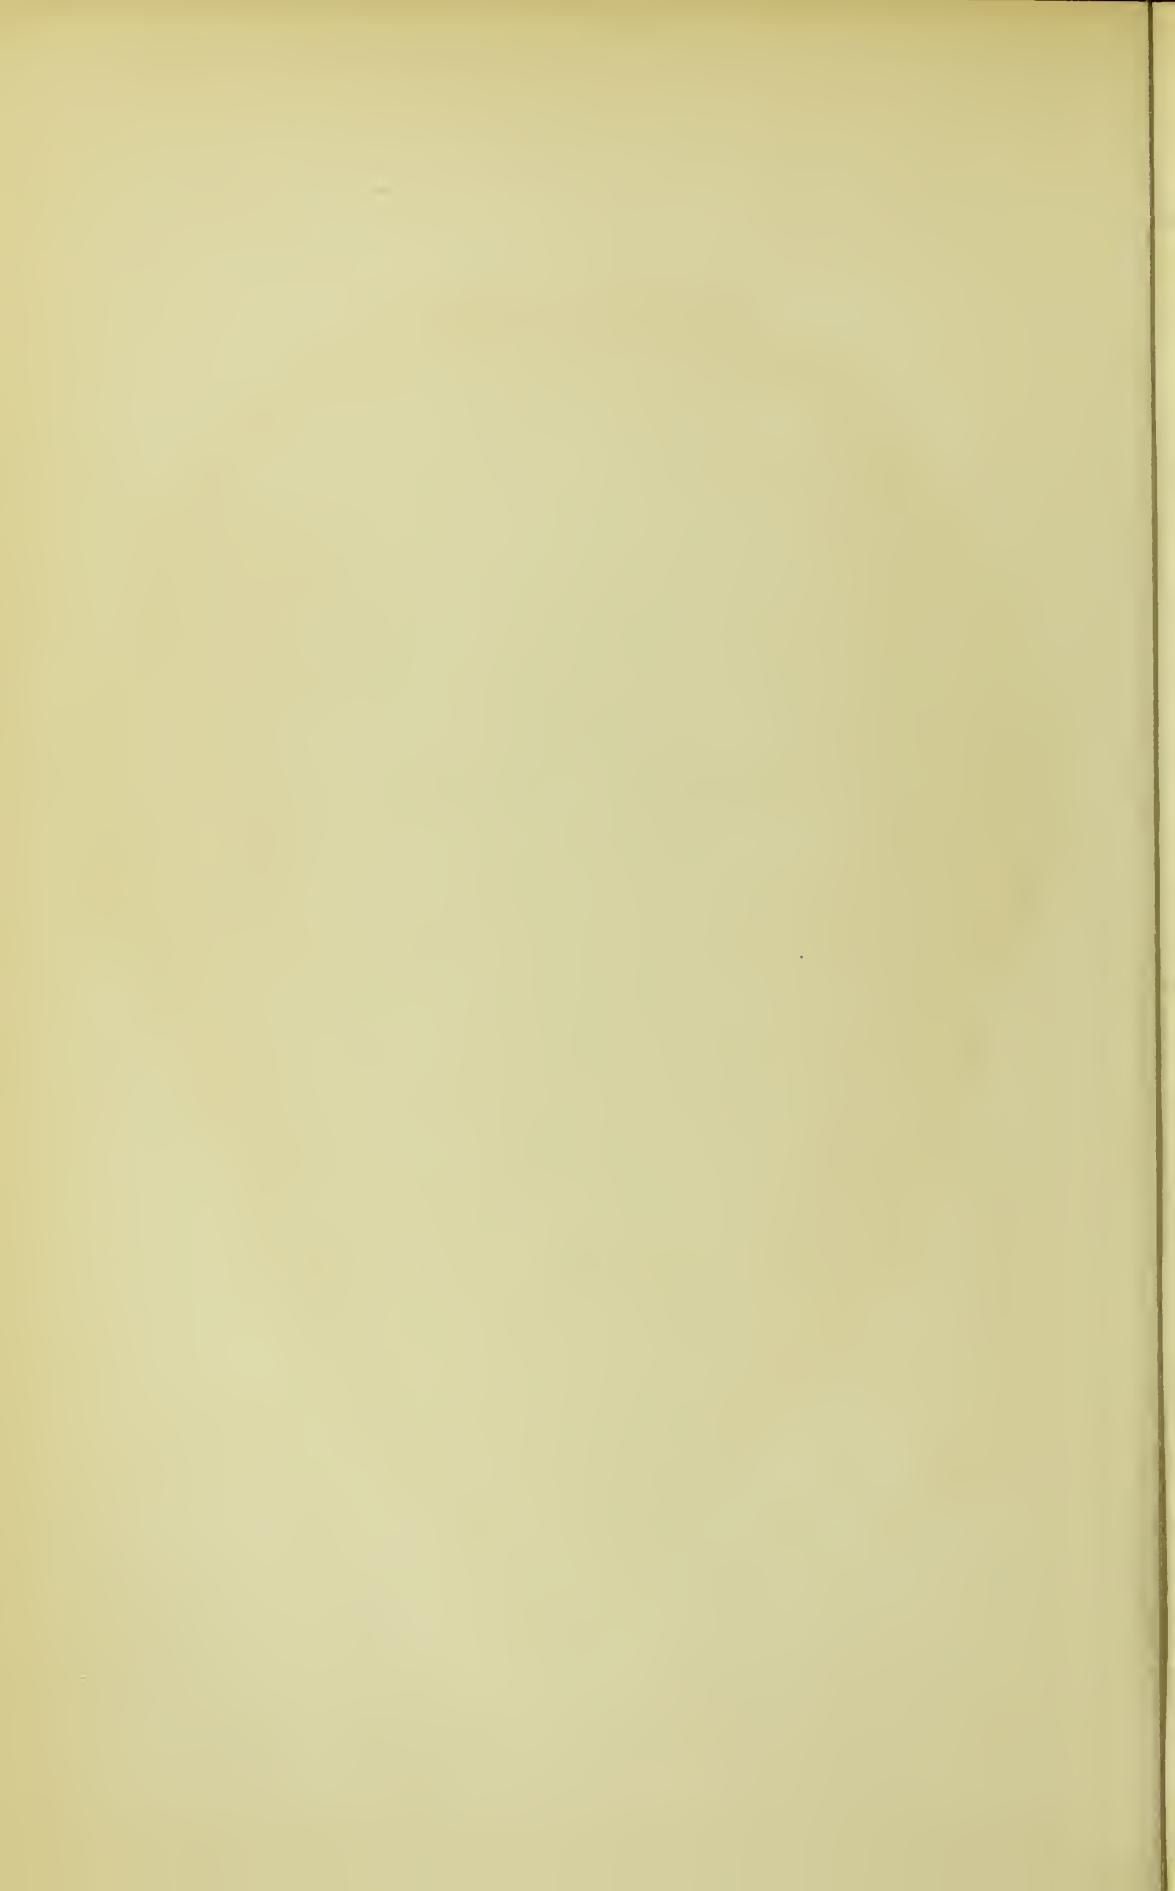

TAFEL 359.
Variolisatio fortuita.

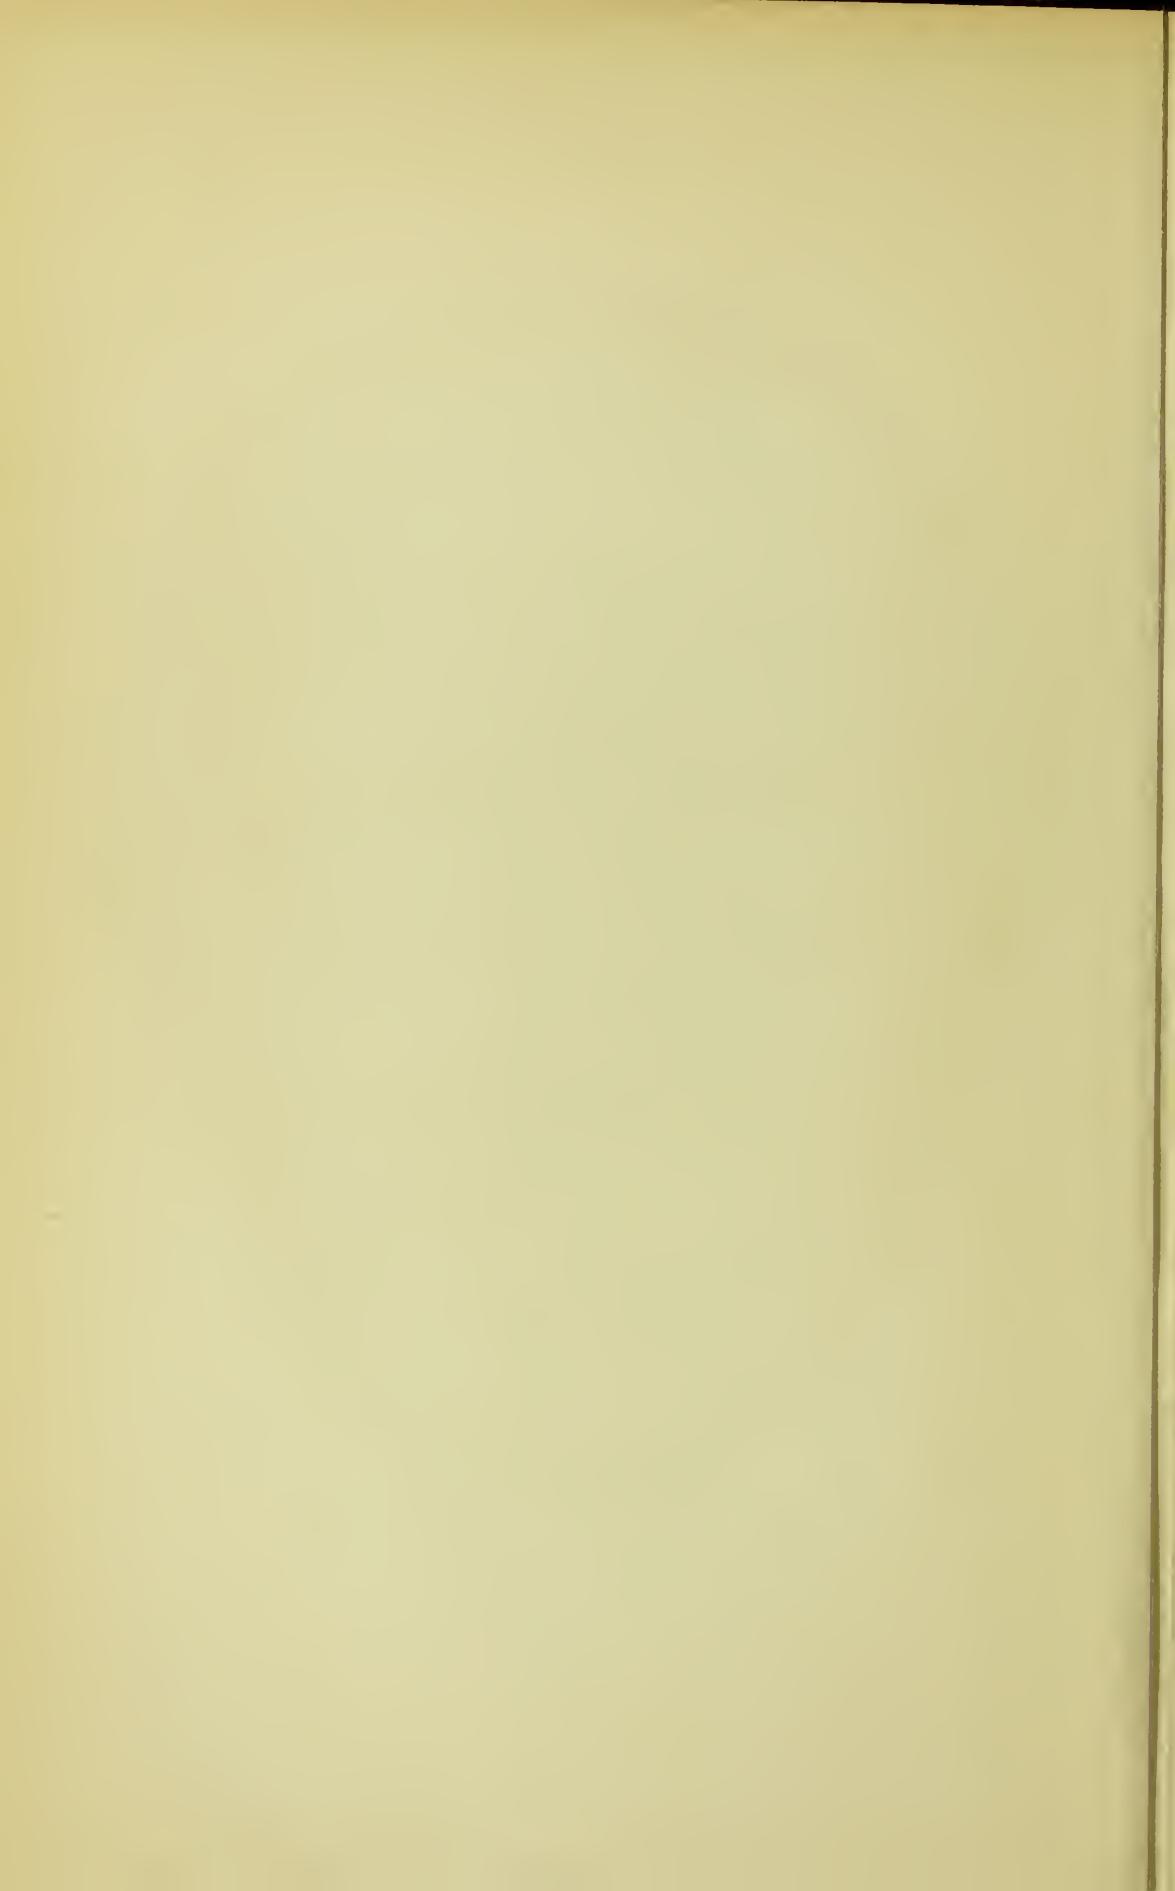

TAFEL 360.
Xanthoma planum
palpebrarum.

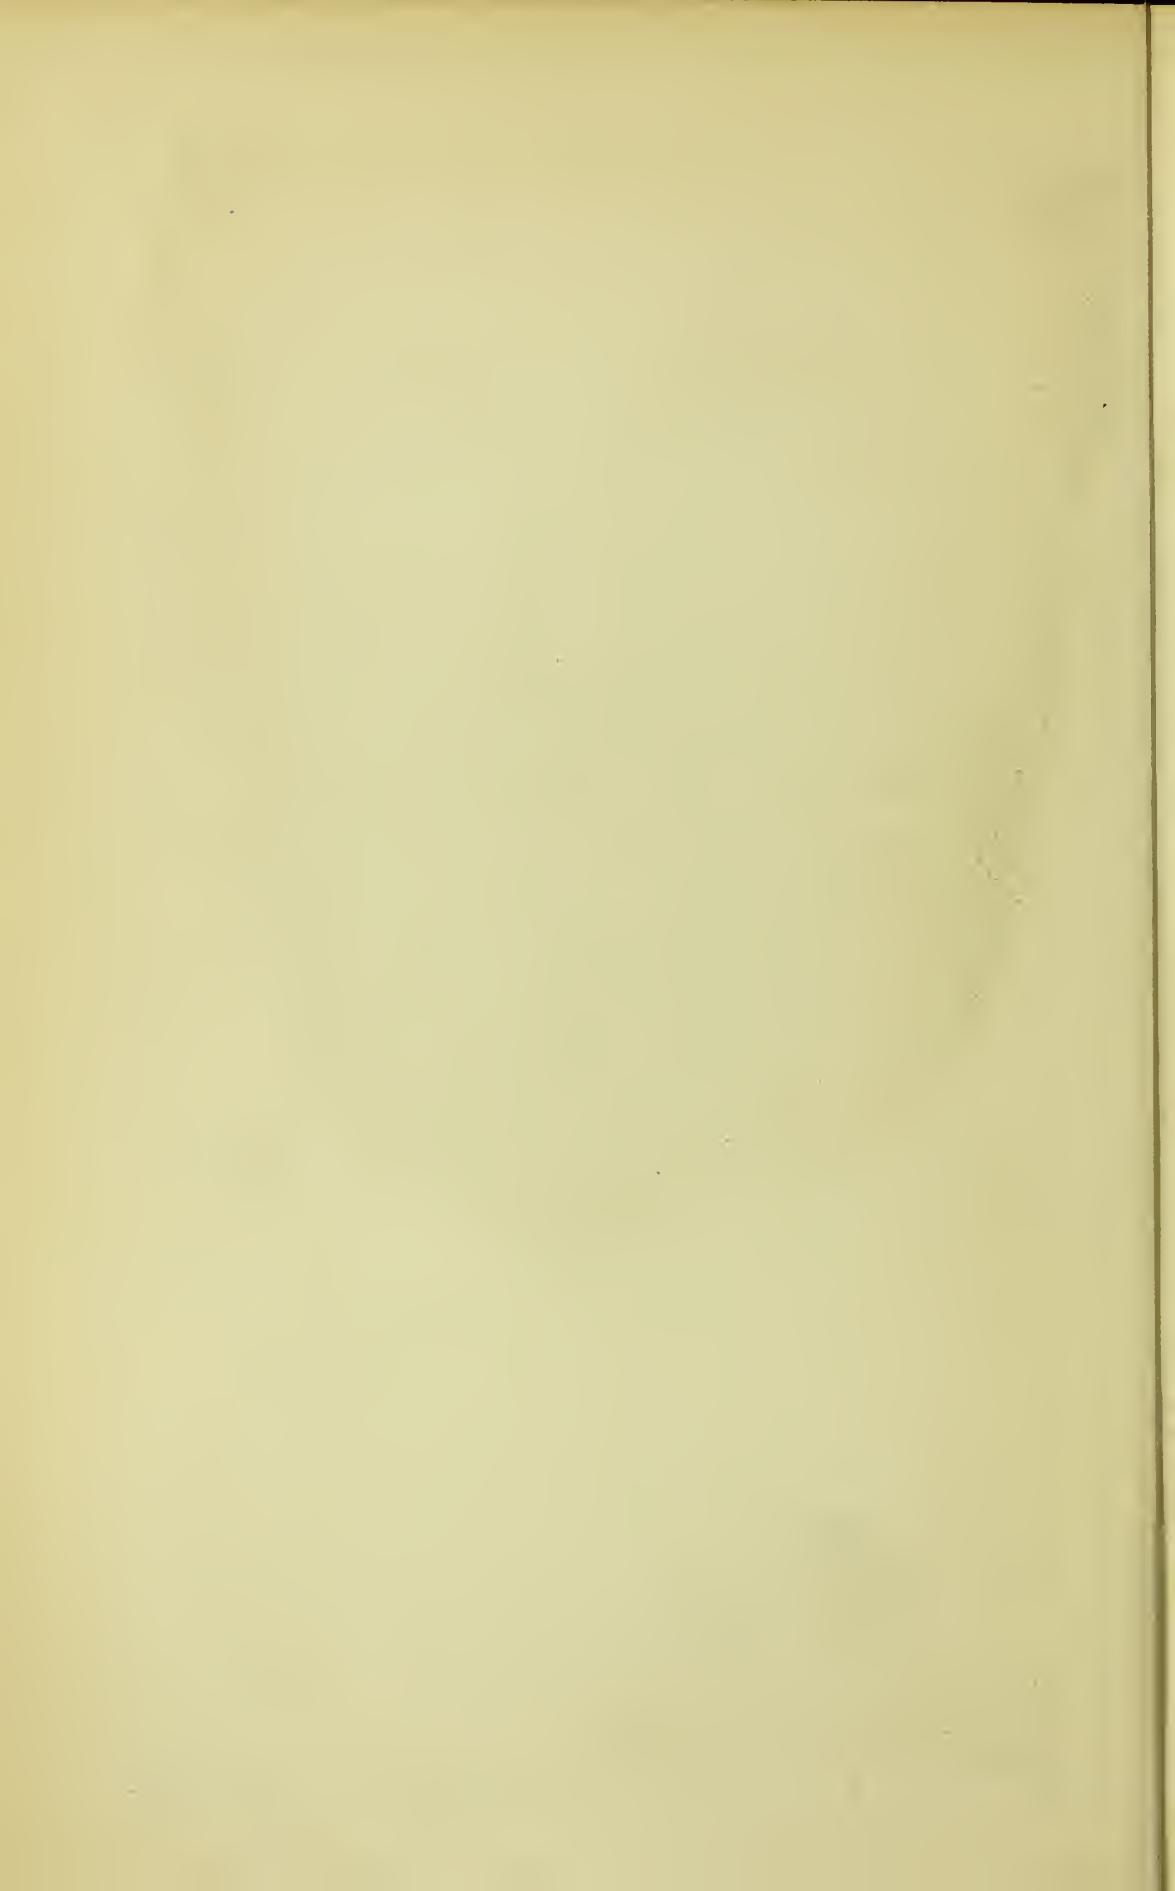

TAFEL 361.

Xanthoma planum palpebrarum et tuberosum cubiti.
(Ikterus.)

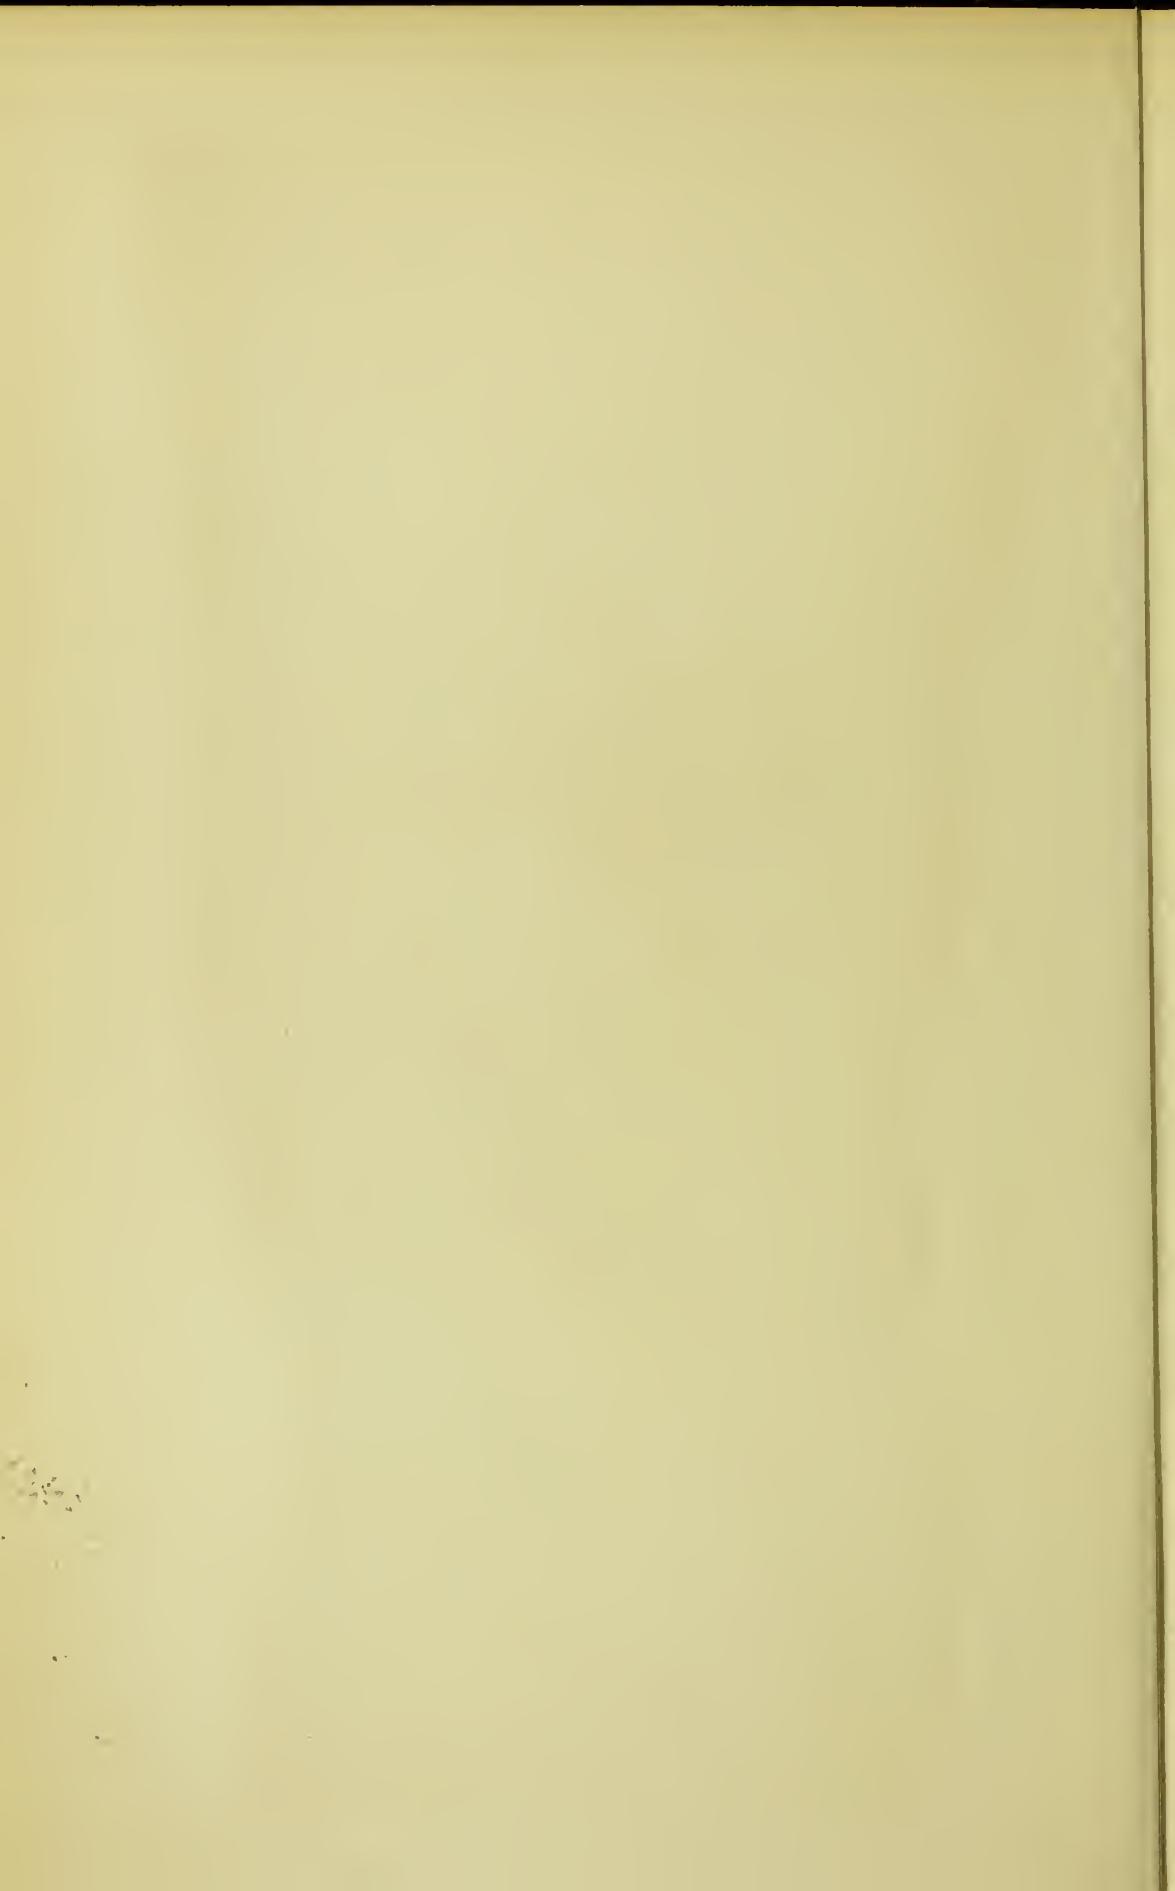

TAFEL 362.

Xanthoma tuberosum
genu (utriusque) — **Ikterus.**

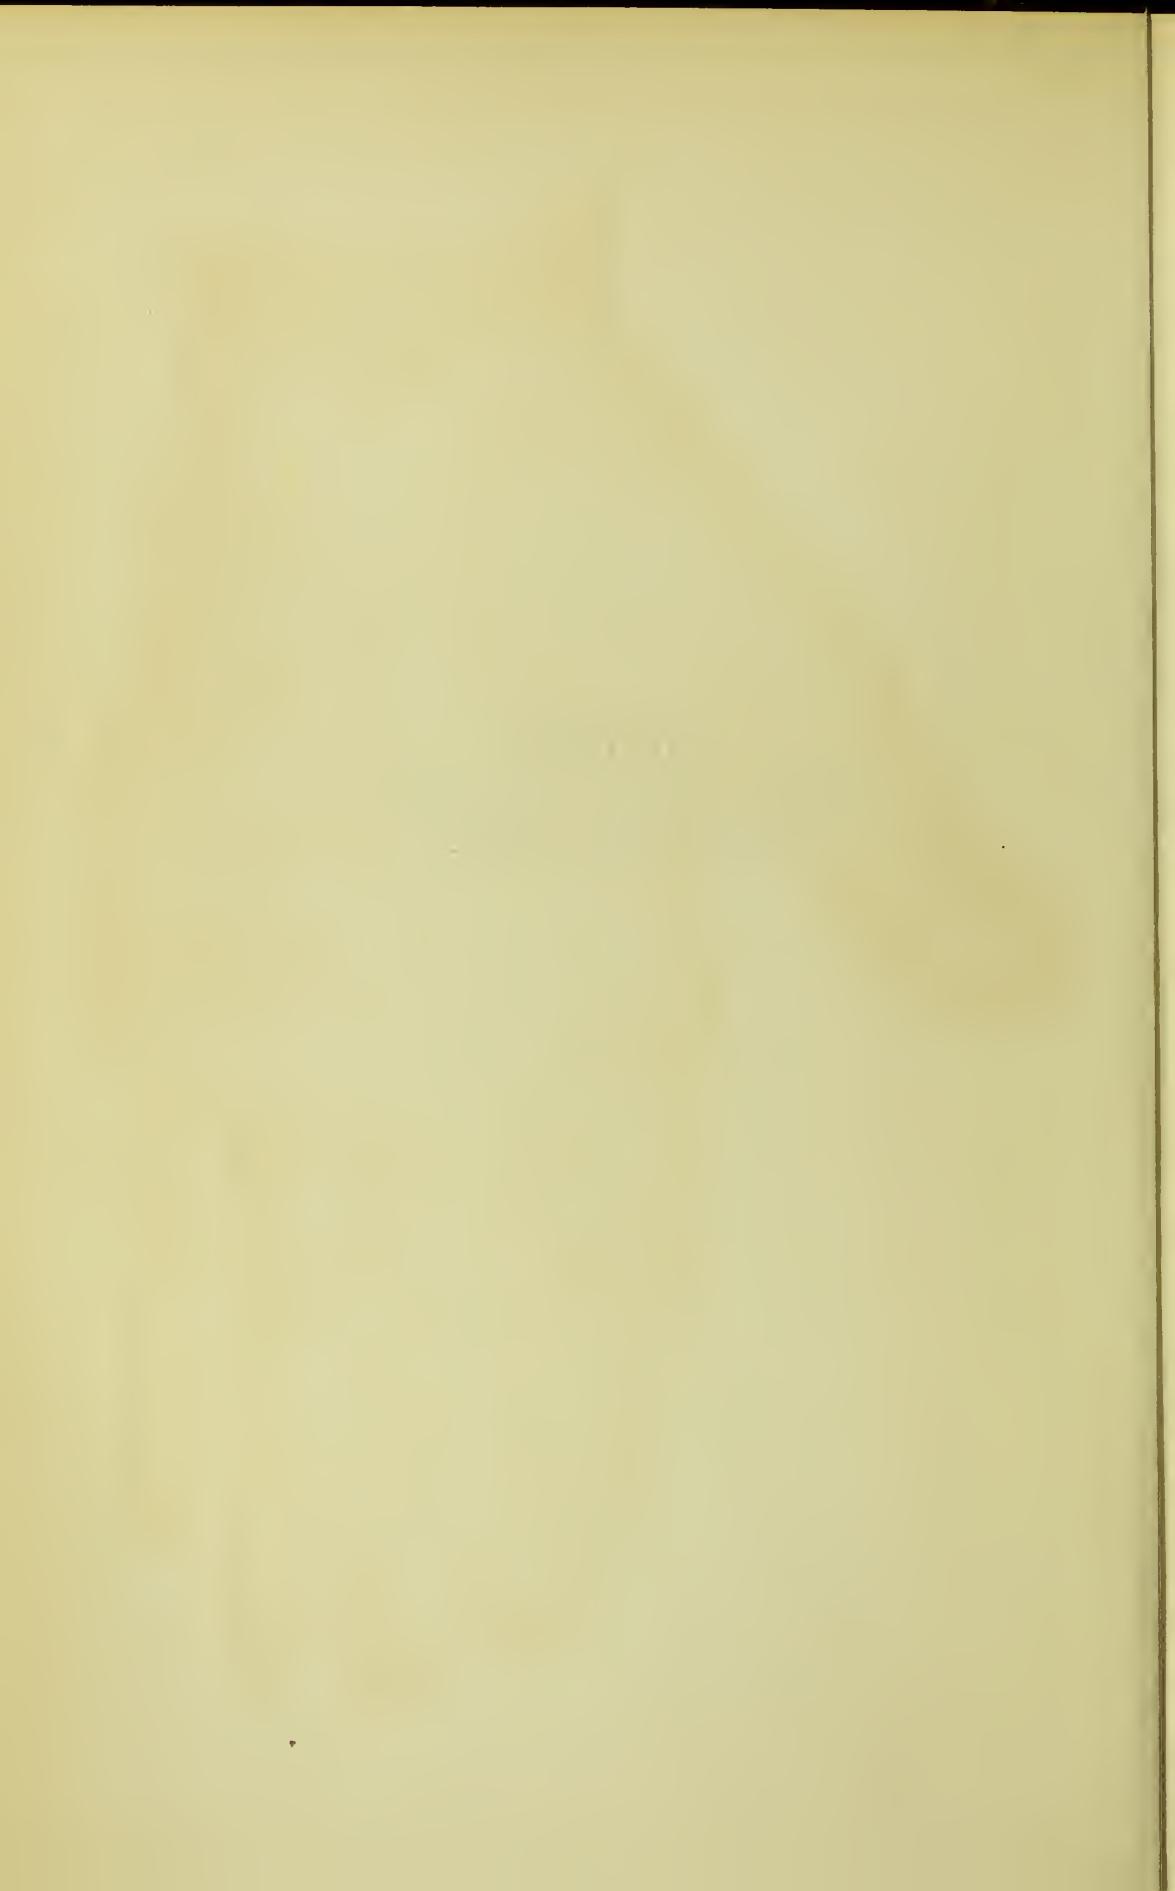

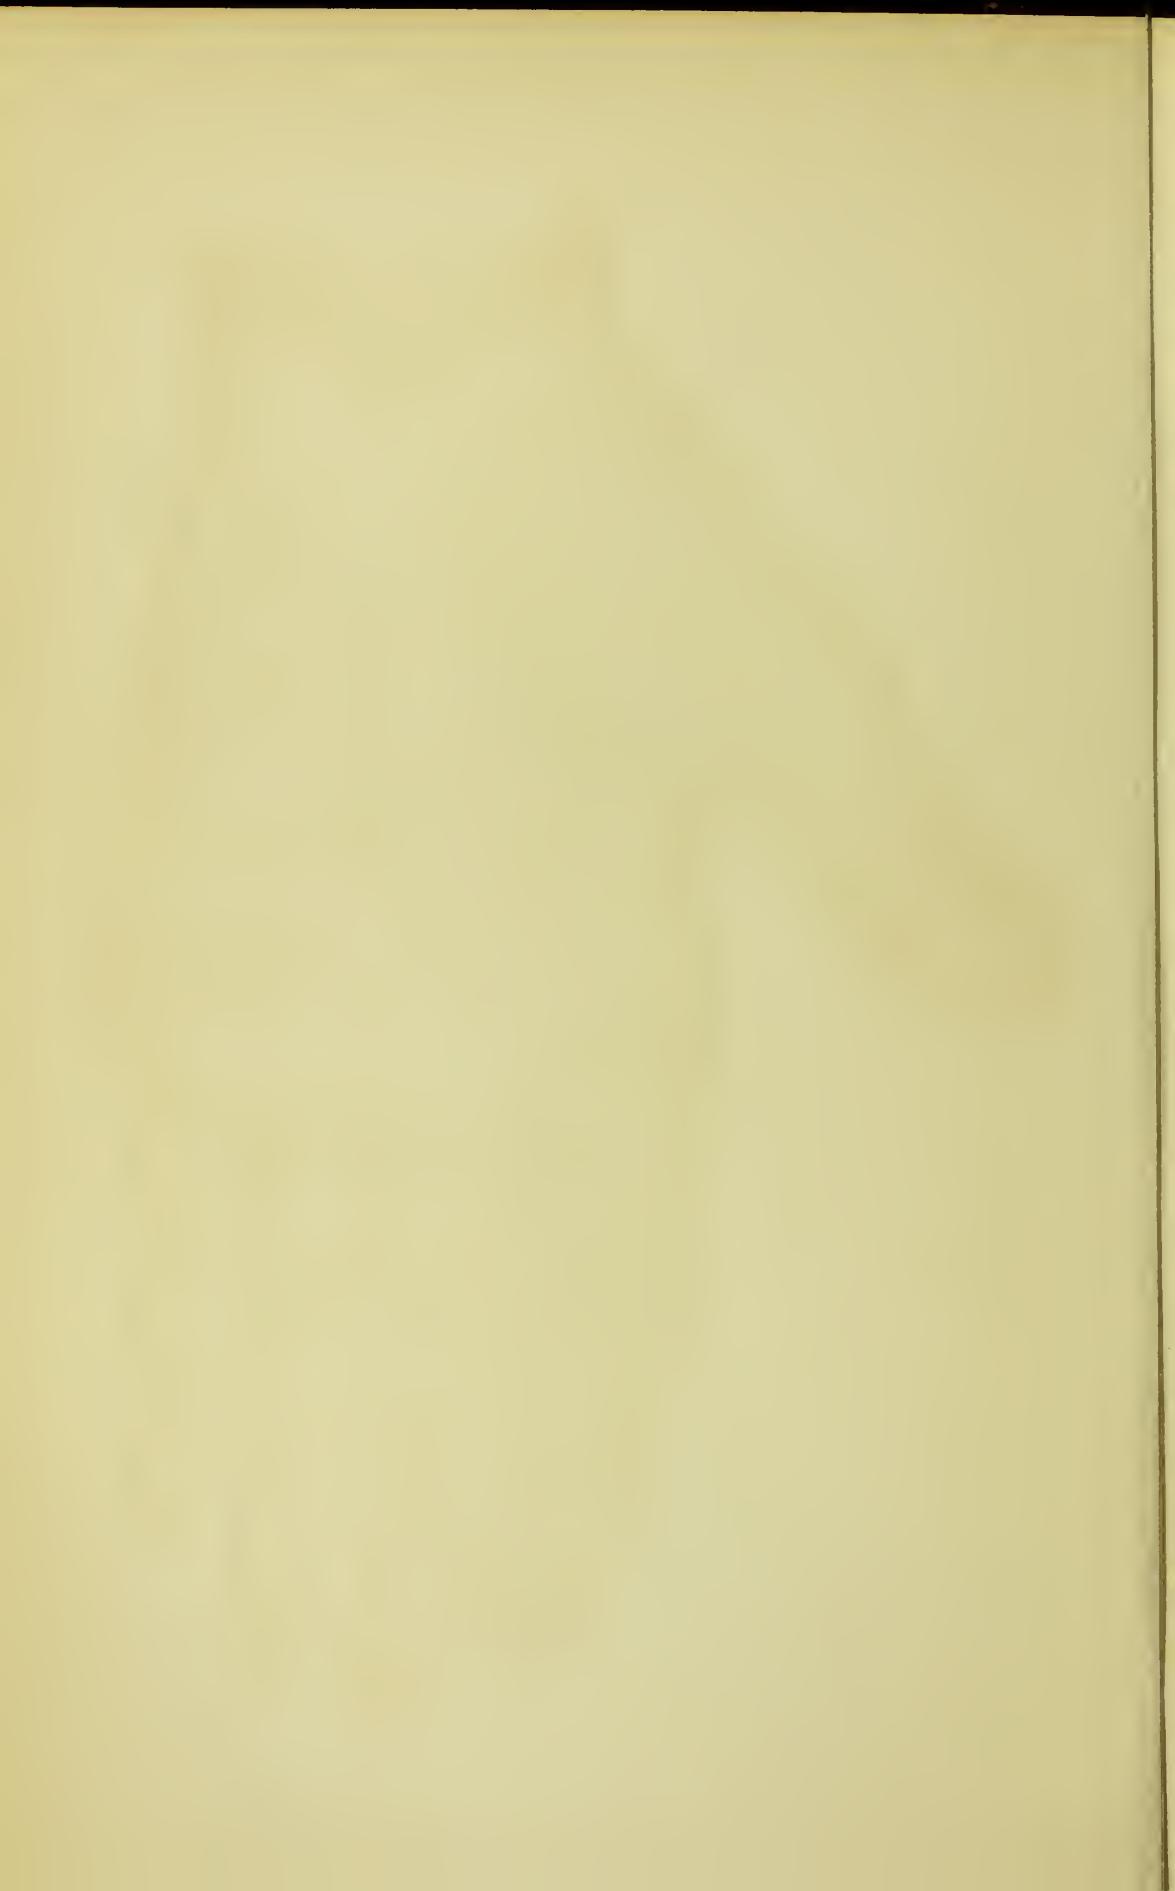

TAFEL 363.

Xanthoma planum et tuberosum
palmae manus — **Ikterus.**

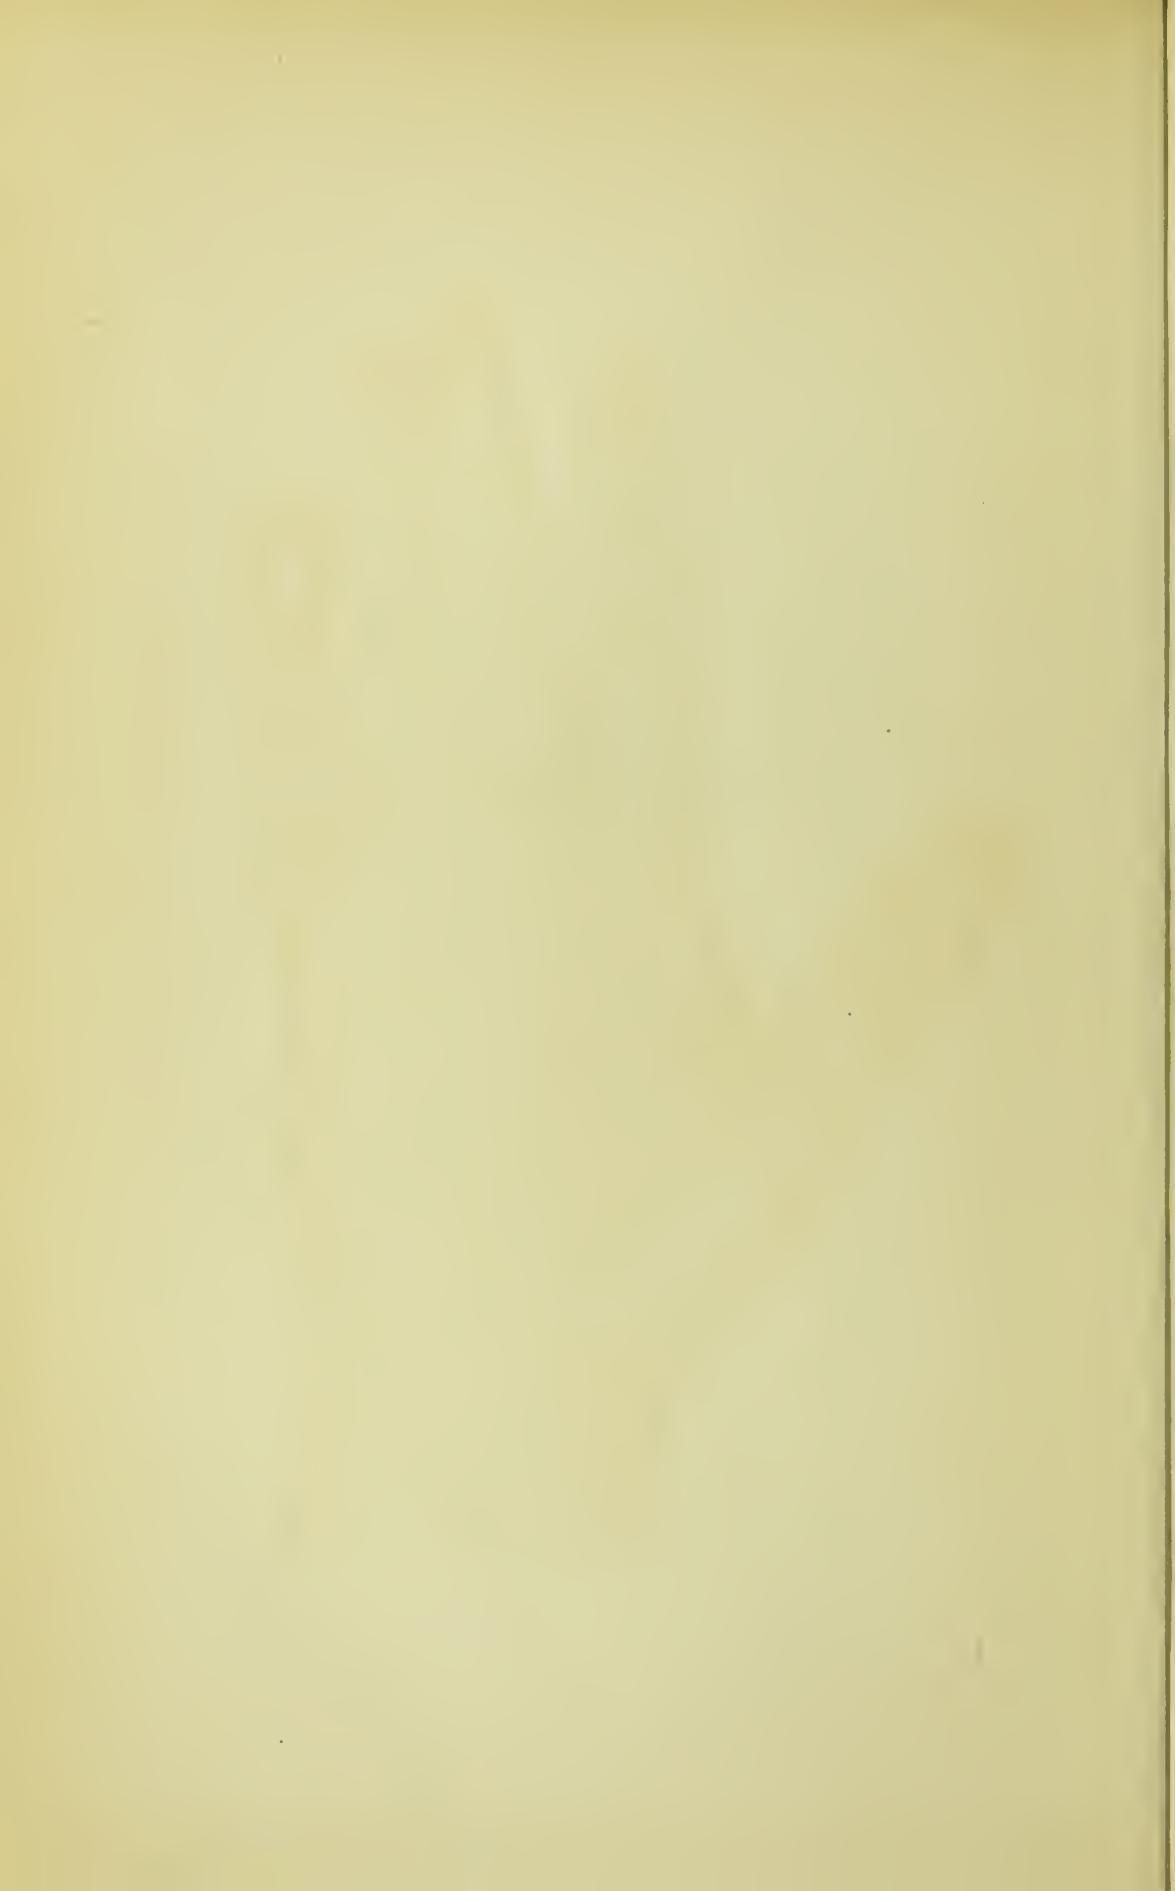

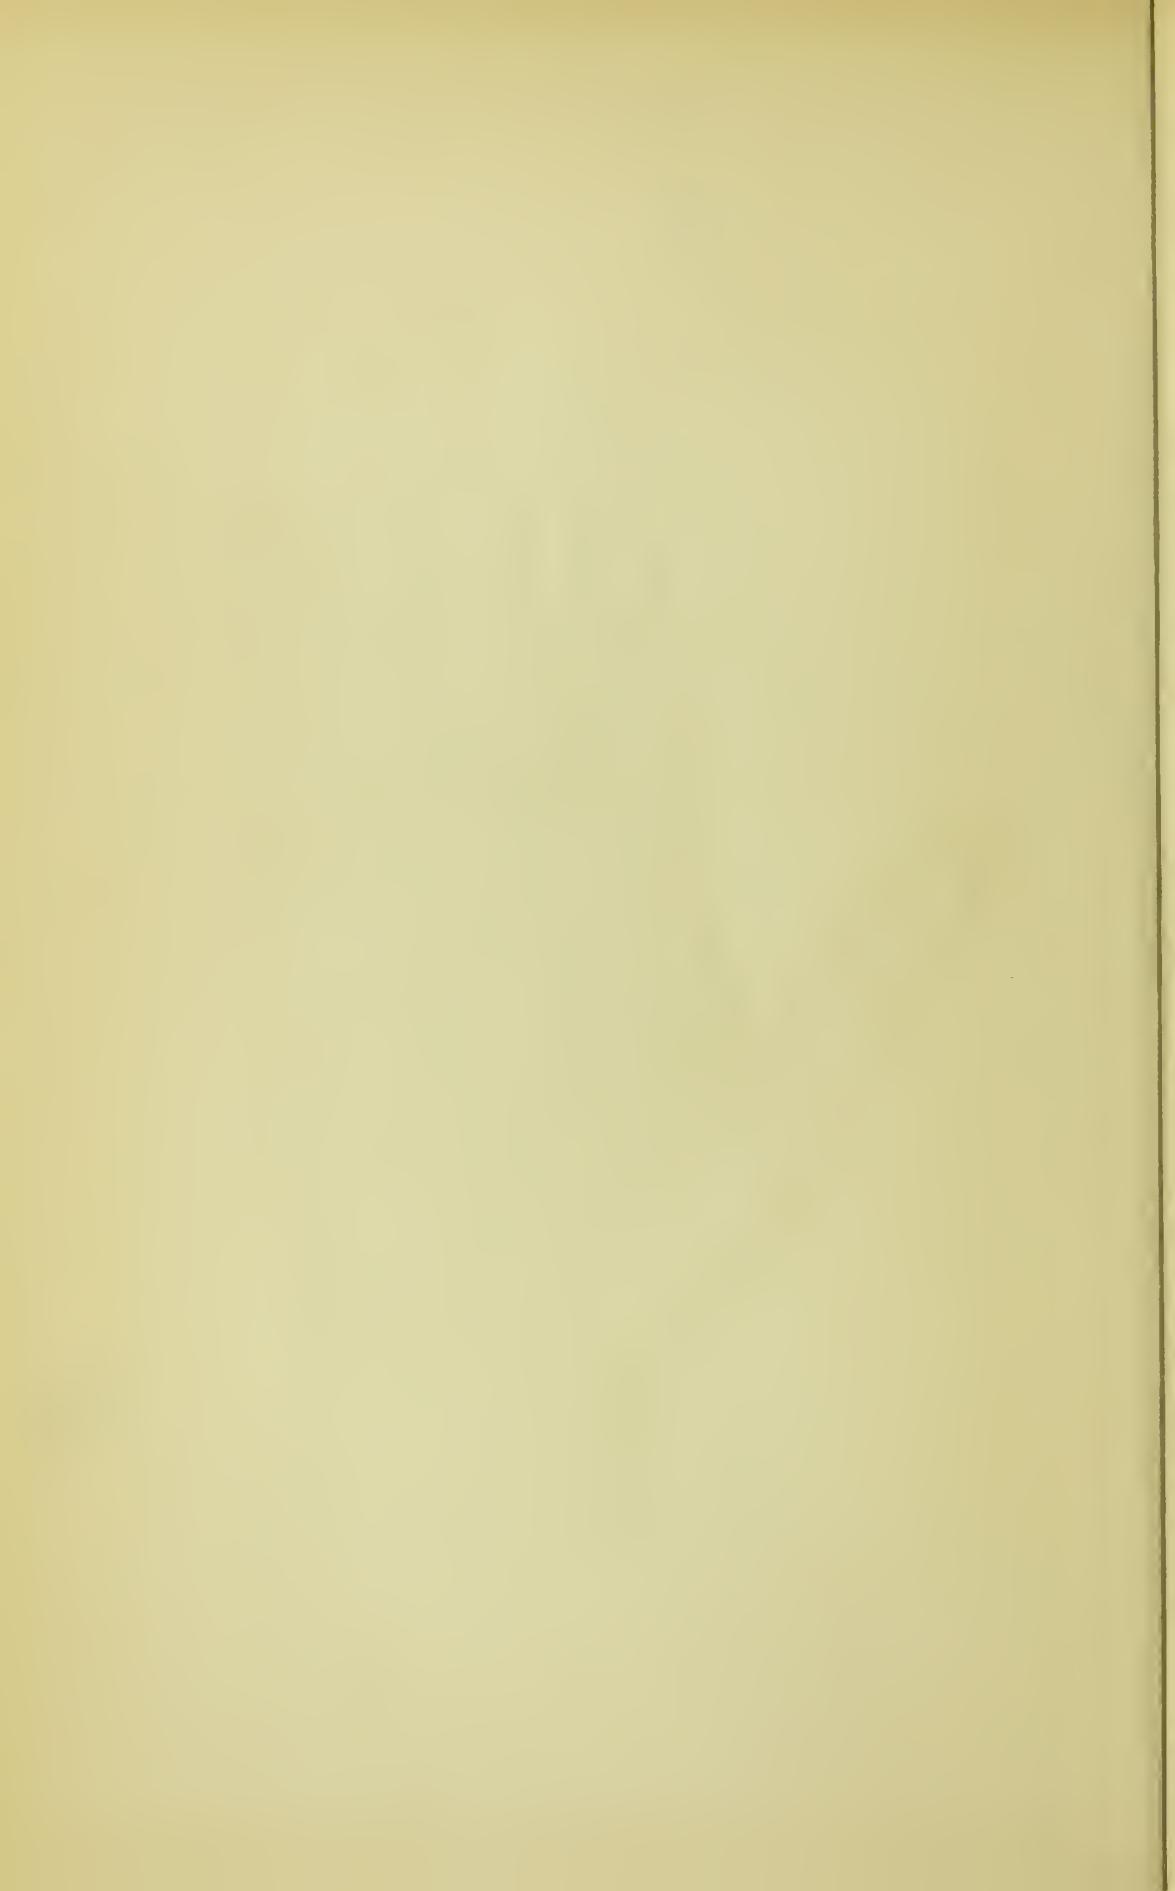

TAFEL 364.

Xanthoma striatum
palmae manus.

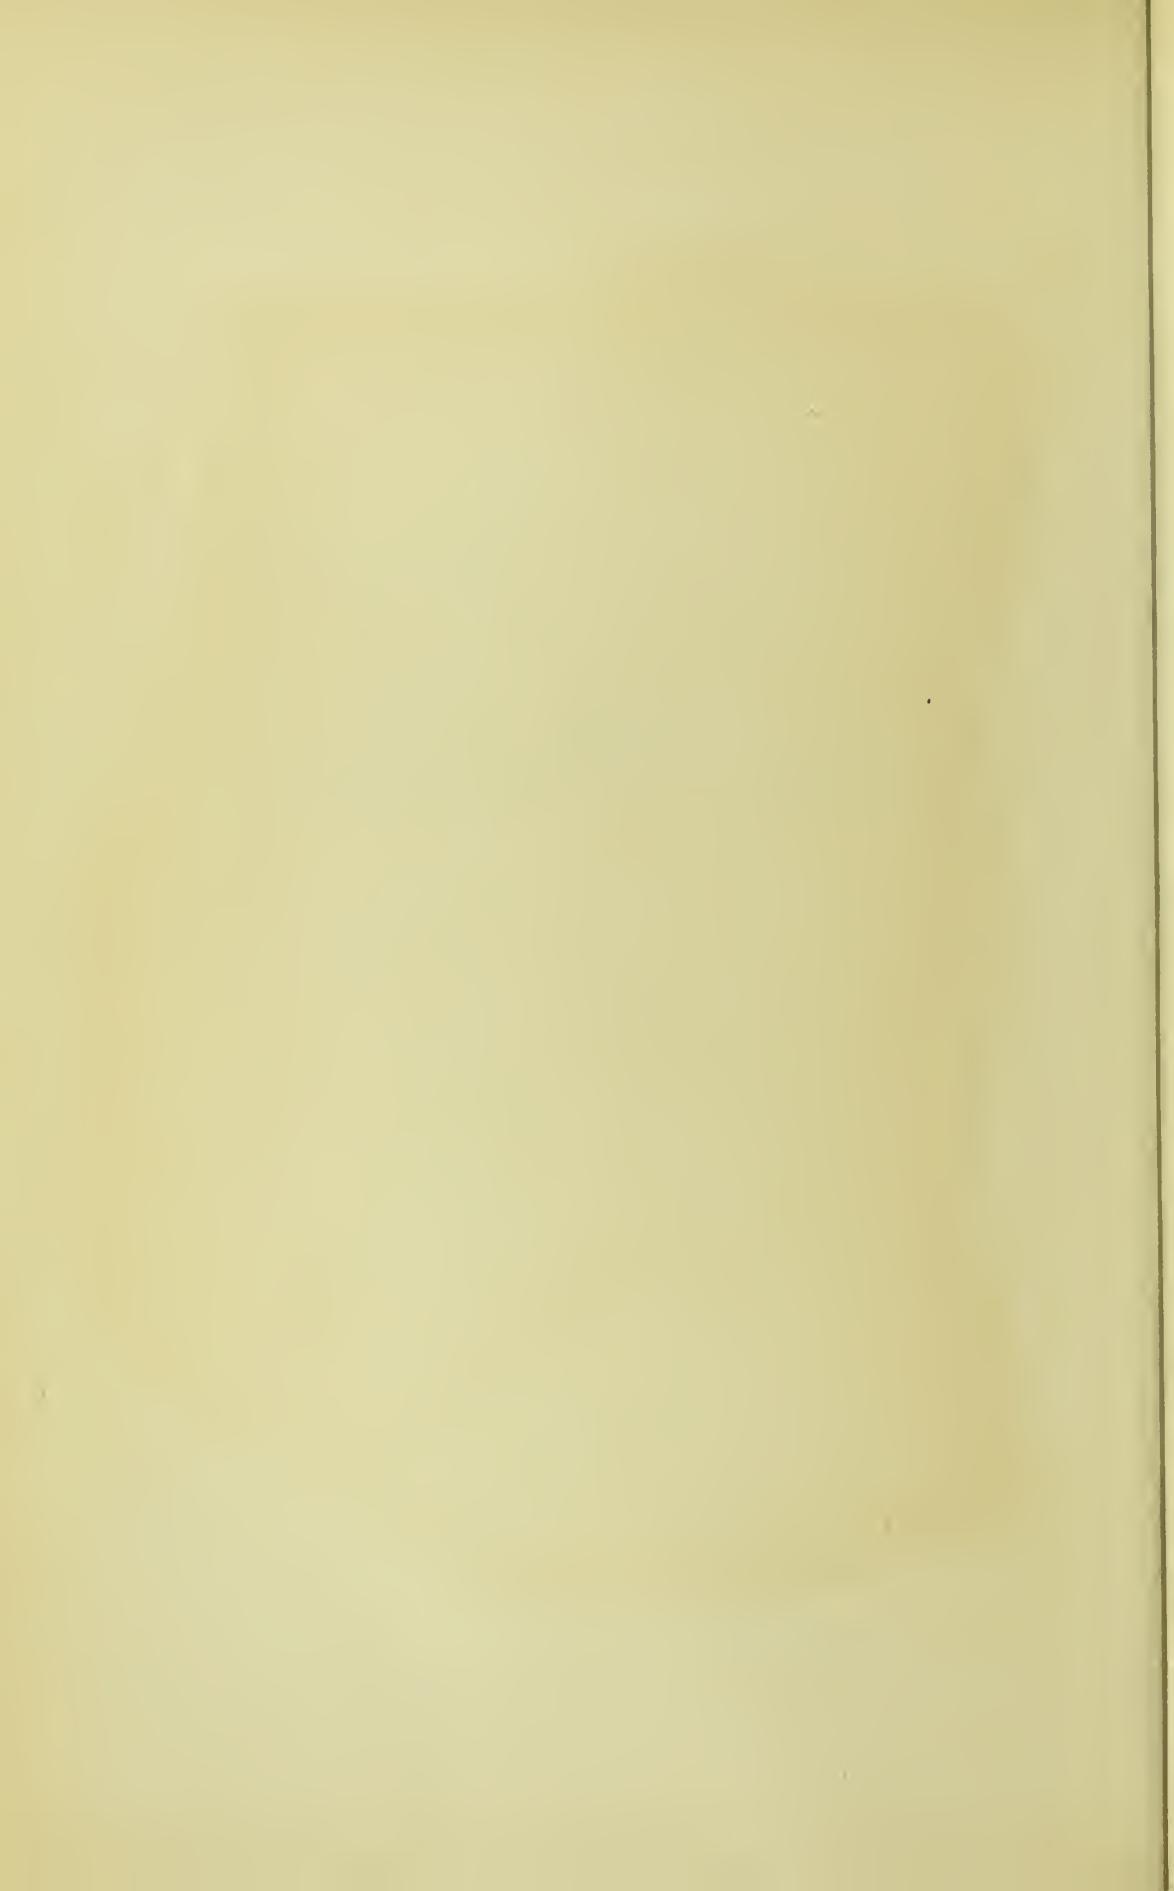

TAFEL 365.

Xanthoma tuberosum confertum abdominis. (Ikterus.)

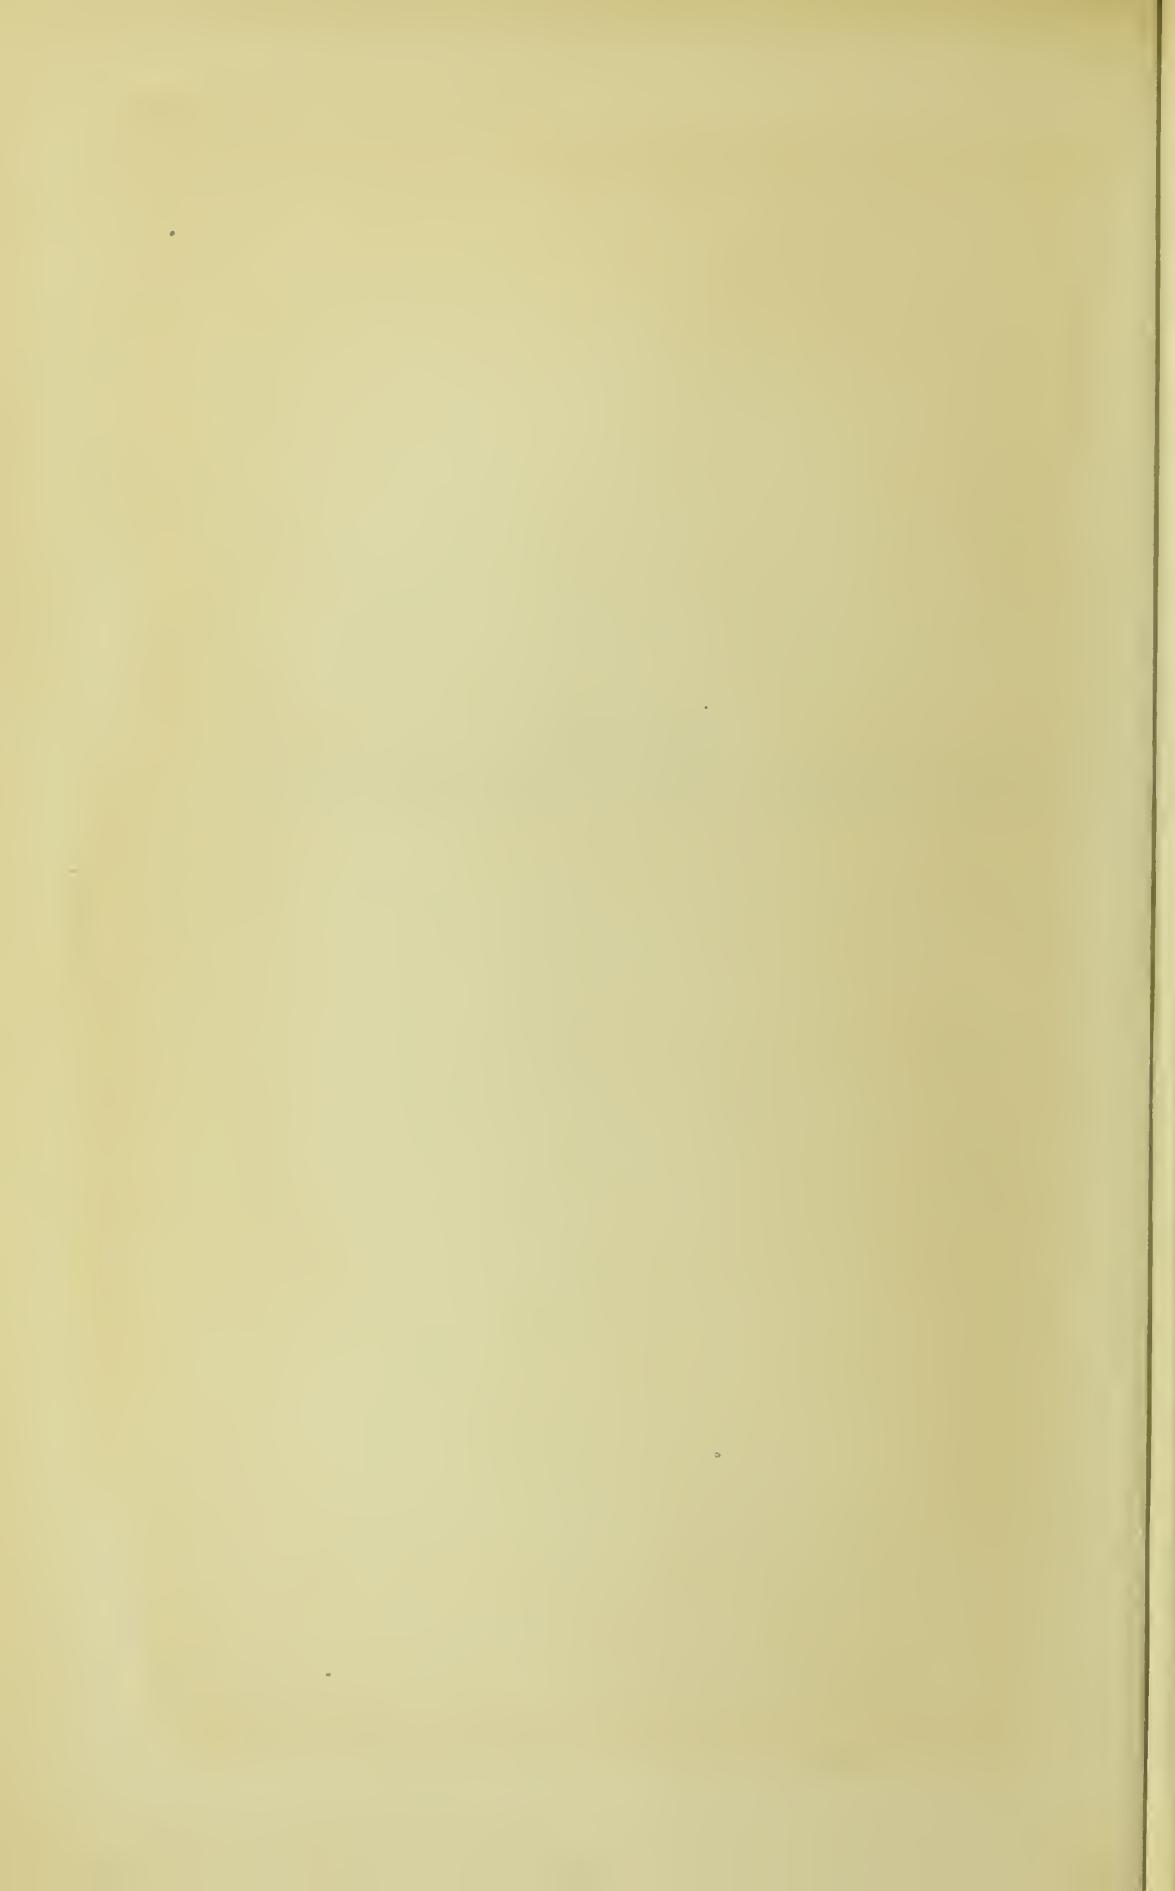

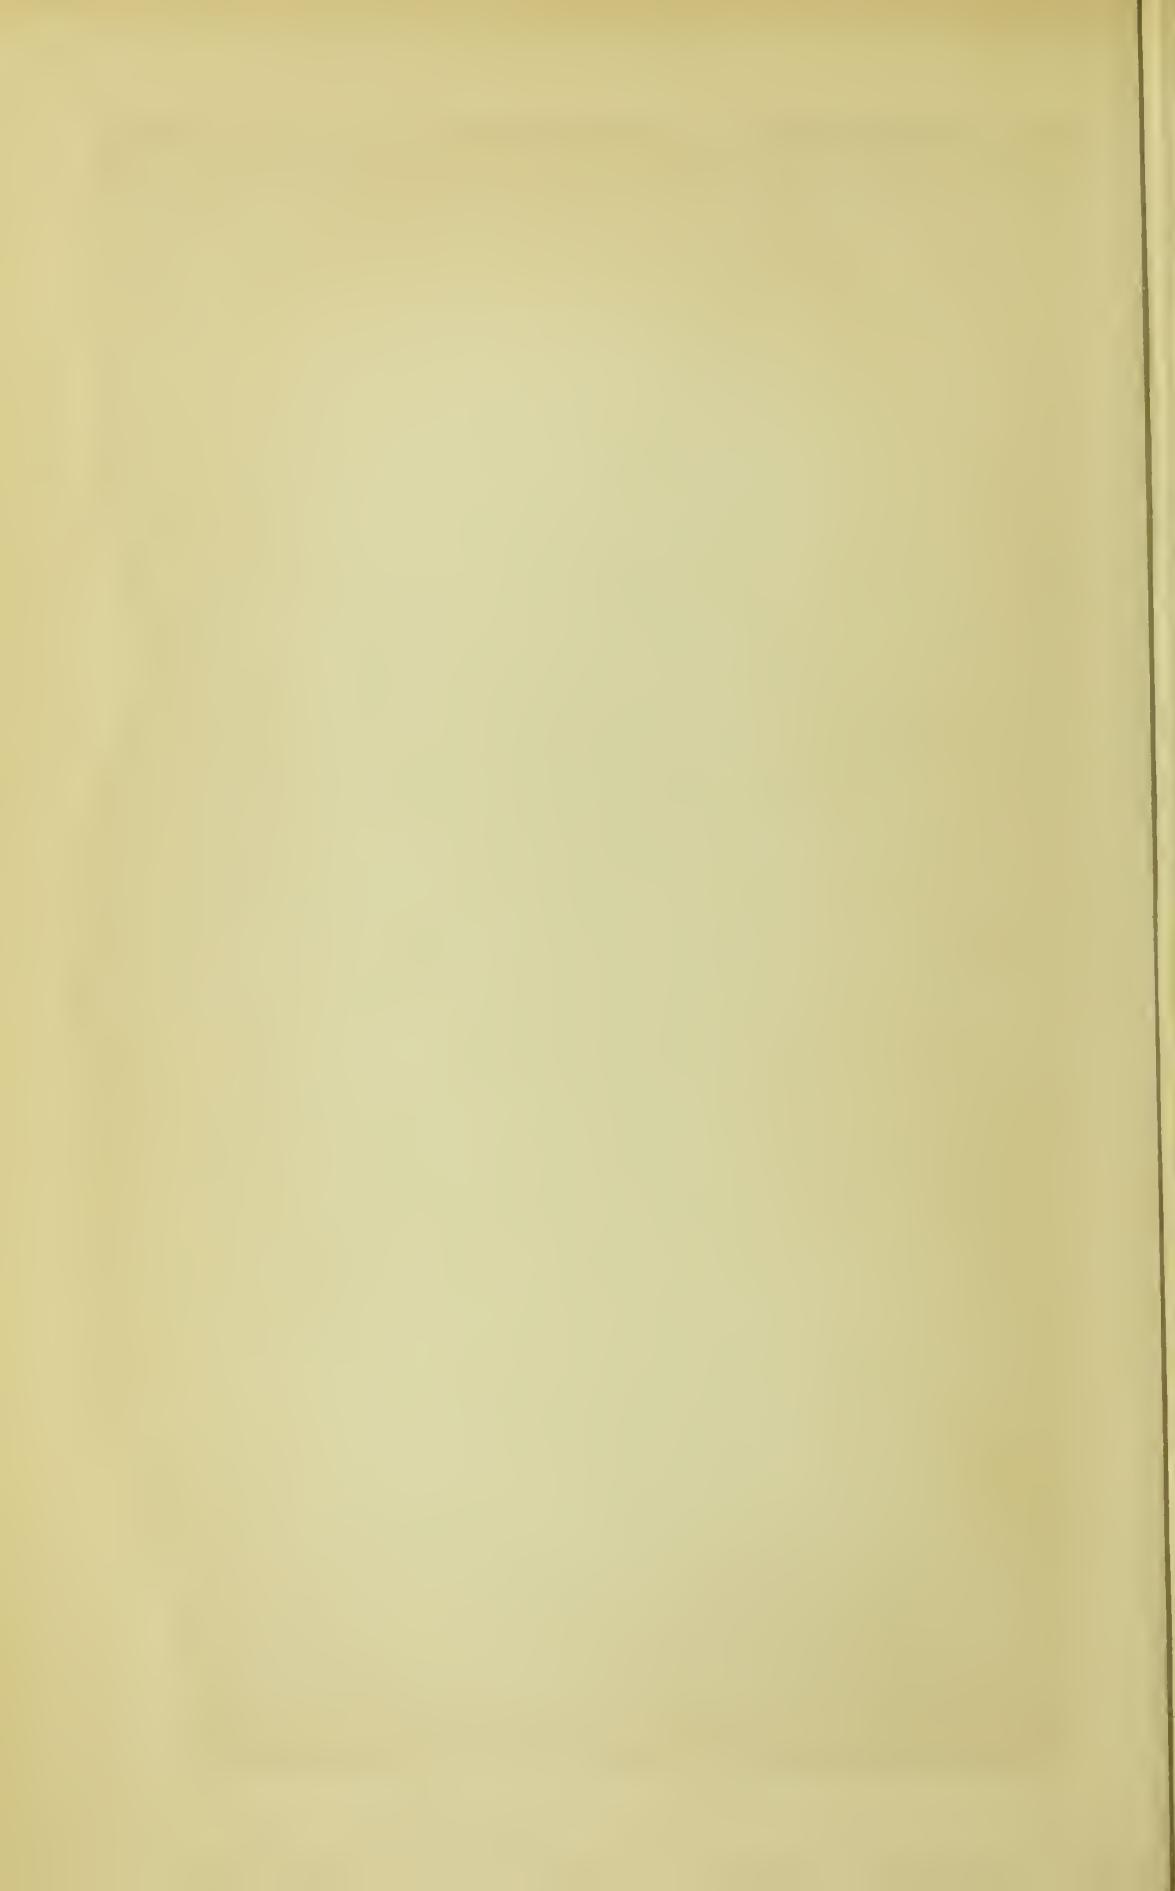

TAFEL 366.

Xanthoma tuberosum regionis lumbalis totalis. (Ikterus.)

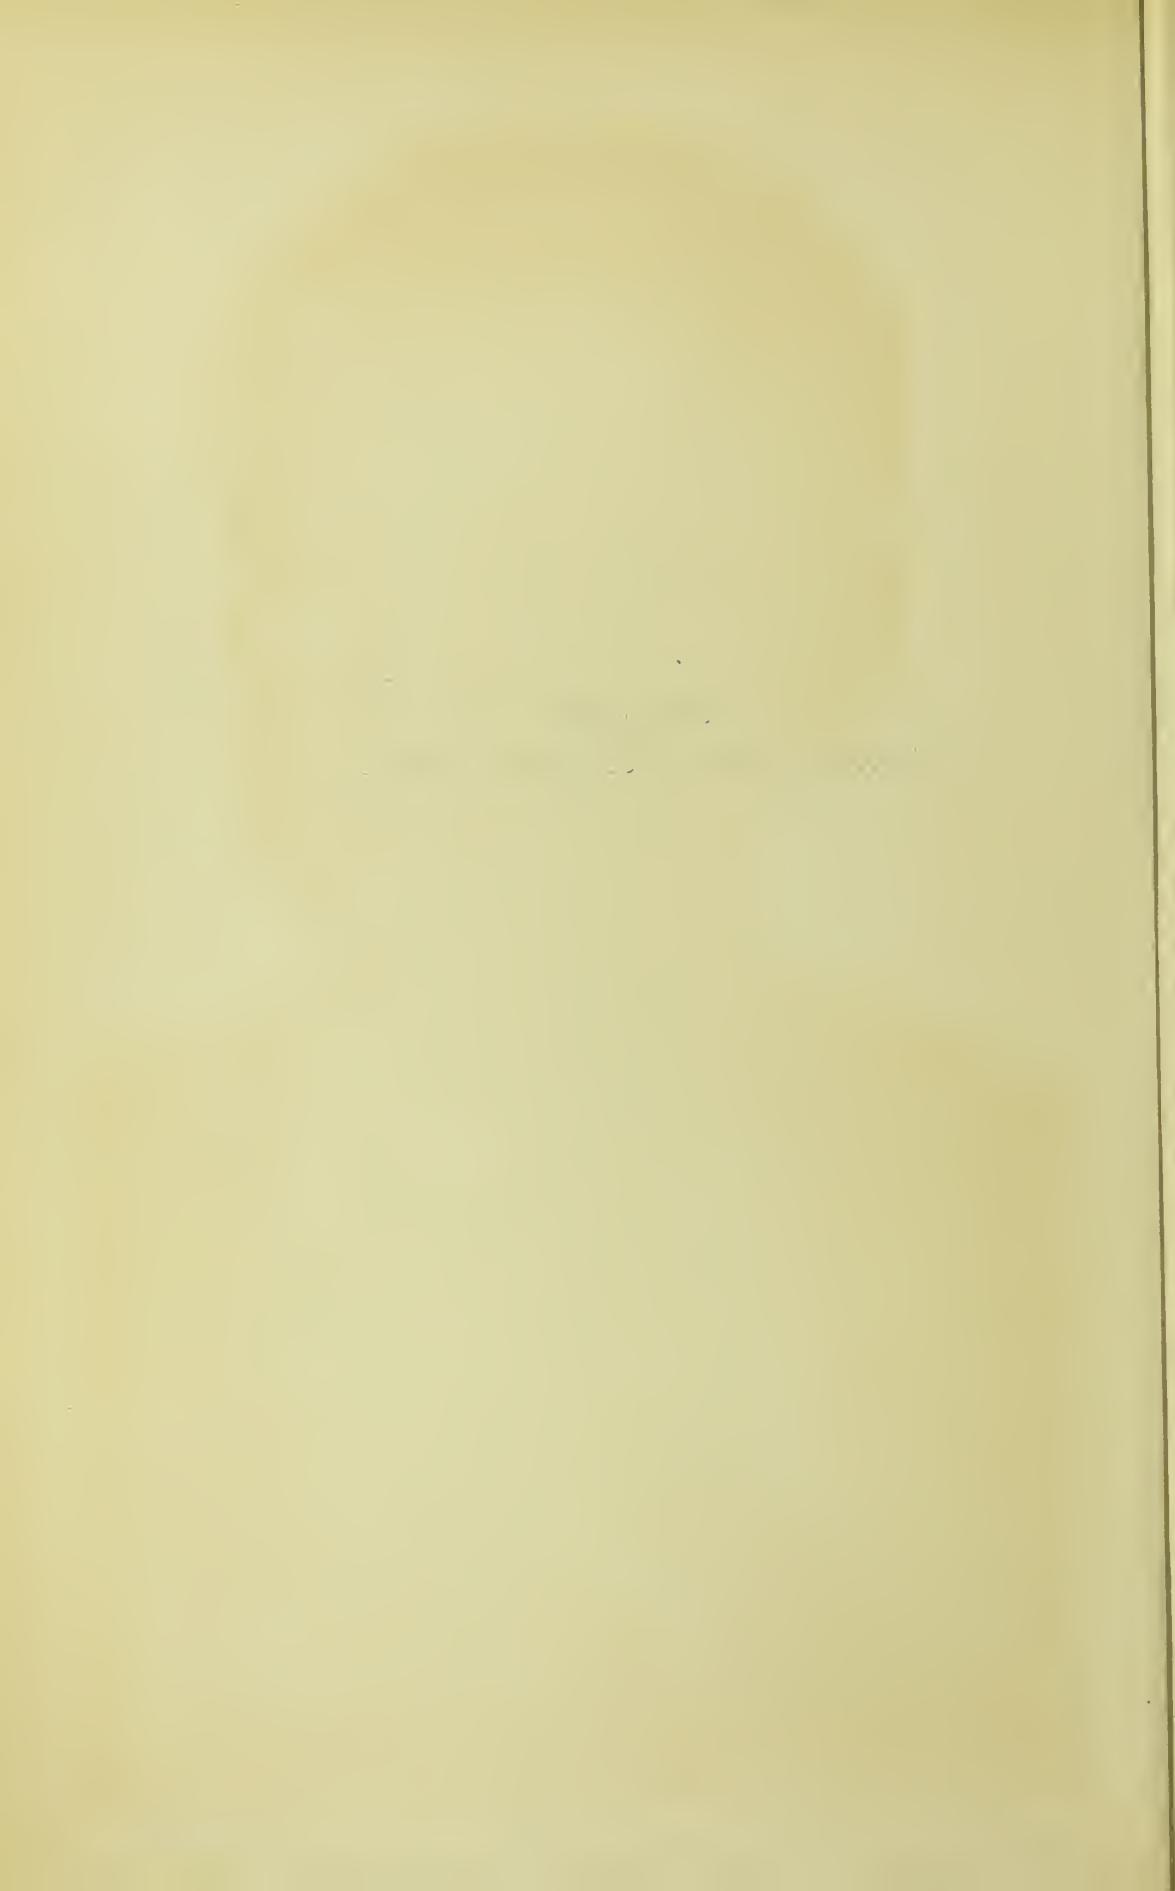

TAFEL 367.

Xeroderma faciei c. Carcinosi et Naevis.

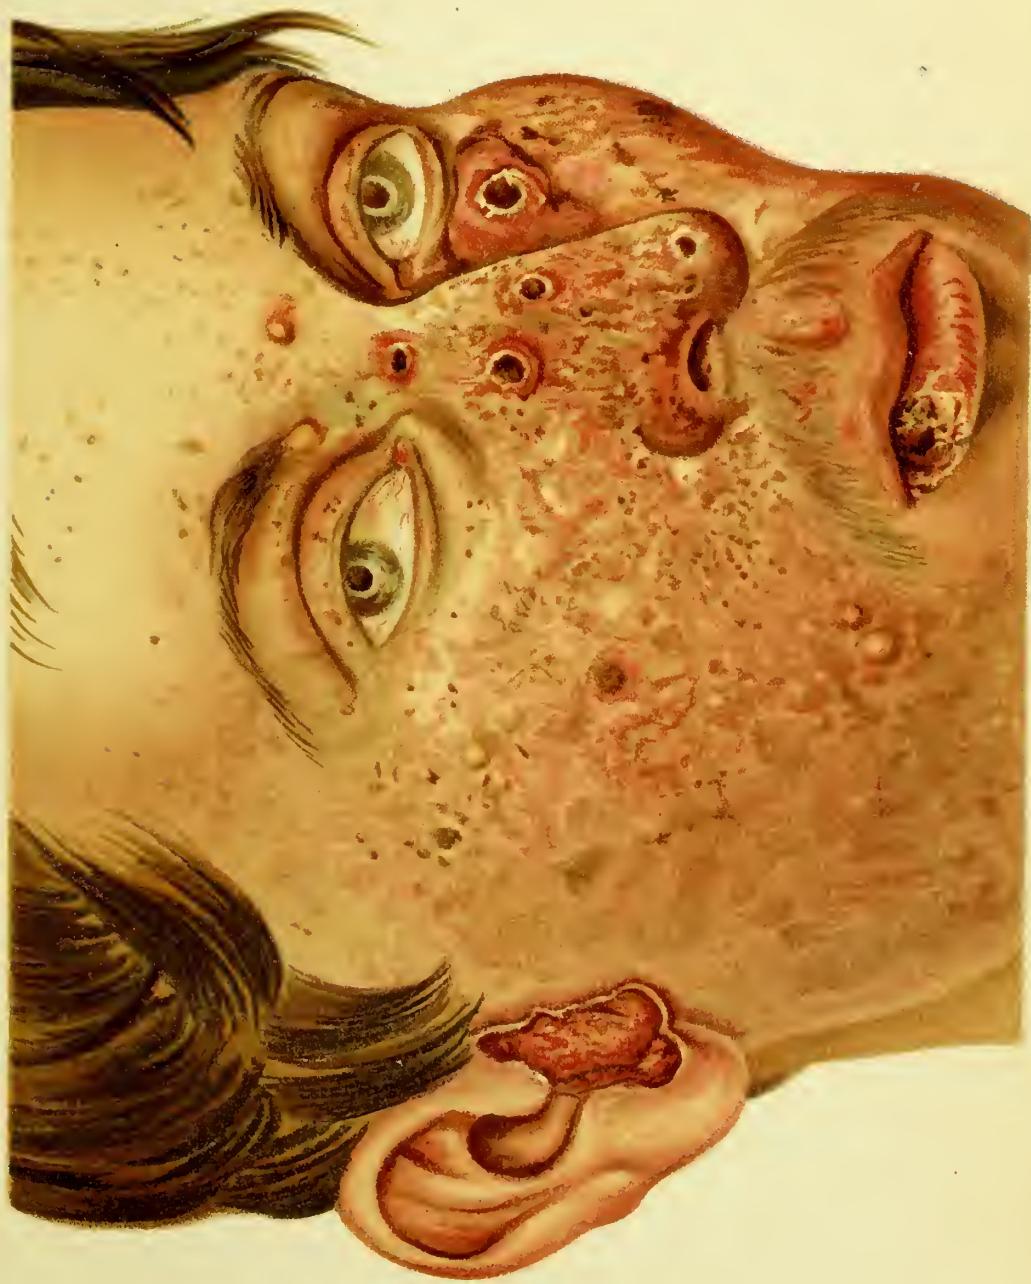

TAFEL 368.

Xeroderma pigmentosum faciei c. Carcinomate epitheliali.

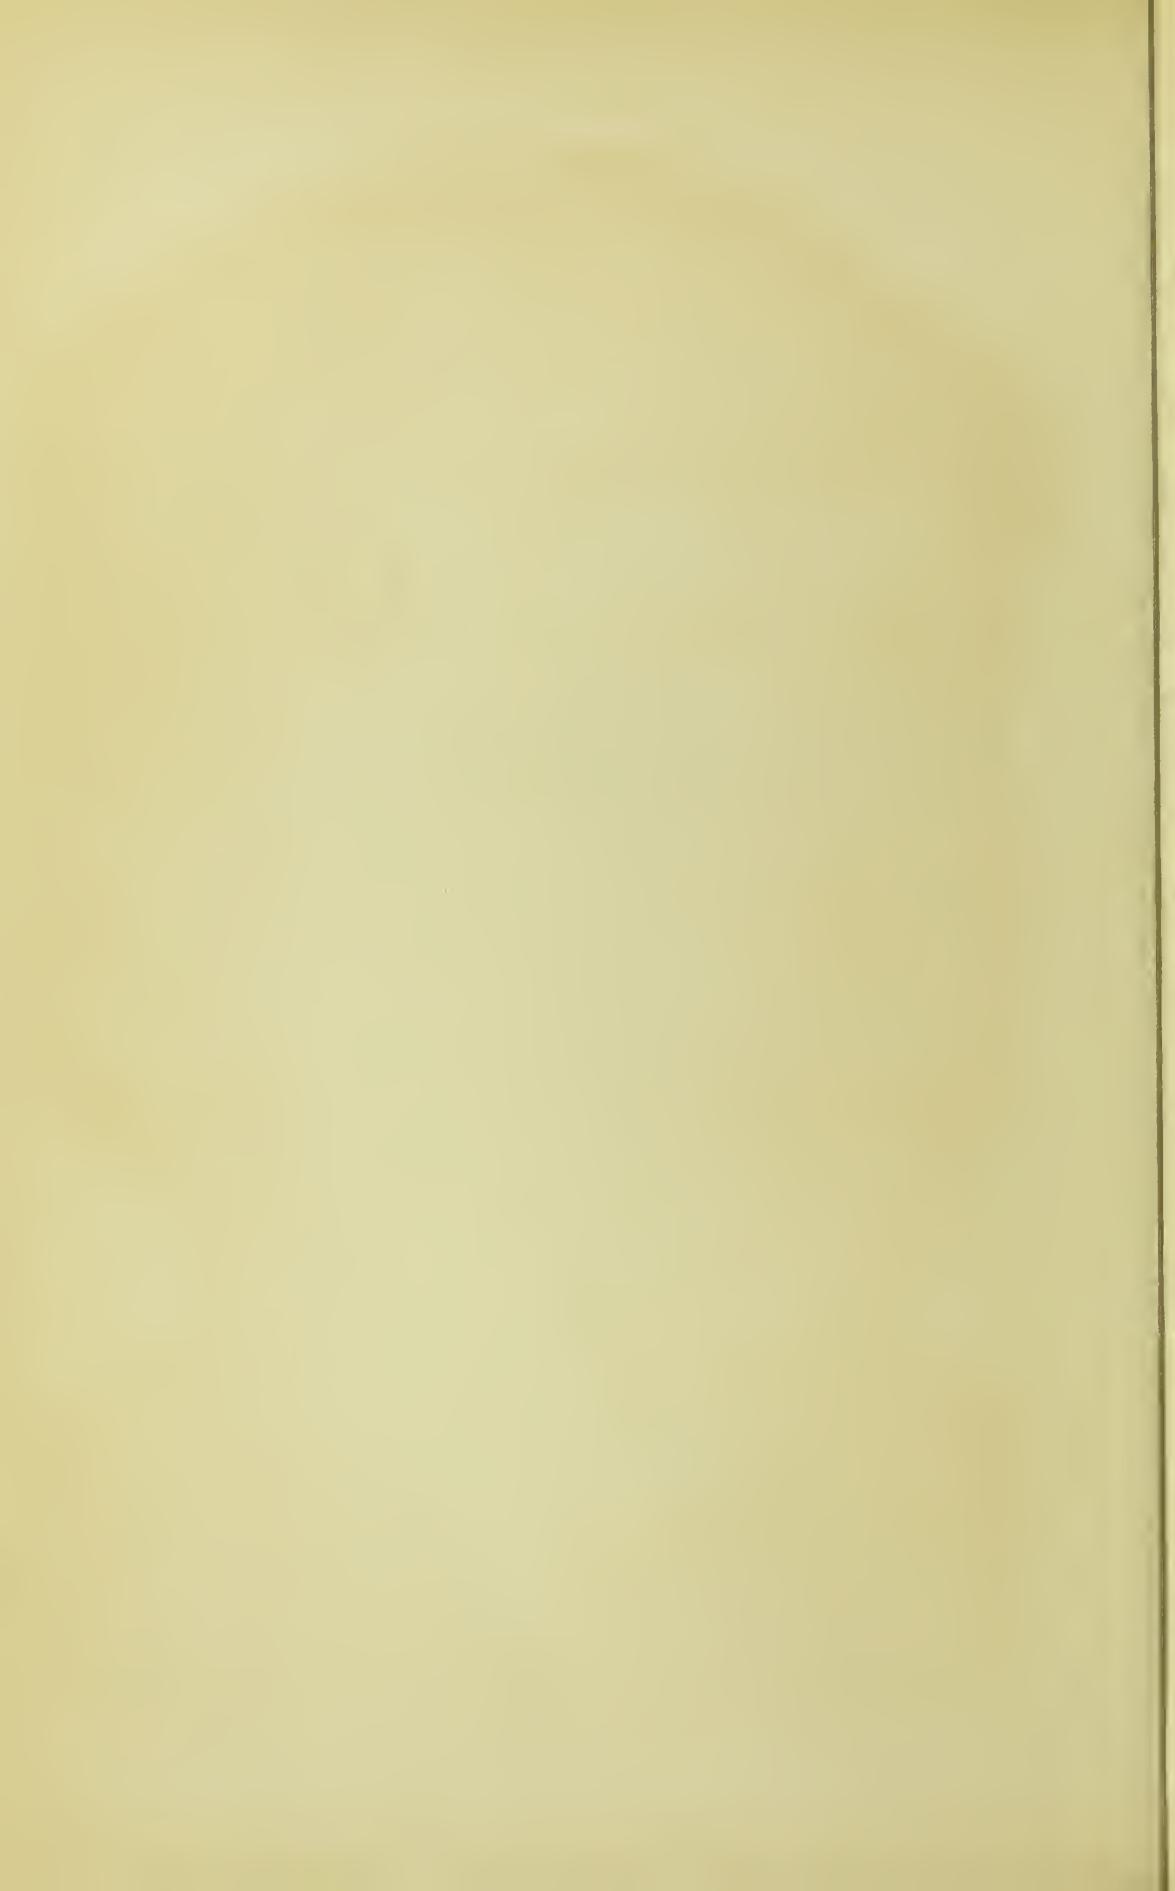

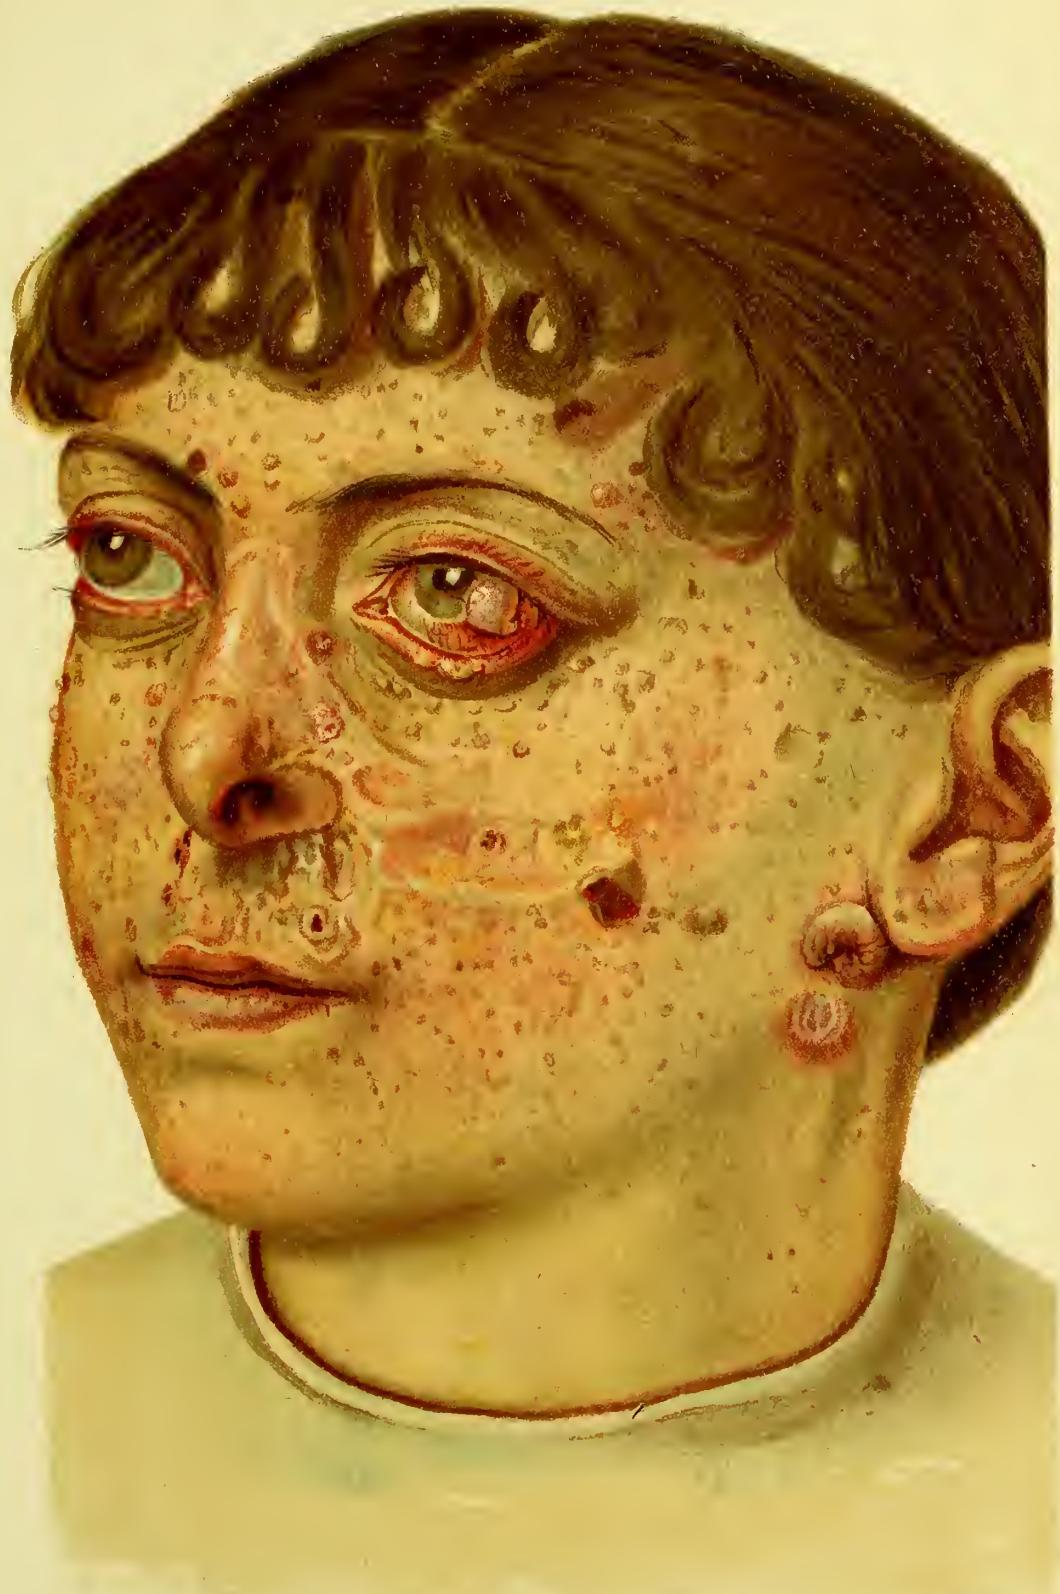

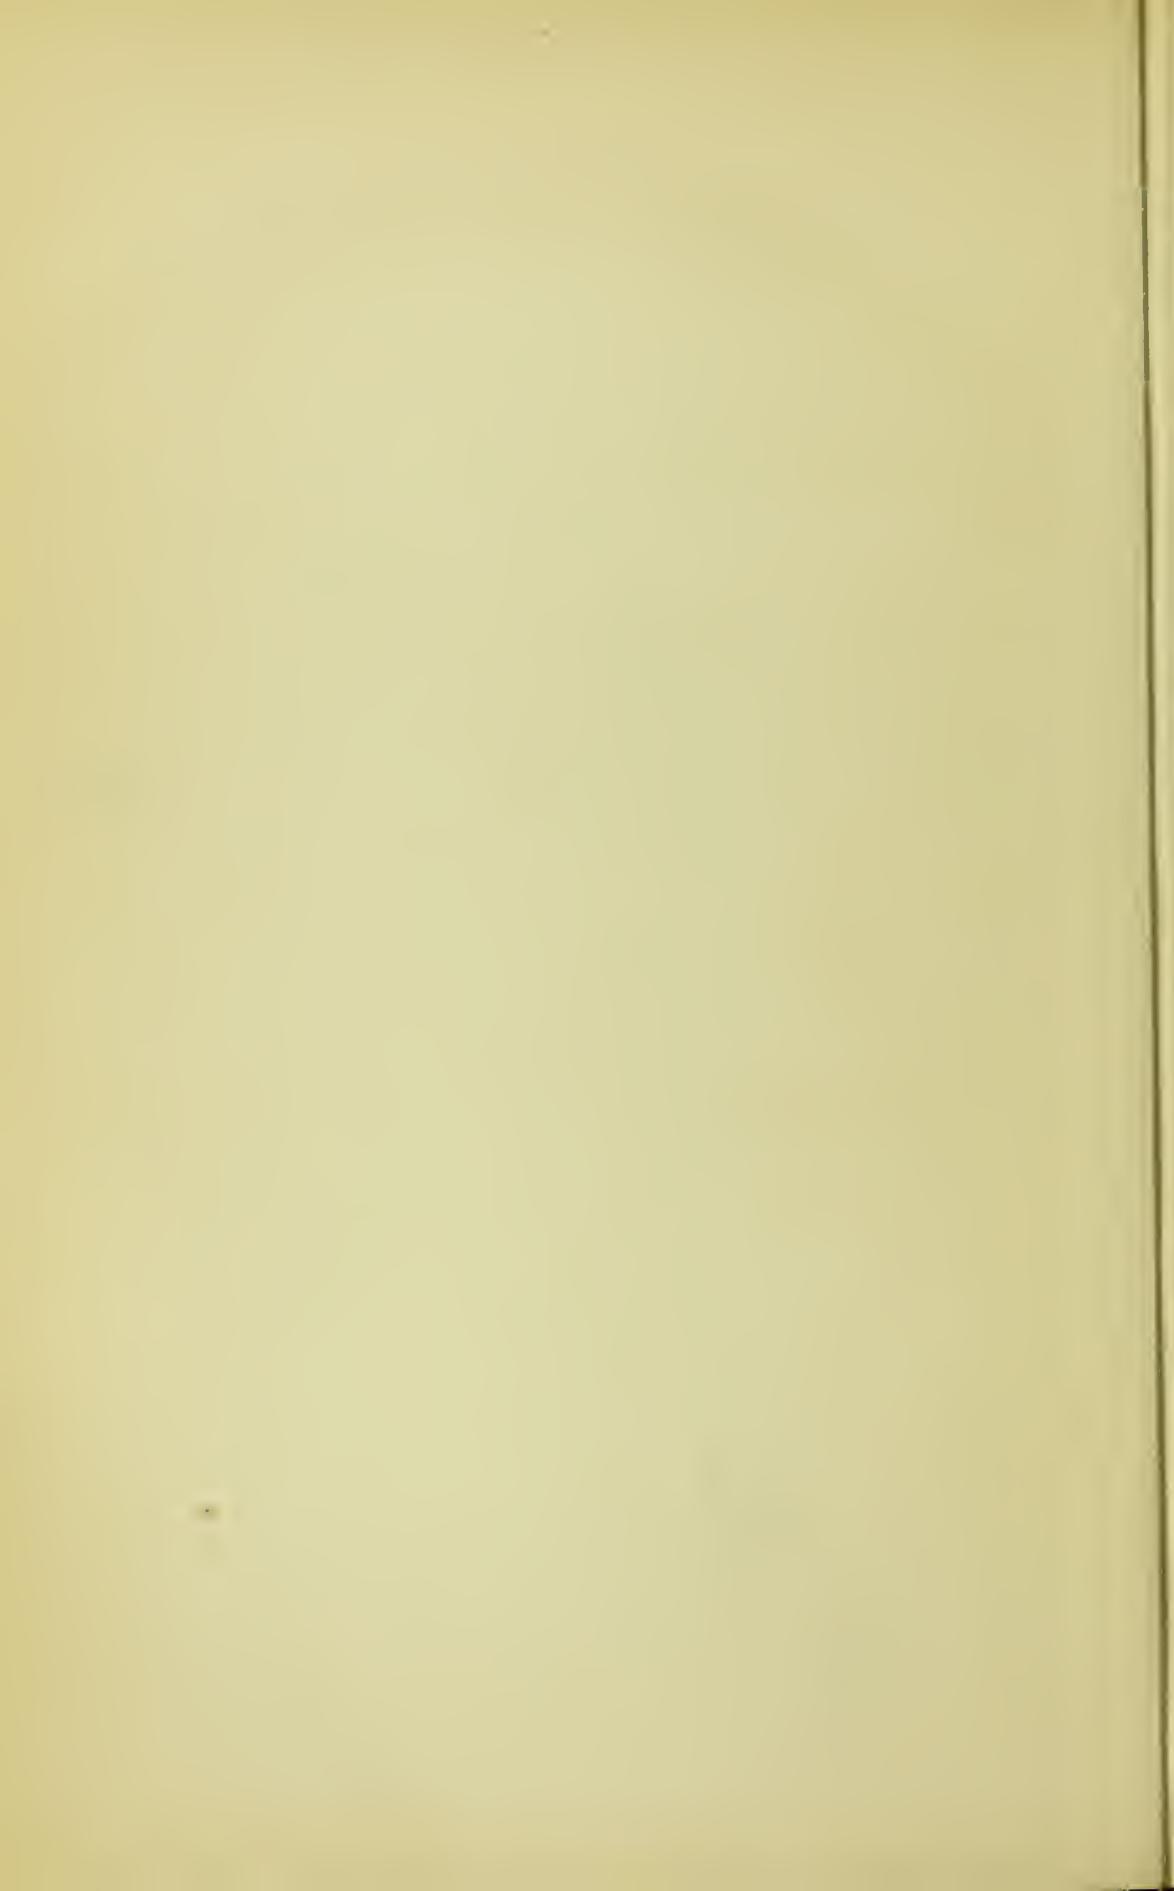

TAFEL 369.

Xeroderma pigmentosum — Carcinosis multiplex
(Exitus letalis).

TAFEL 370.

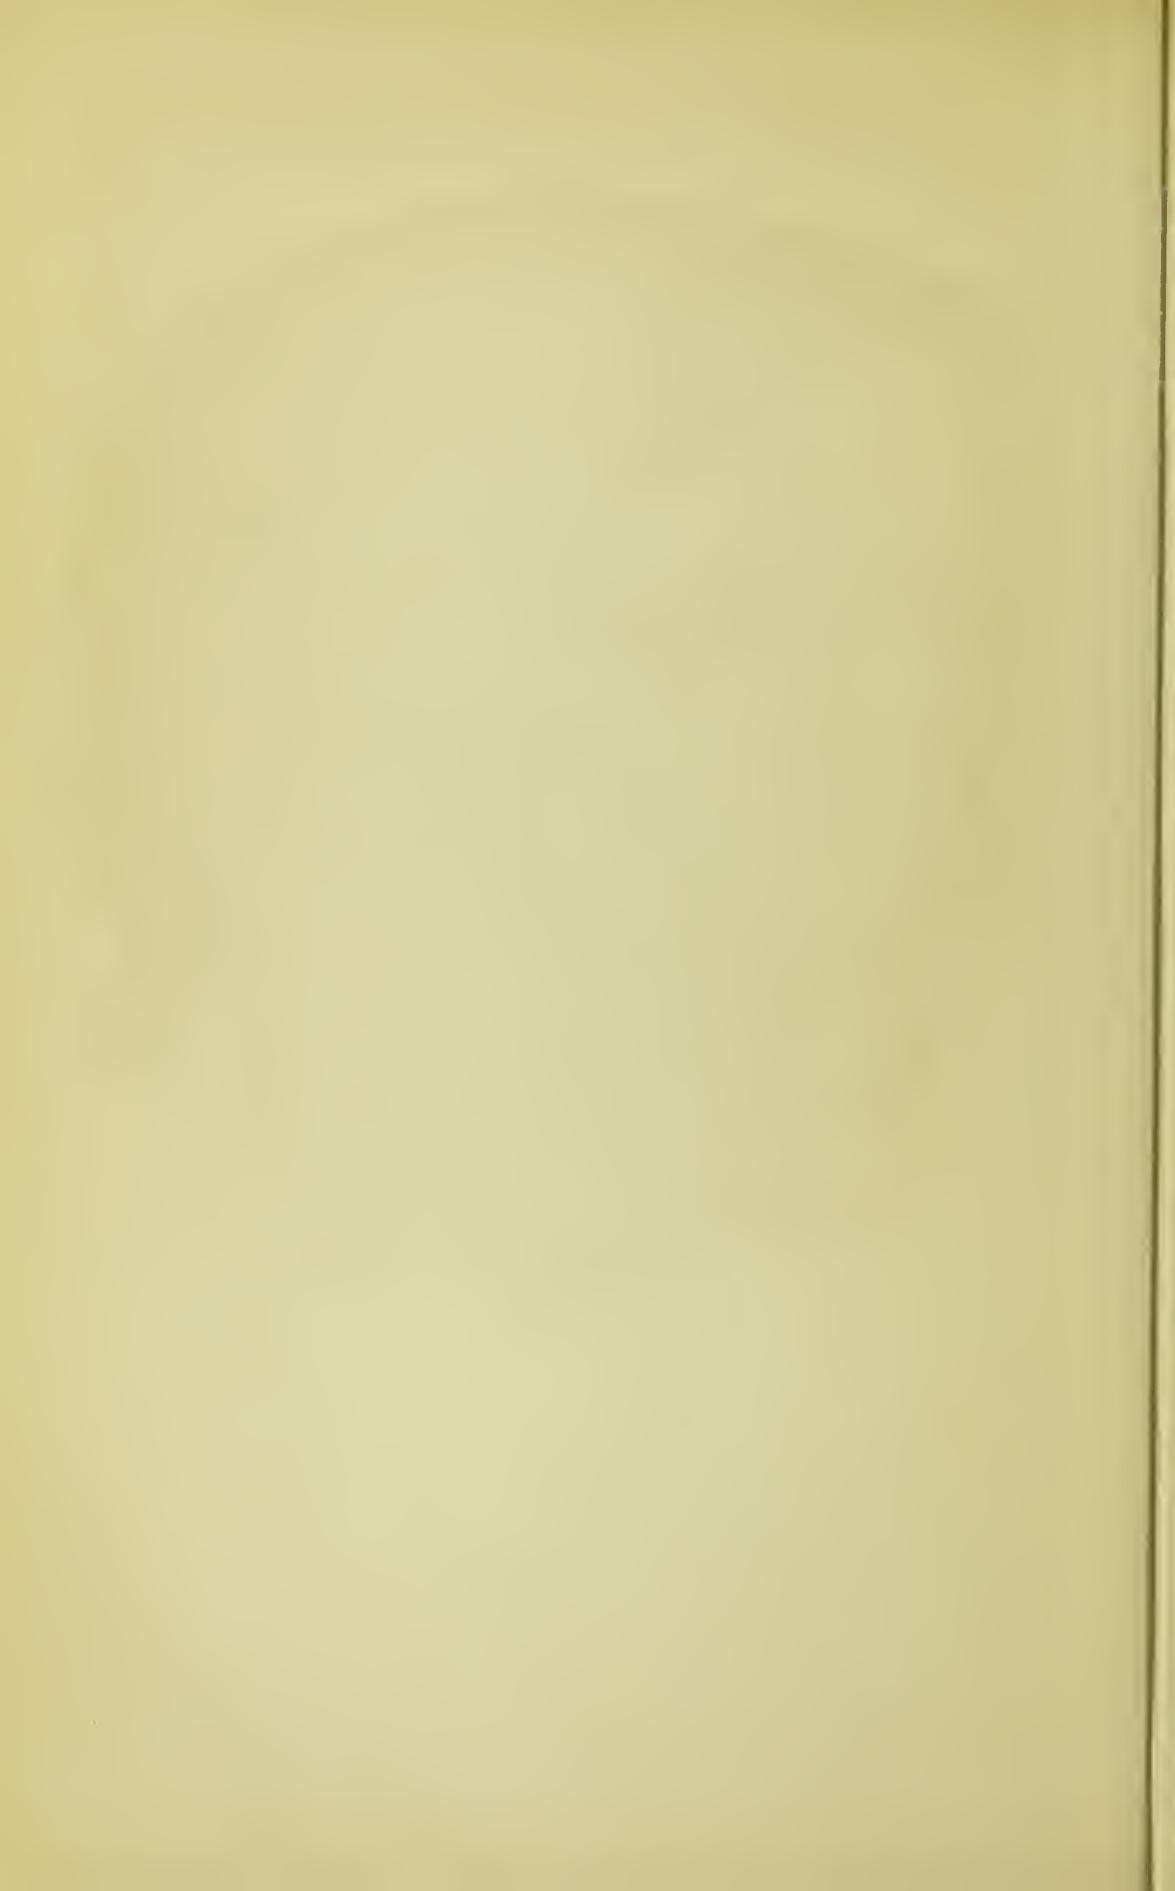

Xeroderma pigmentosum.

Carcinoma ingens medullare regionis orbitalis sin. et **Carcinoma epitheliale profundum** auriculi sinistri.

(Fall von Tafel 369, 10 Jahre später.)

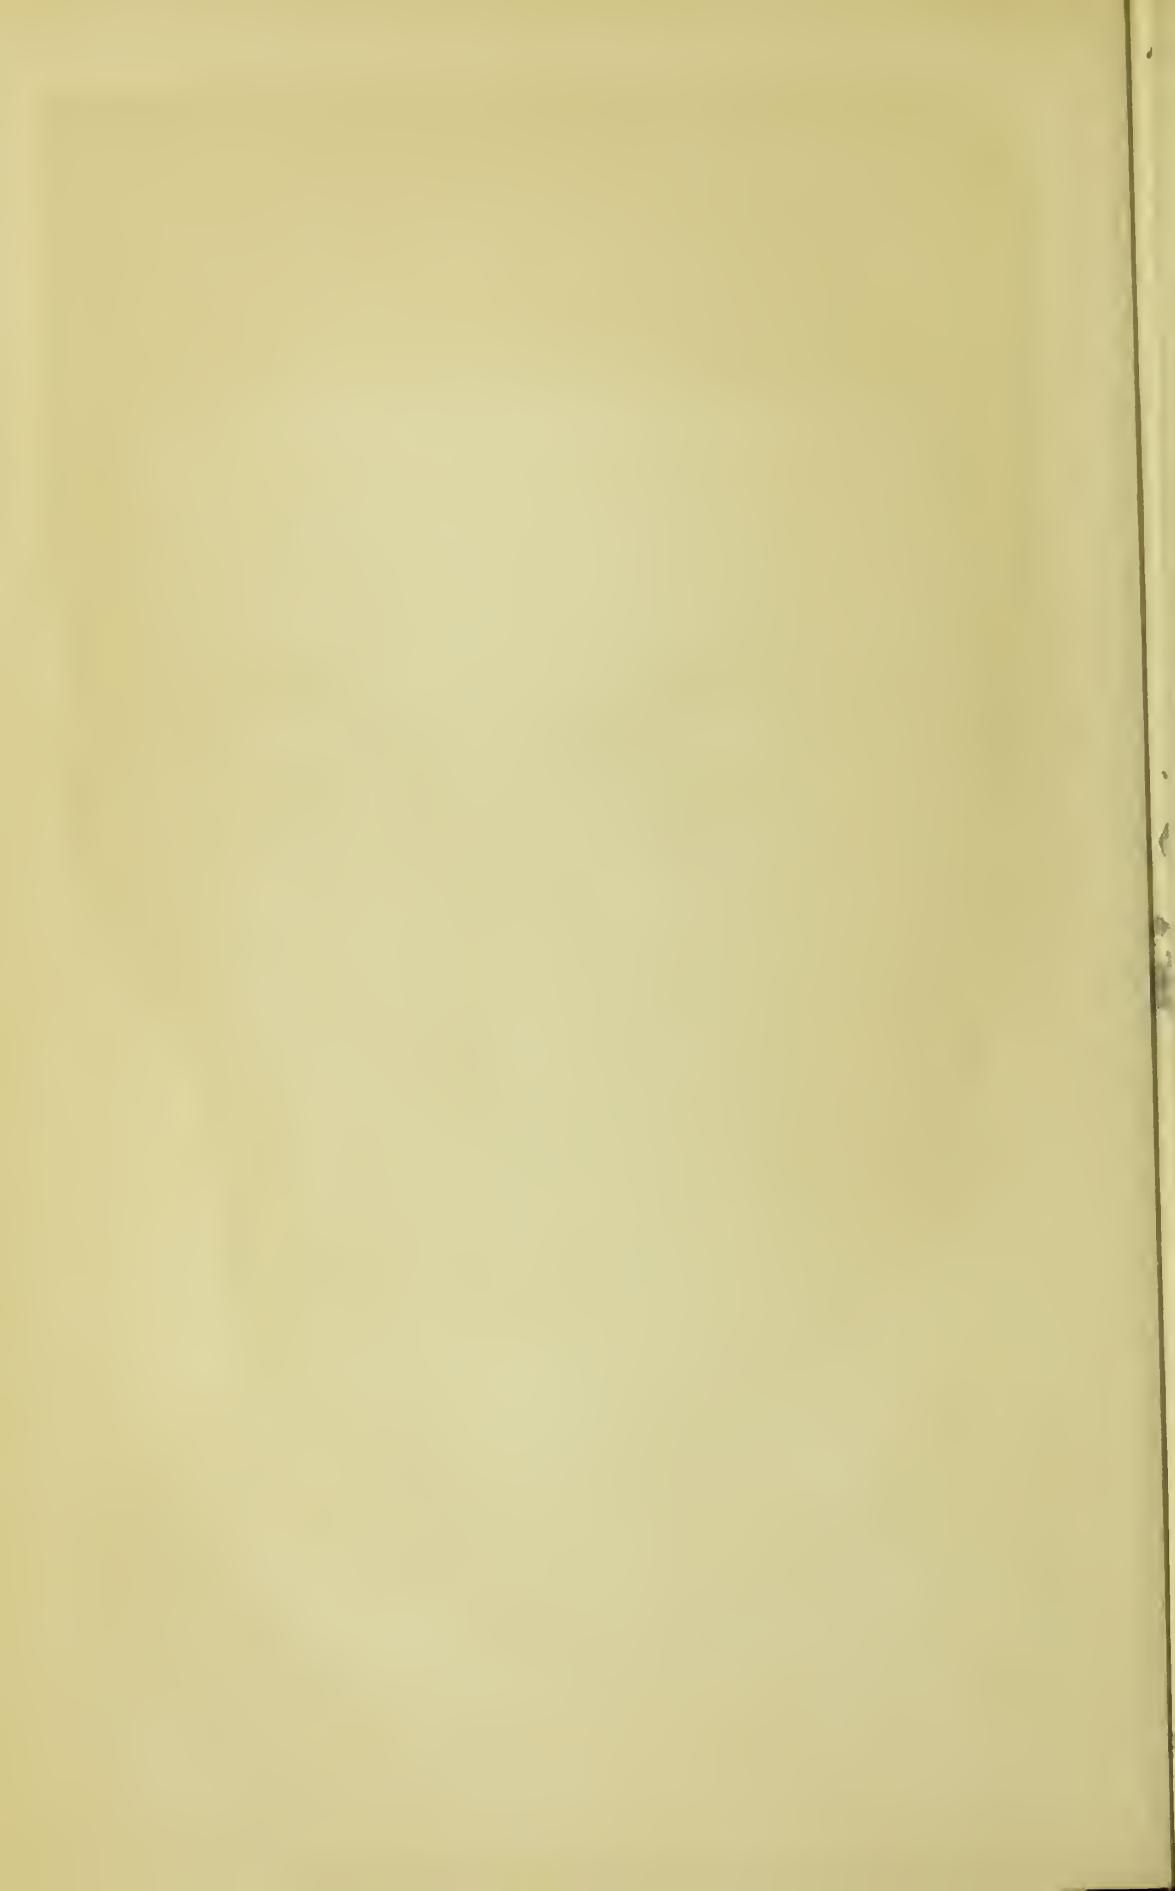

TAFEL 371.

Xeroderma pigmentosum c. Carcinomatous epithelial faciei.

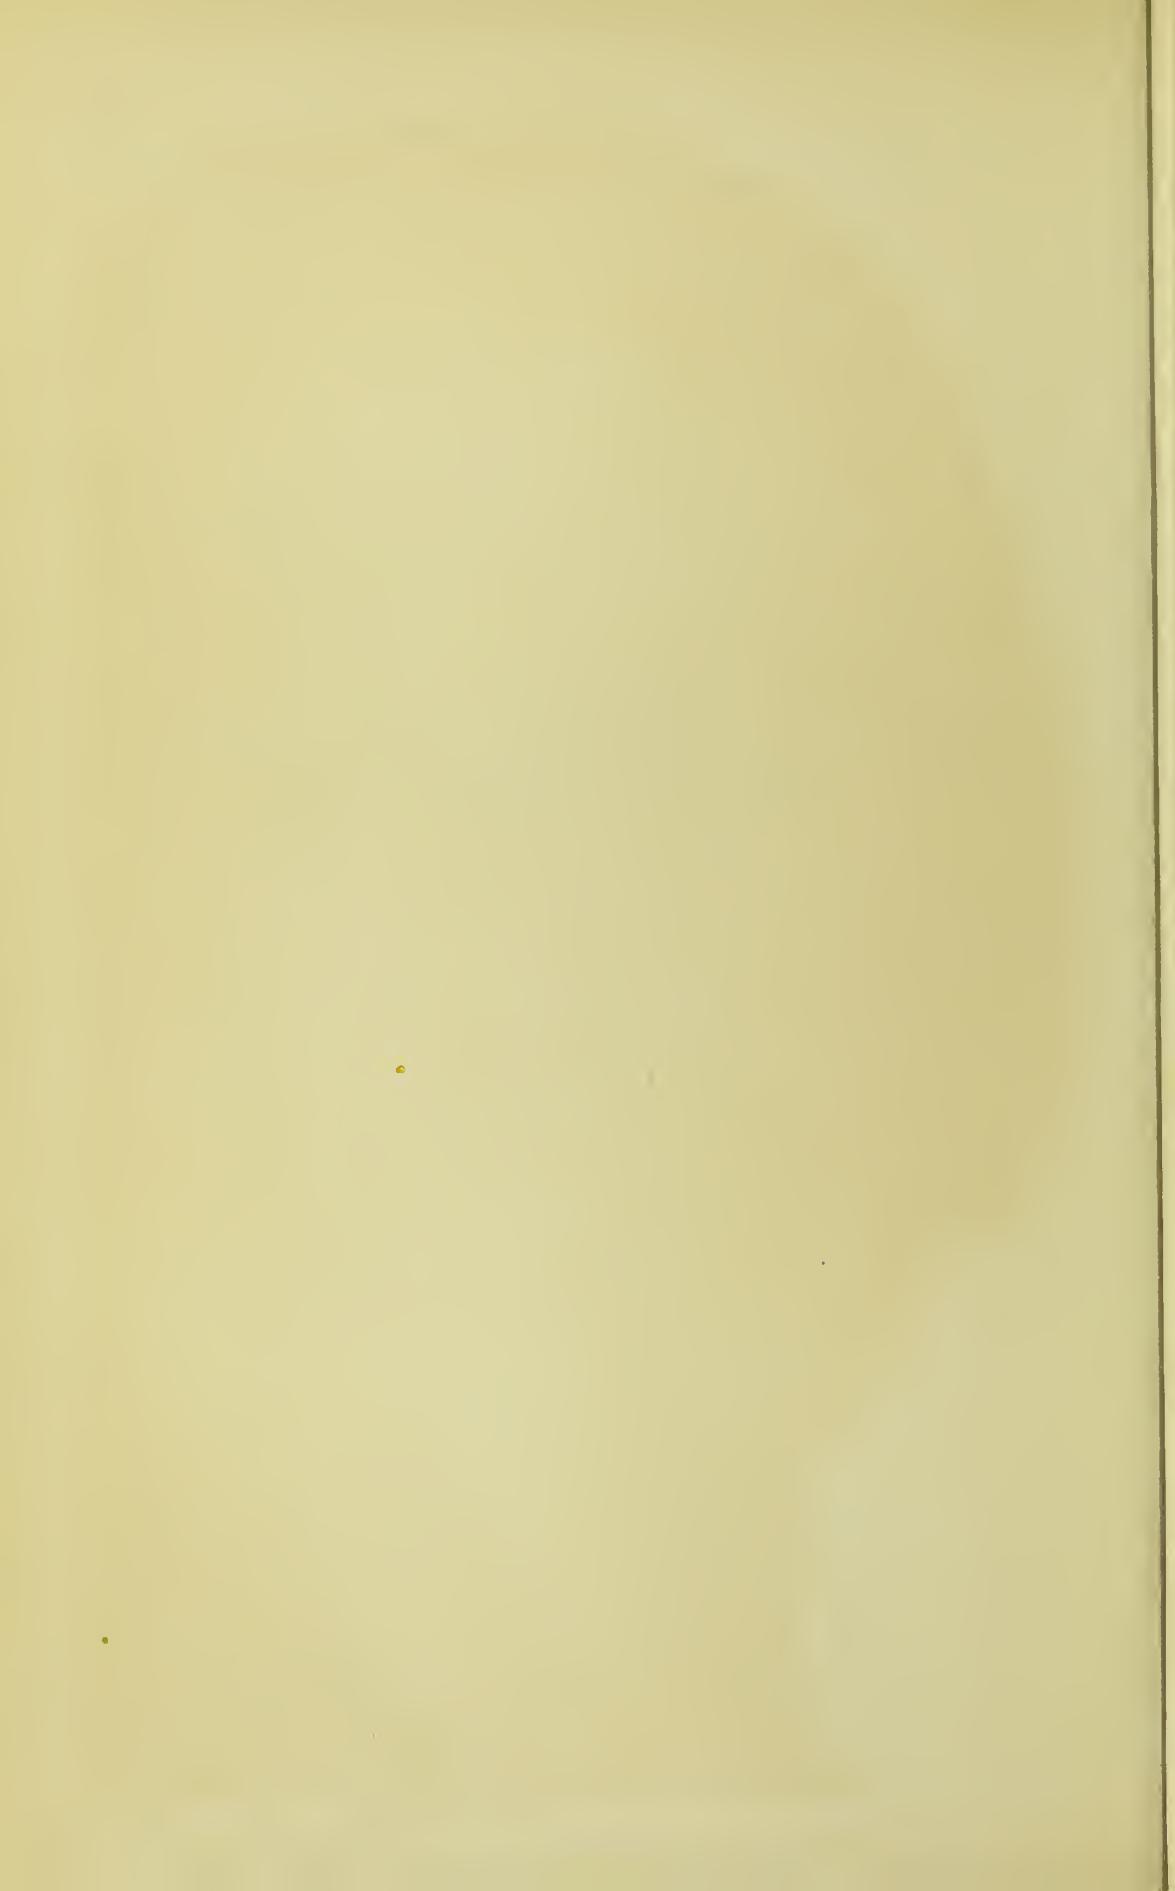

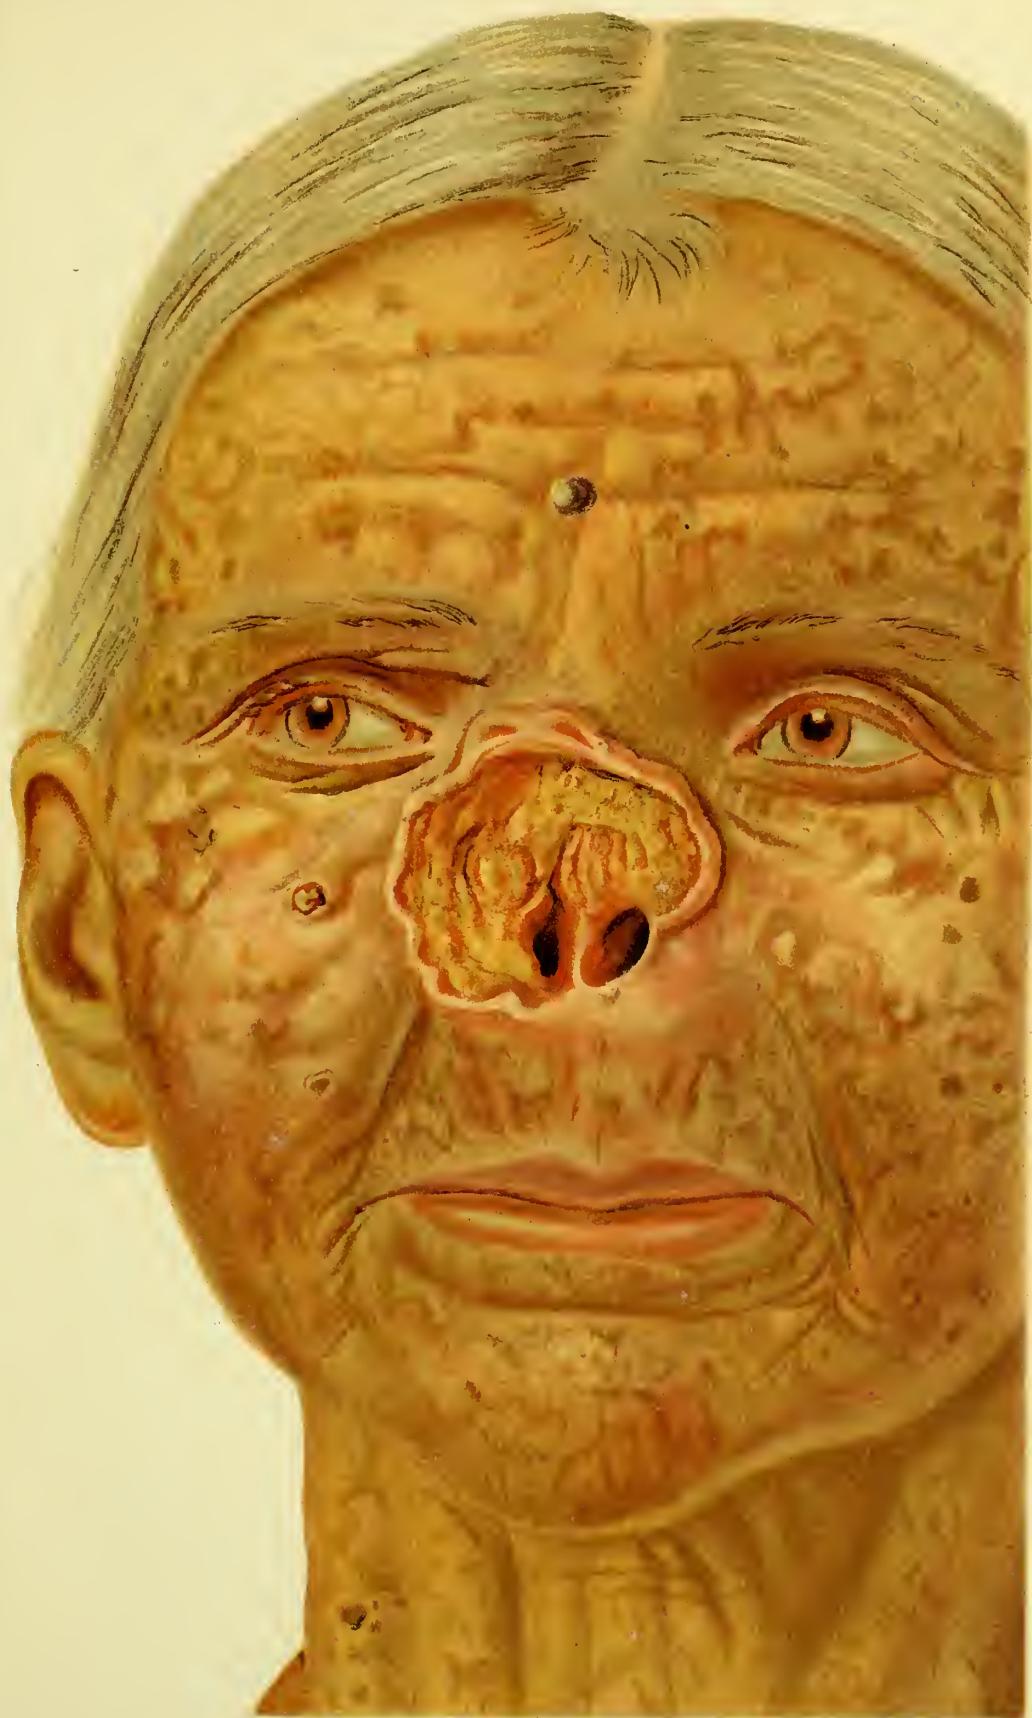

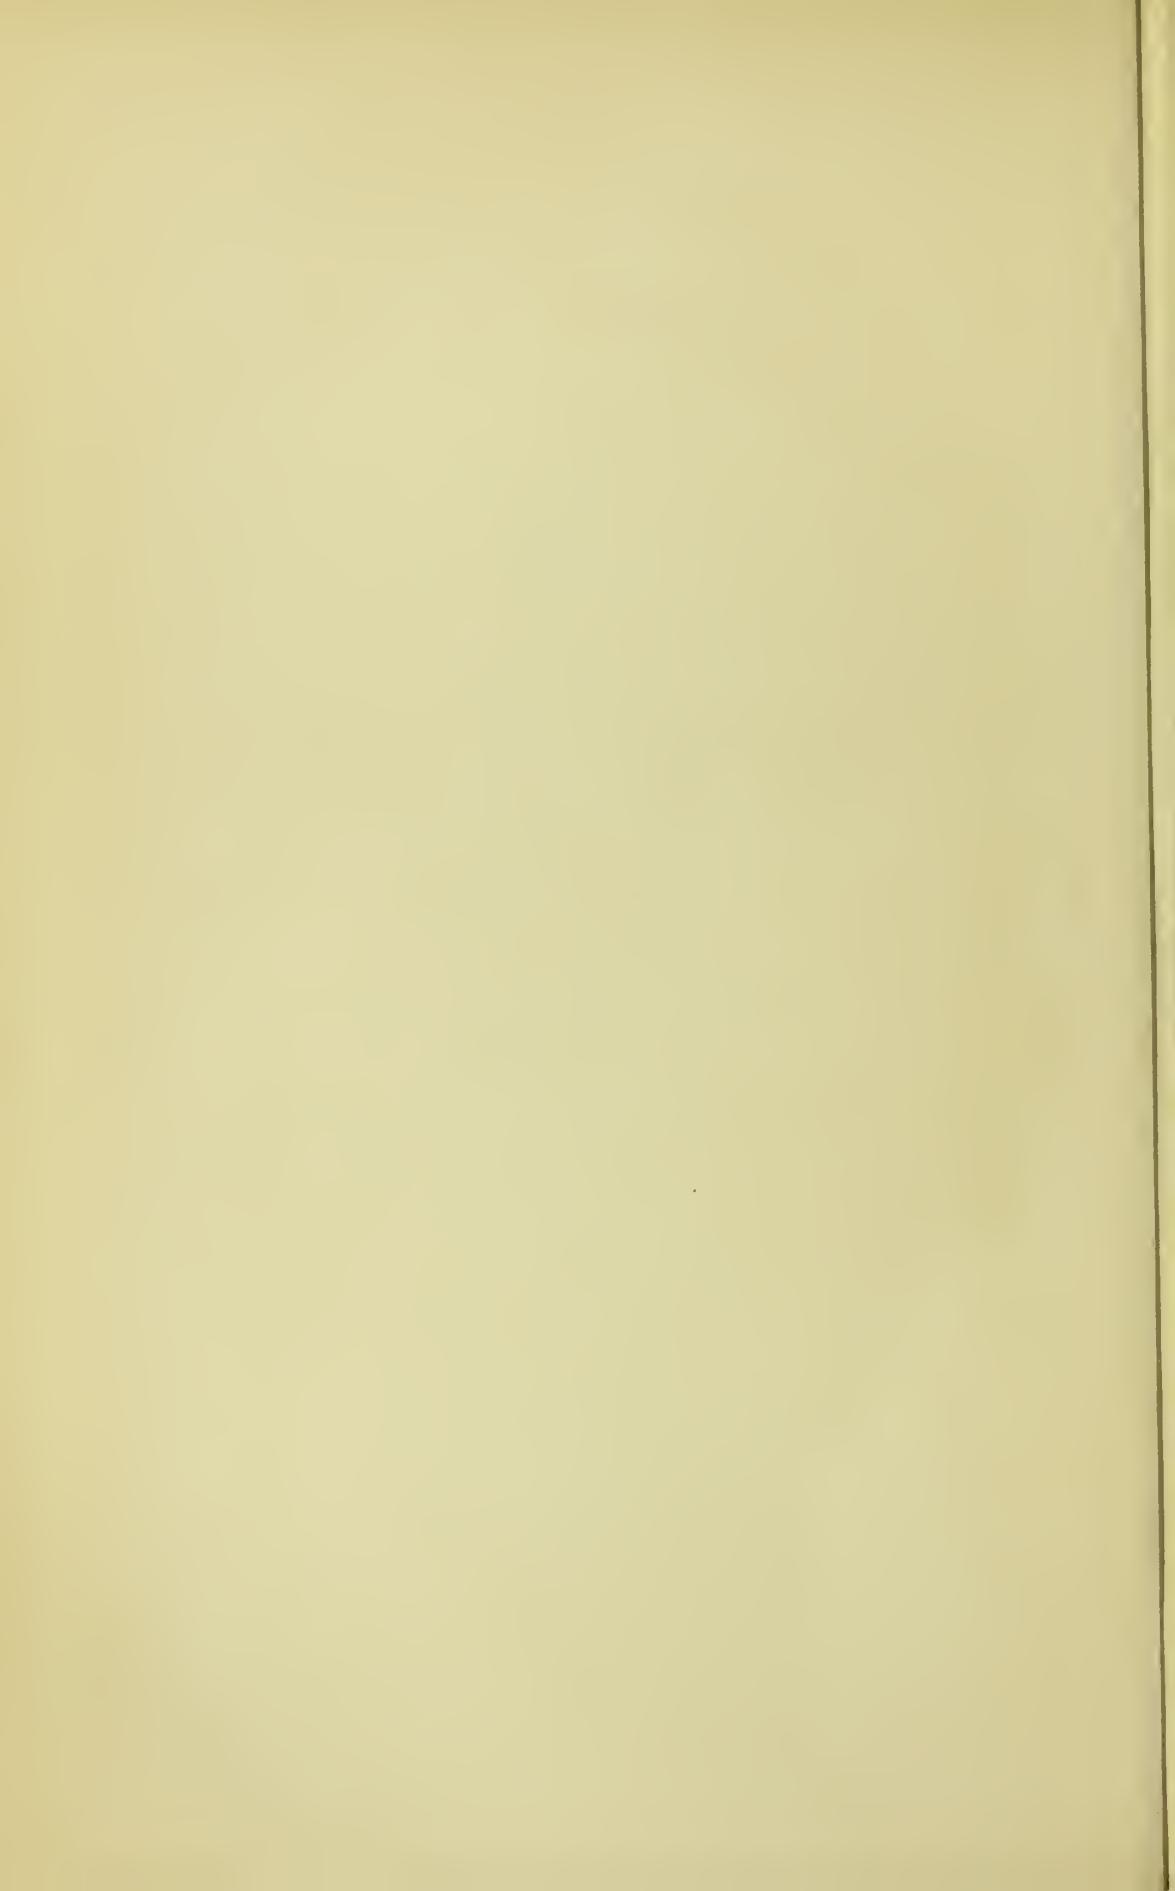

TAFEL 372.

Xeroderma pigmentosum. — Melanomata et Carcinomata epithelialia.
Nasus ablatus — in matrona.

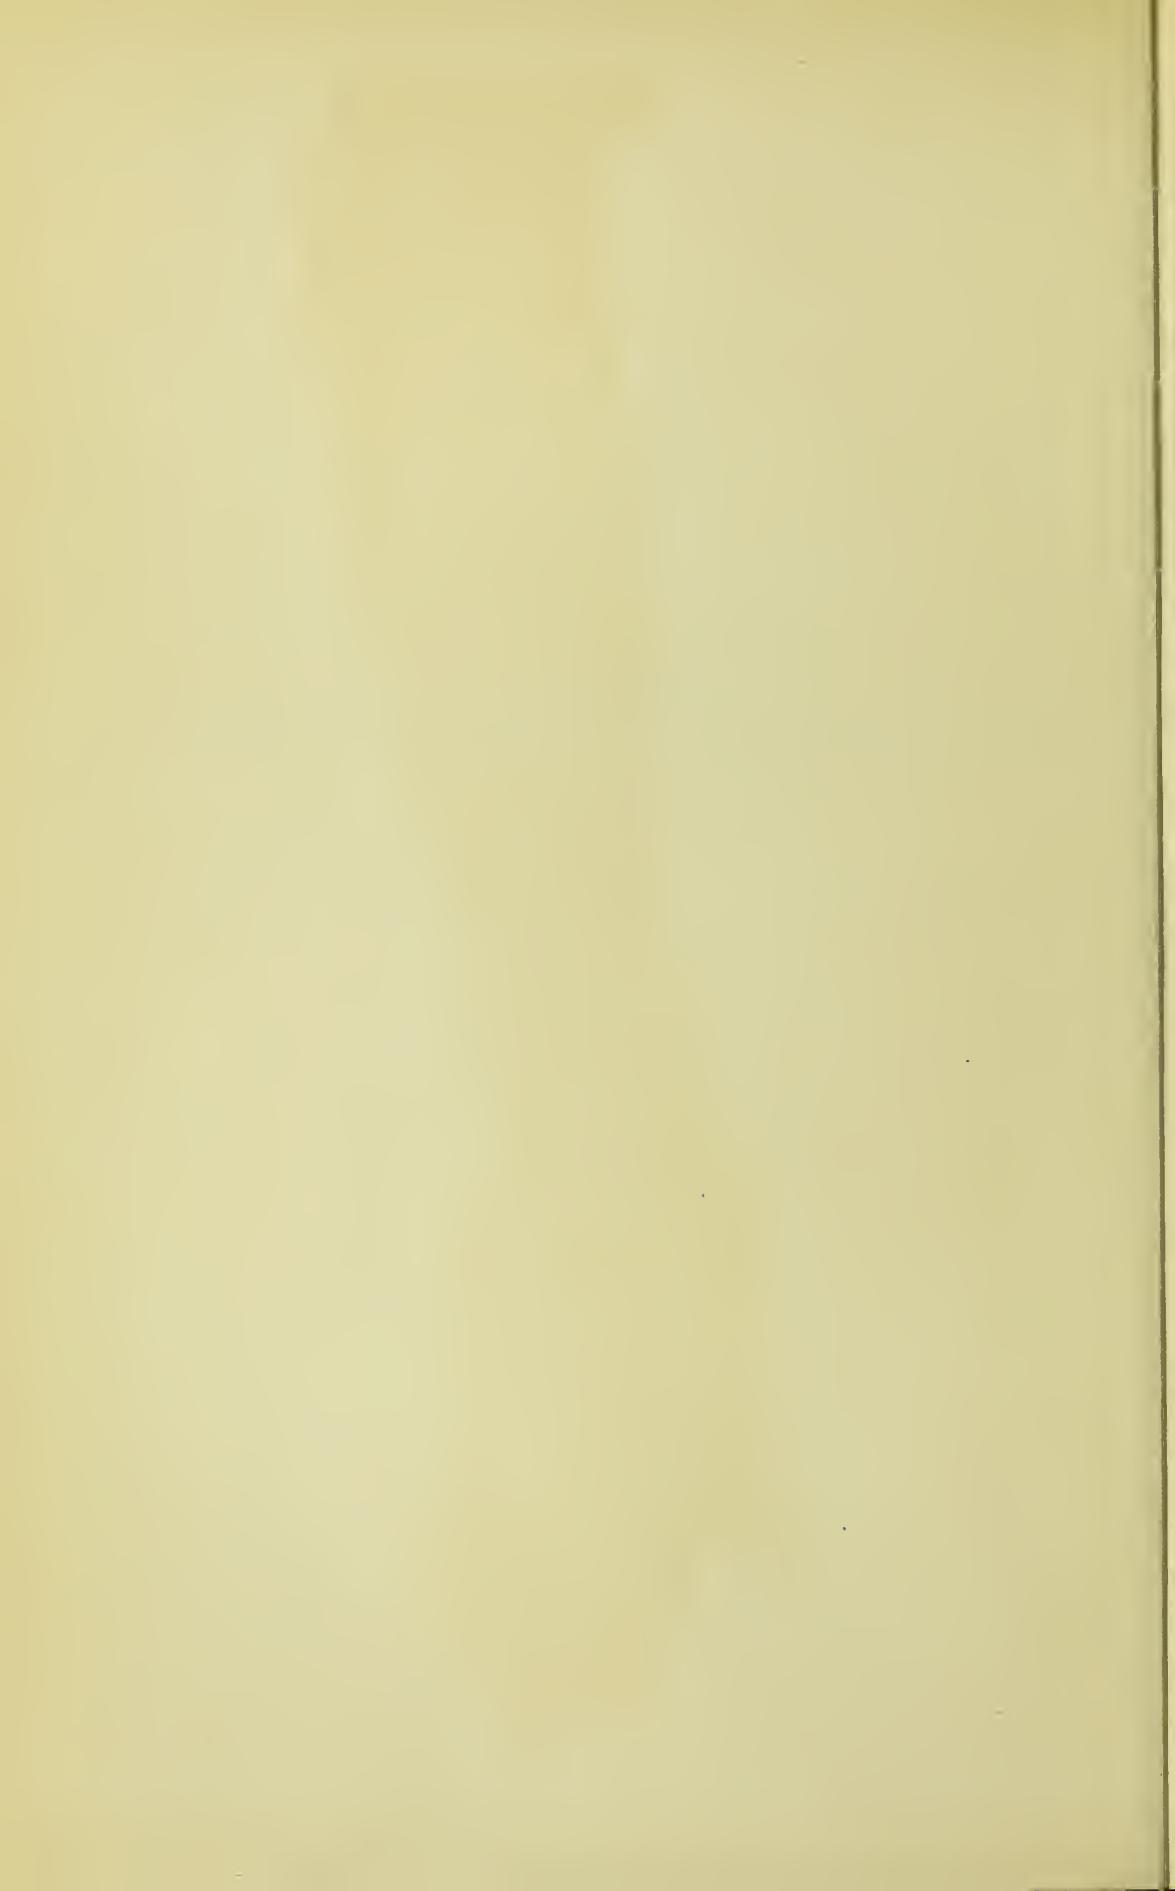

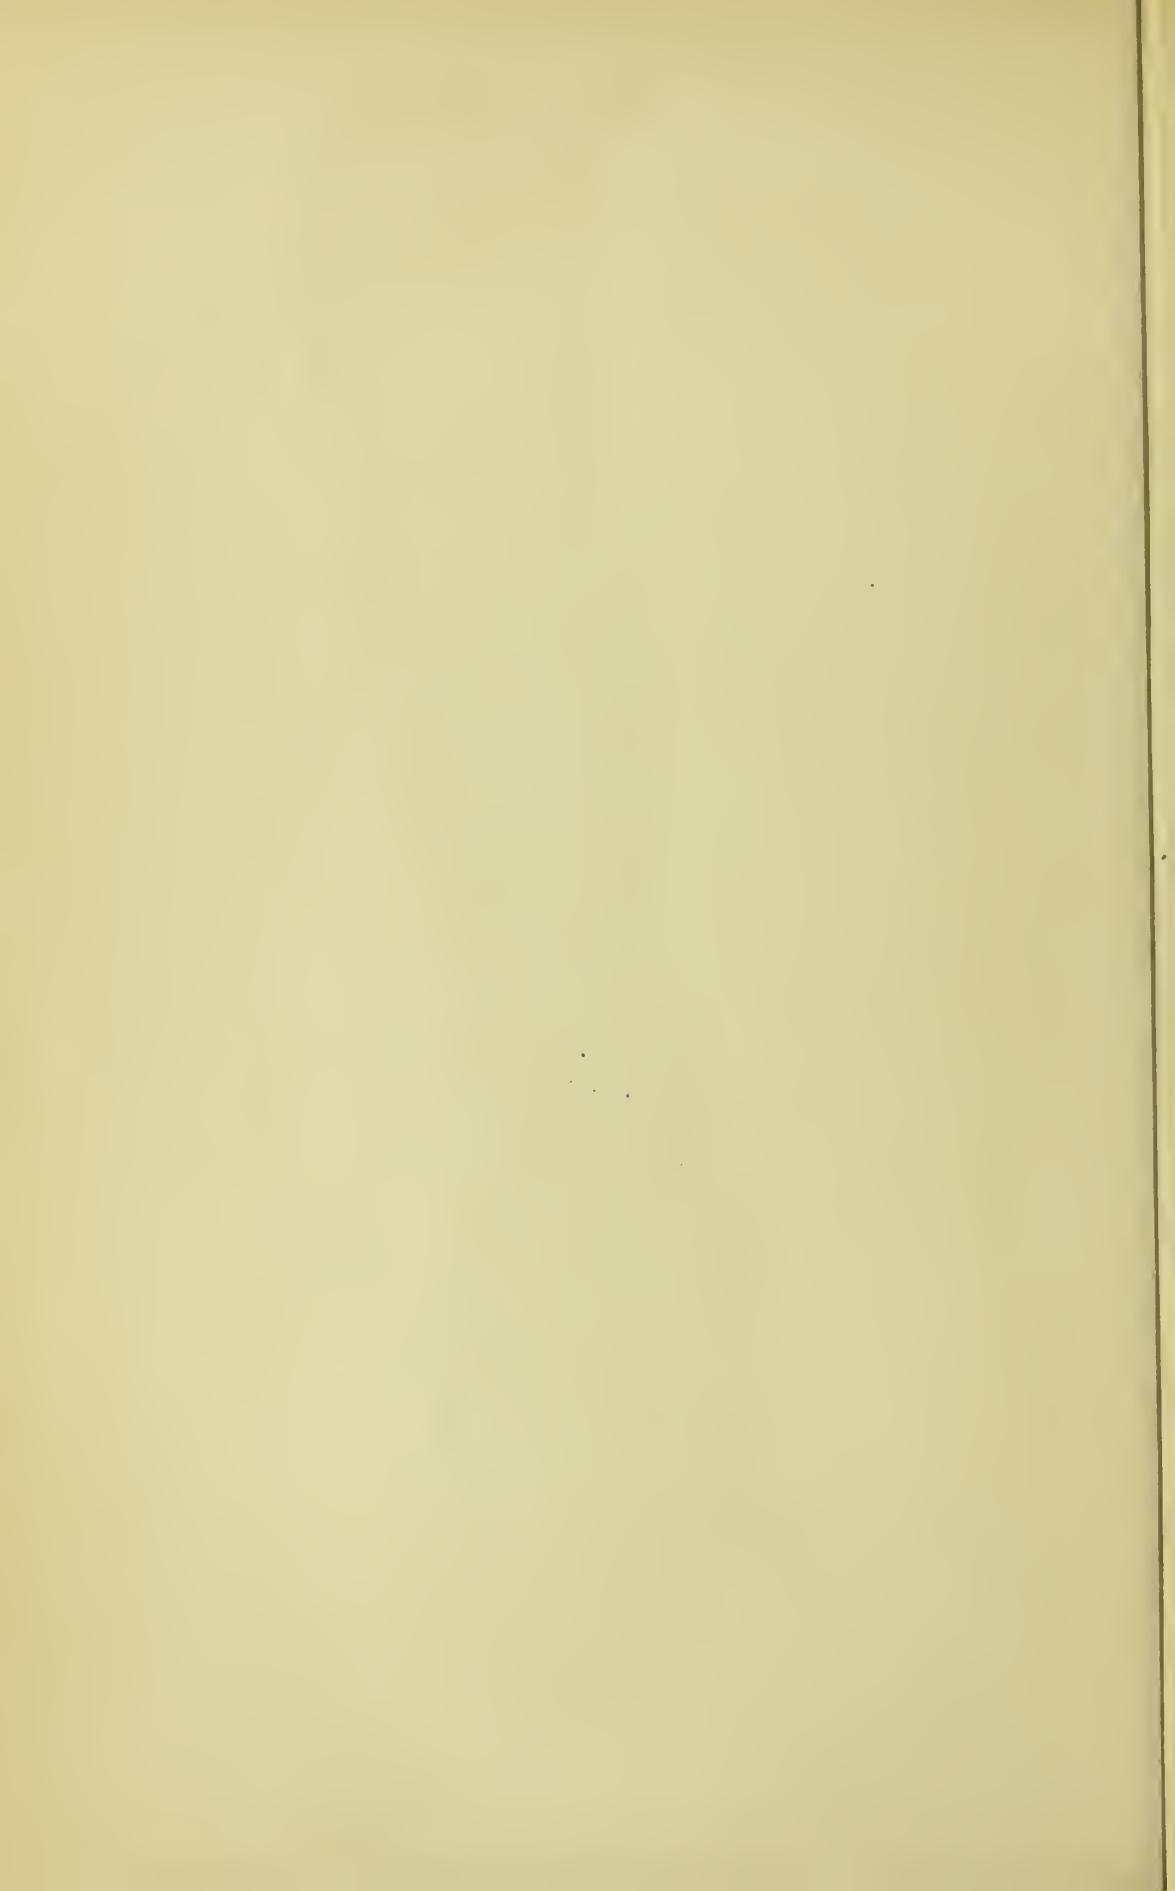

TAFEL 373.

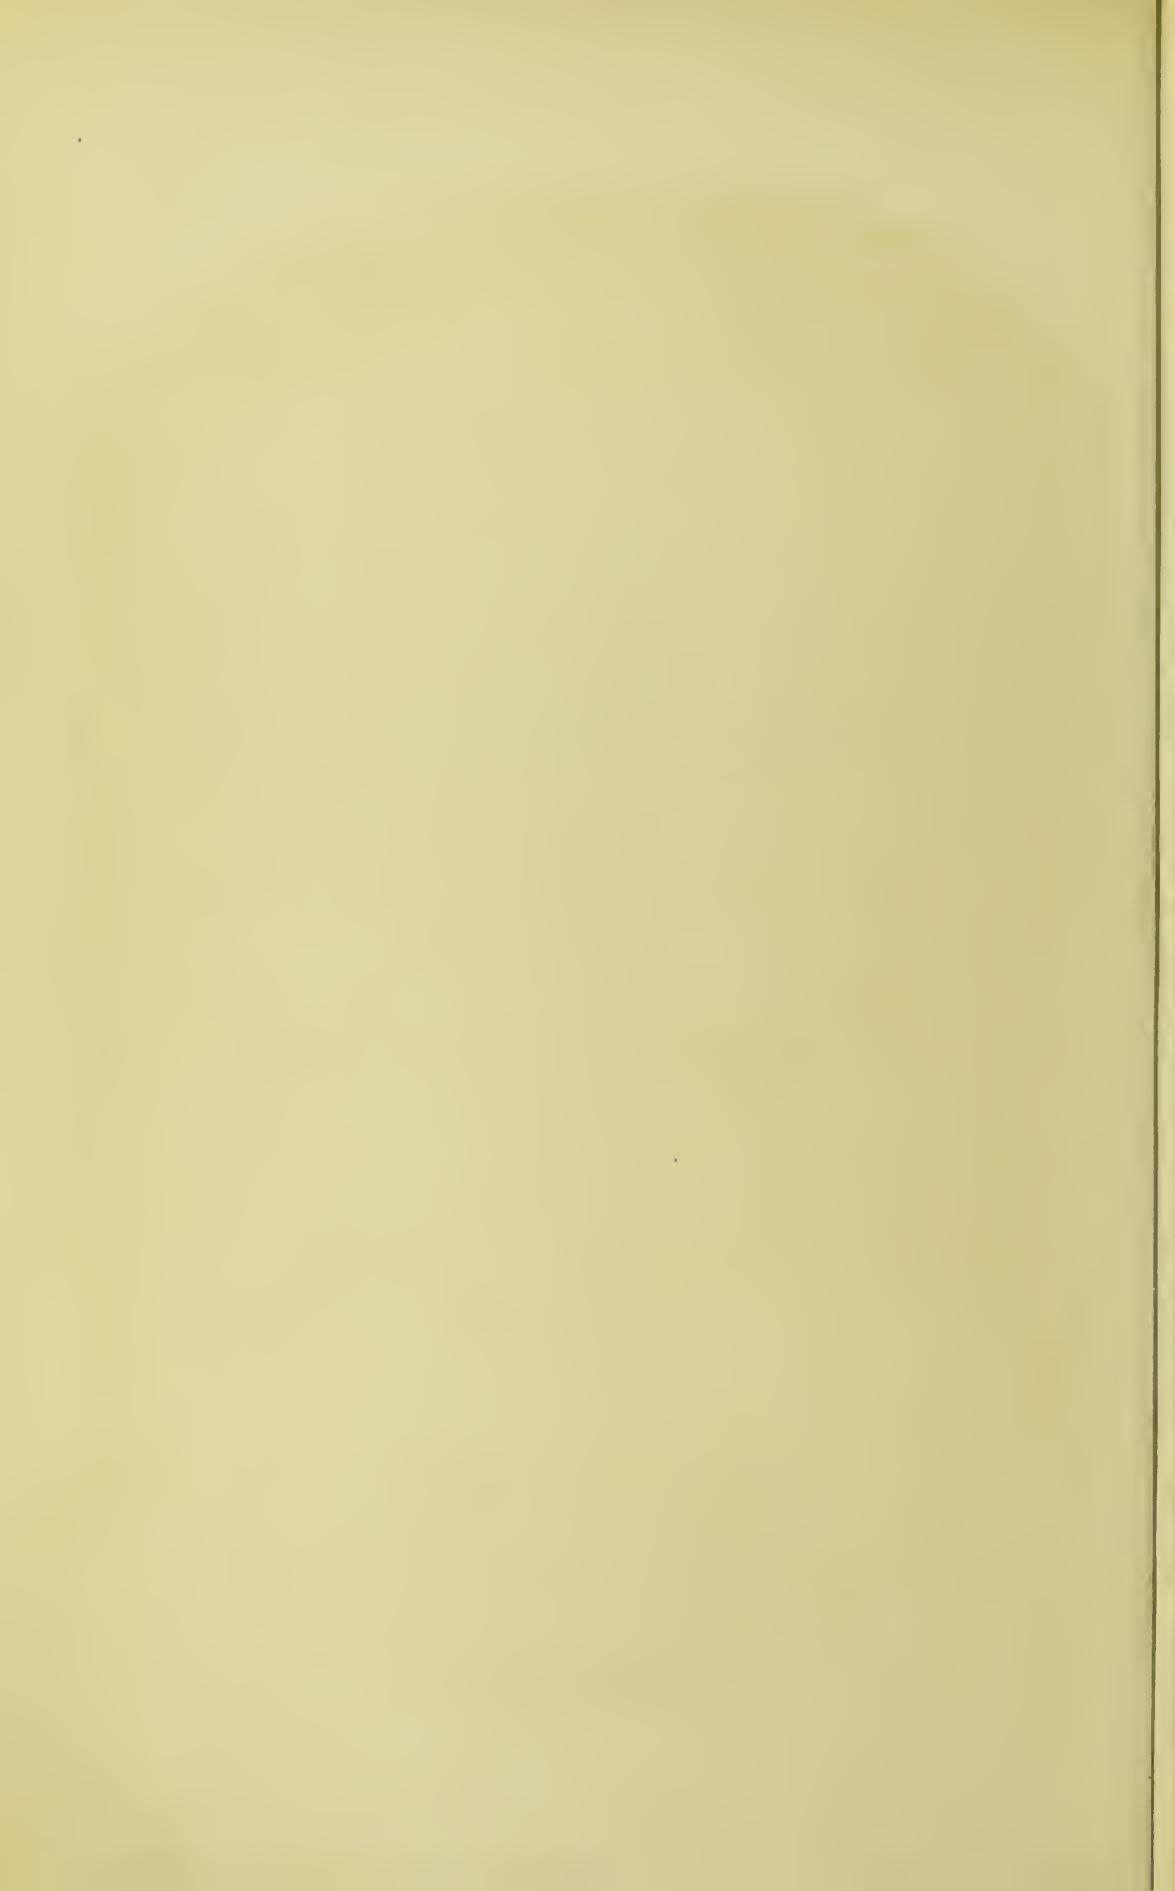

Xeroderma pigmentosum brachii sin. et **Carcinoma epitheliale**
cubiti.

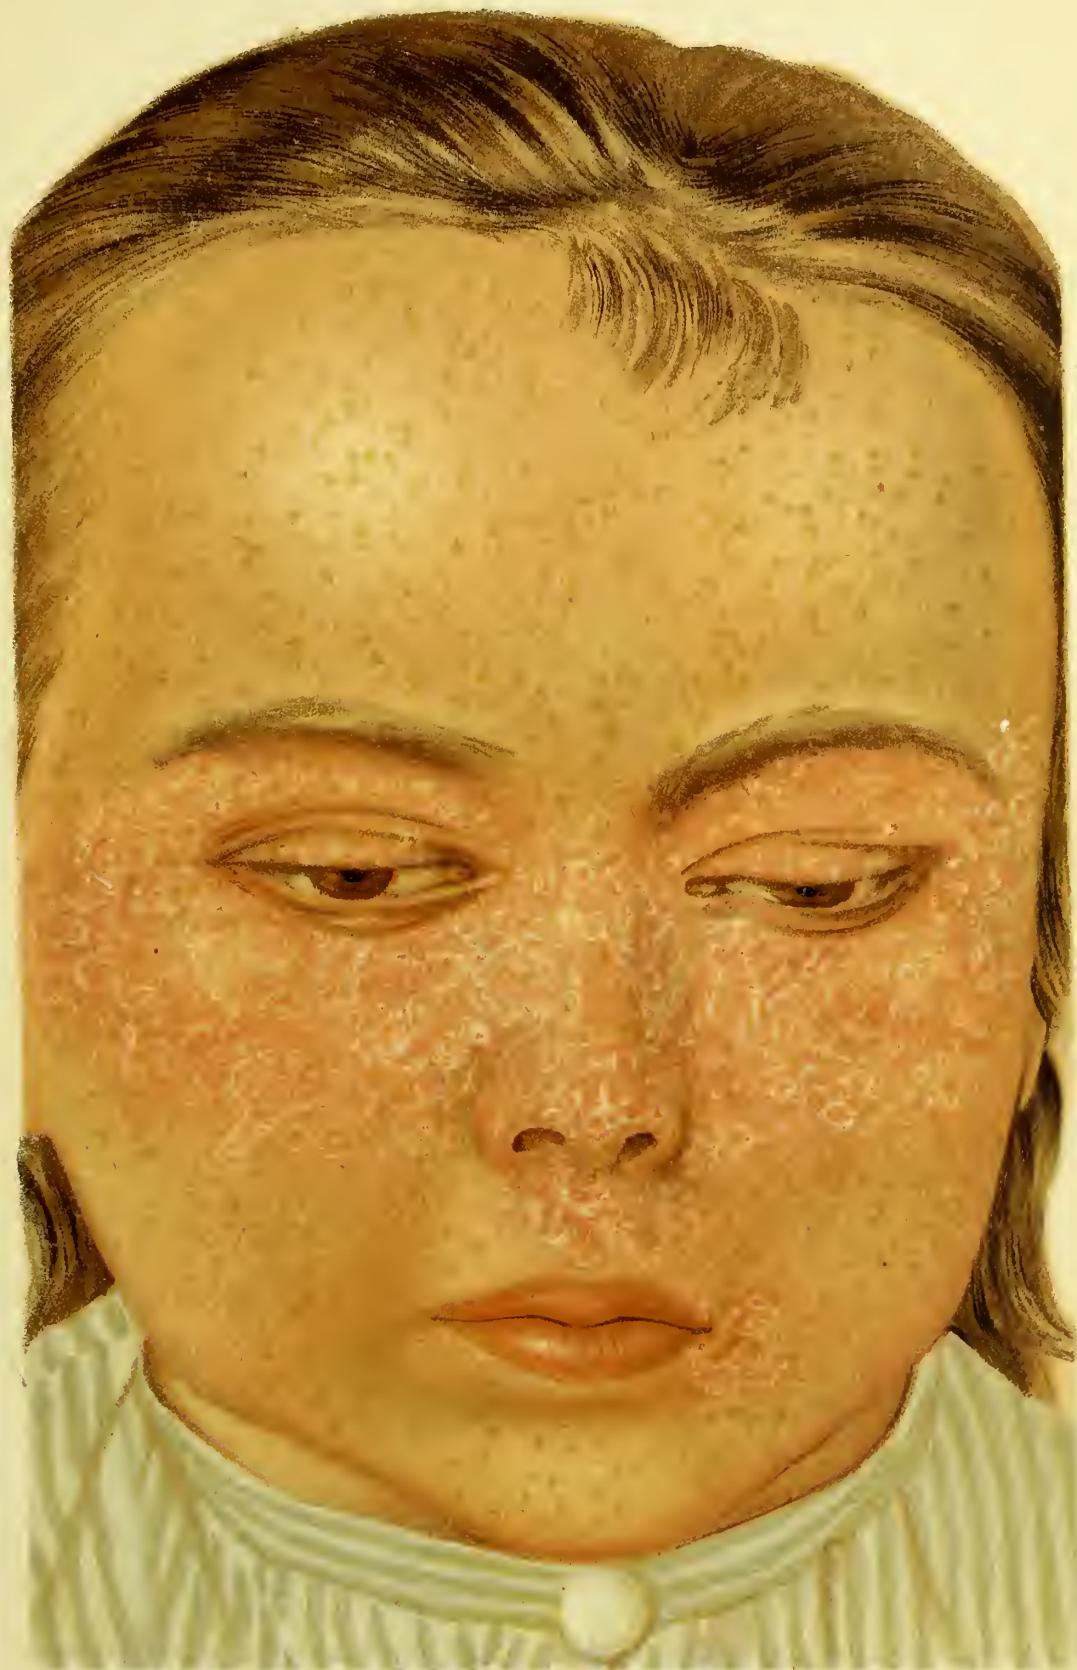

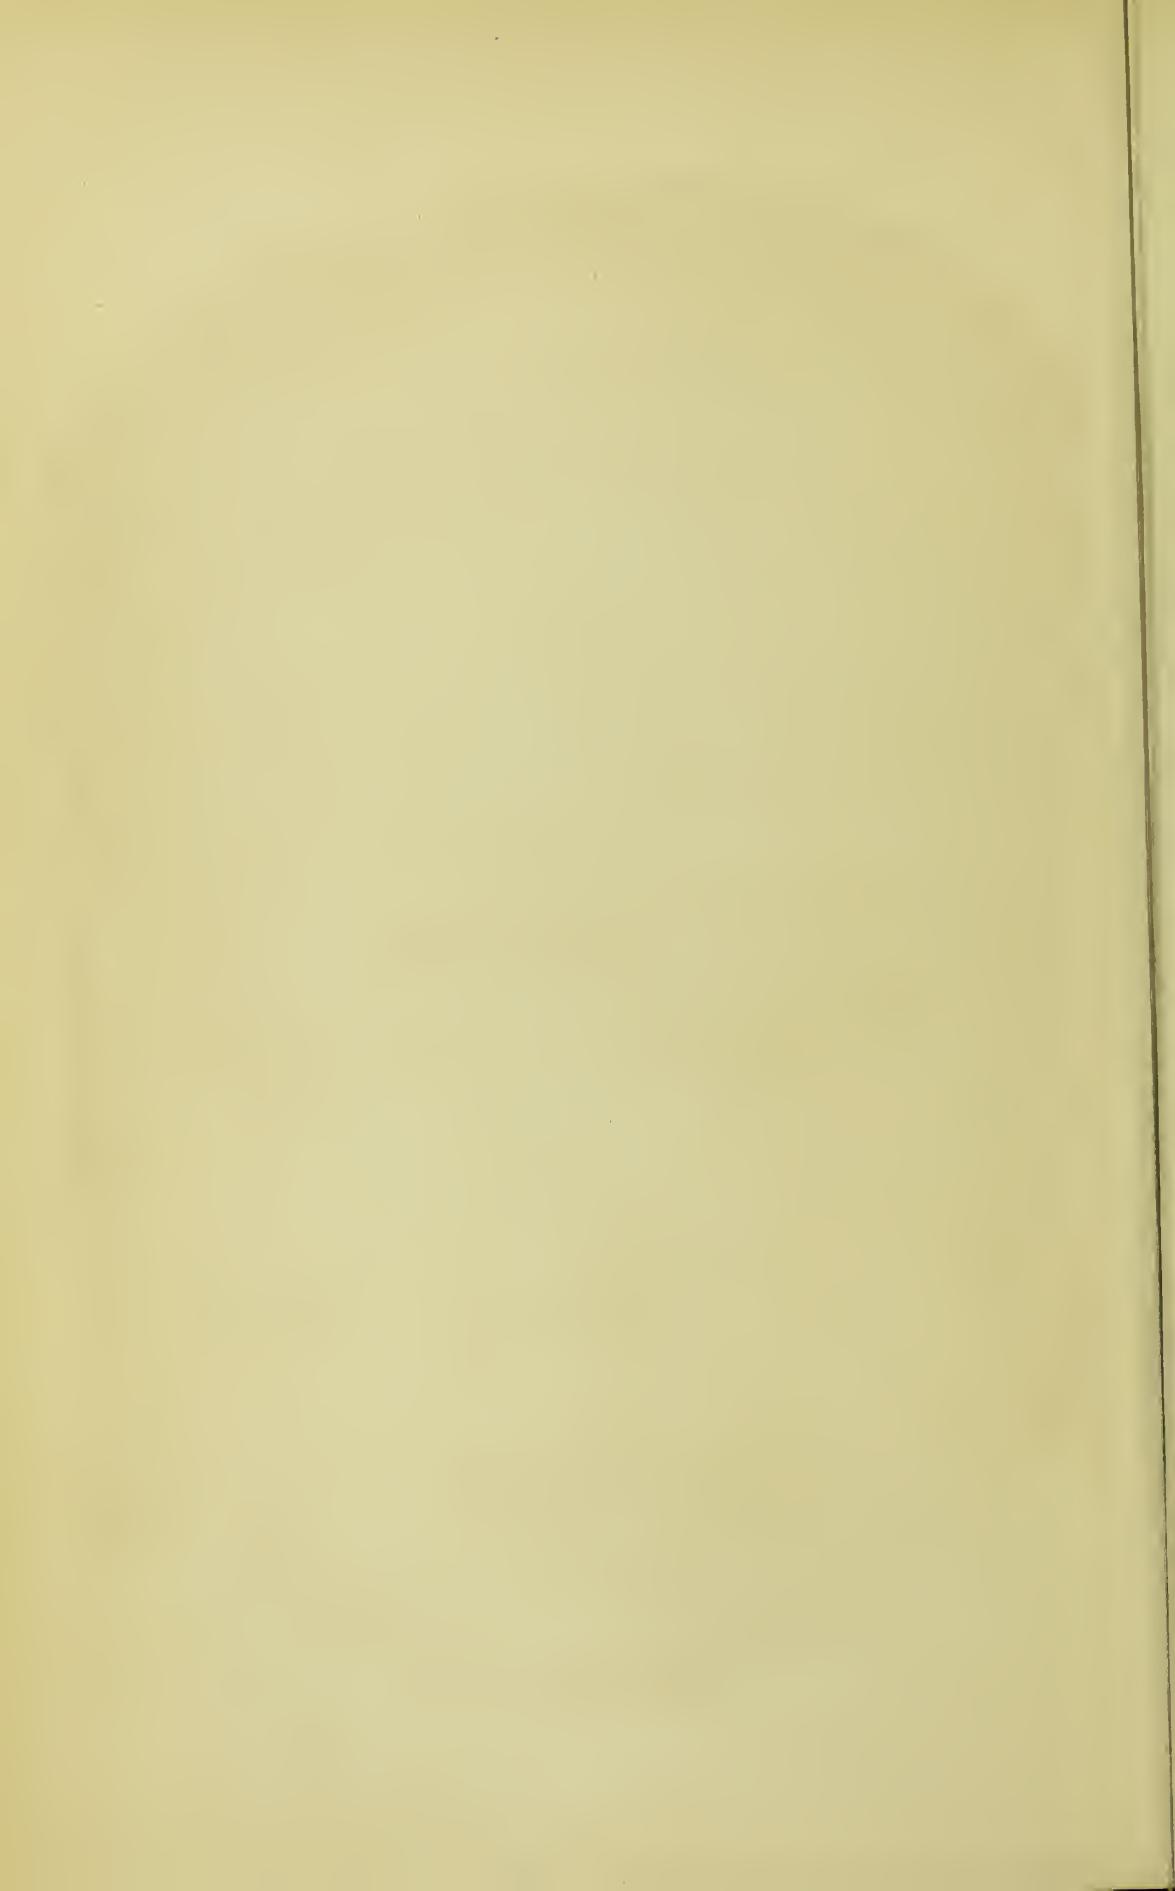

TAFEL 374.
Xeroderma pigmentosum faciei.

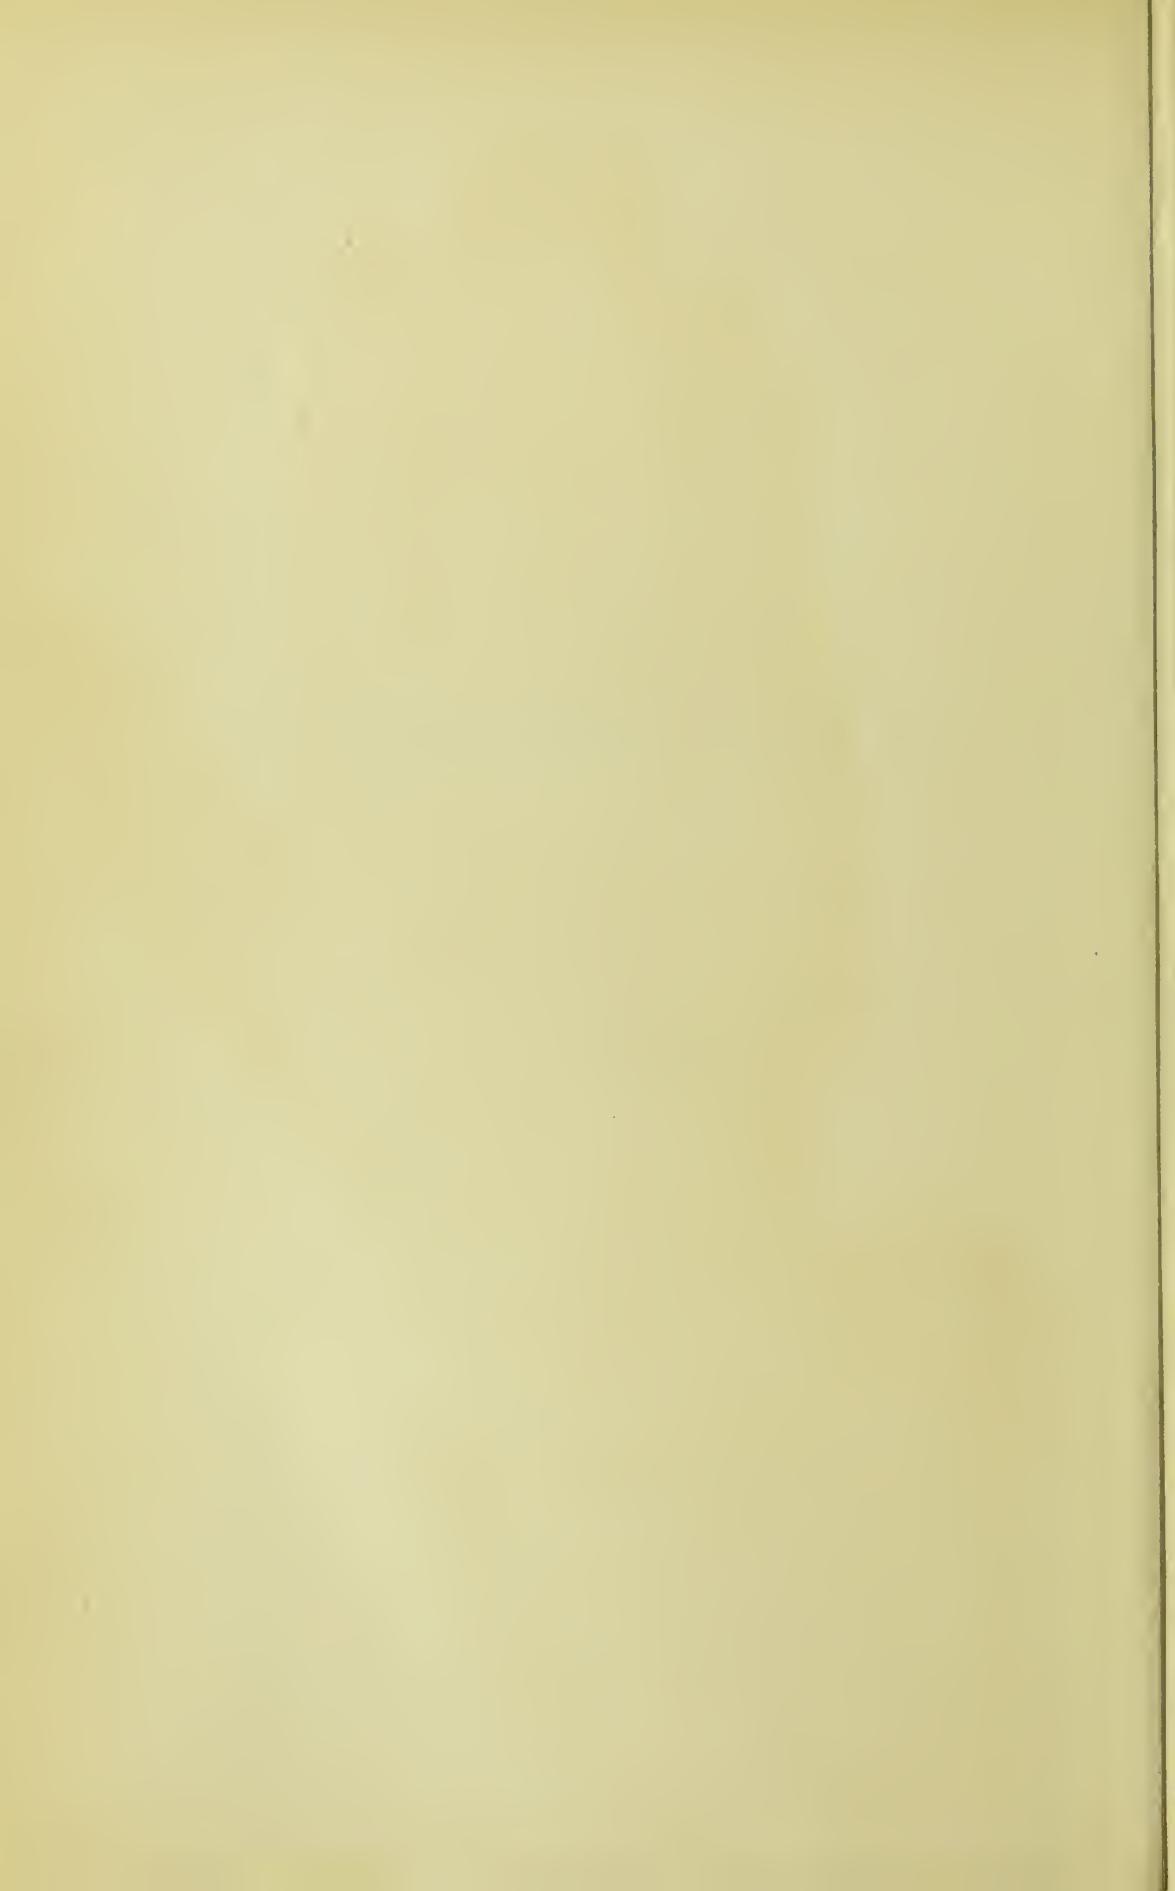

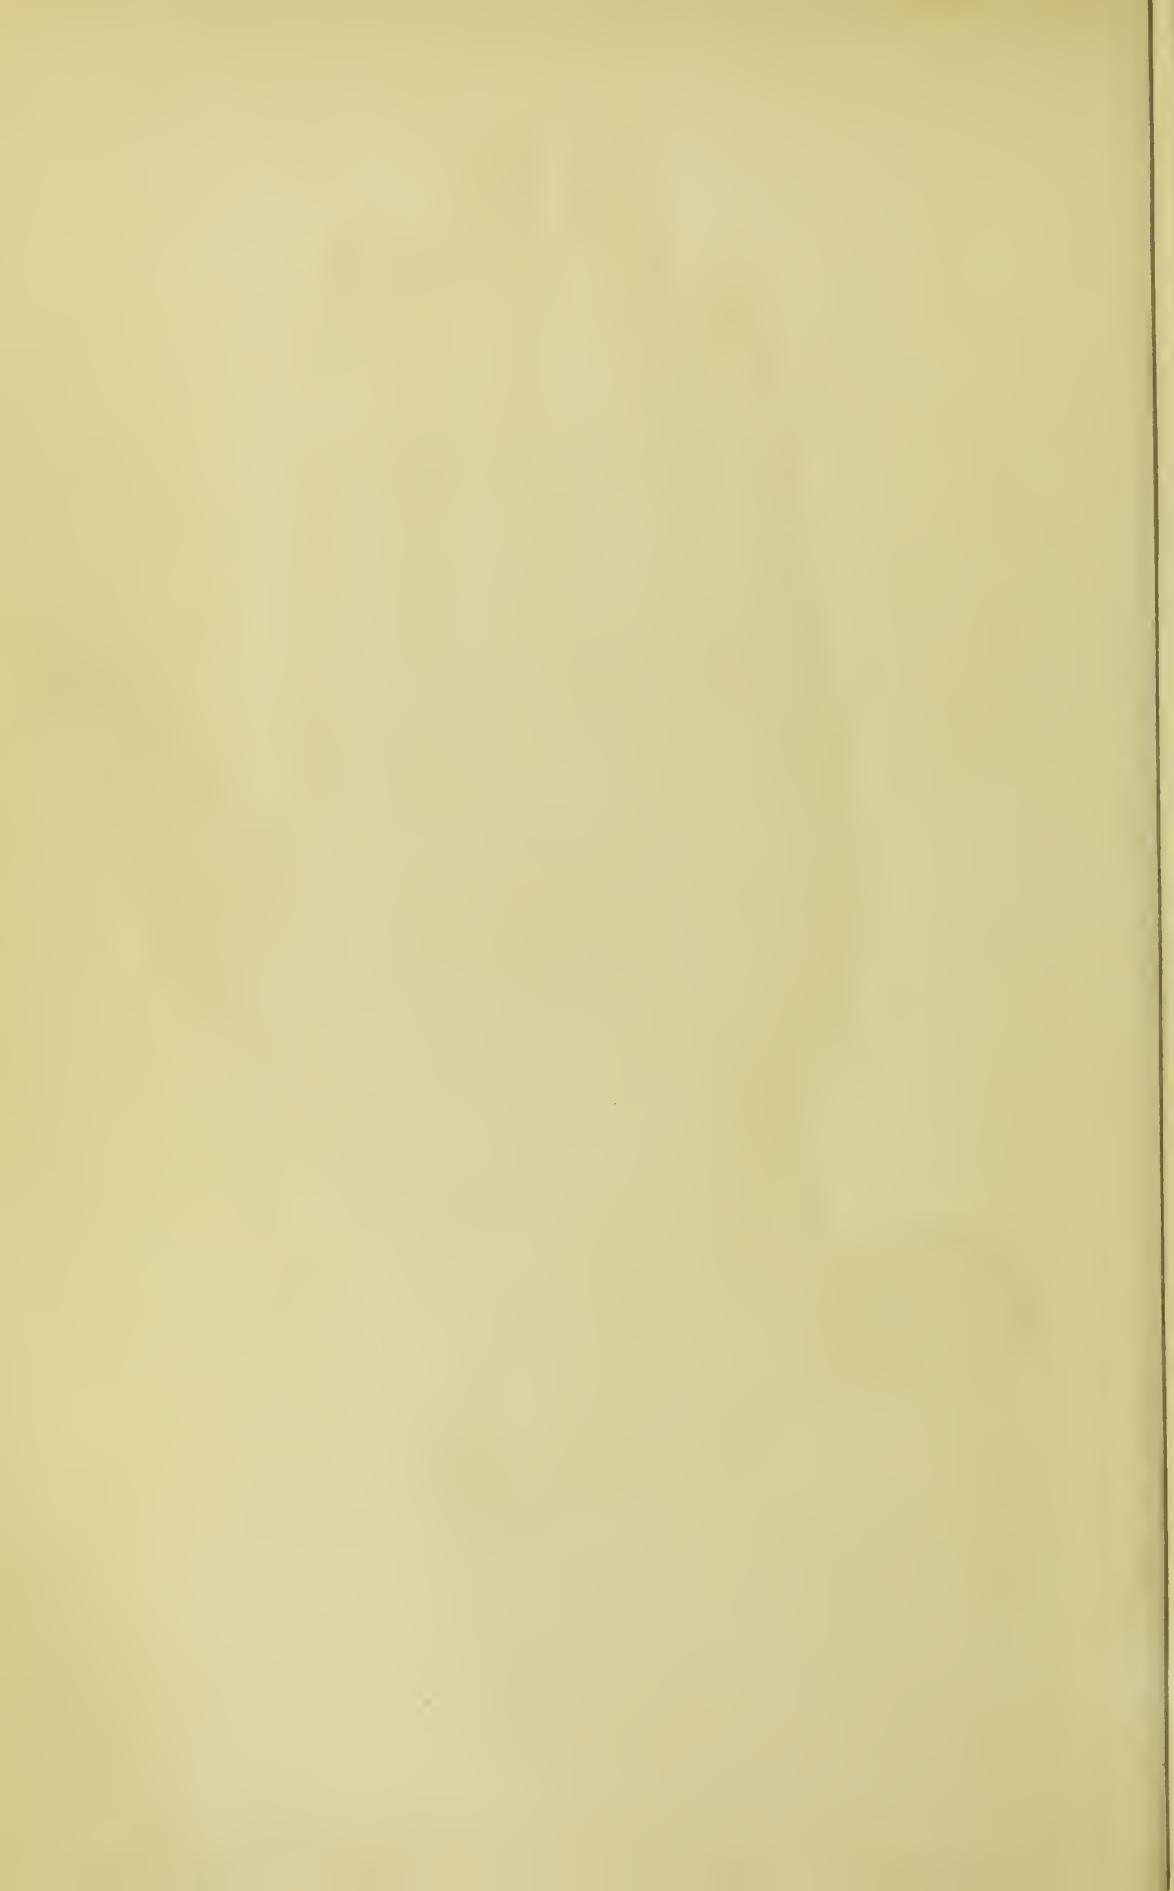

TAFEL 375.

Xeroderma pigmentosum incipiens dorsi manus.

(Der Kranken von Tafel 374 angehörend.)

TAFEL 376.

Xeroderma pigmentosum c. Carcinosi multiplice faciei
(aus Lussin piccolo, dessen 8 Jahre alte Schwester ebenfalls Xeroderma
pigmentosum in geringerem Grade).
